¹ In FY 1999, an amount of \$2.8 million was approved from fund balance to support the first year payment associated with the installation of the Institutional Network (I-Net). Due to Cox Communications schedule delays, the remaining \$7.6 million will be spent in FY 2002 for the remaining cost of the I-Net construction. These expenditures are only for the construction of the I-Net as provided for in the franchise agreement with Cox Communications and does not include equipment and other operational funding.

² The Transfer Out to the General Fund represents compensation to the General Fund for rent on property and public "rights-of-way" used by the cable companies serving Fairfax County. The amount represents approximately one percent of the gross revenues of the cable operators in the County (20 percent of franchise fees).

³ This funding reflects a direct transfer to FCPS to support the educational access grant. The amount is calculated as one percent of the gross revenues of Cox Communications. The actual amount to be transferred to the FCPS on an annual basis is based on actual gross receipts. Annual reconciliation of the revenue and subsequent transfer will be conducted and adjustments to the transfer level will be incorporated in the next years' budget.

⁴ This funding reflects a direct transfer to FCPS to support a replacement equipment grant of \$250,000.

⁵ Funding of \$48,645/site will be required for the remaining 300 sites over the next few years.

⁶ The PC Replacement Reserve provides for the timely replacement of the agency's obsolete equipment.
