

Response to Questions on the FY 2006 Advertised Budget Plan

Request By: Supervisor Frey

Question: When will the report on the Athletic Fee occur?

Response: A preliminary report outlining the evaluation of the athletic fee's impact will be presented to the Athletic Council on March 16 by the Department of Community and Recreation Services (DCRS). Based on the input of the full Athletic Council, DCRS will make any necessary changes and then forward the report to the County Executive for inclusion in a NIP item to the Board of Supervisors during the week of March 21.
