

**Response to Questions on the FY 2010
County's Line of Business & Schools Program Review Processes
Fall 2008**

Request By: Supervisor Hudgins

Question: Please provide additional information on the option to charge fees for revenue industrial bonds. How much revenue could be generated? Please compare the Fairfax policy to other EDAs. Are there other potential revenue sources that should be considered?

Response: At its meeting on December 11, 2008, the EDA Commission convened a subcommittee to evaluate competitive practices and implications of such fees. The Commission will report back with a response by the end of January 2009.
