¹ The FY 2010 budget included a beginning balance of \$3,000,000 based on lower than anticipated construction contingency requirements for Project 009211, McConnell Public Safety and Transportation Operations Center (MPSTOC). As part of the FY 2010 Adopted Budget Plan, this funding was transferred to the General Fund to help offset FY 2010 requirements. In addition, \$4,040,000 in savings for this project were previously transferred to the General Fund in FY 2009 to help offset FY 2009 requirements.

² The sale of bonds is presented here for planning purposes only. Actual bond sales are based on cash needs in accordance with Board policy. On November 7, 2006, the voters approved a \$125 million Public Safety Bond Referendum to support renovations and priority expansions at public safety facilities. In October 2009 an amount of \$13.6 million was sold, leaving a balance of \$93.58 million in authorized but unissued bonds for this fund.

³ In FY 2009, miscellaneous receipts included the sale of plans for multiple projects.

⁴ FY 2009 and FY 2010 funding of \$800,000 is associated with a systems furniture lease purchase for Project 009218, Courthouse IT Equipment and Support.

⁵ The *FY 2010 Revised Budget Plan* reflects a transfer in from Fund 303, County Construction, of \$1,500,000 to support higher than anticipated construction costs for Project 009209, Judicial Center Expansion.

⁶ FY 2009 reflects a transfer in from Fund 317, Capital Construction Renewal, of \$2,500,000 to support higher than anticipated expenses associated with asbestos removal for Project 009209, Judicial Center Expansion.

⁷ In addition to savings associated with the MPSTOC project, the FY 2009 transfer out to the General Fund included \$154,059 based on the County Executive's October 2008 memo to the Board of Supervisors highlighting reductions taken to balance the FY 2009 budget. Several public safety construction projects are complete and remaining balances that may have been used to offset potential shortfalls in other projects were returned to the General Fund.

⁸ Capital projects are budgeted based on the total project costs. Most projects span multiple years, from design to construction completion. Therefore, funding for capital projects is carried forward each fiscal year, and ending balances fluctuate, reflecting the carryover of these funds.
