${ }^{1}$ This fund is supported by a transfer in from Fund 400, Sewer Revenue.
${ }^{2}$ The bond principal and interest payments are shown as expenditures. However, for accounting purposes, the Comprehensive Annual Financial Report will show these disbursements as "Construction in Progress" to be capitalized.
${ }^{3}$ The increase in both principal and interest in FY 2012 reflects estimates associated with the planned FY 2012 Bond sale of $\$ 150$ million. The Bond sale amount has been adjusted to $\$ 110$ million based on revenue received from the sale of capacity to Prince William County which was approved by the Board of Supervisors on January 25, 2011.

[^0]${ }^{6}$ The FY 2012 negative balance resulted from an FY 2010 audit adjustment due to the timing of interest payments associated with the 2009 Bond sale. The bond sale took place on June 17, 2009 and the first payment was not due until July 15, 2010.

[^0]:    ${ }^{4}$ In order to capitalize bond costs, this category is designated as an annual non-appropriated amortization expense. An amount of $\$ 25,000$ includes the 2004 bond sales, FY 2009 bond series and the planned 2012 sewer revenue bond sale.
    ${ }^{5}$ The Wastewater Management Program maintains fund balances at adequate levels relative to projected debt service requirements. Fund balances fluctuate from year to year based on actual debt requirements and are used to cover amortization of issuance costs.
