Question: What are typical payouts for leave when people separate from County

employment?

Response:

Upon separation from the County, employees are paid for their accumulated annual and compensatory leave. Employees may only carry up to 240 hours (320 hours with 10 or more years of service) of annual leave forward from one year to the next, which effectively limits the number of hours of annual leave that can be paid out. The payout for compensatory leave is limited to 240 hours (336 hours for 24-hour Fire and Rescue personnel). The amount of accumulated leave varies greatly for individual employees, with some employees separating with negligible leave balances while others separate with the maximum possible accruals. However, the average payout has remained fairly consistent. The table below provides a four-year history of the average number of hours of leave paid out to separating employees as well as the average dollar amount of the leave payout.

| Fiscal | Average | Average |
|---------|-------------------|------------|
| Year | Hours Paid | Payout |
| FY 2016 | 189.4 | \$7,413.00 |
| FY 2015 | 179.8 | \$6,676.38 |
| FY 2014 | 173.0 | \$6,514.47 |
| FY 2013 | 192.7 | \$7,198.70 |

Question: Provide a list of County training contracts.

Response:

A list of County training contracts is provided below. The Department of Human Resources manages vendor contracts for executive coaching, organizational development, and other training resources. DHR also manages the countywide contract for desktop training (OfficePro, Inc.) the Learning Management System (Meridian) and on-line training available for the entire County. In addition, several contracts are managed by other agencies or the state for agency specific training, especially mandated training in public safety and human services. These contracts are competitively bid in conformance with all procurement regulations.
