¹ The bond principal and interest payments are shown here as expenditures. However, for accounting purposes, the Comprehensive Annual Financial Report (CAFR) will show these disbursements as "Construction in Progress" to be capitalized.

² The Wastewater Management Program makes principal and interest payments to the Upper Occoquan Service Authority (UOSA) in advance of the principal and interest due dates based on the original agreement with UOSA. UOSA credits the Wastewater Management Program any interest earning from the advanced payments; therefore, the interest payment actuals are normally lower than anticipated.

³ In order to account for expenditures in the proper fiscal year, an audit adjustment in the amount of \$211,889.88 has been reflected as an increase to FY 2015 Interest Payments. The audit adjustment has been included in the FY 2015 Comprehensive Annual Financial Report (CAFR). Details of the audit adjustment are included in the FY 2016 Third Quarter package.

⁴ The Wastewater Management Program maintains fund balances at adequate levels relative to projected debt service requirements. These costs change annually and therefore, fund balances fluctuate from year to year based on actual debt service requirements.
