¹ The January 2018 assessments are projected to generate \$6,659,223 in TIF revenues per the Department of Tax Administration assessed value of parcels within the district at the FY 2019 Adopted Budget Plan real estate tax rate of \$1.15 per \$100 of Assessed Value. Per the bond documents, the County is to transfer to the Community Development Authority (CDA) only those tax increment revenues required for debt service payments, which equates to \$5,406,400 in FY 2019. The difference of \$1,223,995 will be retained in the General Fund. The CDA while related to the County is a legally separate Authority and is not considered a component unit of the County.
