

Fund 30030

Library Construction

Focus

This fund supports the construction and renovation of a network of facilities operated by the Fairfax County Public Library that offer library services according to the needs of the community. Approved library construction projects have been primarily financed with General Obligation Bonds and are based on factors such as age and condition of buildings, long-range space needs, projected population growth, usage, and demand for services in underserved areas of the County. New library facilities are designed to utilize new information resources delivery, and existing facilities from the early 1960s are being redesigned and renovated to replace aging building systems, maximize space, and accommodate modern technology.

In the fall of 2012, the voters approved a bond referendum in the amount of \$25 million to renovate four priority library facilities. These libraries include: Pohick, Tysons Pimmit, Reston and John Marshall. The renovations will provide for upgrades to all of the building systems, including roof and HVAC replacement, which have outlived their useful life and will be designed to accommodate current operations and energy efficiency. In addition,

the renovations will provide a more efficient use of the available space, meet customers' technological demands and better serve students and young children. The quiet study areas and group study rooms will be improved, the space to accommodate a higher number of public computers will be increased, and wireless access will be enhanced.

No funding is included in Fund 30030, Library Construction, for FY 2019. Work will continue on existing and previously funded projects.

◆ Carryover Adjustments

¹ The sale of bonds is presented here for planning purposes only. Actual bond sales are based on cash needs in accordance with Board policy. On November 6, 2012, the voters approved a bond referendum in the amount of \$25 million to renovate four priority library facilities that include Pohick, Tysons Pimmit, Reston and John Marshall libraries. An amount of \$3.6 million was sold as part of the January 2017 bond sale. In addition, an amount of \$0.4 million has been applied to this fund in bond premium associated with the January 2017 sale. Including prior sales, a total of \$16.015 million remains in authorized but unissued bonds for this fund.

² In order to account for expenditures in the proper fiscal year, an audit adjustment in the amount of \$289,680.00 has been reflected as an increase to the FY 2017 Total Expenditures. This impacts the amount carried forward and results in a decrease of \$289,680.00 to the *FY 2018 Revised Budget Plan*. The project affected by this adjustment is LB-000008, John Marshall Community Library-2012. The audit adjustment was included in the FY 2017 Comprehensive Annual Financial Report (CAFR). Details of the audit adjustment were included in the FY 2018 Third Quarter package.

³ Capital projects are budgeted based on total project costs. Most projects span multiple years, from design to construction completion. Therefore, funding for capital projects is carried forward each fiscal year, and ending balances fluctuate, reflecting the carryover of these funds.
