Fund 81530 Public Housing Projects Under Modernization

Mission

To ensure that all tenants of Fairfax County Redevelopment and Housing Authority's (FCRHA) owned and operated public housing units are provided with decent, safe and well maintained housing.

Focus

Due to the conversion of all public housing units to Rental Assistance Demonstration (RAD), Fund 81530, Public Housing Projects Under Modernization, is being consolidated into Fund 81300, Rental Assistance Demonstration - Fairfax County Rental Program (RAD-FCRP) in FY 2019. RAD provides a new subsidy platform using project-based vouchers (PBV) issued as part of the Housing Choice Voucher (HCV) Program. For more information about the HCV Program, see Fund 81510, HCV Program.

One of the advantages of converting public housing units to RAD is that the FCRHA can leverage private equity for critical capital improvements. Under the traditional public housing model this was not possible, and the funding made available through Fund 81530 was insufficient to address all of the FCRHA's critical capital needs for public housing units. Since the units are no longer considered public housing under RAD, the FCRHA can secure capital for property improvements. Additionally, residents are provided increased mobility under RAD. If they choose to move from a RAD-FCRP unit, they can be issued a tenant-based voucher, provided they meet the HCV criteria and vouchers are available.

In FY 2017, Phase I of the conversion to RAD included 299 units, and in FY 2018, the remaining 766 units successfully converted. One unit in Phase I and four units in Phase II are used for office or community room space per U.S. Department of Housing and Urban Development (HUD) guidelines, and are not rentable. While these units are counted in the total converted number of 1,065, there is no voucher attached to these five units. Fund 81530 is being closed in FY 2019 as all public housing units are now RAD units and have been moved to Fund 81300.

Although Fund 81530 will be closed in FY 2019, the following narrative describes the program. Fund 81530 received an annual federal grant, determined by formula, to be used for major physical improvements to public housing properties owned by the FCRHA. The Federal Public Housing Program is administered by

HUD and provides funds for rental housing serving low-income households owned and operated by local housing authorities such as the FCRHA. The program has two components:

Program Component/Fund	Description		
Fund 81520, Public Housing Projects Under	jects Under Provided for the management, operating and routine		
Management	maintenance of public housing properties.		
	HUD provided annual operating subsidy.		
Fund 81530, Public Housing Projects Under	er Provided funds for capital improvements and repairs		
Modernization	existing public housing through an annual grant award.		

For the capital portion of the program, local public housing authorities submitted a five-year comprehensive capital and management improvement plan to the U.S. Department of Housing and Urban Development (HUD). FCRHA submitted its Five-Year Plan, which was updated each year as part of an Annual Plan. HUD reviewed the plan and released the annual capital grant amount that supported administrative and planning expenses, as well as improvements to selected projects. As a result of the conversion to RAD, capital expenses are now the responsibility of the public housing authority.
