Administration

Mission

Working under the guidance and direction of the Audit Committee, the Office of Financial and Program Auditor (OFPA) provides an independent means for determining the manner in which policies, programs, and resources authorized by the Board of Supervisors (BOS) are deployed by management and whether they are consistent with the intent of the Board and in compliance with all appropriate statutes, ordinances and directives.

Focus

This agency plans, designs, and conducts studies, surveys, evaluations, and investigations of County agencies as assigned by the BOS or the Audit Committee acting on behalf of the BOS. The OFPA works apart from the Office of Internal Audit which focuses on day-to-day administration of the County as requested by the County Executive. For each study conducted, the agency focuses primarily on the County's Corporate Stewardship vision element. The agency does this by developing, whenever possible, information during the studies performed which are used to identify revenue leakage, facilitate cost containment and revenue enhancement.

Office of Financial and Program Auditor supports the following County Vision Element:

Exercising Corporate Stewardship

To assist OFPA with executing the responsibilities under our charge, members of the Fairfax County BOS submit study recommendations of which the findings and management responses are included in published studies. This process is utilized to provide the constituents, BOS and management reasonable assurance that fiscal and physical controls exist within the County.

Additionally, this agency conducts follow-up work on prior period studies. As part of the post study work conducted, this agency reviews the agreed upon management's action plan. To facilitate the process, this agency collaborates with management prior to completion of the study. Through this collaboration, timelines for the implementation of corrective action and status updates are documented for presentation at upcoming Audit Committee Meetings.
