Tax Rate per \$100 of Assessed Value	\$0.125	\$0.125	\$0.000	\$0.125	\$0.125	\$0.000

¹ The Board of Supervisors implemented this tax in FY 2009 at a rate of \$0.11 per \$100 of assessed value. In FY 2014, the rate increased from \$0.11 to \$0.125 per \$100 of assessed value as part of the Board's Four-Year Transportation Program; this rate remains unchanged in FY 2021. The Transportation Funding and Reform Act of 2007 (HB 3202) provided the enabling legislation for this tax.

² As a result of the State Transportation funding plan (HB2313) approved during the 2013 Session by the General Assembly, additional revenues are available to the County for transportation projects and transit needs. As a result of the General Assembly's 2018 Metro funding bill (HB 1539/SB 856) the Grantors Tax and Transient Occupancy Tax revenue have been redirected to fund Metro Capital needs. The net effect of this legislation is new revenue to Northern Virginia from new truck fees, and off-the-top allocation from the Commonwealth Transportation Fund. As a result, the County will benefit from approximately \$109.7 million in regional transportation revenues in FY 2021. Of this total, \$33.2 million, or 30 percent, will be available directly to the County and the towns of Herndon and Vienna with a balance of approximately \$1.1 million returning to NVTA for operating costs.

³ NVTA regional funding in the amount of \$65.6 million is included in the *FY 2021 Revised Budget Plan*. Of this total, \$50.0 million is the remaining balance from previous year's anticipated reimbursements, and \$18.9 million is a new NVTA FY 2020 award for the Richmond Highway Bus Rapid Transit project, partially offset by a decrease of \$3.3 million to the second phase of the West Ox Bus Garage.

⁴ The Virginia Department of Transportation (VDOT) is constructing the Route 29 Widening Phase 1 (Pickwick Road) project that was initially intended to be funded using local revenues. The project will now receive I-66 Outside the Beltway Concessionaire Fee funds and the County was reimbursed \$0.136 million by VDOT in FY 2020.

⁵ Economic Development Authority (EDA) revenue bonds in the amount of \$100 million were included in the FY 2020 Revised Budget and are consistent with the Board of Supervisors Transportation Priorities Plan (TPP) approved January 28, 2014. To date, the sale of these bonds for project implementation has not been necessary as the fund has had sufficient cash to cover project expenses; however, the authorization is important to advance projects expeditiously.

⁶ Tysons Partnership contribution to operational costs associated with Tysons Bike Share and interest on balances.

⁷ Capital Projects include roadway, pedestrian and transit capital funding. A portion of funding is held in a reserve and adjustments are made to reflect project funding for specific projects approved by the Board of Supervisors as projects approach implementation.

⁸ Approximately \$13.3 million will be transferred to the Commonwealth of Virginia's Washington Metropolitan Area Transit Authority Capital Fund to address WMATA capital purposes, in accordance with Chapter 854 of the Acts of Assembly of 2018 (HB 1539 / SB 856). This represents a reduction of \$675,000 from the Adopted Budget Plan, due to Loudoun County joining the WMATA Compact.

⁹ The FY 2021 transfer of \$38.4 million from Fund 40010, County and Regional Transportation Projects, is consistent with a transportation funding list periodically updated and approved by the Board of Supervisors. Of this total, \$24.6 million from Commercial and Industrial (C&I) real estate revenues will fund West Ox Division rush hour and midday service, support for increased frequencies on overcrowded priority bus routes, support of I-495 Express lanes service and the Tysons Circulator; and \$13.8 million from HB 2313 local revenues will fund the implementation of new transit service planned for congestion relief.

Fund 40010: County and Regional Transportation Projects

¹⁰ Provides for the balance of funds required to pay debt service on the Wiehle-Reston East Metrorail Station Parking Garage not covered by ground rent and parking fees on site. Annual funding requirements will be included as part of carryover reviews.

¹¹ Represents funds held in reserve for TIFIA Debt Service, as required by the TIFIA Loan Agreement. The Reserve is not recorded as an expense but is reallocated within the Project 2G40-094-000, TIFIA Debt Service Reserve, from Equity in Pooled Cash to Cash with Fiscal Agent.
