- Resident Curator Program
- Stream Restorations
- Transportation/Trails
- Sports Tourism Task Force
- Fairfax First
- Environmental, Energy & Advisory Committee
- Live Healthy Fairfax
- Economic Advisory Commission

### Collaborative Use of Park Facilities

#### Fairfax County Public School Use

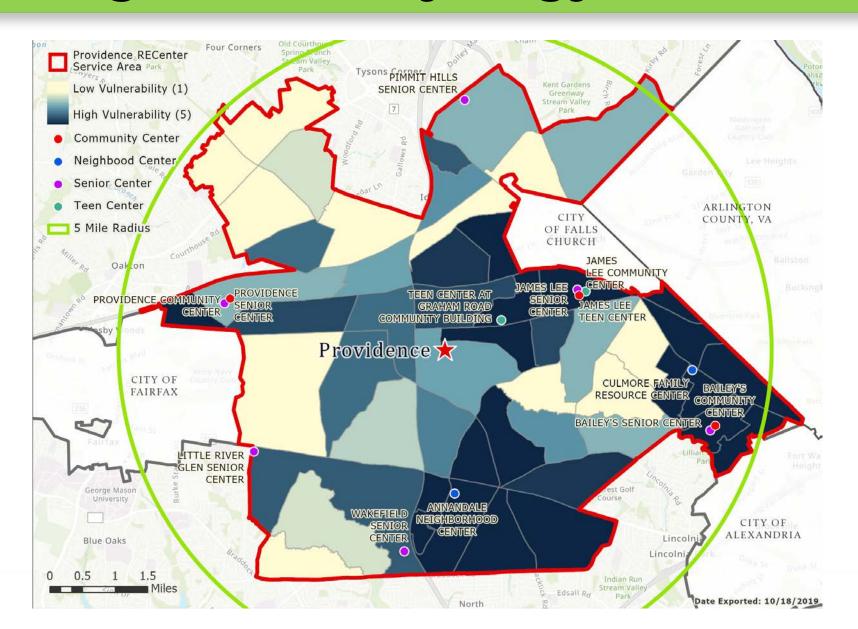

The Park Authority is mandated to cover all expenses in the Park Revenue Operating Fund. The following policies and procedures guide the Park Authority's allocation of the assets most frequently used by FCPS.

- Athletic Field Use Fairfax County Field Allocation Policy - FCPS teams are given priority scheduling over all other organizations including FCPA.
- RECenter Pools FCPS is given priority scheduling of all FCPA RECenter natatoriums (pools) during the defined swim team season. FCPS pays for their use of FCPA pools for both practices and competitions.
- Tennis Courts and Trails (Cross
   Country): Although not adopted in policy, the
   Park Authority has always been able
   to accommodate FCPS requests and work with
   them in advance to avoid conflicts.

**Golf Courses:** FCPS should coordinate their use of the FCPA golf courses centrally to ensure equitable access to golf courses across the park system.

- Each golf course has up to two home schools assigned to it.
- The home schools may have one free practice or round per week at a time agreed to by the Golf Course General Manager. The booking goes through the team coach.
- All other schools may book as the schedule permits and pay the fee (no free rounds/practice).
- The practice/rounds are limited to M-TH. Schools release their practice schedule in May at which time the scheduling begins.
- Teams that want to have more tryouts, practices, or matches, the participants must pay for play. Teams are given a discounted rate of 35% off greens fees.

# Looking Forward: Synergy Between Services

Thank you for the continued partnership and support of

# Fairfax County Parks
