

Office of Human Rights and Equity Programs

Mission To institute an affirmative human rights program of positive efforts to eliminate discrimination and to provide the public and Fairfax County employees with recourse for discriminatory acts.

Focus Human Rights

The Human Rights Division in the Office of Human Rights and Equity Programs is responsible for staffing the Human Rights Commission and is charged with enforcing the Fairfax County Human Rights Ordinance. The Human Rights Division receives and investigates complaints filed by any person who believes he/she has been discriminated against in Fairfax County in violation of the County's Human Rights Ordinance. The Human Rights Ordinance has been deemed substantially equivalent to the federal civil rights laws in employment and housing. Persons who file complaints with this office will automatically have their cases filed with the federal agencies when applicable, thereby enjoying federal protections as well. Persons may file discrimination complaints on the basis of race, color, sex, religion, national origin, marital status, age, disability, familial status (applies to housing only), in the areas of employment, housing, public accommodations, private education, or credit. The Human Rights Division also provides educational services to employers, the housing industry and other businesses in Fairfax County concerning compliance with the Ordinance.

In addition to the above, the Human Rights Division manages the County's Fair Housing Plan and implements its strategies by conducting and reporting on fair housing tests, filing fair housing complaints when necessary, training rental agents and housing counselors in the County's rental market, establishing and staffing the Commission's Fair Housing Task Force, and continuing to study and report on the County's fair housing needs.

In order to meet the Human Rights Division's mission and pursue its vision, staff serve Fairfax County through civil rights enforcement, complaint resolution, education and outreach. The staff will identify, develop, and maintain an organizational structure that implements objectives and priorities, will adopt systems and procedures that maximize efficient use of resources, and will maintain effective information technology solutions to enhance service delivery.

The Human Rights Division's success in service delivery is driven by several key factors. The demand for services from the public is the primary factor. Federal laws and regulations governing the agency's services to the U.S. Equal Employment Opportunity Commission (EEOC) and the U.S. Department of Housing and Urban Development (HUD) affect how work is done. Furthermore, enforcement relationships with federal, state and other partners can also be affected by policy changes and the County's ability to implement those changes. Successful settlements between the complainant and the respondent totaling over \$674,000 were realized for Fairfax County residents in FY 2019.

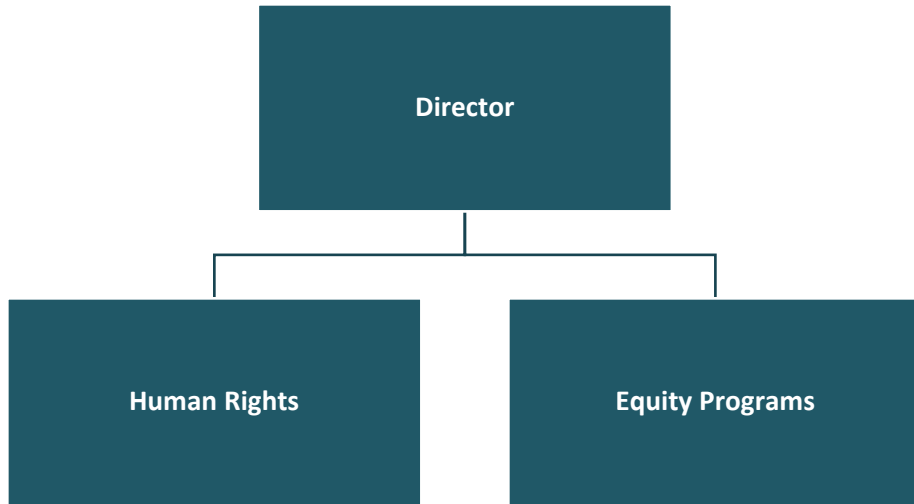

Equity Programs

The Equity Programs staff has continued efforts to increase diversity awareness in the County workforce and the community. In addition to offering mandatory online training programs related to laws that prohibit employment discrimination, staff participated in a variety of community-sponsored events to provide information regarding equal opportunity in the County.

In FY 2019, a total of 29,433 training sessions were conducted via online and in person training. The Office of Human Rights and Equity Programs conducted a total of 74 combined outreach events to residents, employees, and the community during FY 2019.
