

Juvenile and Domestic Relations District Court

Mission

The mission of the Fairfax County Juvenile and Domestic Relations District Court Services Unit is to provide efficient, effective, and equitable probation and residential services. The agency promotes positive behavioral change and reduction of illegal conduct for those children and adults who come within the Court's authority. The agency strives to do this within a framework of accountability, consistent with the well-being of the client, his/her family, and the protection of the community (including victims).

Focus

The Fairfax County Juvenile and Domestic Relations District Court (JDRDC) adjudicates juvenile matters, offenses committed by adults against juveniles, and family matters except divorce. The Court Services Unit (CSU) of JDRDC offers comprehensive probation and residential services for youth, services to adults experiencing domestic and/or family difficulties and adult probation services to residents of Fairfax County, the City of Fairfax and the towns of Herndon, Vienna, and Clifton. JDRDC is funded primarily from County general funds. Additional sources of funds include the Virginia Department of Juvenile Justice (DJJ), local court collections, and federal and state grants.

Evidence-Based Practice

Over the past decade, the juvenile and criminal justice fields have developed a body of evidence-based approaches to intervention with youth and adults involved in illegal behavior. JDRDC works to incorporate many of these practices (i.e. risk assessment tools, structured decision-making) into intake, probation case management, and residential programs. These strategies increase consistency and validity of case management decisions, improve system efficiency, and enhance public safety. JDRDC also works to shift the philosophy of probation services from monitoring to one of service delivery focusing on behavior change. This shift includes extensive and continuous staff training in motivational interviewing, use of assessments, implementing evidence-based interventions, effective practices in community supervision (EPICS) and cognitive processes focusing on factors specific to an individual's offending resulting in behavior change. The Assessment Unit created in Fiscal Year 2019 furthers this initiative by providing information to probation officers and the judiciary regarding youth needs and risk factors.

Family Engagement

Support for individuals, youth, and families before, during, and after their involvement with the juvenile justice system is important for continued success within the community. JDRDC formed a workgroup to lead the efforts within the agency. Agency efforts regarding family engagement include identifying and developing strategies workers use to engage and involve families at all levels within the juvenile justice system. JDRDC created a unified philosophy in working with youth and families and continues to train employees throughout the agency.

Trauma-Informed Programming

JDRDC continues to work towards becoming a trauma-informed agency. Collaboration between JDRDC and the Fairfax-Falls Church Community Services Board (CSB) provides a team of professionals to address individual trauma treatment needs of youth providing consultation, assistance with symptom screening, clinical diagnostic assessment, and referral to trauma-specific treatment providers. JDRDC participates in on-going staff training and completes a bi-annual organizational assessment to identify gaps in services for youth and gain a better understanding of how staff view the trauma-informed process. JDRDC utilizes a trauma screening instrument for youth that identifies both trauma experiences and possible symptoms, allowing staff and the trauma team to target specific behaviors that may need specialized treatment.

Racial and Ethnic Disparities

JDRDC focuses efforts on reducing racial and ethnic disparities through continual review of policies and procedures throughout the juvenile justice process. JDRDC's internal workgroup continues to provide support to staff and agency leaders. In addition, JDRDC works with other Fairfax County Health and Human Service Agencies, Fairfax County Public Schools (FCPS), and the Fairfax County Police Department (FCPD) identifying ways to improve equity and promote One Fairfax across the system.

Youth Gang Intervention and Prevention

JDRDC is the lead agency in the County's youth gang prevention and intervention activities. The Gang Prevention and Intervention Coordinator facilitates the partnership with the Northern Virginia Gang Task Force to implement regional gang prevention initiatives, monitor the County's internal initiatives, and address human trafficking in Northern Virginia. The coordinator also works closely with law enforcement and FCPS in providing gang prevention and awareness presentations to include human trafficking education.

Partnerships

Education Services: Court-involved youth frequently experience trouble in traditional educational settings. JDRDC and FCPS collaborate in operating or supporting a variety of alternative schools for youth who are unable to benefit from the ordinary public-school experience.

Mental Health and Substance Abuse Services: Youth on probation and in residential facilities frequently have significant mental health and substance abuse issues. JDRDC partners with the CSB to provide several on-site assessment and treatment services including emergency evaluations, dispositional or diagnostic evaluations, special request evaluations, case consultations, and juvenile competency evaluations. Mental health screening and crisis intervention services are provided to youth in the general population at the Juvenile Detention Center (JDC) and Shelter Care facilities.

Domestic Violence Partnerships: Fairfax County's Domestic Violence Action Center (DVAC) provides culturally responsive information and support services for victims and families of intimate partner violence and stalking and promotes offender accountability through specialized prosecution and supervision. JDRDC supplements the resources necessary to maintain the Protective Order Compliance Monitoring program, a key element in DVAC's holistic response to domestic violence. JDRDC also collaborates with the Domestic Violence Coordinating Council to provide a Domestic Violence Victim Advocacy Program.

Robert F. Kennedy National Resource Center: RFK is currently providing JDRDC with technical assistance in implementing the recommendations to enhance system practice, performance and access to evidence-based services to improve youth and family outcomes.

Diversions

JDRDC expanded diversion opportunities for both adults and juveniles while still holding them accountable for their actions. JDRDC partnered with the schools, the police and Northern Virginia Mediation Services and implemented the Alternative Accountability Program (AAP). In addition, JDRDC's redesigned juvenile intake process increased opportunities for diversion and ensured that youths' risks and needs are accurately identified and addressed while ensuring public safety.

For adults, the Pre-Trial Supervision Program allows offenders to remain in the community under supervision while awaiting trial. The program provides support services, screening, and investigative information to judicial officers to assist in determining risk to public safety. These services run parallel with Fairfax County's Diversion First initiative which offers alternatives to incarceration for individuals in contact with the criminal justice system for low level offenses and suffering from mental illness or

Juvenile and Domestic Relations District Court

developmental disabilities. The goal is to offer assessment, treatment and needed support while maintaining public safety. Without pre-trial services, many offenders spend significant amounts of time in jail before trial and/or sentencing.

Residential Facilities

JDRDC operates four residential facilities housing five programs that provide a safe, stable, and structured environment for youth awaiting court processing or receiving treatment services. The Juvenile Detention Center (JDC) serves pre-dispositional and post-dispositional youth with serious criminal charges that require a secure placement. Shelter Care (formerly Shelter Care II) serves youth with less serious charges, but still require an out-of-home placement. Both facilities provide counseling stabilization, mental health services, medical services, and on-site schools.

In addition, JDRDC operates three treatment programs for post-dispositional youth providing intensive individual, group, and family counseling services as well as educational programming. Stepping Stones is a 16-bed group home serving adolescent males and the Foundations Program is a 12-bed facility serving adolescent females with long-term treatment needs and their families. The Beta Program located at the JDC is a post-dispositional 11-bed sentencing/treatment program for court-involved male youth requiring incarceration and treatment services. Beta is a 12-month program with six months of confinement and six months of community supervision.

Community-Based Services

In response to the high needs of youth who are at risk to reoffend and at risk to be removed from their homes and communities, JDRDC implemented the Community Based Services (CBS) Program. Based on assessment outcomes, CBS provides in-depth home-based services to qualifying youth and families. Youth and families receive services for up to six months with a max of ten direct service hours a week.

Mediation

The Mediation program incorporates the benefits of the Intake Officers' access to the clients, the resources provided within the County and the power of the court. If eligible, clients are required to participate in mediation prior to court hearings reducing court wait times and increasing the number of clients reaching agreement without judicial interference. JDRDC manages the overall mediation process including assigning cases to mediators, supervising internal and staff roster mediators, directing the flow of cases, resolving issues regarding the cases and their assignments, reviewing all court orders for compliance and serving as a liaison to the court. This expanded mediation program also helps reduce the stress and trauma on the children while promoting earlier resolution of the issues and encourages a collaborative approach over an adversarial approach to these critical family issues.

Language Access Program

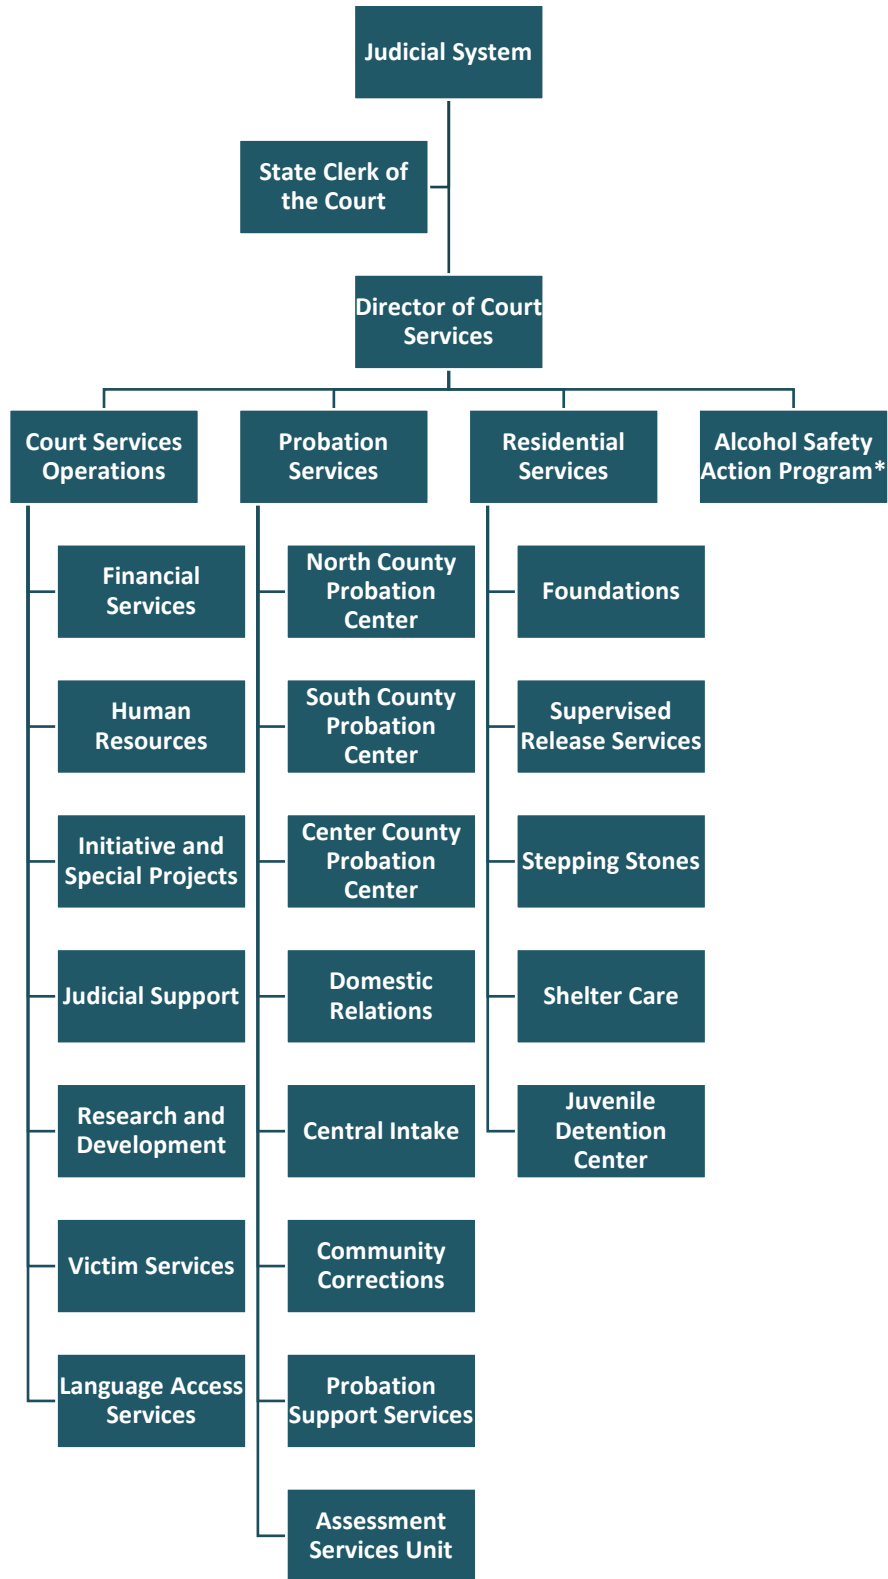

Language Access supervises over 30 volunteer interpreters providing over 3,500 hours of interpretation services for FY 2019. The agency also has 27 staff participating in the County's Language Stipend Program. The continued growth of language and cultural diversity in the County presents an ongoing service challenge to staff and clients. To address the growing need for translation services, the agency supplements the volunteer program with paid interpretation and translation services.

Supervised Visitation and Exchange Program

The Supervised Visitation and Exchange program provides safe and supportive visitation and exchange services allowing families the opportunity to build healthier relationships. The program encourages opportunities that strengthen the parent-child bond while avoiding unnecessary stress, complicated adult conflicts and safety issues.

Performance Measurement Results

The Court Services Administration cost center outcome performance measures quantify the extent and value of volunteer programs supporting court services. The JDRDC has two programs monitoring volunteers. The Volunteer and Intern Program provides volunteers and interns for all areas of the JDRDC upon request. In addition, the Volunteer Interpreter Program provides much needed interpretation and translation services to JDRDC. In FY 2019, these two programs had 294 volunteers who provided 17,095 hours of services to JDRDC programs at a value of \$457,291.

Probation Services encompasses two major types of activities: (1) intake, the processing of juvenile and adult complaints brought into the JDRDC system and (2) supervision services, the assessment, counseling, and supervision of youth and adults who have been placed on probation. Intake offices processed 11,372 non-traffic complaints in FY 2019, a small percent decrease from FY 2018. In FY 2019, the agency diverted 17 percent of youth from formal court processing. These cases are either provided services at the intake level or are referred to other, more appropriate service providers. Ninety-four percent of the clients responding to the intake customer satisfaction survey indicated they were satisfied with the intake services they had received.

In FY 2019, the average monthly juvenile probation officer caseload was 16; the average monthly adult probation officer caseload was 62. Juvenile probation caseloads decreased slightly and adult probation caseloads increased slightly from FY 2018 caseload sizes. Seventy-six percent of court-ordered investigations for juveniles were submitted at least 72 hours prior to the court date. Ninety-one percent of parents responding to the customer satisfaction survey indicated that they were satisfied with the probation services their child received. In FY 2019, juveniles on probation with no new criminal convictions within 12 months of case was 75 percent, and adults on probation with no new criminal charges was 92 percent.

Residential Services includes four major service areas: Supervised Release Services (SRS) which includes outreach detention, electronic monitoring, and intensive supervision; the Shelter Care (SC) (formerly referred to as Less Secure Shelter (LSS)) provides shelter care for court-involved youth; Secure Detention Services (SDS) which includes the Juvenile Detention Center; and Community-Based Residential Services (CBRS) which includes both the Foundations Program for girls (formerly known as the Girls' Probation House), Stepping Stones (formerly known as Boys' Probation House).

In FY 2019:

- SRS operated at 120 percent of its capacity at a cost of \$158 per day. Ninety-nine percent of youth had face-to-face contact with SRS staff within 24 hours of assignment to the service. Eighty-eight percent of the youth in the program remained free of new criminal or Child In Need of Supervision or Services (CHINS) petitions while under SRS supervision.

Juvenile and Domestic Relations District Court

- Shelter Care operated at 43 percent of capacity at a cost of \$360 per bed day. One hundred percent of the parents responding to customer satisfaction surveys were satisfied with the shelter care services. Eighty-eight percent of the youth placed in the shelter during the year appeared at their scheduled court hearing.
- The Juvenile Detention Center operated at 43 percent of staffed capacity at a cost of \$246 per bed day. Four percent of the placements in FY 2019 resulted in the need to use physical restraint on a youth. One hundred percent of the youth held in detention appeared at their scheduled court hearing, exceeding the performance target of 98 percent.
- Community-Based Residential Services programs operated at 63 percent of capacity at a cost of \$336 per bed day. One hundred percent of the parents responding to the follow-up survey expressed satisfaction with the programs with which their child was involved. In FY 2019, juveniles discharged from CBRS with no new delinquent petitions for one year was 65 percent.
