Levy per Household Unit¹	\$385/Unit	\$370/Unit	\$370/Unit	\$370/Unit	\$0/Unit

¹ The FY 2021 levy/collection fee per household unit is reduced by \$15 to \$370 per household, consistent with the recommendation from the County Executive included in the April 20, 2020 memorandum to the Board based on the inability to provide yard waste collection during the pandemic. The vast majority of these fees are collected as a separate levy included on the Real Estate Tax bill. Approximately 405 units must be billed directly by the agency.

² SWMP receives funding from the Commonwealth of Virginia from the State Litter Grant on an annual basis. This funding is then transferred to the Clean Fairfax Council, Inc. to fund its operations on behalf of the County. In FY 2020, an amount \$105,441 was received and distributed for this purpose and it is estimated that \$125,288 will be received in FY 2021.

³ In order to account for revenues and expenditures in the proper fiscal year, audit adjustments have been reflected as a decrease of \$28,720.71 to FY 2020 expenditures to record expenditures in the appropriate fiscal year. This audit adjustment will be included in the FY 2020 Comprehensive Annual Financial Report (CAFR). Details of the audit adjustments are included in the FY 2021 Mid-Year Package.

Fund 40140: Refuse Collection and Recycling Operations

⁴ Recovered Costs represent billings to Fund 40130, Leaf Collection, for its share of the total administrative costs for the Division of Collection and Recycling. Also included is an amount billed to Fund 40150, Refuse Disposal, for administrative costs for the recycling program, which is coordinated by Fund 40140, Refuse Collection and Recycling Operations.

⁵ Funding in the amount of \$494,000 is transferred to the General Fund to partially offset central support services supported by the General Fund, which benefit Fund 40140. These indirect costs include support services such as Human Resources, Purchasing, Budget and other administrative services.

⁶ Ending Balance fluctuations are a result of operating and revenue requirements that change annually. Funding is carried forward each fiscal year to provide flexibility given the uncertainty of market conditions and expenditure requirements.

⁷ The Rate Stabilization Reserve provides funds to mitigate against any need for an unusually large rate increase in a future year.

⁸ The Capital Equipment Reserve is for future capital equipment requirements based on replacement value and age of equipment.

⁹ The Operating Reserve is for the purchase/replacement of single-stream recycling and trash collection containers for sanitary district customers, the timely replacement of obsolete computer equipment, and other operating requirements.
