¹ This fund is supported by a Transfer In from Fund 69000, Sewer Revenue.

² A Transfer In from Fund 69310, Sewer Bond Construction, is necessary in FY 2021 because the Underwriter's Discount expense is paid from bond proceeds, which are reported as revenue in Fund 69310, Sewer Bond Construction.

³ The bond principal and interest payments are shown as expenditures. However, for accounting purposes, the Comprehensive Annual Financial Report (CAFR) will show these disbursements as "Construction in Progress" to be capitalized.

⁴ The Wastewater Management Program maintains fund balances at adequate levels relative to projected debt service requirements. Fund balances fluctuate from year to year based on actual debt requirements.
