FUND STATEMENT

¹ Funding of \$4,714,102 reflects a direct transfer from Fund 40030, Cable Communications, \$1,814,102 is to support staff and equipment costs related to construction of the I-Net and \$2,900,000 supports a new multi-year commitment to replace and refresh core equipment elements of the I-Net. The continuation of the equipment refresh effort will help to ensure I-Net continues to operate effectively.

² The fluctuation in ending balance is primarily due to the operation of the PC Replacement and Computer Equipment Reserve Programs. The programs collect funding each year, hold it in reserve until needed, and then expend the funds for replacement equipment. The time period for this action varies based on the needs of the programs.

³ This reserve is designed to assist in the scheduled replacement of enterprise computer and network assets.
