Office of Elections

Mission

To provide each resident of Fairfax County with the opportunity to exercise his or her right to vote in an efficient and equitable manner in accordance with the Constitutions of the United States and the Commonwealth of Virginia and the Code of Virginia.

Connection to the Countywide Strategic Plan

The Fairfax County Board of Supervisors adopted the first-ever Countywide Strategic Plan on October 5, 2021. The Countywide Strategic Plan serves as a road map to help guide future work, focusing on the 10 Community Outcome Areas that represent the issues of greatest importance to the community. The Department of Management and Budget continues to integrate the Countywide Strategic Plan into budget documents. For information on how the agency's program performance contributes to these goals, please see the Performance Measurement Results by Community Outcome Area. For more information on the Countywide Strategic Plan, please see www.fairfaxcounty.gov/strategicplan/. The Office of Elections primarily supports the following Community Outcome Area:

Community Outcome Area	Vision Statement					
Effective and Efficient Government	All people trust that their government					
	responsibly manages resources, is responsible					
	to their needs, provides exceptional services					
	and equitably represents them.					

Focus

The Office of Elections is guided by policy set by the State Board of Elections, the State Department of Elections, and the Fairfax County Electoral Board, and is administered by the General Registrar. The Office supports the electoral process which provides Fairfax County citizens with a critical channel to have a voice in their government. The Office is required to conduct fair, transparent elections that accurately reflect the intent of the electorate to ensure continued confidence in the integrity of the electoral process. The Office has two primary statutory functions: voter registration and conducting elections. Additionally, the Office coordinates ballot access for local candidates and ensures that voters and citizens are appropriately informed of upcoming elections and changes in electoral procedures and laws.

The Office provides year-round voter registration and community engagement activities. Using a State maintained statewide database, the Virginia Elections and Registration Information System (VERIS), the Office determines the eligibility of voters, maintains the voter registration records database, certifies candidate nominating petitions, processes absentee ballot applications, and provides public information and access to electronic lists of registered voters and absentee applicants. In addition to the main location at the Government Center, the Office also manages 16 absentee voting locations each fall to ensure that residents throughout the County have access to in-person registration and absentee voting services.

The Office manages the logistics of conducting and certifying elections by recruiting and training election officers, preparing voting equipment, overseeing polling places, preparing ballots, compiling election returns, and posting unofficial election results on the agency's website on election night. The Office develops voter information and procedures, in four languages, to comply with federal and state laws, responds to Freedom of Information Act requests, suggestions and complaints from voters, campaigns, candidates, elected officials, and the press.

The workload and related expenses in the Office of Elections correspond to the offices up for election in a

given year, the number of voter registrations, as well as the election turnout and the number of absentee ballots received. The Office is responsible for analyzing these variables and for developing plans and programs to facilitate successful elections.

During the past three years, the Office adapted quickly and effectively to accommodate significant changes in voting patterns that resulted from the no-excuse absentee voting legislation that took effect on July 1, 2020. This new legislation permits all registered voters to vote absentee early in person or by mail without a reason or excuse, which resulted in a significant increase in absentee voting compared with previous elections. The Office also responded effectively to legislation that took effect on July 1, 2021, that enabled voters to receive absentee ballots by mail on an ongoing basis without submitting an application for each election. Changes in absentee voting laws will be a major budget driver going forward.

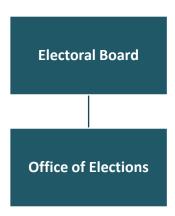

During FY 2023, the Office implemented improvements to its voter registration list management processes. As part of this effort, the Office mailed an address update request letter to approximately 69,000 voters whose redistricting mailing notices were returned as undeliverable by the Post Office. The purpose was to give voters the opportunity to update their address within Fairfax County and request to be removed from the voter list if they had moved out of Virginia, or to another jurisdiction in Virginia. This was a very successful initiative with over 17,000 responses including more than 10,000 individuals who asked to be removed from the voter list because they had moved to another state.

The Office also implemented several successful initiatives in FY 2023, including expanded communication efforts, technology efficiencies for reporting election information, the addition of extensive FAQs on its website, and restructuring and reallocating of some key positions. The Office also purchased and implemented a new ballot-on-demand system for in-person early voting locations that improved the check-in process for the large increase in early voters, and efficiently and accurately issued 264 different ballot styles to voters at a cost significantly lower than ordering preprinted ballots.

Same Day Registration (SDR) legislation took effect October 18, 2022, which enables voters to register to vote and immediately cast provisional ballots at in-person early voting locations after the voter registration books closed on October 17, and at their polling place on Election Day. This new program resulted in more than 3,900 SDRs and more than double the number of provisional ballots compared with the previous year.

In future years, the Office anticipates changes in legislation will continue to place an increasing financial burden on the agency highlighting the impact of unbudgeted programs.

FY 2024 Funding Adjustments

The following funding adjustments from the <u>FY 2023 Adopted Budget Plan</u> are necessary to support the FY 2024 program:

Employee Compensation

\$146,681

An increase of \$146,681 in Personnel Services includes \$93,387 for a 2.00 percent market rate adjustment (MRA) for all employees and \$25,309 for performance-based and longevity increases, and the remaining \$27,985 to support employee retention and recruitment efforts that will reduce pay compression and align the County's pay structures with the market based on benchmark data.

Essential Positions \$153,699

An increase of \$153,699 and 2/2.0 FTE new positions, including \$149,699 in Personnel Services and \$4,000 in Operating Expenses, is included for an Assistant Absentee Manager to support additional needs in Absentee voting and an Information Technology Analyst position to support increasing information technology needs. It should be noted that an increase of \$78,833 in Fringe Benefits is included in Agency 89, Employee Benefits. For more information on Fringe Benefits, refer to the Agency 89, Employee Benefits, narrative in the Nondepartmental program area section of Volume 1.

Staffing for Satellite Locations, Absentee Ballot Processing and Voting Equipment \$637,273 An increase of \$637,273 in Personnel Services to support non-merit staffing for satellite locations, to process absentee ballots and to support voting equipment. It should be noted that an increase of \$38,019 in Fringe Benefits is included in Agency 89, Employee Benefits. For more information on Fringe Benefits, refer to the Agency 89, Employee Benefits, narrative in the Nondepartmental program area section of Volume 1.

Stipends for Satellite Election Officers and Non-Merit Pay Increases

\$323,097

An increase of \$323,097 in Personnel Services includes \$123,000 for stipends for Satellite Election Officers for primary and special elections and \$200,097 to support pay increases for non-merit staff. The Agency has been notified by the State that satellite staff must be compensated via stipends instead of as hourly workers to maintain compliance with State requirements.

Election Officer Stipends

\$335,700

Consistent with actions approved by the Board of Supervisors as part of the FY 2022 Carryover Review, an increase of \$335,700 in Personnel Services is included to support Election Officer stipend increases for General Elections.

General Registrar Salary

\$63,325

An increase of \$63,325 in Personnel Services is included to increase the salary of the General Registrar as approved by the State. The State mandated salary for the General Registrar increased to \$173,676 in FY 2024. It should be noted that this increase is offset by revenue.

Performance Measurement Results by Community Outcome Area

Effective and Efficient Government

The Office of Elections has responded effectively and efficiently to legislative changes over the past several years that have significantly expanded in-person and mail absentee voting, required precinct specific election results reporting, and added a permanent absentee voter list and absentee ballot drop boxes. The Office also implemented a new Same Day Registration program for voters that took effect in October 2022. In addition, the Office improved and expanded its communication efforts to better educate voters, candidates, political party representatives and other interested parties on the election process.

During the November 2021 General and Special Elections, the voter turnout was 60 percent of the active registered voters in Fairfax County. A total of 442,956 voters cast ballots in this election, including absentee and provisional voters. Fairfax County had 247 precincts, and sixteen early voting locations, which were used during the November 2021 General and Special Elections.
