

# Fund 70000: Route 28 Tax District

## Focus

Fairfax County, in partnership with Loudoun County, formed the Route 28 Highway Transportation Improvement District (District) on December 21, 1987. Under Virginia law, such a district may be formed only upon the joint petition of owners of at least 51 percent of the land area in each county, which is within the boundaries of the proposed district, and which has been zoned or is used for commercial or industrial purposes. Fund 70000, Route 28 Tax District, was formed to provide improvements to State Route 28 (Route 28), which connects State Route 7 in eastern Loudoun County to U.S. Route 50 and Interstate 66 in western Fairfax County, running approximately parallel to the County's western border. Route 28 provides access to Dulles International Airport, along with the Dulles Access Road, which connects the Capital Beltway to Dulles International Airport. This District was formed upon landowner petition to accelerate planned highway improvements proposed by the state, which relied primarily on slower pay-as-you-go financing from the Northern Virginia region's share of the State Primary Road Fund allocation.

The District, administered by a Commission appointed by the Board of Supervisors of both counties, may subject the owners of industrial and commercial property within the District to a maximum additional tax assessment of \$0.20 per \$100 of assessed value. All Route 28 project improvements have been completed, including widening the existing road from two to six lanes and upgrading ten major intersections within the district boundaries. Funding sources for these projects included bond proceeds issued by the Commonwealth Transportation Board (CTB) and Fairfax County Economic Development Authority (EDA), the Northern Virginia Transportation Authority, and the Transportation Partnership Opportunity Fund (TPOF) through the Virginia Department of Transportation.

Fairfax County and Loudoun County entered a contract with the District and agreed to levy the additional tax assessment, as requested by the District, collect the tax, and pay all tax revenues to a fiscal agent for distribution. The contract specifies that the counties shall pay all revenues collected on behalf of the District to a trustee jointly designated by the CTB and the counties, and the District in turn shall notify the counties of the required payment and request a rate sufficient to collect that amount, up to a maximum of \$0.20 per \$100 of assessed value. The FY 2027 tax rate for this district is currently set at \$0.12 per \$100 of assessed value. In FY 2027, an amount of \$11.0 million has been included for Fairfax County collections based on estimated tax collections and an allowance for potential property buy outs, late payments, and penalties.

All bond issues are fully supported by District tax revenue. If District revenues are not sufficient to make debt service payments, the state bonds are backed by the appropriated state allocations to the Northern Virginia Transportation District. District Bonds issued by the Fairfax County EDA are also supported by a Revenue Stabilization Fund (RSF) and Debt Service Reserve Fund (DSRF) that is equal to the maximum annual EDA debt service. As a further credit enhancement for the EDA bonds, both Fairfax and Loudoun Counties pledged a joint moral obligation if tax revenues, the RSF, and DSRF are not sufficient to support debt service.

### ***Refinancing, Partial Debt Defeasance and Debt Service Updates***

In February 2022, a refunding bond sale for the Series 2022A bonds was conducted in the amount of \$49.1 million. This generated net present value debt service savings of approximately \$6.58 million over the life of the bonds and refinanced the Series 2012 EDA Revenue Refunding Bonds. In December 2022, a partial defeasance of the Series 2012 CTB bonds was conducted utilizing \$10.5 million in funds from the project completion fund. In December 2023, a final payoff of the Series 2012 Commonwealth Transportation Board (CTB) bonds and partial defeasance of the Series 2016A and Series 2016B EDA revenue refunding bonds was conducted utilizing \$12.6 million in funds available from the project completion fund and partial release of debt service reserves. In October 2024, a partial defeasance of the Series 2016A and Series 2016B EDA revenue refunding bonds

was conducted utilizing \$17.0 million in funds available from the project completion fund. The following table incorporates the District's revised annual debt service profile:

Bond Year	CTB Debt 2002 (State Issued)	EDA Debt Service – Series 2016 and Series 2022	Total
2027	8,105,000	7,650,444	15,755,444
2028	-	7,654,444	7,654,444
2029	-	7,652,694	7,652,694
2030	-	7,654,944	7,654,944
2031	-	7,650,444	7,650,444
2032	-	7,653,944	7,653,944
2033	-	17,014,444	17,014,444
2034	-	18,243,944	18,243,944
2035	-	18,237,525	18,237,525
2036	-	16,537,450	16,537,450
2037	-	1,442,000	1,442,000
<b>TOTAL</b>	<b>\$8,105,000</b>	<b>\$117,392,277</b>	<b>\$125,497,277</b>

## FY 2027 Funding Adjustments

## Changes to FY 2026 Adopted Budget Plan

The following funding adjustments from the FY 2026 Adopted Budget Plan are necessary to support the FY 2027 program:

**Fiscal Agent Payments** \$553,757  
An increase of \$553,757 or 5.3 percent over the FY 2026 Adopted Budget Plan amount of \$10,407,279 for estimated payments to the fiscal agent is primarily due to anticipated assessed value adjustments.

The following funding adjustments reflect all approved changes in the FY 2026 Revised Budget Plan since passage of the FY 2026 Adopted Budget Plan. Included are all adjustments made as part of the FY 2025 Carryover Review and all other approved changes through December 31, 2025.

**Carryover Adjustments** \$5,174  
As part of the FY 2025 Carryover Review, the Board of Supervisors approved an increase of \$5,174 due to the timing of payments made in FY 2025 and the corresponding adjustment to the appropriation level in FY 2026.
