

**Response to Questions on the FY 2010  
County's Line of Business & Schools Program Review Processes  
Fall 2008**

**Request By:** Supervisor Gross

**Question:** What is the funding source of Health Department reduction 001-71-302?

**Response:** The General Fund fully supports the reduction titled "Limited Term Funding Support for Specialized Needs" (LOB reduction 001-71-302). This reduction relates to the program management and flexibility for the agency director to seek out specialists when needed for short term work.

For clarification, there is no connection to the Disease Carrying Insect Program (DCIP) which is funded solely from Fund 116, Integrated Pest Management Program fund.
