

**Response to Questions on the FY 2010
County's Line of Business & Schools Program Review Processes
Fall 2008**

Request By: Supervisor Bulova

Question: Do other jurisdictions provide a subsidy to support youth officiating? If not, what (if any) support is provided?

Response: No other local jurisdiction offers an officiating subsidy. Arlington and Alexandria both provide direct operation of many youth sports programs, and as such both provide some limited support to community groups, but none of them specifically covers officiating costs.
