

Fund S40000: Public School Food and Nutrition Services

Focus Fund S40000, Food and Nutrition Services, totals \$86.4 million in FY 2022 for all Food and Nutrition Services' operational and administrative costs. This fund is entirely self-supporting and is operated under the federally-funded National School Lunch and Child Nutrition Acts.

The fund was affected by closures related to the COVID-19 pandemic. In a normal year, the Food and Nutrition Services program:

- Procures, prepares, and serves lunches, breakfasts, and a la carte items to over 140,000 customers daily;
- Offers breakfasts in 190 schools and centers;
- Contracts meal provision to day care centers and snack provision to all School-Age Child Care (SACC) programs and After School Middle School programs; and
- Provides meals and nutrition counseling at senior nutrition sites and Meals-on-Wheels programs.

Other responsibilities include nutrition education, enforcement of sanitary practices, specifications for food and equipment, and layout and design of kitchens in new schools.

During the COVID-19 pandemic, the Food and Nutrition Services program offers Grab and Go meals during school closures due to the pandemic, serving more than 7.0 million meals through December 2020.

No support from Fund S10000, School Operating Fund, is required as sufficient revenues are derived from food sales and federal and state aid.
