

Looking for a job? Join us for a workshop...

“What can I contribute to the company?”

Do you have what it takes to sustain employment long-term?

What attributes can you bring to the company?

What are the top 11 tips for keeping a job?

Finding a job is step one, but step two is sustaining that employment by showing your skills and making the most of your qualities in the workplace. Join Niya Taylor of the CSB Supported Employment team for this workshop where you can learn how to talk about your best qualities in a job interview, and discuss how to sustain employment long-term.
