- a. General Indemnification. Contractor must indemnify, keep and save harmless, and defend the County, its agents, officials, employees and volunteers against any third-party Claims that may accrue or arise against the County as a result of the negligence, recklessness, fraud, or intentional misconduct of Contractor, its employees, its subcontractor, or its subcontractor's employees. As used in this Section, a Claim includes injuries, death, damage to property, breach of data security, suits, liabilities, judgments, or costs and expenses. Upon request by

the County, the Contractor must at its own expense: appear, defend, and pay all attorney's fees and all costs and other expenses related to the Claim. If, due to a Claim, any judgment is rendered against the County or a settlement reached by Contractor that requires the County to pay money, the Contractor must at its own expense satisfy and discharge the same. Contractor expressly understands and agrees that any performance bond or insurance protection required by this Contract, or otherwise provided by the Contractor, does not limit the Contractor's responsibility to indemnify, keep and save harmless, and defend the County as provided in this Contract.

- b. Intellectual Property Indemnification. In addition to the General Indemnification, Contractor will indemnify the County for and defend the County against third-party claims for infringement of any valid United States patent, trademark or copyright by the Contractor's products, software, services, or deliverables. Contractor must indemnify the County for reasonable losses, damages, expenses or liabilities, including costs and reasonable attorney's fees that may result by reason of any such claim.

In the event of a claim covered by this subparagraph, and in addition to all other obligations of Contractor in this Paragraph, Contractor must at its expense and within a reasonable time: (a) obtain a right for the County to continue using such products and software, or allow Contractor to continue performing the Services; (b) modify such products, software, services or deliverables to make them non-infringing; (c) replace such products or software with a non-infringing equivalent or (d) refund any prepaid amounts for the products or software. If, in the Contractor's reasonable opinion, none of the foregoing options is feasible Contractor must immediately notify the County and accept the return of the products, software, services, or deliverables, along with any other components rendered unusable as a result of the infringement or claimed infringement, and refund to the County the price paid to Contractor for such components as well as any pre-paid fees for the allegedly infringing services, including license, subscription fees, or both. Nothing in this Paragraph (Indemnification), however, relieves the Contractor of liability to the County for damages sustained by the County by virtue of any breach of contract related to a third-party infringement claim.

Contractor's intellectual property indemnification obligations do not apply to claims based on (a) modification of product or services by County or a third-party not approved by Contractor; (b) use of products or services in combination with hardware or services not approved by Contractor; (c) use of products or services other than as permitted in this contract; or (d) use of products or services that is not the most current software release provided by Contractor to the County.

- c. Right to Participate in Defense. The County may, at its sole expense, participate in the defense or resolution of a Claim. Contractor will have primary control of the defense and resolution of the Claim, except when such defense or resolution requires the County to (i) admit liability or wrongdoing; or (ii) to pay money. In either of these cases Contractor must obtain the County's prior written consent before raising such defense or entering into such resolution.
- d. No Indemnification by the County. **The parties agree that under applicable law the County cannot indemnify or defend the Contractor. To the extent any promise or term contained in this Contract, including any exhibits, attachments, or other documents incorporated by reference therein, includes an indemnification or obligation to defend by the County, that promise or term is stricken from this Contract and of no effect.**

16. **CONTRACT ALTERATIONS:** No alterations in the terms of the contract shall be valid or binding upon the County unless made in writing and signed by the Purchasing Agent or her authorized agent.

17. **CHANGES:** If in the Purchasing Agent's opinion, it becomes proper or necessary in the execution of this contract to make any alterations that will increase the expense, the Purchasing Agent shall determine an equitable adjustment to the Contractor's compensation.

No payment shall be made to the Contractor for any extra material or services, or of any greater amount of money than stipulated to be paid in the contract, unless some changes in or additions to the contract requiring additional outlay by the Contractor are first expressly authorized and ordered in writing by contract amendment or otherwise furnished by the Purchasing Agent.

18. **SUBLETTING OF CONTRACT OR ASSIGNMENT OF CONTRACT FUNDS:** It is mutually understood and agreed that the Contractor shall not assign, transfer, convey, sublet or otherwise dispose of his or her contractual duties to any other person, firm or corporation, without the previous written consent of the Purchasing Agent. If the Contractor desires to assign its right to payment of the contract, Contractor shall notify the Purchasing Agent immediately, in writing, of such assignment of right to payment. In no case shall such assignment of contract relieve the Contractor from its obligations or change the terms of the contract.

19. **TERMINATION OF CONTRACTS-** This Contract will remain in force for (i) the full period specified or (ii) until all articles ordered before date of termination, but arriving after the termination date, are satisfactorily delivered, accepted, and any further requirements and conditions are met, unless the Contract is:

- b. An equitable adjustment in the contract price shall be made by the Purchasing Agent for completed service, but no amount shall be allowed for anticipated profit on unperformed services. Paragraph 20 (b) shall survive termination of the contract.

21. **TERMINATION OF CONTRACT FOR CAUSE-**

- a. If, through any cause, the Contractor fails to fulfill in a timely and proper manner its obligations under this contract, or if the Contractor violates any of the covenants, agreements, or stipulations of this contract, and Contractor does not cure such failures, or violations within thirty (30) days of written notice from County, the County has the right to terminate the contract. Any such termination will be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance is terminated and the date upon which termination becomes effective. In such event, all finished or unfinished deliverables shall, at the option of the County, become the County's property and the Contractor is entitled to receive just and equitable compensation for any satisfactory work completed on such

deliverables.

- b. Termination of the Contract for Cause does not relieve the Contractor of liability to the County for damages sustained by the County by virtue of any breach of contract by the Contractor for the purpose of set off until such time as the exact amount of damages due to the County from the Contractor is determined.
22. PURCHASE ORDER SURVIVAL: All signed purchase orders issued by the County and accepted by the Contractor may survive expiration or termination of the Contract. Purchase orders may exceed the term of the Contract if the purchase order is issued prior to the expiration of the Contract.

The Inspector is not authorized to revoke, alter, enlarge, relax, or release any of the requirements of the contract documents. Any omission or failure on the part of the Inspector to disapprove or reject any work or material shall not be construed to be an acceptance of any such defective work or material. Notification of an omission or failure will be documented by the Purchasing Agent.
