ADDENDUM NO. 6

TO: ALL PROSPECTIVE OFFERORS

REFERENCE: RFP2000002845

TITLE: Solar Power Purchase Agreement Services

DUE DATE/TIME: September 12, 2019 at 2:00 P.M.

The following are answers to questions received since the publishing of Addendum 5 on August 26, 2019.

Questions are in reference to RFP 2000002845 Revised Attachment B for Cost Proposal:

Q1. It (attachment B) asks for PPA price per kWh per year, and at the bottom of the form it asks for Total price/kWh AC including escalator over proposed term of Contract in words and numbers. Could you please clarify what is meant by total price/kWh AC in Attachment B? Is it intended to mean the average price/kWh AC over the proposed term?

A1. Offerors should provide the total cost of AC electricity delivered over the proposed term of the contract.

Q2. It (attachment B) shows the escalator percentage blacked out for years 1 through 5. Is this intended to suggest that there would be no escalator for the first five years, or is nothing to be read into these black marks? Would it be acceptable to include an escalator for each and every year in Attachment B?

A2. Offerors should not include an escalator in years 1 through 5.

Q3. Do you still want the financial pro-forma for each location along with the Attachment B?

A3. Yes

All other terms and conditions remain the same.
