RFP CLARIFICATIONS:

The following are responses to questions received via Bonfire and/or e-mail:

Q1. Will you consider curricula aligned to the common core standards if an alignment is provided to the VA standards?

A1. Yes, we will consider it. Please include a detailed alignment document with your submission.

Q2. Should the responses to the Statement of Qualifications be included with Appendix E Functional Requirements?

A2. Responses to the Statement of Qualifications and to Appendix E must be included in the Technical Proposal. Please refer to Provision #7, Technical Proposal Instructions.

Q3. Will FCPS consider intervention programs that only address the K-5 grade span, or is K-6 an absolute requirement?

A3. We will consider intervention programs that only address the K-5 grade span.

Q4. In the Bonfire portal, there are places for Exhibit E – Functional Requirements and Exhibit F – Architecture Requirements to be uploaded. For the remaining items such as references, personnel, etc, (listed in the document “Special Provisions”, Section 7 Technical Proposal Instructions), where are we to put that information for submission?

A4. The remaining items should be submitted in the Technical Proposal. Please refer to Provision #7, Technical Proposal Instructions.

Q5. In lieu of the Thanksgiving Holiday, would the district be willing to extend the deadline of submission?

A5. No, we will not be extending the deadline for submission.

Q6. Per this requirement: Vendor must provide native test accounts. These are accounts that only exist in the Offeror’s platform to evaluate the proposal.

What is the district requiring? Are standard demo accounts acceptable?

Q7. We submitted print samples for the July RFP. Do you want us to resubmit print samples, or are you able to use the ones from the previous submission?

A7. Samples will not need to be resubmitted. We are able to use the ones from the previous submission.

All other terms and conditions remain unchanged.
