CPE250-INSTALL-COMMISSIONING	This service includes both the Installation and Commissioning of the Express CPE250 charging station. Customers must work with their contractor to perform all construction (the "make ready") up to the point where stations can be bolted down and connected. ChargePoint or its partner will then perform the on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that they meet all ChargePoint and local code requirements, then install and commission the station. Before installation can begin, ChargePoint requires the customer's "make ready" contractor to submit evidence of adherence to ChargePoint?s standards and specifications. In addition to verifying and testing the installation, Commissioning also ensures the station is connected to the ChargePoint network, completing software updates and pairing configuration if applicable. In parallel, the ChargePoint Activations team will configure the station and apply policies according to the customer's specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per Express CPE250 station.	$ 4,600	$ 4,370	5%		$ 4,530	$ 4,304	5%
CPE250-PAIRED-INSTALL-COMMISSIONING	This service includes both the Installation and Commissioning of the paired Express CPE250 charging stations. EXPP-BLOCK-COMMISSIONING	The Commissioning service includes on-site validation of electrical capacity, transformers, panels, breakers, wiring, and that the Express Plus Power Block installation meets all ChargePoint published requirements and local codes. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to completion due to site or installation deficiencies, the customer will incur a rescheduling fee to repeat the service after site deficiencies are corrected.	$ 1,470	$ 1,330	10%		$ 1,700	$ 1,370	19%
EXPP-BLOCK-INSTALL-COMMISSIONING	This service includes both the Installation and Commissioning of the Express Plus Block. Commissioning is required for all Express Plus Blocks. Customers must work with their contractor to perform all construction (the "make ready") up to the point where the Express Plus Block can be bolted down and connected. ChargePoint will then perform the on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that they meet all ChargePoint and local code requirements, then install and commission the station. Before installation can begin, ChargePoint requires the customer's "make ready" contractor to submit evidence of adherence to ChargePoint?s standards and specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per Express Plus Block.	$ 3,600	$ 3,230	10%		$ 4,770	$ 3,327	30%

EXPP-PL1000-COMMISSIONING	The Commissioning service includes on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage and that the station installation meets all ChargePoint published requirements and local codes. In addition to verifying and testing the installation, the Commissioning service includes ensuring the ChargePoint station is connected to the ChargePoint network, to properly establish communications, ensure the software is up to date, and perform pairing configuration, if required. In conjunction with Commissioning, the ChargePoint Activations team will configure the station and apply policies according to the customer's specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed to completion due to site or installation deficiencies, the customer will incur a rescheduling fee to repeat the service after site deficiencies are corrected.	$ 790	$ 735	7%		$ 850	$ 757	11%
EXPP-PL2000-COMMISSIONING	This service includes on-site validation of electrical capacity, customer-side transformers, panels, breakers, wiring, cellular coverage so that the station meets all ChargePoint and local code requirements. In addition to verifying and testing the installation, Commissioning also ensures the station is connected to the ChargePoint network, completing software updates and pairing configuration if applicable. In parallel, the ChargePoint Activations team will configure the station and apply policies according to the customer's specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per Express Plus Power Link station.	$ 790	$ 735	7%		$ 850	$ 757	11%
EXPP-PL1000-INSTALL-COMMISSIONING	This service includes both the Installation and Commissioning of the Express Plus Power Link charging station. Customers must work with their contractor to perform all construction (the "make ready") up to the point where the station can be bolted down and connected. ChargePoint will then perform the on-site validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage so that they meet all ChargePoint and local code requirements, then install and commission the station. Before installation can begin, ChargePoint requires the customer?s ?make ready? contractor to submit evidence of adherence to ChargePoint?s standards and specifications. In addition to verifying and testing the installation, Commissioning also ensures the station is connected to the ChargePoint network, completing software updates and pairing configuration if applicable. In parallel, the ChargePoint Activations team will configure the station and apply policies according to the customer?s specifications. A final Commissioning Report will be provided to the customer. Note that if Commissioning cannot be performed due to site or installation deficiencies for which ChargePoint is not responsible, the customer will incur a rescheduling fee to cover redeployment costs. Priced per ExpressPlus PowerLink.	$ 1,800	$ 1,674	7%		$ 2,300	$ 1,724	25%
