

Northern Virginia Community College
Master Student Field Experience Placement Agreement
MOA540174

AMENDMENT NO. 1

CONTRACT TITLE: Northern Virginia Community College Master Student Field
Experience Placement Agreement

MOA NO.: MOA540174

By mutual agreement, effective upon the last signature on this amendment, the above
referenced agreement is amended as follows:

Paragraph 7.1, Entire Agreement, is deleted and replaced with the following.

Order of Precedence. This Agreement is comprised of two parts, the Master Student Field
Experience Placement Agreement (Master Agreement) and the Student Placement
Addendum (Student Addendum at Exhibit A). The Master Agreement is an umbrella
agreement that sets out the general terms and conditions applicable to all field placements
of College Students at County locations. The parties agree that the Student Addendum will
be executed when a specific Student is identified for placement through the College at a
County location. The parties agree that the Student Addendum may be executed after the
Master Agreement. The parties further agree that the Student Addendum may be executed
by the designee of the College representative or County representative who executes the
Master Agreement. Finally, the parties agree that if there is a conflict between the Master
Agreement and the Student Addendum, the Master Agreement will control. Both the
Master Agreement and the Student Addendum may only be modified or amended by a
writing signed by the Parties as specified in this Paragraph.

All other terms and conditions remain the same.
