Technical Specifications for County Agencies Refuse and Recycling Pickup Services**1. General Requirements:****a. Collection Schedules:**

1. COUNTY AGENCIES follow scheduled collection for their front-end-loader, several roll-off container locations, on-call service for several of their roll-off locations and scheduled residential cart service (hereafter "cart service") for several County Housing locations [DHCD]. These schedules are in Attachment 1, County Agencies "Service Locations and Schedules". Attachment 1 is broken out between front-end-loader (herein FEL) trash service and cart service, FEL recycling service and Roll-off (herein ROF) service.
2. The Fairfax County Park Authority may alter its schedule due to seasonal fluctuations. In such case, it will provide the contractor with two weeks' notice of the schedule to follow.
3. County Agencies may make changes to schedules of individual locations with one week's notice due to reduced volumes of material and may increase the level of service with one week's notice due to increases in volume.
4. Cart service will include the collection of trash and recycling carts, once per week, according to the most recent Statement of Service [SOS] as provided on the County's website for the County's Sanitary District customers.
 - a. Yard waste collection is not required as part of this service.
 - b. The Contractor may choose the day of service to provide collection, but both trash and recycling collection must occur the same day. Should the Contractor wish to change the day-of-service, it must give DHCD 30 days' notice.
 - c. There are several residences that require service for their carts behind the residence (these are noted in Attachment 1). The Contractor will service these residences [back door service]. Such service will not exceed more than 2 per cent of the residences.
 - d. Bulk service will be part of the service provided. Service will be on an 'on call' basis, with twenty-four-to-thirty-six-hour notice to the Contractor. Cost for bulk service will be based per item and per the Price list, section 13.e. The Contractor may sub-contract this service. The Contractor may propose an alternative collection procedure and cost with mutual agreement by the County.

b. Operating Hours:

1. The Contractor will begin collection no earlier than 6:00 a.m. EST and must provide services as quietly as possible. The Contractor must operate in a manner consistent with Fairfax County's noise ordinance as referenced in the County's code of Chapter 109.1.
2. No work shall occur on Sundays, unless specifically requested by COUNTY AGENCIES.

c. Holidays: The Contractor shall provide collection services on all legal holidays except New Year's Day, Thanksgiving, and Christmas Day. COUNTY AGENCIES may change the holiday collection schedule at its sole discretion with 10 business days advance notice.**d. Missed Collections:**

1. The Contractor shall provide same-day notification of missed pick-ups, for any reason, and any corrective action schedule.
2. The Contractor must notify COUNTY AGENCIES if their collection services are behind schedule.
3. COUNTY AGENCIES recognize when a missed collection is caused by snow or severe weather, or from a blocked container, or any other condition that makes collection impossible. However, the Contractor shall restore service as quickly as possible once conditions improve, particularly at locations where service is critical to maintain acceptable health standards, e.g., residential complexes, medical facilities, police and fire facilities.
4. It is the responsibility of the Contractor to notify the appropriate County Agency contact by phone or email if any container is inaccessible or not serviced on time. In the event of a blocked container, the Contractor must notify the Agency and allow the Agency 24 hours to have container rendered accessible and the Contractor will then service the container at no additional cost.

e. Identification: Contractor employees must wear company-provided uniforms and possess valid driver's licenses.

Technical Specifications for County Agencies Refuse and Recycling Pickup Services**2. Disposal & Collection Schedule:**

- a. The Contractor will be responsible for following the COUNTY AGENCIES " Service Locations and Schedules " effective January 1, 2024.
- b. All locations are specified along with the number and size of refuse containers. The site location information includes the service location, the number of containers by size, and current service levels.
- c. The Contractor may alter the specific days-of-service to maximize route efficiency. For locations with multiple days of service, the Contractor must provide service on days that are not back-to-back, e.g., twice-per-week service Mondays/Thursdays or Tuesdays/Fridays, three-times-per-week service Mondays/Wednesdays/Fridays or Tuesdays/Thursdays/Saturdays (with the approval of the County Agency for service on Saturdays).
- d. The County Agencies may change container locations, sizes and/or frequency of collection during the contract with the notice as provided in section 1.a.

3. Recycling:

- a. COUNTY AGENCIES currently follow a single stream recycling program for all FEL service. Items recycled include: newspapers, office paper, computer paper, envelopes, catalogs, magazines, corrugated cardboard, steel- aluminum cans/pie plates, glass jars and bottles, plastic bottles # 1 – 7, plastic narrow neck containers #1 – 7.
- b. All site locations are specified along with the number and size of recycling containers in Attachment 1 "Service Locations and Schedules".
- c. Within the first three months of operations, the Contractor should provide each Agency with recommended service levels (for both trash and recycling) to improve the level of material being recycled and address locations that are underserved or overserved.
- d. Recycle Material Revenue for Roll-off dedicated loads: Material from ROF loads dedicated for recycled materials will be compensated per the table in 13.g. below.
- e. **Recycling Coordinator:** The Contractor shall have an assigned recycling coordinator for the entire contract term. The Coordinator will meet with each County Agency, at least twice annually to review existing recycling service and make recommendations to increase the level of material recycled and/or improve the quality of the material placed in the recycling containers.

4. Special Collections:

- a. The Contractor will be responsible for making extra or special collections requested by COUNTY AGENCIES in addition to the bulk service for DHCD. These pick-ups will be for items such as but not limited to: Tires, couches, chairs, tables, mattresses and box springs, televisions, computer monitors.
- b. Special collections must be accomplished within 2 to 3 business days after the day of notification by the Agency unless an alternative schedule is agreed upon between the Agency and the Contractor (Reference Pricing Schedule, Section 13.e. below "Special Disposal and Other Services").

5. Rental Services:

- a. The Contractor will provide COUNTY AGENCIES with open top roll off containers for construction and or general debris within one (1) business day of the request. The Contractor will be responsible for proper disposal of these materials throughout the term of the contract including any renewal terms. [The ROF containers will remain the property of the Contractor.] (Reference Pricing Schedule, Section 13.b. below).

6. Equipment:

- a. COUNTY AGENCIES own the existing refuse and recycling containers and will retain ownership of these containers except certain roll-off containers (for temporary needs) which will remain the property of the Contractor.
- b. Maintenance and repair of all COUNTY AGENCIES refuse and recycling containers will be the responsibility of the County Agencies. The Contractor will provide repair service for these containers per "Pricing Schedule", Section 13.a. Such repairs may include, but are not limited to, doors, lids, and hinges. Costs for requested repairs not listed in 13.a. shall be by mutual agreement of the County Agency and the Contractor.
- c. The Contractor will be responsible for making agreed repairs and/or exchanges to containers within five (5) business days, after notification from the Agency, unless the container presents a safety hazard in which case the container must be repaired/ exchanged within twenty-four (24) hours.
- d. If a relocation of a container is required, this task shall be accomplished by the Contractor within one (1) business day (Reference Pricing Schedule, Section 13. d. below).

Technical Specifications for County Agencies Refuse and Recycling Pickup Services**7. Equipment Purchase:**

- a. The purchase of FEL refuse containers shall be painted green and labeled refuse. (Ref: Wastequip FL8HD or approved equal)
- b. The purchase of FEL recycling containers shall be painted blue and labeled recycling. (Ref: Wastequip FL8HD or approved equal)
- e. Purchased containers must be delivered within three (3) business days, after notification from COUNTY AGENCIES, or a mutually agreed timeframe. (Reference Pricing Schedule, Section 13 below) If the contractor cannot provide the newly purchased container(s) in the specified timeframe, a temporary loaner container may be provided at no cost to COUNTY AGENCIES until the new container is received, upon mutual agreement between the contractor and the Agency.
- f. Containers will be weather tight, of steel construction (unless a non-steel container is agreed upon by the Agency) comparable to existing COUNTY AGENCIES containers. Containers must meet all applicable safety and health department standards. (Refer to Health Code §46 and Chapter 109.1).
- g. The Agency is responsible for providing the Contractor a County logo decals to affix to the purchased container. The Contractor is responsible to provide and affix all other signage as required by County code, at no additional cost.
- h. The Contractor will deliver the container to the specified location. The charge for the delivery will be as stipulated in 13.e.1. below for "Relocation".

8. Damage To Property:

- a. The Contractor shall be responsible for any damage to private or public property caused by the negligence of the Contractor's employees during performance under this contract.
- b. The Contractor shall replace or restore to its original condition any property damaged by the Contractor at no cost to COUNTY AGENCIES. If the Contractor fails to repair, restore or replace such damaged property within 30 days of receipt of notice from COUNTY AGENCIES, COUNTY AGENCIES shall invoice the Contractor for the cost of replacement, restoration or repair and the Contractor must pay the County Agency within 30 days of receiving the invoice.

9. Vehicles Standard:

- a. All vehicles used by the Contractor in service of the Contract shall be in compliance with all applicable federal, state, and local laws and regulations, including, but not limited to, the permitting requirements of Fairfax County's Solid Waste Management Program Chapter 109, Section 109.1-5-6. Collection Containers and Vehicles.
- b. All collection vehicles shall comply at all times with the inspection regulations of the Division of Motor Vehicles of the Commonwealth of Virginia. Any collection vehicle determined to have failed these standards shall be removed from service under this contract at the request of the County.

10. Container Handling:

- a. **Emptying Containers and Carts:** Dumpsters shall be thoroughly emptied and returned to their assigned location at each collection site. The Contractor shall be responsible for picking up all litter resulting from the servicing of the container. Failure to maintain clean sites at the collection area shall be considered grounds for withholding payment for that collection. Carts shall be returned to their original location or as close to the curb as reasonable.
- b. **Overflowing Containers:**
 1. The Contractor shall pick up overflow litter located around FEL containers at no additional charge to COUNTY AGENCIES during regular scheduled stops during the collection process only.
 2. If the Contractor finds that a specific location's container is overflowing, it should notify the County Agency contact via email and attach photographic evidence. If that location has a subsequent event of overflow, the Contractor should notify the Agency contact via email of the overflow, with photographic evidence and delay collection until the overflow is removed. In such case, the Contractor may charge that non-collection as a regular collection.
 3. The Contractor shall notify the County Agency contact, in the event of scheduling delays/changes, if they are unable to pick up any material type at a particular location, or comments/complaints received from the general public related to that location.

Technical Specifications for County Agencies Refuse and Recycling Pickup Services

- c. **Additional Service:** Should an Agency require an additional collection, outside of the regular schedule, it will contact the Contractor, via email (or a method mutually agreed upon) to make the request, providing the location, and specific container to be serviced. The Contractor will charge the Agency the same cost it would for a regularly scheduled collection. Example: collecting an eight-yard trash container would be 8 x \$5.50 for a total of \$44.
- d. **Handling of Materials/Spillage:** Care shall be taken in the loading and transportation of Refuse or Recyclables so that none of the material collected is scattered or spilled either on private or public property. Any Refuse or Recyclables so spilled shall be immediately picked up and removed by the Contractor. Should the Contractor fail to clean up a spillage, the Contractor shall be responsible to compensate the County for removing spillage for any property affected by the spillage.

11. Ownership Of Collected Materials:

- a. COUNTY AGENCIES shall at all times hold title and ownership to all Refuse and Recyclables placed out for collections until the container contents are deposited into the Contractor's trucks. All materials collected under the Contract, including, but not limited to, Refuse and Recyclables, shall be delivered and unloaded by the Contractor at the County-designated facility as specified in the Contract without exception. Incidents of Contractor's failure to deliver and unload all collected materials to the specific receiving facility designated by the County shall be considered a breach and grounds for Contract termination.

12. Invoicing:

- a. The Contractor will bill, monthly, on a per yard basis for all FEL service based on 4.33 weeks per month. ROF service will be billed based on the Pricing Schedule, Section 13.b. below. Disposal costs for ROF loads will be a separate charge by the Contractor to the Agency; The County Agency Department of Vehicle Services (DVS) may choose to have disposal costs for tire disposal billed to it directly by SWMP, in which case the Contractor will only be responsible to identify to the County SWMP scale staff that the load are DVS tires (and the Contractor will not be billed by SWMP.)
