ADDENDUM NO. 1

TO: ALL PROSPECTIVE BIDDERS
REFERENCE: IFB#2000002783
FOR: Plumbing Supplies and Equipment
OPENING DATE/TIME: February 26, 2019/2:00 p.m.

IFB MODIFICATIONS:

1. Replace Appendix B, "PRICING SCHEDULE," with the attached revised Pricing Schedule.

IFB CLARIFICATIONS:

The following are responses to questions received via e-mail:

Q1. Would you be able to give us specific products needed for each Item No. in the pricing schedule for IFB 2000002783? There are quite a few with no products listed. We are unable to get a Percentage Discount from MSRP for a manufacturer – we need specific products as the discount will vary.

A1. Where there is no product listed, we do not have a specific product requirement and the omission is intentional.

Q2. Will this be a line item award or will it be a full contract award?

A2. FCPS will make that determination according to Special Provisions Paragraph 11.5, "BID EVALUATION/CONTRACT AWARD."

11.5 The County reserves the right to award the contract in the aggregate, by line item, by section, or by Manufacturer and to make a Primary and Secondary award, based on the best interest of the County.

Q3. In Special Provisions 11.2 it reads where a single percentage discount is applicable to all parts and equipment. But certain manufactures like number 1. American Standard gives wholesalers different discount multipliers for parts and a different discount multiplier for equipment/fixtures. Can there be a change in which I can show the different discount for parts and a different discount for equipment /fixtures?

A3. Please see the attached Revised Pricing Schedule.

Q4. Can you clarify that list price sheets are needed for each of the manufacturers in Appendix B starting with item numbers 20-61? The wording on top of page 37 reads "These discounts will not factor into the bid evaluation/contract award, indicate the percentage discount your firm will offer on the notes if awarded a contract." Are price sheets needed for items 20-61?
