**Subject: Modification No. 7 to Telecommunications Services: Wireless  
BUSS Services, Associated Services/Equipment Contract Number - 4400006679**

Dear Ms. Pratt:

This Modification No. 7 (“the “Modification”) is made and entered into by and between the Fairfax County Government and Fairfax County Public Schools, Office of Procurement Services and Cellco Partnership d/b/a Verizon for attachment to and modification of Wireless BUSS Services, Associated Services/Equipment Contract Number 4400006679, dated February 24, 2016, as amended (the “Agreement”).

1. This Modification No. 7 is an integral part of and modifies the Agreement. The terms used herein which are defined or specified in the Agreement shall have the meanings set forth in the Agreement. If there are any inconsistencies between the provisions of this Modification and the provisions of the Agreement, the provisions of this Modification shall control.
2. The Fairfax County Public Schools/Fairfax County Government Pricing Exhibits have been amended as attached hereto under Attachment 1:
3. The following feature in Modification No. 5 is hereby deleted and replaced with amended featured herein:
  - a. Subcategory I: Public Safety Systems Intrepid Networks
4. This Modification shall not be amended or modified unless agreed to in writing by both parties.
5. All provisions of the Agreement, including attachments thereto, not addressed by this Modification remain in full force and effect.

Cellco Partnership d/b/a Verizon Wireless  
10170 Junction Drive  
Annapolis Junction, MD 20701

Todd Loccisano  
VP- Contract Management

If you have any questions, please feel free to contact your Business Sales Manager, Elizabeth Mayo, at 757-621-5440 or via email at [Elizabeth.Mayo@verizonwireless.com](mailto:Elizabeth.Mayo@verizonwireless.com).

If you are in agreement with this proposed Modification and the attachments hereto, please have the Modification executed by an authorized representative of Fairfax County Government and Fairfax County Public Schools

Sincerely,

A handwritten signature in black ink, appearing to read "Todd Loccisano", with a long horizontal flourish extending to the right.

Todd Loccisano  
Vice President - Contract Management

**ATTACHMENT 1: BuSS Solution****Verizon Connect NWF Service**

The Service Options below have been discounted. No additional discounts apply.

Service Options	Purchase Cost (Monthly Recurring Charge)
5200-GPS Only	\$17.00
5500-Diagnostics + GPS	\$19.00
AssetGuard BX Non-Powered Asset Tracking	\$13.00
Connect	\$2.95
Customizable Update Rates ("CUR") 1 Minute	\$0.00
Customizable Update Rates ("CUR") 45 Seconds	\$1.00
Customizable Update Rates ("CUR") 30 Seconds	\$2.00
Customizable Update Rates ("CUR") 15 Seconds	\$3.00
Satellite	\$34.95

## MobileIron Enterprise Mobility Management: Government Subscribers On-Premise and Cloud Managed Service Features

All features are available on both On-premise and Cloud managed installations. Included features are determined by MobileIron License Type

Feature	Functionality	Included Features by License		
		Silver	Gold	Platinum
Apple DEP	Supports Apple DEP (for iOS devices)	✓	✓	✓
Android for Work	Supports AFW (on AFW enabled devices)		✓	✓
Samsung KNOX	Integrates with Samsung KNOX (KNOX sold separately)		✓	✓
Email Access	Secure Active Sync (all bundles) Divide PM (Gold/Platinum bundles for additional fee)	✓	✓	✓
Secure Enterprise Gateway (Sentry)	In-line gateway that manages, encrypts, and secures traffic between the mobile device and back-end enterprise systems. (Requires user setup/installation)	✓	✓	✓
Apps@Work	Enterprise App Store Basic Container	✓	✓	✓
Content Catalog	Secure Doc catalog and publishing (basic content repository)	25 files/ 2MB each	50 files/ 25MB each	
Docs@Work	Access, annotate and share documents from email, and on-premise management repositories		✓	✓
AppConnect	Containerization of Application at Rest App wrapping		✓	✓

	AppConnect ecosystem (3rd Party applications already compatible with MobileIron container)			
Web@Work	Secure Browser Secure data in motion No VPN required		✓	✓
Tunnel	iOS per App VPN native functionality			✓
Help@Work	Customizable app that enables screen sharing on device for trouble shooting for internal customer trouble shooting			✓
Identity@Work	MobileIron's ability to proxy Kerberos allows iOS devices that are not on the corporate network to use iOS 7 SSO without needing to expose the Kerberos Key Distribution Center (KDC)			✓
Service Connect Integrations	ServiceNow integration to streamline IT workflows			✓

**Notes.** Customer may purchase MobileIron, Inc. ("MobileIron") licenses and services ("MobileIron Services"), to be billed by Verizon Wireless, at the prices listed above. Verizon Wireless is not the licensor of the MobileIron Services and makes no representations or warranties whatsoever, either express or implied, with respect to them. MobileIron Services are manufactured by MobileIron, Inc. Any license for MobileIron Services must be obtained directly from MobileIron either upon purchase or installation of the MobileIron Services. MobileIron Services are subject to MobileIron's terms and conditions and can be viewed here: [www.mobileiron.com/legal](http://www.mobileiron.com/legal). Verizon Wireless will direct MobileIron to fulfill Customer's MobileIron Services order. Customer support for MobileIron Services must be obtained directly from MobileIron, Inc. If Verizon Wireless in its sole discretion determines that an inquiry from a subscriber is related to MobileIron Services and is not one concerning Equipment or Wireless Service, it may transfer the service request to appropriate MobileIron representatives.

## Verizon Secure Cloud Gateway Powered by iboss

Secure Cloud Gateway is a cloud-based secure web gateway service that provides security for web traffic and protects users from internet-threats through enforcement of internet policy compliance. Built for the cloud and the modern, distributed organization, Secure Cloud Gateway helps meet the cybersecurity needs of today's organizations who are challenged with enforcing internet policy and security across decentralized networks, branch offices, and remote and mobile users. The Secure Cloud Gateway service is powered by iboss, a leading web security company.

These licenses are not eligible for monthly access discounts.

SKU	Price Plan ID	Description	Frequency	Cost
CF-WIRELESS-NNI-SLED	Price plan ID 699515	Core Gateway	Monthly	\$2.72
MDF-WIRELESS-NNI-SLED	Price Plan ID 699514	Malware Defense	Monthly	\$4.17

**Note:** Secure Cloud Gateway powered by iboss solution requires a Mobile Private Network Tiered Hierarchy design where iboss operates the parent private network and each mutual customer of iboss and Verizon Wireless must have a private network built as a child of the iboss parent. \*A minimum quantity of 100 user licenses per order is required. Licenses bill in full monthly increments with no prorations with a one year line term.

\*Devices that are certified for private network include:

- Verizon Jetpacks
- LTE Enabled routers - **[Consult with sales and product manager for the number of licenses associated with multi user devices.]**
- LTE enabled tablets, phones and laptops

<sup>1</sup>These SKUs are mutually exclusive and cannot be combined.

### Verizon Secure Cloud Gateway Core Package: Web Gateway

### Verizon Secure Cloud Gateway Plus Package: Malware Defense

**Core Package** delivers compliance based web gateway features to all devices

- Web and Content Filtering
- Protection for outdated browsers and Operating System (OS)
- Secured Socket Layer (SSL) visibility and traffic management
- Single pane of glass management
- Cloud apps and social media controls
- Advanced, near real-time reporting
- Flexible data traffic re-direction for devices, virtually everywhere

**Plus Package** delivers all Core Package features **and** advanced malware defense

- Advanced malware detection and prevention for polymorphic threats.
- Command and Control (CnC) callback monitoring across enterprise ports and protocols.
- Signature based intrusion detection and prevention.
- Protection across all devices and locations including HQ, remote offices, mobile and Bring Your Own Device (BYOD).
- Behavioral Malware Sandboxing

Note: Pricing includes 24/7 Mission Critical Support and Basic Implementation Support (8 hours of policy setup and dashboard help).

## doForms

A discount has been applied. doForms Licenses and Professional services are not eligible for any further discounts

## Push to Talk Plus License (PTT+): Government Subscribers Only

Push to Talk License licenses are not eligible for any further discounts.

Product	Monthly Access
Tablet	\$3.75
Inter-carrier (only any device)	\$3.75
3rd Party Web (HTML) API Client	\$3.75
Dispatch (License) Windows PC with PTT and mapping	\$22.50

**Notes:** Current coverage details can be found at [www.verizonwireless.com](http://www.verizonwireless.com). See attached Calling Plan and Feature Details for important information about calling plans, features and options. Push to Talk license only. Push to Talk Plus requires PTT+ capable device.

## Land Mobile Radio (LMR) for PTT+ : Government Subscribers Only

Push to Talk Plus service is required.

LMR licenses are not eligible for any further discounts.

<b>Product</b>	<b>Monthly Access</b>
----------------	-----------------------

LMR Channel per account	\$0.00
-------------------------	--------

**Notes:** Customer may have multiple channels.

### LMR FEATURE Only

(When added to a Basic/Smartphone Device with PTT+)

Basic/Smartphone Devices (FEATURE)	\$4.50 (85280)
------------------------------------	----------------

**Notes:** LMR cannot be added to any device without Domestic Push to Talk Plus. Push to Talk Plus requires PTT+ capable device.

### LMR License bundled with PTT+ License

Tablet	\$8.25
--------	--------

Inter-carrier (any device)	\$8.25
----------------------------	--------

3rd Party Web (HTML) API Client	\$8.25
---------------------------------	--------

LMR with Dispatch (for Windows PC with PTT+ and mapping)	\$27.00
---	---------

**Notes:** Current coverage details can be found at [www.verizonwireless.com](http://www.verizonwireless.com). See attached Calling Plan and Feature Details for important information about calling plans, features and options. Land Mobile Radio (LMR) Interoperability works with all PTT+ capable devices. To use PTT+, Customer needs a PTT+ feature (or a software license for tablets and dispatch) and a PTT+ compatible device. An Internet Protocol (IP) link is required to connect Verizon's PTT+ service with the customer's LMR network through the "IP Gateway". By purchasing the Land Mobile Radio for PTT+ Customer consents to the tracking of Land Mobile Radio for PTT+ equipment and must obtain authorized consent to tracking from all users and affected persons. No guarantee of accuracy of information transmitted, disclosed, displayed or otherwise conveyed or used. Service could be interrupted or disrupted due to atmospheric conditions, inaccurate ephemeris data and other factors associated with use of satellites and satellite data.

## Group First Response Dispatch and Video Bundles National Security, Public Safety, and First Responders Government Subscribers Only

Dispatch PTT+ with LMR and Video	DIS_PTT_LMR_VIDEO	Monthly	\$236.00
Dispatch Group Advance with Video	DIS_PTT_GROUP_ADV_VIDEO	Monthly	\$275.00
Dispatch PTT+ with Video	DIS_PTT_VIDEO	Monthly	\$230.00

23

Verizon Wireless offers this pricing utilizing the terms and conditions of the Fairfax County Public Schools and Fairfax County Government Contract Number 4400006679 effective February 26, 2016, as amended. You may contact your local Verizon Government Sales representative for additional information.

**Note:** All lines must have a Group First Response compatible device with an active Push to Talk Plus feature to be eligible to purchase Group First Response Dispatch and Video Bundles. These features are available to National Security, Public Safety, and First Responder customers only as defined by the NAICS (formerly SIC) codes.

**Push to Talk Plus Group Advanced Feature Only**  
 (when added to a Basic/Smartphone Device with PTT+)  
 No additional discounts apply.

<b>Basic/Smartphone Device Feature (87381)</b>	<b>\$3.00</b>
--	---------------

Note: Group Advanced cannot be added to any device without Domestic Push To talk Plus. Push To Talk Plus requires a PTT+ capable device. Customers cannot combine Group Command and Group Advanced on the same device.

The new Group Advanced features include:

- Large Groups. Increased group sizes up to 3000 members.
- Urgent Calling. Urgent calling can be initiated by a user or remotely by an authorized user. This call provides a distinct tone and is the highest priority call within the PTT+ application.
  - If a Dispatch license is the “Authorized User,” the location of the Urgent Caller displays on the map.
  - Either the Initiator of the call or the Authorized User can end the “urgent call”.
  - The “destination” of Urgent call must be on PTT+ client version R9.0 or later.
- Location-Based Temporary Groups. These are dispatcher-managed geographic groups. Members inside the geographic area can be added to Dispatch selected contacts or pre-defined groups.
  - Requires new PTT+ Group Advanced Dispatch software license.

Note: Push to Talk Group Advanced requires Push to Talk Plus (PTT+).

#### Group Advanced Feature Requirements

- PTT+ Group Advanced feature requires the Push to Talk Plus (PTT+) feature.
- At launch (3/28/19), this bundle only works on smartphones. Select basic devices are supported, beginning in 2Q2019.
- End users must upgrade the PTT+ application to R9.0.0 or later (available in stores on 3/28/19) for the functionality to show on devices as well as the PTT+ management portal (ECM).
- PTT+ Group Advanced works with the optional LMR feature/functionality.

#### PTT+ Portal Information

- Large Groups
  - Within the PTT+ portal (ECM), there is a new group type “Large Group” under the Create Groups tab. When the group is created, only those contacts with the new PTT+ Group Advanced feature / SKU can be added to the group.
- Urgent Calling

- The company POC is able to set the “Authorized User” as well as the primary and secondary contacts that are recipients when the Urgent Call is initiated. “Authorized users” also have to have the PTT+ Group Advanced feature / SKU.
- Location-Based Temporary Groups
  - No impact on the PTT+ management portal (ECM).

**Push to Talk Plus Group Command Feature Only**  
 (when added to a Basic/Smartphone Device with PTT+)  
 No additional discounts apply.

<b>Basic/Smartphone Device Feature (87382)</b>	<b>\$7.50</b>
--	---------------

Note: Group Command cannot be added to any device without Domestic Push To talk Plus. Push To Talk Plus requires a PTT+ capable device. Customers cannot combine Group Advanced and Group Command on the same device.

The new features, effective 5/2/19, include:

- Discreet listening. Enables an authorized user or dispatcher to remotely listen to a user’s PTT+ voice communication.
- User Check. Allows an authorized PTT+ user or dispatcher to obtain user information from another Group Command user, such as:
  - Presence and location
  - Device signal strength (Wi-Fi and cellular)
  - Device battery level
- Enable/Disable Radio
  - The ability to temporarily remove a device from a group conversation
- Includes Group Advanced functionality (large groups and urgent calling)

#### Group Command Feature Requirements

- PTT+ Group Command feature requires Push to Talk Plus (PTT+) feature
- This bundle works on Smartphones, Tablets and basic phones
- End users must upgrade the PTT+ application to R9.0.0 or later (available in stores on 3/28/2019) for the functionality to show on both the device as well as the PTT+ management portal (ECM).
- End users MUST enable RADIO MODE for the PTT+ Group Command features to work
- PTT+ Group Command SFO works with the optional LMR feature / functionality
- PTT+ Group Advanced and PTT+ Group Command features are mutually exclusive

Push to Connect – (PTT+)

Customers who use Smartphones, Tablets and basic phones are able to leverage Push to Connect to:

- Share pictures and videos from Gallery, as well as use native device camera
- Share location (current location or meeting location)
- Group Supervisor can set a Geofence, and receive messages when members come or leave area
- Leave a voice message, or create a voice message, and send to an individual or a group
- Send a PDF file to a contact or group

For customers who are familiar with [PTT+ LMR Interoperability](#), PTT+ now has an optional “LMR Client” look, which provides a streamlined interface which simplifies the user experience to 1 screen.

Customers can now leverage Web Browsers to access the PTT+ Dispatch solution, rather than downloading software.

Verizon also has a developer portal for any third-party companies that are interested in integrating the PTT+ voice functionality ([developer.pushtotalkplus.com](http://developer.pushtotalkplus.com))

PTT+ also has an option to preset the PTT+ button (Programmable key) to a contact or group and works, even when the security screen is enabled.

Verizon offers different levels of Professional Services to facilitate the installation/integration of this functionality. See [LMR Interop Professional Services in Detail](#).

**Group Command Software Sku's**  
No additional discounts apply.

<b>Onetime Fee</b>							
ISSI Managed Virtual Deployment	\$25,000 623461: PTT+/LMR Managed Plus P25: ONE TIME	Included	Included	Included	Included	Included	Included

**Note:** \*Customer must select a type of Virtual Deployment; selection cannot be mixed and/or matched. Customer must also purchase separately a ROIP gateway and cables. Customer must physically install the gateway and provide Virtual Private Network ("VPN") connectivity to the gateway. In addition, Customer must purchase an associated Land Mobile Radio ("LMR") feature and associated authorizations.

Virtual Deployments include on-boarding one single facility, accessible by Customer site to site VPN (Verizon Wireless will not go on-site for any Virtual Deployment).Warranty: Verizon Wireless makes no warranties, express or implied, with respect to ROIP or ISSI Virtual Deployment which it provides to Customer on an "AS IS" basis "WITH ALL FAULTS" and "AS AVAILABLE." The accuracy, timeliness, completeness, suitability, or availability of any aspect of ROIP or ISSI Virtual Deployment cannot be guaranteed. THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE HEREBY EXPRESSLY DISCLAIMED IN THEIR ENTIRETY.

### ROIP Assisted Virtual Deployment

*Customer Requirements:*

Physical Installation and configuration.	Access to add network elements to Customer's network (IT administration).
VPN turn up capability (IP Network expertise).	Purchase and configure ROIP Gateway(s) and cables for connected LMR.
Assign a single point of contact.	Provide mobile radio for connectivity to each channel connected to ROIP Gateway(s).
Assign individual to receive and program ROIP Gateway(s) (The customer must have an acute knowledge on how to program land mobile radio equipment).	Provide VPN peer details.

*Virtual Deployment provided:* ROIP Assisted Virtual Deployment is only provided via email. Requests for deployment assistance can be reached at [KODVZLMRSupport@motorolasolutions.com](mailto:KODVZLMRSupport@motorolasolutions.com).

ROIP Assisted Virtual Deployment ends once a successful configuration and functional test occur:

A successful configuration for ROIP and ISSI occurs when:

- Backhaul connectivity successfully verified with IP gateway VPN
- Two-way traffic observed inside backhaul interface
- LMR Group Mobile Directory Number's (MDN) ordered and recorded

A successful functional test occurs when based on the following criteria:

*RoIP Virtual Deployment:*

- Verizon Push to Talk (PTT) Plus Service has LMR linked group published over the air to handsets
- Verizon PTT Plus Service originated group calls to RoIP Gateway successful
- RoIP Gateway originated group calls to Verizon PTT Plus Service successful

*ISSI Virtual Deployment:*

- Verizon PTT Plus Service has LMR linked group published over the air to handsets
- Verizon PTT Plus Service originated group calls to ISSI Interconnect successful
- Talker ID Alias of LMR Group MDN observed on Verizon Push to Talk Plus Service handsets when LMR User is speaking

### **ROIP Managed Virtual Deployment and ISSI Managed Virtual Deployment**

*Virtual Deployment Includes:*

Working with Customer to engineer network segments for ROIP	Engage with Customer on VPN solution completion
Develop milestones	Verify Customer is configured in PTT Plus Service
Project manage critical milestones	Finalize ROIP Gateway tuning settings including latency and call setup timers based on Customer's network.
Present final design	Validate all configuration steps of the IP Gateway
Define technical parameters for VPN	Configure ROIP Gateway(s)

Requests for managed deployment assistance can be reached at:

Phone Requests: (469) 476-0820

Email Requests: [KODVZLMRSupport@motorolasolutions.com](mailto:KODVZLMRSupport@motorolasolutions.com).

*Customer Requirements: Customer shall be required to do the following:*

Assign a project Single Point of Contact.	Provide mobile / portable radio for connectivity to each channel connected to ROIP Gateway(s).
Backhaul Technology Selection.	Manage schedule and report availability for turn up.
Provide VPN Peer Details.	Approve necessary authorizations to be billed to the account.
Order IP Gateway.	Review designs.
Complete Site Survey Web Form.	Provide resulting LMR Group MDN authorization numbers assigned in Enterprise Contact Management (ECM) Tool to Verizon.
Physical Installation.	Approve the one-time Virtual Deployment charges for managed install.
Build Talk Groups in PTT+ online portal Enterprise Contact Management (ECM), including ROIP Gateway authorization.	Configure VPN on local network to data center.
Assign single point of contact for VPN configuration.	Customer to confirm the required networking elements completed.
Assign individual to receive ROIP Gateway(s).	Configure network elements as needed (if sourced as a part of project).
Access to add network elements to Customer's network.	Test and successfully complete calls between Push to Talk Plus Service and the LMR network.
Purchase separately ROIP Gateway(s) and cables for connected LMR.	

ROIP Managed Virtual Deployment and ISSI Managed Virtual Deployment end once a successful configuration and functional test occur:

A successful configuration for ROIP or ISSI occurs when:

- Backhaul connectivity successfully verified with IP gateway VPN
- Two-way traffic observed inside backhaul interface
- LMR Group MDN(s) ordered and recorded

A successful functional test occurs when based on the following criteria:

*RoIP Virtual Deployment:*

- Verizon PTT Plus Service has LMR linked group published over the air to handsets
- Verizon PTT Plus Service originated group calls to RoIP Gateway successful
- RoIP Gateway originated group calls to Verizon PTT Plus Service successful

*ISSI Virtual Deployment:*

- Verizon PTT Plus Service has LMR linked group published over the air to handsets
- Verizon PTT Plus Service originated group calls to ISSI Interconnect successful
- Talker ID Alias of LMR Group MDN observed on Verizon PTT Plus Service handsets when LMR User is speaking

## BlueJeans

**These Software Sku's are not eligible for further discounts.**

BlueJeans Meetings is a simple, immersive, and fast one-touch meeting experience that connects people from anywhere on any device. It provides easy to use, enterprise-grade video meetings with crystal clear audio powered by Dolby Voice®. It brings unified video, audio and web conferencing together for a single, easy-to-use and quality experience.

**Meeting Optional Features** include Closed Captioning, Transcription, or a bundle that combines both features together. The optional service features purchased by Customer will be applied to all BlueJeans Meetings licenses when purchased.

SKU#	Description	Term	Price
2C92A0FD6B25C765016B43C90EA84B26	BlueJeans Meeting Standard Plan	Monthly	\$12.49

		Annual	\$36.00

**BlueJeans Events** enables Customers host live events with up to 50,000 attendees and 150 presenters worldwide. BlueJeans Events attendees watch and listen and cannot be seen or heard. Presenters provide content for the meeting and can be seen by the attendees. BlueJeans Events include moderators who control the event (muting presenters' cameras and microphones and handling attendees' requests to become presenters. BlueJeans Events can be purchased as a one-time subscription or as a recurring subscription paid annually or monthly.

**BlueJeans Events Standard Service Features**

BlueJeans Events Facebook Streaming. BlueJeans Events can be streamed via (or in connection with) Facebook. Verizon does not control what Customer posts to Facebook. Each BlueJeans Events Facebook Streaming may be limited in duration and/or by number of end points based on Facebook restrictions. Additional restrictions are set forth in the Customer Responsibilities Section below.

#### BlueJeans Events Optional Service Features

Advanced Services. If purchased, Customer will have access to a Verizon expert who may provide pre-event consultation, a technical rehearsal of the event, live event support and post event activities, including a debrief, participant reports and consultation on accessing, sharing and downloading the BlueJeans Event recording. Advanced services must be scheduled at least 7 days in advance.

**BlueJeans Gateway for Microsoft Teams** allows Customer to connect existing room systems to Microsoft Teams meetings with cloud-native video interoperability. Microsoft Teams Gateway is a software-only solution that works with multiple vendors H.323 and SIP-based video conferencing room systems and provides one-touch join to Microsoft Teams meetings from these systems.

SKU#	Description	Term	Price
2c92a00771c95c1d0171d1b9fcac775d	BlueJeans Microsoft Teams Gateway	Monthly	\$113.85
		Annual	\$1,188.00

**Note:** The BlueJeans Network is a 100% cloud-based architecture design to align with IT's strategies or policies around deployment, feature access, security and scale....all on a global level. Easy-to- use Administration features allows flexibility for how a small company or a large enterprise wants to rollout BlueJeans.

Additionally, BlueJeans' out-of-the box User Management tool (Command Center) lets IT monitor quality, usage and performance across their entire user population or down to an individual meeting level.

The BlueJeans Network was purpose-built with enterprise-grade security, performance, manageability and scalability that comes from a global multi-point of presence cloud provider. Each customer deployment includes Firewall/NAT transversal, SOC 2 and SOC 3 verification, encryption and IP VPN deployment options. We also meet privacy regulations with full CDPR compliance.

M840-475	VIDEO STREAMING DEVICE	One Time	\$2,100.00
M400-351	SMART CABLE FOR VIDEO SCARPING	One Time	\$399.00

**Note:** Coverage includes the Verizon Wireless 4G network only. Usage outside of the United States will be billed at the international travel feature rate, if applicable, or pay as you go pricing, which can be found at [www.verizonwireless.com/international](http://www.verizonwireless.com/international). Lines activating on these plans must be on 4G HD voice-capable smartphones.

Mutualink solution provides the interoperability required when an active incident occurs (robbery, shooting etc.), and there is a need for different public safety agencies, schools, or commercial establishments to work together. Specifically allow all parties to exchange video, files (e.g. floor plans), messages, in addition to instant Push To Talk for voice communication.

Interoperability - Mutualink solution improves collaboration (Audio, Video, Data) during emergencies in real-time. Overcome silos by enabling you to share information, between first responders, schools, and private security personnel, when you need it.

1. IWS Edge Client - Has a way of allowing drag and drop of participants and creating an active incident. Sharing audio/video data.
2. Multimedia PTT Client - Group communication to share audio/video data.
3. Radio Gateway Interconnection - Monthly charge for connecting the radio gateway to the hosted solution
4. Video Gateway Interconnection - Monthly charge for connecting the radio gateway to the hosted solution
5. Telephone Interconnection - Monthly charge for connecting the radio gateway to the hosted solution (Wireline)
6. Soft Panic SW - Allows customer to create an incident with predefined participants automatically

**\*\* The above Sku's are mutually exclusive from one another. They cannot be used on the same MDN at the same time\*\***

### Critical Asset Tracking Solution

Product Type	Description	Product SKU	Software Plan ID	Quantity	Price <sup>^</sup>
<b>Location and Monitoring Software</b>	Critical Asset Tracking product w/ MBLX CM1 device and 1GB Pooled Data US Only Plan	CATMBLXCM1US	35574912	Per Device	\$25.00

Product Type	Description	Product SKU	Quantity	Price
<b>Hardware/Device Kit*</b>	Critical Asset Tracking Mobilogix NA Device w/USB Charger & Cable	CAT-MBLX-NA-DEVICE	Per Device	(included in monthly software charge)

### Critical Asset Tracking Share Plan

Monthly Access Fee	Shared Data Allowance**	Data Overage Rate	Domestic Text Message Allowance
Included	1 GB per device	\$1.00 per MB	unlimited

**Notes:** Coverage includes the Verizon Wireless CAT-M1 network. Lines activated on this plan cannot be used outside the United States. Current data coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). \*Only the Critical Asset Tracking devices described above may be activated on this plan. Voice block is included in the plan and if removed, any voice usage incurred will be billed at \$0.25 per minute. Activation on this plan requires a 24-month Line Term.

Verizon Wireless will charge an ETF for lines terminated prior to the expiration of the Line Term. The amount of the ETF will be \$175.00, minus \$10.00 for each month that the line remains active (after the initial 6 months).

**\*\*Data Sharing:** Sharing is available only among M2M Lines active on this plan. At the end of each bill cycle, any unused data allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the lowest overage need.

<sup>^</sup>The monthly charge includes the location and monitoring software/platform access, hardware/device kit, and the data plan.

**LTE Vehicle Internet – CradlePoint Devices**  
**These hardware Sku bundles are not eligible for further discounts.**

The LTE Vehicle Internet solution supports in-Vehicle connectivity providing ruggedized routers and cloud-managed services. Services are designed to allow departments to deploy, configure, manage and scale quickly and in real time. Devices support dual carrier with SIM-based Auto-Carrier Selection, Public Safety and Data plans, and are available on many public-sector contract vehicles.

**Private Network/Dynamic Mobile Network Routing (DMNR)/Service Based Access(SBA)  
Static IP – Isolated Pool w/Fixed End System (FES) [Internet Restricted]**

The Account Set-Up Fees below reflect any applicable discount. No additional discounts apply.

**Mobile Broadband and metered data plans or features only**

Configuration	Cost			
Per Account FES Connect Set-Up (One time fee)	\$1,125.00			
	Private Network Only	Private Network with DMNR	Private Network with SBA	Static IP Only
Per Account Level Set-Up (One time fee)	\$375.00	\$187.50	\$187.50	\$187.50
DMNR or SBA (Per build)	\$187.50 (Adding to existing Private Network Only)			
Public Safety Subscribers Account Set-Up: Verizon Wireless will waive all account set-up fees including the \$1,125.00 connection fee, \$375.00 Account Set-up Fee and the DMNR/SBA for new Public Safety builds classified with the following NAICS (formerly SIC) Codes only.				
621910 Ambulance Services 922110 Courts 922120 Police Protection	922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities			

**Note:** Set-Up fees apply to new Private Network/DMNR/SBA builds (Verizon Home Agent Portal (VHAP)). This applies to New Private Networks built as Standard, Parent or Child. Subscribers that are placed into this pool will be limited to utilizing the Verizon Wireless Network for transport to and from their FES connections to the Verizon Wireless Network. Static IP addresses will be available on remote access, Mobile Broadband and Unlimited metered data plans or features only. Fees may not apply in certain VPN environments. Fees are per account level (regardless of the number of IPs ordered) selecting Static IP, and may apply in addition to \$1500.00 Connect Fee in certain configurations. Does not include MPLS.

**Static IP:** Fees are per account level (regardless of the number of IPs ordered). Static IP addresses will be available on remote access, Mobile Broadband and metered data plans or features only. Static IP addresses may be reserved and should be assigned to the mobile numbers within 90 days. De-activated Static IP addresses will go into an "ageing pool" for 24 hours. After 24 hours, these Static IP addresses will be returned to reserved status for the account. Reserved Static IP addresses will be shown at the account level and can be viewed from the billing system. Feature activations

will be stored in the "data warehouse" database along with the Static IP Address for reporting. A Static IP address is associated with the device's MDN (Mobile Dialing Number). Each time the subscriber initiates a data session the Static IP address that is associated with their MDN is assigned to their device for each session. Subscribers completing an ESN (Electronic Serial Number) change will retain their Static IP address.

Eligible 3G/4G data service: Mobile Broadband, Mobile Broadband Wireless Router, Telemetry (M2M), Wireless Email, or usage-based Megabyte pricing. DMNR and SBA are optional features that can co-exist on a Customer's Private Network profile.

## Verizon Wireless Private Network Terms and Conditions

**Verizon Wireless Private Network Service ("Private Network"):** Private Network extends Customer's IP network to its wireless equipment by segregating the data between such devices and Customer's servers from the public Internet (the "Internet"). Customer's use of Private Network is subject to the Private Network Roles and Responsibilities Customer Guidelines, which are available from your Sales representative.

**Customer Minimum Line Requirement:** Customer must maintain a minimum of 100 Machine-to-Machine lines at all times during the term of its Agreement in order to remain eligible for Private Network. If Customer falls below the 100-line minimum, Verizon Wireless reserves the right to discontinue Private Network for non-use.

**Connection to Verizon Wireless Facility:** Customer must establish a direct-connect circuit from its facilities to Verizon Wireless's facilities by the use of Virtual Private Network, Verizon Private IP, or Fixed End System connections. Customer is solely responsible for making arrangements with a local access provider for installation and ongoing maintenance of such a connection, with sufficient data throughput to meet Customer's anticipated data needs. Customer is also responsible for all charges incurred directly or through a third party associated with establishing the connection, as well as for accessing Private Network, including Internet access fees, hardware, software, license fees, and telecommunications charges.

**Customer Provided Equipment ("CPE"):** Customer must procure routers and any other CPE that meet Verizon Wireless requirements for Private Network connectivity. Customer is responsible for ensuring any CPE meets its data capacity and throughput needs.

**IP Addresses:** Customer is responsible for procuring private IP addresses, which must be communicated to Verizon Wireless during implementation. Private Network supports static and dynamic addressing for 1X service and/or EVDO service; 4G LTE service; and Internet addressing system Internet Protocol version 4. Direct Internet access requires static IP addressing.

**Dynamic Mobile Network Routing ("DMNR"):** DMNR allows configuration of Private Network for dynamic routing to the subnets it serves (up to eight) to other devices on Customer's network and as support for mobile or stationary routers. DMNR is based off Mobile IPv4-based Network Mobility protocol and requires the router to be configured to support this capability. Customer is responsible for any charges associated with the customization of its CPE to support DMNR.

## Verizon Push to Talk Plus (PTT+) Terms and Conditions

This Agreement is between you as our Customer and Verizon Wireless ("VZW") and it sets forth the terms and conditions under which you agree to use and we agree to provide PTT+. By using PTT+, you accept these Terms & Conditions. VZW may change these terms and conditions from time to time. By continuing to use the Service after VZW has notified you of changes, you're agreeing to accept those changes.

1. **Customer Agreement.** For consumers, when you signed up to be a customer of VZW, your company entered into a Customer Agreement with us and PTT+ is subject to all of the terms in that Customer Agreement. For business customers, PTT+ is subject to your company's major account agreement with VZW.
2. **How the Service Works.** You can access PTT+ in the following ways: (i) through a mobile application (the "**Mobile App**"), or (ii) by downloading computer software from [the VZW website](#) (the "**Computer Client**"). Not all PTT+ service features are available through all access methods.
- 2.1 **Service Features.** You can select from several PTT+ service features, including, but not limited to, the following:

- **PTT+ with Dispatch.** Verizon PTT+ with Dispatch is an application that allows instant communication to individuals or groups at the push of a button. With a dispatch console, your corporation's designated users can see group members on a map.
  - **PTT+ Group Command.** PTT+ Group Command brings enhanced features such as user check and discreet listening. With user check, you can check the location of a device and also check the battery strength, WiFi and cellular signal strength. With discreet listening, you can listen to a PTT+ conversation for training and other business purposes.
3. **Charges.** Your download of PTT+ will be billed according to the applicable data plan. Your use of PTT+ will be billed according to the monthly recurring fee that you agreed to pay, and use on certain devices will be billed according to the applicable data plan. For a list of those devices that will be billed according to your data plan, please visit [http://www.verizonwireless.com/businessportals/support/faqs/DataServices/faq\\_push\\_to\\_talk.html](http://www.verizonwireless.com/businessportals/support/faqs/DataServices/faq_push_to_talk.html).
  4. **Privacy.** VZW may use information about your activity in PTT+, subject to our Privacy Policy, which can be found at <http://www.verizon.com/about/privacy/>.
  5. **Licenses.** You have a limited, non-exclusive, non-transferable license to use PTT+ and the object code version of PTT+'s software solely for the purposes for which it is provided and only in accordance with all documentation provided by VZW or its licensors or suppliers. The software contains some programming, scripts, tools, modules, libraries, components, or other items that were developed using "Open Source" code, and information about these items is available at [www.verizon.com/opensource](http://www.verizon.com/opensource). Nothing in this Agreement will be construed to limit any rights granted under such open source licenses.  
PTT+ with Dispatch and PTT+ Group Command requires use of Google Maps. Use of Google Maps within PTT+ is subject to the Google Maps Terms of Service located at [http://maps.google.com/help/terms\\_maps.html](http://maps.google.com/help/terms_maps.html), the Google Legal Notices located at [http://www.maps.google.com/help/legalnotices\\_maps.html](http://www.maps.google.com/help/legalnotices_maps.html), and the Google Privacy Policy, located at <http://www.google.com/privacy.html>. The Google Terms of Service and Google Legal Notices may be updated from time to time and are incorporated into these Terms and Conditions by reference, as if set forth fully herein. If you do not accept the Google Maps Terms or Google's Privacy Policy, including all limitations and restrictions therein as may be updated by Google from time to time, you may not use PTT+. Your use of the Google Maps service within PTT+ will constitute your acceptance of the Google Maps Terms and Google's Privacy Policy
  6. **Consent to Share Location Information.** PTT+ with Dispatch and PTT+ Group Command requires sharing of your Location Information (data that can be used to describe, determine or identify the location of the mobile device you use while accessing PTT+). With your consent, your Location Information will be shared with your employer, for business purposes only.
  7. **Additional Terms for Discreet Listening.** The discreet listening feature within PTT+ Group Command permits your employer to discreetly listen into your conversation while you are using the mobile device. By using PTT+, you consent to your mobile device being monitored by your employer and you consent to any person authorized by your employer listening into your conversation for training and other legitimate business purposes. Employers shall restrict access to the discreet listening feature of PTT+ Group Command to only authorized employees, who shall only use the feature during business hours for training and other legitimate business purposes.
  8. **Restrictions on Use.** You may not, or allow others to, adapt, alter, modify, de-compile, reverse engineer, translate, or create derivative works of PTT+ or any included software.
  9. **Termination.** VZW may terminate or discontinue PTT+ at any time without notice, including if you breach these Terms and Conditions.
  10. **Disclaimer of Warranty; Limitation on Liability.** PTT+ AND ANY INCLUDED SOFTWARE IS PROVIDED 'AS IS', WITHOUT WARRANTIES, EXPRESS OR IMPLIED, OF ANY KIND BY EITHER VZW OR ITS LICENSORS OR SUPPLIERS. VZW'S

LIABILITY SHALL BE LIMITED AS SET FORTH IN THE CUSTOMER AGREEMENT (AND THE LIABILITY OF EACH VZW LICENSOR AND SUPPLIER SHALL BE LIMITED TO THE SAME EXTENT).

11. **Export Control.** You shall comply with all export laws and restrictions and regulations of the Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control (“OFAC”), or other United States or foreign agency or authority, and not export, or allow the export or re-export of PTT+ in violation of any such restrictions, laws or regulations. By downloading or using PTT+, you agree to the foregoing and you represent and warrant that you are not located in, under the control of, or a national or resident of any restricted country or on any restricted parties list.
12. **Safety.** Please do not endanger yourself and others by using PTT+ while driving or engaging in any other activity that requires your full attention.

## Terms and Conditions

### VERIZON DNS SAFEGUARD for PUBLIC SAFETY

1. GENERAL
  - 1.1 Service Definition
  - 1.2 Service Features for DNS Service Plus
  - 1.3 Service Features for DNS Service Advanced
2. SUPPLEMENTAL TERMS
  - 2.1 Service Activation and Implementation
  - 2.2 Services Agreement Flow Down Terms
  - 2.3 Customer Responsibilities
  - 2.4 Warranties
  - 2.5 Use of Data
  - 2.6 Term and Termination
3. FINANCIAL TERMS
  - 3.1 General
4. DEFINITIONS

#### 1. GENERAL

- 1.1 **Service Definition.** Verizon DNS Safeguard for Public Safety (DNS Service) is a cloud-based security platform intended to provide a first line of defense against threats on the Internet by detecting and blocking inappropriate and malicious sites and content before the Internet Protocol (IP) connections are established. DNS Service is enhanced with threat intelligence feeds from the Verizon Threat Research Advisory Center which, learning from internet activity patterns, automatically uncovers current and emerging threats to continually keep the network safe.

The DNS Service platform operates as a DNS resolver that converts domain names to IP addresses which allows the platform to prevent IP connections to known malicious sites. When a legitimate domain is resolved, the DNS Service returns the actual IP address.

The DNS Service consists of two offerings: DNS Service Plus and DNS Service Advanced.

- 1.2 **Service Features for DNS Service Plus.** The following service features are included with DNS Service Plus:

1.2.1 **DNS Layer of Breach Protection.** DNS Service is able to detect and block malicious sites and content before they reach the network as a DNS request is made before IP connections are established. Malware, ransomware, phishing, spyware, botnets, and command & control call-backs are blocked over any port or protocol before such threats can reach users and network.

1.3 **Service Features for DNS Service Advanced.** The following service features are included with DNS Service Advanced.

1.3.1 **Premium Threat Feeds.** DNS Service Advanced includes the Basic Threat Feeds described in the DNS Service Plus and additional threat feeds from the Verizon Threat Research Advisory Center's display of threat analytics and intelligence it gathers from third party proprietary and open source data.

## 2. SUPPLEMENTAL TERMS

### 2.1 **Service Activation and Implementation**

2.1.1 **Service Activation.** The DNS Service will begin Activation Date is 10 Business Days following the Order Confirmation Date.

2.1.2 **Offshore Support.** Customer agrees that the DNS Service may be provided by, and all related information (including data) accessed and/or stored by, resources located within and outside the United States. Customer consents to such performance of services, including access and storage of data, from outside the United States.

### 2.2 **Services Agreement Flow Down Terms**

2.2.1 **Acceptance of Terms.** From time to time, Verizon may update the functionality, add new features to the DNS Service, and/or change the access configuration for the DNS Services. In such event, these terms shall also apply to any upgrades or updates subsequently provided by Verizon for the DNS Services.

2.2.2 **Use of the DNS Services.** Customer accepts the non-assignable, non-transferable, non-sublicensable, and non-exclusive right to access and use the DNS Service only as authorized in this Agreement and related documentation for the duration of the Service Commitment and for the number of licenses purchased by and allocated to Customer.

### 2.3 **Customer Responsibilities**

2.3.1 **Internet Access.** Customer must have wireless internet access in place to use DNS Service. **Customer must have a subscription to Verizon's Responder Private Core in place to use DNS Service.**

2.3.2 **Prohibited Use.** Customer will not: (i) use the Services for any unlawful, unauthorized, fraudulent or malicious purpose, (ii) modify, adapt, sublicense, translate, sell, reverse engineer, decompile or disassemble any portion of the Services (except to the limited extent applicable laws specifically prohibit such restriction); (iii) bypass any measures Verizon may use to prevent or restrict access to the Services or otherwise interfere with any other party's use and enjoyment of the Services; or (iv) use Customer's account or the Services to infringe any intellectual property or other right of any other third party. Verizon may cooperate with legal authorities and/or

third parties in the investigation of any suspected or alleged crime or civil wrong. Subject to Verizon's Privacy Policy, Verizon reserves the right at all times to disclose any information as Verizon deems necessary to satisfy any applicable law, regulation, legal process or governmental request, or to edit, refuse to post or to remove any information or materials, in whole or in part, in Verizon's sole discretion.

## 2.4 **Warranties**

2.4.1 **Verizon's Disclaimer of Warranties.** Verizon does not warrant that any network, computer systems, or any portions thereof, are secure. Verizon does not warrant that use of DNS Service will be uninterrupted or error-free or that any defect in DNS Service will be correctable or that incidents will be fully contained. Customer acknowledges that impenetrable security cannot be attained in real-world environments and that Verizon does not guarantee protection against breaches of security, or the finding or successful prosecution of individuals obtaining unauthorized access. Verizon does not warrant the accuracy of information provided to Customer hereunder.

CUSTOMER'S USE OF THE DNS SERVICES IS AT CUSTOMER'S SOLE RISK. ALL DNS SERVICES ARE PROVIDED ON AN AS IS OR AS AVAILABLE BASIS, AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, VERIZON EXPRESSLY DISCLAIMS ALL WARRANTIES AND CONDITIONS OF ANY KIND WHETHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT AND SATISFACTORY QUALITY. VERIZON, ITS OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, OR SUPPLIERS MAKE NO WARRANTY THAT THE SERVICES ARE ACCURATE, TIMELY, UNINTERRUPTED, VIRUS-FREE OR ERROR-FREE, OR THAT ANY PROBLEMS ENCOUNTERED WILL BE CORRECTED. THE WARRANTIES AND REMEDIES SET FORTH IN THIS SERVICE ATTACHMENT ARE VERIZON'S EXCLUSIVE WARRANTIES AND CUSTOMER'S SOLE REMEDIES FOR BREACH OF WARRANTY, IF ANY, BY VERIZON.

2.4.2 **Customer Warranty.** Customer represents and warrants that Customer (a) will use the DNS Safeguard services, including all reporting, deliverables, documentation, and other information provided in connection with DNS Service solely for purposes of protecting Customer from abusive, fraudulent, or unlawful use or access to its information, systems and applications including public internet service provided by Verizon and Customer will not market, sell, distribute, lease, license or use any such deliverables, documentation or information for any other purposes; and (b) will comply with all applicable laws and regulations.

2.4.3 **Third Party Warranties.** For any third party products and/or services incorporated as part of Service, Customer will receive only the warranties offered by such third party to the extent Verizon may pass through such warranties to Customer.

2.5 **Use of Data.** As part of Customer's use of the Services, Customer will be providing certain (i) Network Data, (ii) User Data and/or Feedback. Some Network Data is necessary for the essential use and functionality of the Services. Network Data is also used to provide associated services such as technical support and to continually improve the operation, security, efficacy and functionality of the Services.

2.5.1 **User Data.** Customer grants Verizon a worldwide, royalty-free, sublicensable license to use, modify, reproduce, publicly display, publicly perform, and distribute the User Data only as reasonably required to provide the Service.

2.5.2 **Network Data.** Customer hereby grants to Verizon a non-exclusive, irrevocable, worldwide, perpetual, royalty-free and fully paid-up license to use (i) the Network Data that is aggregated and de-identified so that it does not identify Customer for the purpose of enhancement of the Services, and (ii) any information that Verizon learns in evaluating Network Data to create the Statistical Data for the purpose of enhancing, developing, and/or promoting the Services.

2.5.3 **Feedback.** De-identified Feedback may be incorporated into the Services, and Customer hereby grants Verizon a non-exclusive, irrevocable, worldwide, perpetual, royalty-free and fully paid-up license to use de-identified Feedback for any purpose whatsoever, including, without limitation, for purposes of enhancing, developing and/or promoting products and services, including the Services.

## 2.6 Term and Termination

2.6.1 **Service Commitment.** The Service Commitment is for the terms specified in the Customer's purchase order as accepted by Verizon.

2.6.2 **Service Cancellation.** If Customer requests cancellation of Service, or Verizon cancels Service as a result of Customer's failure to provide the necessary information or reasonable assistance required by Verizon to provision such Service, Customer will pay any set-up fees and other amounts accrued for such Service through the date of such termination, plus an amount equal to any applicable annual third party license fee, which Customer acknowledges are liquidated damages reflecting a reasonable measurable of actual damages and not a penalty. Customer will pay the invoice for such charges in accordance with the terms of the Agreement.

## 3. FINANCIAL TERMS

3.1 **General.** Customer will pay the applicable monthly recurring charge (MRC) for the Service Tier ordered, as shown in the Agreement and other applicable charges at the following URL: [www.verizonenterprise.com/external/service\\_guide/reg/applicable\\_charges\\_toc.htm](http://www.verizonenterprise.com/external/service_guide/reg/applicable_charges_toc.htm).

4. **DEFINITIONS.** The following definitions apply to DNS Service, in addition to those identified in the Master Terms and the administrative charge definitions at the following URL: [www.verizonenterprise.com/external/service\\_guide/reg/definitions\\_toc\\_2017DEC01.htm](http://www.verizonenterprise.com/external/service_guide/reg/definitions_toc_2017DEC01.htm)

Term	Definition
<b>Feedback</b>	Any suggested changes, clarifications, additions, modifications or recommended product improvements to the Services that Customer provides as part of technical support or otherwise by phone conversation, email or otherwise.
<b>Network Data</b>	Any technical data and related information about Customer's computer network generated as part of Customer's usage of the Services, including, but not limited to the operating system type and version; network host data; origin and nature of malware, endpoint GUID's (globally unique identifiers); IP addresses; MAC addresses; log files; network configurations; network security policies; information related to the usage, origin of use, traffic patterns, and behavior of the users on a network; and any aggregate, demographic or network traffic data.

<b>Order Confirmation Date</b>	Verizon will confirm Customer's order via email or via direct assistance from a Verizon sales representative. The Order Confirmation will confirm the DNS Service service(s) requested.
<b>Service Tier</b>	The DNS Service offering specified in Customer's Order: either DNS Safeguard Plus or DNS Safeguard Advanced.
<b>Statistical Data</b>	Any information or data that is created from the Network Data, provided that such information or data is aggregated and de-identified or otherwise cannot be used to identify Customer's network.
<b>User Data</b>	All information and materials, including personal information, that Customer provides in connection with Customer's use of the Services, but does not include Network Data.
