Attn: Megan Scanlan

Subject: Memorandum of Negotiations

Reference: RFP 2000003581 – Telecommunications and Internet Services

Dear Ms. Scanlan:

Acceptance Agreement

Contract Number: 4400011831

This acceptance agreement signifies a contract award to AT&T Corporation for RFP 2000003581 – Telecommunications and Internet Services. The period of the contract shall be from the date of award through June 30, 2028 with the option to renew for five (5) one-year periods.

The contract award shall be in accordance with:

- This Acceptance Agreement;
- The Terms and Conditions of RFP#2000003581, and all addenda;
- AT&T's proposal dated November 2, 2022;
- The signed Memorandum of Negotiations (MON); and

Please note that this is not an order to proceed. A purchase order, which constitutes your notice to proceed, will be issued to your company. Please provide your Insurance Certificate according to Special Provisions Paragraph 22 within five (5) days after receipt of this letter. Contract award documents may be viewed on the Fairfax County, Department of Purchasing and Supply Management website at: www.fairfaxcounty.gov/cregister.

Sincerely,

Michelle R. Pratt
Director

MRP/cmb

MEMORANDUM OF NEGOTIATIONS

RFP 2000003581 – Telecommunications and Internet Services

The County of Fairfax, Fairfax County School Board (hereinafter called the “County”, “FCPS”, or “Customer”) and AT&T Corp., a New York corporation, with offices located at One AT&T Way, Bedminster, NJ 07921 (hereinafter called “AT&T” or “Contractor”) hereby agree to the following in the execution of Contract #4400011831. The final contract (hereinafter called the “Contract” or the “Agreement”) consists of the following items:

- Fairfax County School Board’s Request for Proposal 2000003581 and all Addenda;
- This Memorandum of Negotiations;
- Attachment A. AT&T’s Services and Service Pricing, dated May 30, 2023;
- AT&T’s response to the Security Architecture Checklist, dated February 17, 2023, along with the AT&T Communications system and Organization Controls 2 Report for the period December 1, 2021 to November 30, 2022 (incorporated by reference only);
- AT&T’s Technical and Business proposal dated November 2, 2022, as amended by this Memorandum of Negotiations;
- Attachment B. Service Guide for AT&T OneNet Service;
- Attachment C. Service Guide for AT&T IP Toll-Free;
- Attachment D. Service Guide for AT&T Conferencing Services;
- Attachment E. AT&T Acceptable Use Policy;
- Attachment F. AT&T Privacy Policy;
- All subsequent amendments to the Contract.

The following provisions were negotiated by the parties and are incorporated into the Contract:

- 1. EARLY TERMINATION FEE.** AT&T agrees that the following termination charges related to the services apply:

Product	Early Termination Fee (ETF) / Minimum Payment Associated (Yes or No)	Minimum Payment Period*	ETF Language
OneNet	No	N/A	N/A
IP Toll-Free	No	N/A	N/A
Audio Teleconferencing	No	N/A	N/A

***Minimum Payment Period** means the Minimum Payment Period identified for a Service Component in a Pricing Schedule or Service Publication during which Customer is required to pay recurring charges for the Service Component.

2. SERVICE AVAILABILITY.

- a. Unless applicable local law or regulation mandates otherwise, AT&T may discontinue providing the Service upon twelve (12) months written notice or a Service Component upon one hundred and twenty (120) days written notice.
- b. Service is provided subject to availability of suitable Service Components. AT&T will determine which Service Components will be used and may make modifications to Service Components at its option.

3. NO INDEMNIFICATION BY THE COUNTY. The parties agree that under applicable law the County cannot indemnify or defend the Contractor. To the extent any promise or term contained in this Contract, including any exhibits, Service Guides, attachments, or other documents incorporated by reference therein, includes an indemnification or obligation to defend by the County, that promise or term is stricken from this Contract and is of no effect.

4. CURE. Notwithstanding any provision herein or elsewhere in Contract No. 4400011831, AT&T agrees to provide Customer with prompt notice and a reasonable opportunity to cure any purported violation of the AUP and Privacy Policy before exercising any right it may have thereunder to suspend or terminate any Service to Customer (including Customer's end-users), except in those circumstances where, in AT&T's reasonable discretion, it determines that an immediate suspension or termination is necessary in order to protect AT&T from network or system damage, or from legal liability. Any provision in the AUP and the Privacy Policy imposing liability obligations upon Customer for violations of the AUP and Privacy Policy will be enforceable if and to the extent permitted by applicable law, without waiver of Customer's sovereign immunity.

AT&T will not make any changes to the AUP, the Privacy Policy, or any other policy and terms ("AT&T's Policies") during the term that will, individually or in the aggregate, materially and adversely impact Customer's use of the Services, or materially and adversely diminish AT&T's obligations to Customer and AT&T's end-users under Contract No. 4400011831, except to the extent expressly required under any laws, rules, or regulations applicable to the Services provided hereunder. In the event of a conflict between any other contract documents in Contract No. 4400011831 and any term or provision in an AT&T Policy, the documents as listed in the order of precedence from the Memorandum of Negotiations will govern and control.

5. LIMITATIONS OF LIABILITY, WARRANTY AND DISCLAIMERS

- a. To the extent permitted under applicable Virginia law, and local laws, rules, and the Fairfax County Purchasing Resolution, EITHER PARTY'S ENTIRE LIABILITY AND THE OTHER PARTY'S EXCLUSIVE REMEDY UNDER THIS AGREEMENT SHALL BE:
 - (i) FOR BODILY INJURY, DEATH OR DAMAGE TO REAL PROPERTY OR TO TANGIBLE PERSONAL PROPERTY PROXIMATELY CAUSED BY A PARTY'S NEGLIGENCE, PROVEN DIRECT DAMAGES;
 - (ii) FOR BREACH INVOLVING CONFIDENTIAL INFORMATION, PUBLICITY, OR TRADEMARKS, PROVEN DIRECT DAMAGES;

- (iii) FOR ANY THIRD-PARTY CLAIMS, THE REMEDIES AVAILABLE UNDER SECTION 57 of the General Conditions and Instructions to Bidders;
 - (iv) FOR CLAIMS ARISING FROM THE OTHER PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, PROVEN DAMAGES; OR
 - (v) FOR CLAIMS OTHER THAN THOSE SET FORTH IN CLAUSES (a)(i) THROUGH (iv) ABOVE OF THIS AGREEMENT, PROVEN DIRECT DAMAGES NOT TO EXCEED, ON A PER CLAIM OR AGGREGATE BASIS DURING ANY TWELVE (12) MONTH PERIOD, AN AMOUNT EQUAL TO THE TOTAL NET CHARGES INCURRED BY CUSTOMER FOR THE AFFECTED SERVICE IN THE RELEVANT COUNTRY DURING THE TWELVE (12) MONTHS PRECEDING THE MONTH IN WHICH THE CLAIM AROSE.
- b. EXCEPT AS SET FORTH IN THIS AGREEMENT OR IN THE CASE OF A PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, RELIANCE OR SPECIAL DAMAGES, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOST PROFITS, ADVANTAGE, SAVINGS OR REVENUES OR FOR INCREASED COST OF OPERATIONS.
- c. THE LIMITATIONS IN THIS SECTION 5 SHALL NOT LIMIT CUSTOMER'S RESPONSIBILITY FOR THE PAYMENT OF ALL PROPERLY DUE CHARGES UNDER THIS AGREEMENT.
- d. Notwithstanding the foregoing, there is no limitation of AT&T's liability for (i) intentional or willful misconduct, fraud, or recklessness of AT&T or any employee of AT&T when a contract exceeds \$200,000; or (ii) for claims for bodily injury, including death, and damage to real property or tangible personal property resulting from the negligence of AT&T or any employee of AT&T as further stated in Article 3, Section 4(E) of the Fairfax County Purchasing Resolution, as amended. Section 5 of this Memorandum of Negotiations shall apply only to benefit Fairfax County Public School and Fairfax County when such parties are purchasing any of AT&T Services set forth in this Contract No. 4400011831, and it shall not apply to any Participating Entity **UNLESS** such Participating Entity (i) is participating in the Agreement; and (ii) has not executed a separate Participating Entity Agreement. In that instance, this Section 5 will apply to such Participating Entity.
- e. Disclaimer of Liability. AT&T WILL NOT BE LIABLE TO CUSTOMER FOR ANY DAMAGES ARISING OUT OF OR RELATING TO: INTEROPERABILITY, ACCESS OR INTERCONNECTION OF THE SERVICES WITH APPLICATIONS, DATA, EQUIPMENT, SERVICES, CONTENT OR NETWORKS PROVIDED BY CUSTOMER OR THIRD PARTIES; SERVICE DEFECTS, SERVICE LEVELS, DELAYS OR ANY SERVICE ERROR OR INTERRUPTION, INCLUDING INTERRUPTIONS OR ERRORS IN ROUTING OR COMPLETING ANY 911 OR OTHER EMERGENCY RESPONSE CALLS OR ANY OTHER CALLS OR TRANSMISSIONS (EXCEPT FOR CREDITS EXPLICITLY SET FORTH IN THIS AGREEMENT); LOST OR ALTERED MESSAGES OR TRANSMISSIONS; OR UNAUTHORIZED ACCESS TO OR THEFT, ALTERATION, LOSS OR DESTRUCTION OF CUSTOMER'S (OR ITS AFFILIATES', USERS' OR THIRD PARTIES') APPLICATIONS, CONTENT, DATA, PROGRAMS, INFORMATION, NETWORKS OR SYSTEMS.

- f. **Warranty. Purchased Equipment and Vendor Software Warranty.** AT&T shall pass through to Customer any warranties for Purchased Equipment and Vendor Software available from the manufacturer or licensor. The manufacturer or licensor, and not AT&T, is responsible for any such warranty terms and commitments. ALL SOFTWARE AND PURCHASED EQUIPMENT IS OTHERWISE PROVIDED TO CUSTOMER ON AN "AS IS" BASIS.
 - g. **Disclaimer of Warranties.** EXCEPT AS OTHERWISE SET FORTH IN PARAGRAPH 55 OF THE GENERAL CONDITIONS AND INSTRUCTIONS TO BIDDERS, AT&T MAKES NO REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, SPECIFICALLY DISCLAIMS ANY REPRESENTATION OR WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT AND SPECIFICALLY DISCLAIMS ANY WARRANTY ARISING BY USAGE OF TRADE OR BY COURSE OF DEALING. FURTHER, AT&T MAKES NO REPRESENTATION OR WARRANTY THAT TELEPHONE CALLS OR OTHER TRANSMISSIONS WILL BE ROUTED OR COMPLETED WITHOUT ERROR OR INTERRUPTION (INCLUDING CALLS TO 911 OR ANY SIMILAR EMERGENCY RESPONSE NUMBER) AND MAKES NO GUARANTEE REGARDING NETWORK SECURITY, THE ENCRYPTION EMPLOYED BY ANY SERVICE, THE INTEGRITY OF ANY DATA THAT IS SENT, BACKED UP, STORED OR SUBJECT TO LOAD BALANCING OR THAT AT&T'S SECURITY PROCEDURES WILL PREVENT THE LOSS OR ALTERATION OF OR IMPROPER ACCESS TO CUSTOMER'S DATA AND INFORMATION. AT&T covenants and agrees that it will maintain throughout the term of this Agreement the same or functionally-equivalent or substantially similar (or more stringent) practices, procedures, methodologies, and certifications as are described in its completed Security Architecture Checklist (the "AT&T Security Practices") which is incorporated herein by reference, except if required by law or reasonable business need.
 - h. **Application and Survival.** To the extent permitted under applicable and local laws, rules, and the Fairfax County Purchasing Resolution, the disclaimer of warranties and limitations of liability set forth in this Agreement will apply regardless of the form of action, whether in contract, equity, tort, strict liability or otherwise, of whether damages were foreseeable and of whether a party was advised of the possibility of such damages and will apply so as to limit the liability of each party and its Affiliates and their respective employees, directors, subcontractors and suppliers. The limitations of liability and disclaimers set out in this Section X will survive failure of any exclusive remedies provided in this Agreement.
- 6. RIGHT, TITLE, AND INTEREST TO SERVICES.** AT&T owns all right, title and interest in and to any AT&T Services as provided herein, except any certain Services provided with an AT&T subcontractor.
- 7. CHANGES TO GENERAL CONDITIONS AND INSTRUCTIONS TO BIDDERS.** The Parties agree to the following changes to the General Conditions and Instructions to Bidders included within the RFP No. 2000003581. In each instance, the numbered provision replaces the corresponding numbered provision in the General Conditions and Instructions to Bidders.

30. TERMINATION OF CONTRACT FOR CAUSE:

a. If, through any cause, the Contractor fails to fulfill in a timely and proper manner its obligations under this contract, or if the Contractor violates any of the covenants, agreements, or stipulations of this contract, the County shall have the right to terminate the contract. Any such termination shall be affected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance shall be terminated and the date upon which termination becomes effective. In such event all finished or unfinished documents, data, studies, surveys, drawings, maps, models, and reports prepared by the Contractor under the contract shall, at the option of the County, become its property and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents.

b. Termination of the Contract for Cause does not relieve the Contractor of liability to the County for damages sustained by the County by virtue of any breach of contract by the Contractor.

33. FUNDING: The obligation of the County to pay compensation due the Contractor under the contract or any other payment obligations under any contract awarded pursuant to this contract is subject to appropriations by the Fairfax County Board of Supervisors and/or the Fairfax County Public School Board to satisfy payment of such obligations. The County's obligations to make payments during subsequent fiscal years are dependent upon the same action. If such an appropriation is not made for any fiscal year, the contract shall terminate effective at the end of the fiscal year for which funds were appropriated and the County will not be obligated to make any payments under the contract beyond the amount appropriated for payment obligations under the contract. The County will provide the Contractor with written notice of non-appropriation of funds within thirty (30) calendar days after action is completed by the Board of Supervisors and/or the Fairfax County Public School Board. However, the County's failure to provide such notice will not extend the contract into a fiscal year in which sufficient funds have not been appropriated.

34. DELIVERY/SERVICE FAILURES: If a Contractor (i) fails to deliver goods or services within the time agreed by the parties or (ii) fails to make replacements or corrections of properly rejected nonconforming articles or services within the time agreed by the parties, then if Contractor does not cure any such failure within 30 days following Purchasing Agent's or the Director of the Office of Procurement Services' written notification to Contractor of such failure, the Purchasing Agent or the Director of the Office of Procurement Services may purchase in the open market goods or services of comparable grade or quality to replace goods or services not delivered or rejected. On all such purchases, the Contractor shall reimburse the County, within a reasonable time specified by the Purchasing Agent or the Director of the Office of Procurement Services, for any reasonable expense incurred in excess of contract prices. Such purchases shall be deducted from the contract quantities if applicable.

49. REPLACEMENT: Nonconforming Materials or components that have been properly rejected by the Purchasing Agent or the Director of the Office of Procurement Services, in accordance with the terms of a contract, shall be replaced by the Contractor at no additional cost to the County.

52. **PAYMENT:** Payment is due within 30 days after the date of the invoice (unless another date is specified in an applicable Tariff or Guidebook) and must refer to the invoice number. Charges must be paid in the currency specified in the invoice. Restrictive endorsements or other statements on checks are void. Customer will reimburse AT&T for all costs associated with collecting delinquent or dishonored payments. AT&T may charge late payment fees under Virginia Code § 2.2-4352.

53. **PARTIAL PAYMENTS.** Reserved.

55. **GENERAL GUARANTY:** Contractor agrees to comply with all laws, ordinances, rules, regulations, and policies of the County.

57. **INDEMNIFICATION:**

a. Reserved.

b. Intellectual Property Indemnification: In addition to the General Indemnification, Contractor will indemnify the County for and defend the County against third-party claims for infringement of any valid United States patent, trademark or copyright by the Contractor's products, software, services, or deliverables. Contractor must indemnify the County for any loss, damage, expense, or liability, including costs and reasonable attorney's fees that may result by reason of any such claim.

In the event of a claim covered by this subparagraph, and in addition to all other obligations of Contractor in this Paragraph 58, Contractor must at its expense and within a reasonable time: (a) obtain a right for the County to continue using such products and software, or allow Contractor to continue performing the Services; (b) modify such products, software, services or deliverables to make them non-infringing; or (c) replace such products or software with a non-infringing equivalent. If, in the Contractor's reasonable opinion, none of the foregoing options is feasible Contractor must immediately notify the County and accept the return of the products, software, services, or deliverables, along with any other components rendered unusable as a result of the infringement or claimed infringement, and refund to the County the price paid to Contractor for such components as well as any pre-paid fees for the allegedly infringing services, including license, subscription fees, or both. Nothing in Paragraph 58, however, relieves the Contractor of liability to the County for damages sustained by the County by virtue of any breach of contract related to a third-party infringement claim.

c. Right to Participate in Defense. The County may, at its sole expense, participate in the defense or resolution of a Claim. Contractor will have primary control of the defense and resolution of the Claim, except when such defense or resolution requires the County to (i) admit liability or wrongdoing; or (ii) to pay money. In either of these cases Contractor must obtain the County's prior written consent before entering into such settlement or resolution.

d. Reserved.

58. OFFICIALS NOT TO BENEFIT:

a. Each bidder or offeror shall certify, specifically those who have had direct involvement with RFP No. 2000003581, upon signing a bid or proposal, that to the best of their knowledge no Fairfax County official or employee having official responsibility for the procurement transaction, or member of their immediate family, has received or will receive any financial benefit of more than nominal or minimal value relating to the award of this contract. If such a benefit has been received or will be received, this fact shall be disclosed with the bid or proposal or as soon thereafter as it appears that such a benefit will be received. Failure to disclose the information prescribed above may result in suspension or debarment, or rescission of the contract made, or could affect payment pursuant to the terms of the contract.

73. AUDIT OF RECORDS:

Subject to AT&T's reasonable security requirements and not more than once every twelve (12) months, Customer may, at its own expense, review AT&T's relevant billing records for a period not to exceed the preceding 12 months, for the purpose of assessing the accuracy of AT&T's invoices to Customer.

- 8. CHANGES TO SPECIAL PROVISIONS.** The Parties agree to the following changes to the Special Provisions included within the RFP No. 2000003581. In each instance, the numbered provision replaces the corresponding numbered provision in the Special Provisions.

8.4.1 Description of Service Level Agreement

a. Definitions

- i. The Contractor's "Response Time" begins at the time that the County notifies the Contractor of a service trouble or outage via repair request, or the Contractor's monitoring/fault detection systems detect the service trouble or outage on its own. Response time concludes when the Offeror commences performance of remedial service, either onsite or remotely (if a trouble is capable of being remedied remotely). The acknowledgement of receipt of notification or generation of a trouble ticket on the Contractor's part does not constitute a response.
- ii. The Contractor's "Repair Time" begins at the time that the County notifies the Contractor of a service trouble or outage via repair request, or the Contractor's monitoring/fault detection systems detect the service trouble or outage on its own. Repair time concludes when the Offeror permanently restores the service to the same or better state, than before the service trouble or outage occurrence.
- iii. It is desirable, when possible, for the Contractor to implement a workaround to temporarily restore service to the County so as to lessen the impact on normal operations. Implementation of such

a workaround does not extend or alter the permanent repair time in any manner.

- iv. "Normal County Business Hours" are defined as 6:00 AM through 6:00 PM, Monday through Friday, excluding FCPS/County holidays. Key resource centers and public safety facilities are 24x7x365.

b. Service Availability

- i. The Contractor must make its service(s) available for use twenty-four (24) hours per day, seven (7) days per week, and three-hundred sixty-five (365) days per year (24x7x365).
- ii. The Contractor must have established administrative, ethical, and technological security measures and processes implemented within its organization for the purpose of protecting and maintaining continuity of its service delivery to the County.

c. Maintenance

- i. Planned maintenance activities requiring service outages will not be permitted during normal County business hours (or later in some cases).
- ii. Any anticipated interruption in service as a result of planned maintenance activities will be submitted in writing to the County at least one (1) week in advance of the scheduled event and subject to the County approval. Such notification must identify the affected service(s) and/or County locations, anticipated outage time, and recovery or rollback options.
- iii. The Contractor must notify the appropriate County Department of Information Technology (DIT) personnel member immediately of any emergency maintenance activities requiring a service outage, identifying the affected service(s) and/or County locations, anticipated outage time, and recovery or rollback options.

d. Incident Handling

- i. In the event that a service trouble or outage occurs, the Contractor must take corrective action in the resolution of the problem in accordance with the Service Level Agreement (SLA) detailed in Appendix D – Service Level Agreement, meeting or exceeding the response and repair times.
- ii. The Contractor must provide priority restoration services to the listing of FCPS mission critical sites as identified in Appendix E – Critical Sites Listing. FCPS reserves the right to amend this listing at any time within the duration of the resulting contract. All issues at these sites will be classified as Priority 1.

- iii. For all Priority 1 incidents as defined in Appendix D – Service Level Agreement, the Contractor must commit substantial resources to work around the clock to resolve the issue.
- iv. The Contractor's service processes must include systematic troubleshooting methodologies and include a root cause analysis determination for individual incidents.
- v. In the event that a service trouble or outage is determined to be on the customer side of the demarcation point, the Contractor will not charge the County for such failure determination.
- vi. The Contractor must provide dedicated resources to perform problem management investigations of chronic service troubles and outages to prevent recurrence of such incidents.
 - The Contractor's analysis must include a corrective action plan clearly identifying the cause of the substandard service and the measures that will be taken to implement the corrective action(s).
 - The Contractor's corrective action plan must take into account any County provided considerations.
 - The Contractor's corrective action plan will be provided at no additional cost to the County.
- vii. In the event that an extended service trouble or outage occurs, the Contractor must work diligently and continually communicate with the County and meet the following requirements:
 - The Contractor must conduct service level conference calls at a minimum of every other day, until the issue is repaired, or the County deems the situation acceptable.
 - The Contractor must provide a teleconference bridge to facilitate conference calls.
 - The Contractor must provide the schedule and agenda no later than three (3) hours prior to a conference call.
 - The Contractor must provide the County with incident and network health reports and status updates.
- viii. The Contractor must provide the County with detailed escalation and contingency plans in the event of a service trouble or outage, which must include a listing of the appropriate contacts.
 - The escalation contacts must have the adequate control and administrative responsibility to provide the County status updates and resolution in a timely manner. The Contractor's escalation

plan must include senior management personnel.

- The listing of contacts must be kept up to date at all times by the Contractor and provided to the County at least on a quarterly basis.
- ix. All Priority 1 incidents require an immediate hand-off to a supervisor or Team Lead to oversee the repair process.
- x. Reserved.

8.6. **Invoicing:** The Offeror must identify and describe its established invoicing and billing processes in detail ensuring that the structure meets the following minimum specifications. Where possible, the Offeror must provide bundling of any and all services proposed.

- a. Invoices must be issued on a monthly basis in an electronic format via the Contractor's online portal or delivered as a CD-ROM, when requested, at no cost to the County.
- b. All invoicing data must have the ability to be exported, sorted, and downloaded by the County for further manipulation and analysis. Microsoft Excel (.xls) or Comma Separated Value (.csv) must be one of the supported export file types.
- c. The Contractor's invoicing system must associate and display a County-provided site name descriptive label with each account number for internal reference.
- d. The Contractor's invoicing system must allow for customization and provide the County with various options with regard to format, to include summary invoicing. The Contractor must work with the County to organize invoices to summarize services in such a manner as required by Federal E-Rate specifications as applicable.
- e. The Contractor must accept a County credit card as payment for any and/or all service charges through the Offeror's online portal with no dollar limit.
- f. The Contractor must audit/review the first month's invoicing for any and all new services to ensure that the items below are correct. In the event that the information is not correct, the County reserves the right to withhold payment until such corrections have been made.
 - i. The correct service(s) has been ordered
 - ii. The monthly recurring charge (MRC), if any, is appropriate
 - iii. The FCPS descriptive label or site code is correct and included on the invoice

- iv. The billing address and attention information is correct
- v. That any prior credits issued have been applied
- g. The County will not be liable for any service charges not invoiced within twelve (12) months from the date on which the service was provided.
- h. The Contractor must work with the County in good faith to resolve disputed invoices within sixty (60) days of notification by the County and the Contractor will not impose late charges or disconnect service on such disputed invoices.
- i. All invoices prepared by the Contractor must reflect the tax-exempt status of the County. AT&T can accommodate tax exemption with receipt of certificates for tax-exempt status. AT&T reserves the right to pass along additional charges, surcharges and fees imposed on AT&T by State or Federal regulations or laws and any cost incurred by AT&T in providing the services.
- j. As detailed in paragraph 8.1.e. [of the Special Provisions included with RFP2000003581] the Contractor must identify a primary point of contact for the purpose of invoicing and to address any related issues.
- k. FCPS invoices should be sent to FCPSinvoices@fcps.edu
- l. Fairfax County Government (FCG) invoices should be sent to fxcoinvoices@fairfaxcounty.gov or mailed to FCG - Accounts payable P.O. Box 1147 Fairfax, VA 22038-1147.

22. CONTRACT INSURANCE PROVISIONS

- 22.1. The Contractor shall be responsible for its work and materials, tools, equipment, appliances, and its property used in connection this contract.
- 22.2. The Contractor shall, during the continuance of all work under the contract maintain the following insurance:
 - a. Statutory Workers' Compensation and Employer's Liability with limits of \$100,000 per accident. \$100,000 per disease per employee, \$100,000 per disease policy limit.
 - b. Commercial General Liability insurance based on ISO form CG 00 01 or equivalent with limits of \$1,000,000 each occurrence and \$2,000,000 aggregate including contractual liability, personal and advertising injury, and products and completed operations coverage.
 - c. Automobile Liability insurance with limits of \$1,000,000 per accident, Combined Single Limit covering all vehicles operated or in use by the Contractor in the performance of this contract.

- d. Professional Liability/Errors and Omissions, including Cyber/Information Technology insurance coverage responding to Contractor's errors, acts, or omissions in the amount of \$1,000,000 per claim and annual aggregate and including coverage for costs of third-party notification, credit monitoring, and fraud protection.
- 22.3. Fairfax County Public Schools, the Fairfax County School Board, its officers, and employees shall be included as an additional insured in the Automobile and General Liability policies by endorsement as respects this Agreement.
- 22.4. Additional Requirements
- a. The Contractor agrees to provide insurance issued by companies admitted within the Commonwealth of Virginia, with the Best's Key Rating of at least A:VI.
 - b. Prior to commencement of services and during the term of the contract, the contractor will provide a signed Certificate of Insurance citing the contract number and such coverage as required in this section.
 - c. The contractor will secure and maintain all insurance certificates of its subcontractors, which shall be made available to the County on demand.

25. REPORTS AND INVOICING

- 25.1. Contractor must maintain all records in compliance with federal and state regulations. The Contractor(s) must submit to each program administrator, monthly statistical reports, and an annual tabulated report.
- 25.2. The Contractor must invoice each County department using the final contract separately. Invoices for all users of the contract must meet County requirements, unless otherwise indicated. The Contractor must send each department an itemized monthly invoice (or as agreed to between the parties), which must include the information listed below:
- a. Employee name
 - b. The name of the County department
 - c. Date of services
 - d. The type of services; and,
 - e. The itemized cost for each item/service
- 25.3. County departments must receive monthly invoices following the month the Contractor provided the service. In addition, the Contractor will provide each County department a monthly and year-to-date utilization report which lists all information shown above in paragraph 19.2, a-e. The Contractor will mail the invoices and the utilization reports to the individuals identified in the final contract.

- 25.4. Invoices should be sent to FCPSinvoices@fcps.edu
- 25.5. FCG invoices should be sent to fxcoinvoices@fairfaxcounty.gov or mailed to FCG- Accounts payable P.O. Box 1147 Fairfax, VA 22038-1147.
- 25.6. The County will not be liable for any service charges not invoiced within twelve (12) months from the date on which the service was provided.
- 25.7. Contractor must work with the County in good faith to resolve disputed invoices within two (2) billing cycles (60 days) from dispute acceptance by the Customer. Upon resolution of the disputed invoice, County will be credited for any charges assessed incorrectly within two (2) billing cycles from AT&T's receipt of County's notice of acceptance, and the Contractor will not impose late charges or disconnect service on such disputed invoices.
- 25.8. All invoices prepared by the Contractor must reflect the tax-exempt status of the County. AT&T can comply. AT&T reserves the right to pass along additional charges, surcharges and fees imposed on AT&T by State or Federal regulations or laws and any cost incurred by AT&T in providing the service.
- 25.9. Contractor must identify a primary point of contact for the purpose of invoicing and to address any related issues.

9. LONG DISTANCE, INCLUDING INTERNATIONAL CALLING (SEE SPECIAL PROVISIONS SECTION 9.1.B.) The following additional terms and conditions apply to AT&T's provision of Local Distance (including International Calling) Services hereunder:

10. INTERNATIONAL CALLING. The parties agree that international Calling do not require an access code, however the County has the option to use either Direct Dialing or an Account Code.

11. LONG DISTANCE AND INTERNATIONAL CALLING. The parties agree that long distance and international calling require a "1" in front of number dialed.

12. TOLL-FREE INBOUND (SEE SPECIAL PROVISIONS SECTION 9.1.D.) The following additional terms and conditions apply to AT&T's provision of Toll-free Inbound Services hereunder:

- a. AT&T agrees that the actual cost per minute for Toll-free inbound service indicated in the pricing section of this Memorandum of Negotiations is priced as a standalone service and is not bundled with long distance service.
- b. AT&T agrees that the AT&T Office@Hand product includes a bundle of minutes per package as outlined below PER ACCOUNT based on Edition purchased. Bundles are shown here:

Standard Edition – 1,000 Toll Free Minutes of Use (MOU)
Premium Edition – 2,500 Toll Free MOU
Enterprise Edition – 10,000 Toll Free MOU

- c. AT&T agrees that after the bundle of Toll-free minutes is used, the usage rate is \$0.039/min.
- d. AT&T agrees that one toll free telephone number is included gratis and each additional TF# is \$1.50 per month.

13. AUDIO TELECONFERENCING (SEE SPECIAL PROVISIONS SECTION 9.1.E.) The following additional terms and conditions apply to AT&T's provision of Audio Teleconferencing Services hereunder:

- a. The parties agree that the Standalone Audio Teleconferencing will support up to five hundred (500) Connections.
- b. The parties agree that AT&T Office@Hand (O@H) may be used as an alternative for Audio Conferencing.
- c. AT&T agrees that the Audio Teleconferencing (not video) with O@H will support up to one thousand (1,000) participants.
- d. The parties agree that Standalone Audio Teleconferencing is audio only conferencing, not web-based conferencing.
- e. AT&T agrees that AT&T Audio Conferencing product is able to integrate into Webex and Microsoft Teams with the caveat that it will need to migrate to an alternative service within twelve (12) months of the execution date of this Memorandum of Negotiations.
- f. AT&T will provide the AT&T Office@Hand product for this purpose, which can integrate with Webex and Microsoft Teams subject to additional fees and the Parties' mutual written agreement.
 - i. AT&T agrees that with the Microsoft Office 365 integration installed, users can make AT&T Office@Hand voice calls, send SMS, and initiate AT&T Office@Hand Meetings in Microsoft Teams.
 - ii. AT&T agrees that with the AT&T Office@Hand Microsoft Teams native bot, users can leverage the bot to post-meeting and audio conference call details into any conversation and initiate outbound calls.
 - iii. AT&T agrees that users can easily initiate calls out of Microsoft Teams using AT&T Office@Hand from within a chat on desktop and web or via the Chrome extension.
 - iv. AT&T agrees that users can make and receive calls, send and receive business SMS, and post-meeting details directly from Microsoft Teams from the web interface.
 - v. AT&T agrees that users with Office@Hand users have the ability to click to join the meeting from the conversation and access global dial-in numbers if needed.

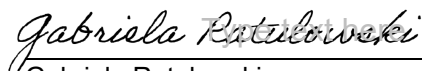

- vi. AT&T agrees that the Office@Hand product supports Microsoft Teams desktop and web applications.
 - f. AT&T agrees that the AT&T Teleconferencing Audio product integrates with and supports Health Insurance Portability and Accountability Act of 1996 (HIPAA) requirements via use of Zoom.
 - g. AT&T agrees that with AT&T Office@Hand, an AT&T Business Associate Agreement will be available to support HIPPA compliance.
- 14. E-RATE.** The parties acknowledge and agree that no e-Rate services or products will be bought or sold under the Agreement.
- 15. ORDER OF PRECEDENCE.** In the event of a conflict or ambiguity between or among the documents comprising the Contract, and except as otherwise expressly provided, the documents will be accorded the following order of precedence:
- All amendments to the Contract entered into after the date of this Memorandum of Negotiations;
 - This Memorandum of Negotiations;
 - Attachment A. AT&T's Services and Service Pricing, dated May 30, 2023;
 - AT&T's response to the Security Architecture Checklist, dated February 17, 2023, along with the AT&T Communications system and Organization Controls 2 Report for the period December 1, 2021 to November 30, 2022 (incorporated by reference only);
 - Attachments B through F to this Memorandum of Negotiations;
 - Attachment B. Service Guide for AT&T OneNet Service
 - Attachment C. Service Guide for AT&T IP Toll-Free
 - Attachment D. Service Guide for AT&T Conferencing Services
 - Attachment E. AT&T Acceptable Use Policy;
 - Attachment F. AT&T Privacy Policy;
 - All Addenda to Fairfax County's Request for Proposal 2000003581;
 - Fairfax County's Request for Proposal 2000003581; and
 - AT&T's Technical and Business proposal dated November 2, 2022.

[END OF PAGE]

All other prices, terms, and conditions remain the same.

Executed and agreed by the undersigned duly authorized representatives of the parties on the dates set forth next to their signatures below.

Attachment E- AT&T Acceptable Use Policy

To be notified of changes to the Acceptable Use Policy, please complete the form available at <http://www.corp.att.com/aup/subscribe.html>.

Introduction

AT&T is at all times committed to complying with the laws and regulations governing use of the Internet, e-mail transmission and text messaging and preserving for all of its Customers the ability to use AT&T's network and the Internet without interference or harassment from other users. The AT&T Acceptable Use Policy ("AUP") is designed to help achieve these goals.

By using IP Service(s), as defined below, Customer(s) agrees to comply with this Acceptable Use Policy and to remain responsible for its users. AT&T reserves the right to change or modify the terms of the AUP at any time, effective when posted on AT&T's web site at www.att.com/aup. Customer's use of the IP Service(s) after changes to the AUP are posted shall constitute acceptance of any changed or additional terms.

Scope of the AUP

The AUP applies to the AT&T services that provide (or include) access to the Internet, including hosting services (software applications and hardware), or are provided over the Internet or wireless data networks (collectively "IP Services").

Prohibited Activities

General Prohibitions: AT&T prohibits use of the IP Services in any way that is unlawful, harmful to or interferes with use of AT&T's network or systems, or the network of any other provider, interferes with the use or enjoyment of services received by others, infringes intellectual property rights, results in the publication of threatening or offensive material, or constitutes Spam/E-mail/Usenet abuse, a security risk or a violation of privacy.

Failure to adhere to the rules, guidelines or agreements applicable to search engines, subscription Web services, chat areas, bulletin boards, Web pages, USENET, applications, or other services that are accessed via a link from the AT&T-branded website or from a website that contains AT&T-branded content is a violation of this AUP.

Unlawful Activities: IP Services shall not be used in connection with any criminal, civil or administrative violation of any applicable local, state, provincial, federal, national or international law, treaty, court order, ordinance, regulation or administrative rule.

Violation of Intellectual Property Rights: IP Service(s) shall not be used to publish, submit/receive, upload/download, post, use, copy or otherwise reproduce, transmit, re-transmit, distribute or store any content/material or to engage in any activity that infringes, misappropriates or otherwise violates the intellectual property rights or privacy or publicity rights of AT&T or any individual, group or entity, including but not limited to any rights protected by any copyright, patent, trademark laws, trade secret, trade dress, right of privacy, right of publicity, moral rights or other intellectual property right now known or later recognized by statute, judicial decision or regulation.

Threatening Material or Content: IP Services shall not be used to host, post, transmit, or re-transmit any content or material (or to create a domain name or operate from a domain name), that harasses, or threatens the health or safety of others. In addition, for those IP Services that utilize AT&T provided web hosting, AT&T reserves the right to decline to provide such services if the content is determined by AT&T to be obscene, indecent, hateful, malicious, racist, defamatory, fraudulent, libelous, treasonous, excessively violent or promoting the use of violence or otherwise harmful to others.

Inappropriate Interaction with Minors: AT&T complies with all applicable laws pertaining to the protection of minors, including when appropriate, reporting cases of child exploitation to the National Center for Missing and Exploited Children. For more information about online safety, visit www.ncmec.org or www.att.com/safety.

Child Pornography: IP Services shall not be used to publish, submit/receive, upload/download, post, use, copy or otherwise produce, transmit, distribute or store child pornography. Suspected violations of this prohibition may be reported to AT&T at the following e-mail address: cp@abuse-att.net. AT&T will report any discovered violation of this prohibition to the National Center for Missing and Exploited Children and take steps to remove child pornography (or otherwise block access to the content determined to contain child pornography) from its servers.

Spam/E-mail/Usenet Abuse: Violation of the CAN-SPAM Act of 2003, or any other applicable law regulating e-mail services, constitutes a violation of this AUP. Spam/E-mail or Usenet abuse is prohibited using IP Services. Examples of Spam/E-mail or Usenet abuse include but are not limited to the following activities:

- sending multiple unsolicited electronic mail messages or “mail-bombing” - to one or more recipient;
- sending unsolicited commercial e-mail, or unsolicited electronic messages directed primarily at the advertising or promotion of products or services;
- sending unsolicited electronic messages with petitions for signatures or requests for charitable donations, or sending any chain mail related materials;
- sending bulk electronic messages without identifying, within the message, a reasonable means of opting out from receiving additional messages from the sender;
- sending electronic messages, files or other transmissions that exceed contracted for capacity or that create the potential for disruption of the AT&T network or of the networks with which AT&T interconnects, by virtue of quantity, size or otherwise;
- using another site’s mail server to relay mail without the express permission of that site;
- using another computer, without authorization, to send multiple e-mail messages or to retransmit e-mail messages for the purpose of misleading recipients as to the origin or to conduct any of the activities prohibited by this AUP;
- using IP addresses that the Customer does not have a right to use;
- collecting the responses from unsolicited electronic messages;
- maintaining a site that is advertised via unsolicited electronic messages, regardless of the origin of the unsolicited electronic messages;
- sending messages that are harassing or malicious, or otherwise could reasonably be predicted to interfere with another party’s quiet enjoyment of the IP Services or the Internet (e.g., through language, frequency, size or otherwise);
- using distribution lists containing addresses that include those who have opted out;
- sending electronic messages that do not accurately identify the sender, the sender’s return address, the e-mail address of origin, or other information contained in the subject line or header;

- falsifying packet header, sender, or user information whether in whole or in part to mask the identity of the sender, originator or point of origin;
- using redirect links in unsolicited commercial e-mail to advertise a website or service;
- posting a message to more than ten (10) online forums or newsgroups, that could reasonably be expected to generate complaints;
- intercepting, redirecting or otherwise interfering or attempting to interfere with e-mail intended for third parties;
- knowingly deleting any author attributions, legal notices or proprietary designations or labels in a file that the user mails or sends;
- using, distributing, advertising, transmitting, or otherwise making available any software program, product, or service that is designed to violate this AUP or the AUP of any other Internet Service Provider, including, but not limited to, the facilitation of the means to spam.

Security Violations

Customers are responsible for ensuring and maintaining security of their systems and the machines that connect to and use IP Service(s), including implementation of necessary patches and operating system updates.

IP Services may not be used to interfere with, gain unauthorized access to, or otherwise violate the security of AT&T's (or another party's) server, network, network access, personal computer or control devices, software or data, or other system, or to attempt to do any of the foregoing. Examples of system or network security violations include but are not limited to:

- unauthorized monitoring, scanning or probing of network or system or any other action aimed at the unauthorized interception of data or harvesting of e-mail addresses;
- hacking, attacking, gaining access to, breaching, circumventing or testing the vulnerability of the user authentication or security of any host, network, server, personal computer, network access and control devices, software or data without express authorization of the owner of the system or network;
- impersonating others or secretly or deceptively obtaining personal information of third parties (phishing, etc.);
- using any program, file, script, command or transmission of any message or content of any kind, designed to interfere with a terminal session, the access to or use of the Internet or any other means of communication;
- distributing or using tools designed to compromise security (including but not limited to SNMP tools), including cracking tools, password guessing programs, packet sniffers or network probing tools (except in the case of authorized legitimate network security operations);
- knowingly uploading or distributing files that contain viruses, spyware, Trojan horses, worms, time bombs, cancel bots, corrupted files, root kits or any other similar software or programs that may damage the operation of another's computer, network system or other property, or be used to engage in modem or system hi-jacking;
- engaging in the transmission of pirated software;

- with respect to dial-up accounts, using any software or device designed to defeat system time-out limits or to allow Customer's account to stay logged on while Customer is not actively using the IP Services or using such account for the purpose of operating a server of any type;
- using manual or automated means to avoid any use limitations placed on the IP Services;
- providing guidance, information or assistance with respect to causing damage or security breach to AT&T's network or systems, or to the network of any other IP Service provider;
- failure to take reasonable security precautions to help prevent violation(s) of this AUP.

Customer Responsibilities

Customers remain solely and fully responsible for the content of any material posted, hosted, downloaded/uploaded, created, accessed or transmitted using the IP Services. AT&T has no responsibility for any material created on the AT&T's network or accessible using IP Services, including content provided on third-party websites linked to the AT&T network. Such third-party website links are provided as Internet navigation tools for informational purposes only, and do not constitute in any way an endorsement by AT&T of the content(s) of such sites.

Customers are responsible for taking prompt corrective action(s) to remedy a violation of AUP and to help prevent similar future violations.

AUP Enforcement and Notice

Customer's failure to observe the guidelines set forth in this AUP may result in AT&T taking actions anywhere from a warning to a suspension or termination of Customer's IP Services. When feasible, AT&T may provide Customer with a notice of an AUP violation via e-mail or otherwise allowing the Customer to promptly correct such violation.

AT&T reserves the right, however, to act immediately and without notice to suspend or terminate affected IP Services in response to a court order or government notice that certain conduct must be stopped, or when AT&T reasonably determines that the Customer's use of the affected IP Services may: (1) expose AT&T to sanctions, prosecution, civil action or any other liability; (2) cause harm to or interfere with the integrity or normal operations of AT&T's network or networks with which AT&T is interconnected; (3) interfere with another AT&T Customer's use of IP Services or the Internet; (4) violate any applicable law, rule or regulation; or (5) otherwise present an imminent risk of harm to AT&T or AT&T Customers.

Copyright Infringement & Digital Millennium Copyright Act

AT&T respects the intellectual property rights of others. The Digital Millennium Copyright Act of 1998 (the "DMCA" found at 17 U.S.C. § 512) provides that owners of copyrighted works who believe that their rights under U.S. copyright law have been infringed may report alleged infringements to service providers like AT&T. In accordance with the DMCA and other applicable laws, AT&T maintains a policy that provides for the termination of IP Services, under appropriate circumstances, if Customers are found to be a repeat infringer and/or if Customers' IP Services are used repeatedly for infringement (the "Repeat Infringer Policy"). AT&T may terminate IP Services at any time with or without notice to Customers.

AT&T has no obligation to investigate possible copyright infringements with respect to materials transmitted by Customer or any other users of the IP Services. However, AT&T will process valid notifications of claimed infringement under the DMCA, and continued receipt of infringement notifications for Customer's account will be used as a factor in determining whether Customer is a repeat infringer. In addition, AT&T may voluntarily participate, on terms acceptable to AT&T, in copyright alert and graduated response programs.

Incident Reporting

Any complaints (other than claims of copyright infringement) regarding violation of this AUP by an AT&T Customer (or its user) should be directed to abuse@att.net. Where possible, include details that would assist AT&T in investigating and resolving such complaint (e.g., expanded headers, IP address(s), a copy of the offending transmission and any log files).

DMCA Copyright Notifications:

Pursuant to 17 U.S.C. §§ 512(b)-(d), a copyright holder may send AT&T a valid notification of claimed copyright infringement under the DMCA. For further information regarding such notifications, see <https://www.att.com/negal/terms.dmca.html>. AT&T's designated agent to receive notifications of claimed infringement as described in DMCA subsection 512(c)(3) is:

Registered Copyright Agent
4825 Creekstone Drive, Suite 300
Durham, NC 27703
E-Mail: copyright@att.com

Due to the substantial volume of notifications of claimed infringement that AT&T receives and processes, we are unable to accept notices of alleged copyright infringement via this designated agent or email address other than notifications of claimed infringement sent pursuant to Sections 512(b)-(d).

AT&T also provides transitory digital network communications services, pursuant to 17 U.S.C. § 512(a). In connection with such services, AT&T provides an online form that copyright holders should use to send notifications related to alleged copyright infringement by its users based on the standards of the Automated Copyright Notice System (ANCS). Copyright holders should use this online form to submit complaints related to alleged peer-to-peer file sharing (i.e. sharing media files via peer-to-peer networking technology), or other forms of copyright notice other than those sent pursuant to Sections 512(b)-(d) of the DMCA ("ISP Conduit Notices"). By submitting complaints using this online form, we are able to more efficiently manage and process ISP Conduit Notices. Due to the substantial volume of copyright notices that AT&T receives, we are unable to guarantee processing of ISP Conduit Notices that are sent by other means. Copyright holders can access AT&T's online form at att.com/p2pnotices. Please note that copyright holders must complete all fields in the online form before submitting.

Contact Information: Any notification that AT&T sends to its Customers pursuant to this AUP will be sent via e-mail to the e-mail address on file with AT&T, or may be in writing to Customer's address of record. It is Customer's responsibility to promptly notify AT&T of any change of contact information.

Effective Date: July 28, 2017

EFFECTIVE JANUARY 1, 2023

Attachment F - AT&T Privacy Policy

Your information and your privacy are important — to you and to us. This policy explains how we use your information and how we keep it safe.

Importantly, it explains the choices you can make at any time about how your information is used.

When this Policy applies

This Privacy Policy (“Policy”) covers the information generated when you use or subscribe to AT&T products, services, apps, websites or networks to which this Policy is linked. In the Policy, we call them “Products or Services” for short. They include voice, data, internet and other products, services and apps.

This Policy applies to you and anyone who uses our Products or Services under your account, except where we identify that separate AT&T privacy policies or terms and conditions apply. You are responsible for making sure all users under your account understand and agree to this Policy.

Here are special circumstances where this Policy may not apply, or may apply in addition to other policies:

- Some of our Products or Services - for example our FirstNet service - may be covered by their own privacy policies or additional privacy terms and conditions, while, U-verse TV is governed by the DIRECTV privacy policy. (<http://www.directv.com/privacy>)
- Some of our affiliates - such as DIRECTV and Cricket - have their own privacy policies that apply to data they collect from products, services and apps they provide. Any data collected subject to this Policy that is shared with those affiliates will still be treated consistent with this Policy.

- Some areas both inside and outside of the United States - for example California and the European Union - require us to adopt different policy terms and commitments in accordance with local laws.
- In certain cases, when you're using your AT&T Products or Services, other companies may be collecting information, so that your information may be covered by this Policy and other privacy policies at the same time. Here are some examples: if you purchase one of our Products or Services from a retailer; if you use our Services to connect to a social networking service or another company's Wi-Fi network; or if you provide your information to another company through a co-branded website, app or service controlled by the other company. In those cases, any information you provide to those companies may be subject to just their policy, or subject to both their policy and ours.
- If you are an AT&T business customer, we may have written Product or Service agreements that contain specific provisions about confidentiality, security or handling of information. When one of those agreements differs from or conflicts with this Policy, the terms of those agreements will apply instead.

The information we collect

We collect information about you and how you're using our Products or Services along with information about your devices and equipment. This may include performance information, along with web browsing, location and video viewing information.

Here are detailed examples of types of information we collect from our Products or Services:

- **Account Information** includes things like contact and billing information, service-related details and history and similar information, including Customer Proprietary Network Information. It also includes technical, equipment and usage information that relate to the services, products, websites and networks we provide you.

- **Web browsing and app information** includes things like the websites you visit or mobile apps you use. We use pixels, cookies, and similar technologies, and collect information on and off our network. We do not decrypt information you transmit using a secure website or app - including sensitive data like passwords or your banking information. We collect information including internet protocol and website address, and identifiers like advertising IDs and device IDs. This may also include information about the time you spend on websites or apps, the links or advertisements you see, the videos you watch online using our mobility and broadband services, search terms you enter, and items in your online shopping cart. We use this information together with data from testing and running our network.
- **Equipment Information** includes information that identifies or relates to equipment on our networks, such as type, identifier, status, settings, configuration, software or use.
- **Network performance and usage information** includes information about our networks, including your use of Products or Services or equipment on the networks, and how they are performing.
- **Location Information** includes your street address, your ZIP code and where your device is located. Location information is generated when the devices, Products or Services you use interact with cell towers, Wi-Fi routers, Bluetooth services, access points, other devices, beacons and/or with other technologies, including GPS satellites.
- **Biometric Information** such as unique biological pattern or characteristic or other unique physical or digital representation of biometric data, like a fingerprint, voiceprint, or scan of face geometry, that is used to identify a specific individual. To learn more, see [AT&T's Biometric Information Privacy Notice](#).
([/privacy/full_privacy_policy/biometrics.html](#)).

How we collect your information

We collect your information in 3 ways:

- **You give it to us** when you make a purchase, set up an account or otherwise directly communicate with us.
- **We automatically get it** when you use, or your device uses, our Products or Services. For example, we use network tools to collect information like call and text records and the web browsing information we describe in this Policy.
- **We get it from outside sources** like credit reports, marketing mailing lists, and commercially available geographic and demographic information, along with other available information, such as public posts to social networking sites.

How we use your information

We use your information, together with the information from testing and running our network, to power our services and to improve your experiences. This information is used to provide, support, improve, protect, analyze and bill for our products, service and network; to communicate with you about your service, products or apps; to better understand how you use our Products and Services; to market our services; to detect and avoid fraud; for advertising; and for research.

Here are examples of ways we use your information:

- Providing our Products and Services.
- Contacting you.
- Improving your experience and protecting the Products and Services we offer. This includes things like customer care, network security, verifying or authenticating your identity, detecting and preventing fraud, billing and collection, protecting your financial accounts, authorizing transactions and the development of future Products and Services.

- Helping us plan, deploy, improve, protect and defend our network infrastructure, protecting our property and legal rights, and for other lawful purposes.
- Understanding the Products, Services and offers that you, and other AT&T customers with whom you call and text and interact, might enjoy the most. We do not use the content of your texts, emails or calls for marketing or advertising.
- Helping us understand which Products, Services, and offers may interest you; creating engaging and customized experiences; and offering new or improved Products and Services to you. This is based on things like the information we've collected and our research, development and analysis.
- Designing and delivering advertising and marketing campaigns to you and others and measuring their effectiveness. You can manage your privacy choices, including opting in to the use of your web browsing and app information for advertising and marketing by participating in the Personalized Plus (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?Origination_point=PrivacyCenter). program.
- Delivering or customizing Products and the content you see, including advertisements, articles, videos, and marketing materials.
- Creating aggregate business and marketing insights, and helping companies develop aggregate insights (for instance, to market or improve Products and Services). We aggregate the data before we share it, which means that we group the information so that it does not identify you personally, and we require anyone who receives this data to agree they will only use it for aggregate insights, won't attempt to identify any person or device using this information, and will handle it in a secure manner, consistent with this Policy.
- For security purposes, including preventing and investigating illegal activities and violations of our Terms, Use Policies and other service conditions or restrictions.

How we share your information

- **We share it with your permission.**
- **We share it across AT&T companies.**
- **We share it with non-AT&T companies or entities as explained in this Policy.** For more details about how your information may be shared for advertising and marketing see Privacy Choices and Controls.

Sharing information across the AT&T affiliates

Like many large companies, AT&T is made up of many affiliates. Our Products and Services are developed, managed, marketed and sold by a variety of our affiliates. We share information that may identify you personally internally among our affiliates ⁱ, such as DIRECTV and Cricket. For information collected under this Policy, we require the affiliate to use, share and protect the information consistent with this Policy including honoring your communications preferences for first-party marketing of their products and services, your advertising consents and your State Data Rights and Choices. We may also combine information that identifies you personally with data that comes from an app or affiliate that has a different privacy policy. When we do that, our Policy applies to the combined data set.

Sharing information with non-AT&T companies that provide services for us or for you

We share information that identifies you personally with vendors that perform services for us or that support Products or Services provided to you, including marketing or ad delivery services. We do not require consent for sharing with our vendors for these purposes. We do not allow those vendors to use your information for any purpose other than to perform those services, and we require them to protect the confidentiality and security of data they get from us in a way that's consistent with this Policy.

Sharing information with non-AT&T companies to enable Identity Verification

We may share information with non-AT&T companies for their purposes to provide you services such as verifying or authenticating your identity, detecting

fraud, protecting your financial accounts, and authorizing transactions. We do not allow those non-AT&T companies to use it for any purpose other than to perform those services, and we require them to protect the confidentiality and security of data they get from us in a way that's consistent with this Policy. You are in control of this sharing. If you're an AT&T Prepaid customer, text "STOP" to 8010 to stop sharing with Identity Verification or "RESUME" to restart sharing at any time. Other customers can opt out of Identity Verification at [att.com/PrivacyChoices\(https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originationpoint=PrivacyCenter\)](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originationpoint=PrivacyCenter).

Sharing information with other non-AT&T companies or entities

There are also times when we provide information that identifies you personally to other companies and entities, such as government agencies, credit bureaus and collection agencies, without your consent, but where authorized or required by law. Reasons to share include:

- Complying with court orders, subpoenas, lawful discovery requests and as otherwise authorized or required by law. Like all companies, we are required by law to provide information to government and law enforcement agencies, as well as parties to civil lawsuits. You can find out more about this in our [Transparency Report](https://about.att.com/csr/home/governance/transparency.html). (<https://about.att.com/csr/home/governance/transparency.html>).
- Detecting and preventing fraud.
- Providing or obtaining payment for your service.
- Routing your calls or other communications.
- Ensuring network operations and security.
- Notifying, responding or providing information (including location) to a responsible governmental entity in emergency circumstances such as immediate danger of death or serious physical injury.
- Alerting the National Center for Missing and Exploited Children to information concerning child pornography of which we become aware through the provision of our services.

- Enforcing our legal rights, protecting our network and property or defending against legal claims.
- Complying with legal requirements to share the names, addresses and telephone numbers of non-mobile phone customers with phone directory publishers and directory assistance services. We honor your request for non-published or non-listed numbers.
- Providing name and number information for wireline and wireless CallerID and related services, like Call Trace. This means a person receiving a call can see the name and number of the caller.

Sharing Aggregate Metrics Reports with non-AT&T companies

Sometimes the services you enjoy from us directly involve other businesses. For example, we may collect information, including location and web browsing data, from visitors to places where we provide Wi-Fi services. In such cases, we aggregate the data before we use or share it with our business customers and service suppliers, which means that we group the information so that it does not identify you personally. We require that these metrics reports only be used for aggregate insights and that no one attempt to identify any person or device using this information. Consistent with this Policy, we also require that our metrics reports be handled in a secure manner and that the information included be used only for aggregate insights to enable the marketing or improvement of Products and Services.

Sharing Aggregate Insights

We may share insights with non-AT&T companies about AT&T's operations, network or services derived from aggregated customer data (data grouped so as not to identify you personally).

Sharing information for research

We may share information that doesn't identify you personally with other companies and entities for research. When we share this information, we require companies and entities to agree not to attempt or to allow others to use it to identify individuals. Our agreements will also prevent businesses from reusing or

reselling the information, and require that they will handle it in a secure manner, consistent with this Policy.

Sharing information with AT&T affiliates and non-AT&T companies for advertising and marketing programs

We may share information with AT&T affiliates and with non-AT&T companies to deliver or assess effectiveness of advertising and marketing campaigns as described in Privacy Choices and Controls.

(https://about.att.com/privacy/full_privacy_policy.html#choice).

Sharing information to support location services

Location services rely on, use or incorporate the location of a device to provide or enhance the service. Location services may collect and use or share location information to power applications on your device (those that are pre-loaded or those that you chose to download), such as mapping and traffic apps, or other location services you subscribe to. AT&T will not share your location information for location services without your consent (to us or a company providing you service), except as required by law. If you purchase location services from another company, such as a medical alerting device company, the use or disclosure of location information is governed by the agreement between you and the service provider, including any applicable privacy policy of the service provider, and is not governed by this Policy. In other cases -for example parental controls services - the account holder for the location services, instead of a user, may initiate or subscribe to the location services and provide the required consent.

Your Privacy- Choices and Controls

You can manage your privacy choices about how we contact you and how we use or share your information. You also have choices about how certain non-AT&T companies and advertisers use your information, including how we use and share your information for advertising and marketing.

Communication preferences

Sometimes we have offers or programs that may interest you. We'd like to be able to tell you about these. You can manage how we do it. You can opt- out of

marketing and advertising programs, but we still may contact you with service and non-marketing messages.

- **Email:** You can opt-out of marketing emails by using [att.com/marketing-unsubscribe](https://www.att.com/marketing-unsubscribe) (<https://www.att.com/marketing-unsubscribe>).
- **Text messages:** Opt-out of our marketing text messages by replying “stop” to any message.
- **Consumer telemarketing:** Ask to be removed from our consumer telemarketing lists by contacting us at (800) 288.2020 (consumer) or (800) 321.2000 (business), or by sending an e-mail to privacypolicy@att.com (<mailto:privacypolicy@att.com>) and provide the phone number you wish to have removed. You also can ask the AT&T representative to remove you from our telemarketing lists when you receive a marketing or promotional call from us.
- **Business telemarketing:** Where required by local laws and/or regulations, we’ll remove your business information from our telemarketing lists at your request.
- **National Do Not Call Registry:** The FTC maintains a National Do Not Call Registry at [donotcall.gov](http://www.donotcall.gov/) (<http://www.donotcall.gov/>) and some states in the United States may maintain their own Do Not Call Registry. Putting your number on these registries also may limit our telemarketing calls.
- **Automated messages:** In some cases, we will ask for your permission to send you automated calls or messages to your mobile phone. To opt-out of these calls or messages from us, go to [manage. your Automated Messages](http://www.att.com/cmpchoice) (<http://www.att.com/cmpchoice>). As required or allowed by law, even if you opt-out, we may continue to contact you with automated calls or messages at the telephone number issued by us for certain important informational messages about your service. For example, we may need to let you know about a problem with your wireless service.
- **Postal mail:** You can review our [Residential Do Not Mail Policy Statement](#) / and limit postal mail solicitations. You’ll still receive billing statements,

legal notices, product updates and other similar correspondence, and you may still receive some promotional mailings.

- **AT&T ActiveArmor:** You can also sign up for AT&T ActiveArmor (<https://www.att.com/security/>) to automatically block potential fraud calls, see warnings of suspected spam calls, add unwanted callers to your personal block list and help protect your phone from malware, viruses and system threats.

Choices about how we use and share your information for advertising and marketing

You have choices about how your information is used or shared in our programs that provide you with marketing and advertising tailored to your interests. As your provider of communications and internet services, our collection and use of information operates independently in many cases from the user controls and settings on your device, through your operating system, or on non-AT&T company websites or apps.

Online behavioral advertising: Online behavioral advertising is automated, customized advertising that you see when using online services, like ads in mobile apps or on websites. Those ads are served to you based on inferences about your interests. Those interests are determined from data collected about you, whether by AT&T or other parties.

- We work with ad companies that may serve ads across your use of online services. These companies may use cookies, mobile advertising identifiers, and other technologies to collect information about your use of our websites and other websites. This information may be used to, among other things, analyze and track online activities and deliver ads and content tailored to your interests as part of our advertising programs, such as our Personalized program.
- You can opt-out of online behavioral advertising from companies that participate in the Digital Advertising Alliance (<http://www.aboutads.info/>) by going to their Consumer Choice Page (<http://www.aboutads.info/choices/#completed>) or selecting this icon (<http://www.aboutads.info/>) when you see it on an online ad.

- To limit collection of data on websites that may be used for advertising, you can manage cookies and other similar technologies *i.* on your computer. If you change computers, devices, web browsers or you delete cookies, you will need to opt-out again. Please note that our collection of web browsing information works independently of your web browser's privacy settings with respect to cookies and private browsing. In addition, we don't currently respond to Do Not Track, please go to All About Do Not Track (<http://www.allaboutdnt.com/>) for more information. You can manage AT&T's use of web browsing information at [att.com/PrivacyChoices](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originatio_n_point=PrivacyCenter) (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originatio_n_point=PrivacyCenter).

Personalized and Personalized Plus: Personalized and Personalized Plus both use information to deliver ads that we think you might be interested in on websites, apps and other properties, sites or services.

- **Personalized:** This program gives you the benefit of offers and ads that are relevant to your interests. To determine your possible interests, we use and share with advertising partners data about your use of our Products and Services. We also use data we get from our advertising partners, and demographic data like ZIP code and age range. You won't see more ads - just customized ads. The Personalized program does not use your precise location, web browsing data collected as an internet service provider, information about your medical conditions, financial account information, or Customer Proprietary Network Information. It also does not access or use the contents of your texts, emails or calls. The Personalized program may place you into general categories of interest, such as "soccer fan:" When you participate in this program, we will also:
 - Use automated decision-making, such as artificial intelligence, for things like marketing and advertising.
 - Use some types of Sensitive Personal Information, like your ethnic or racial origin, for things like marketing and advertising, except as noted above. But for customers in Colorado, Connecticut, and Virginia, we will only do so if you are also participating in Personalized Plus.

You will be included in the Personalized program unless you opt out. You may opt-out by going to [att.com/PrivacyChoices](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter) (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter).

- **Personalized Plus:** With your consent, you may participate in Personalized Plus, which gives you the benefit of offers and ads that are relevant to your interests. To determine your possible interests, we use and share with advertising partners data about your use of our Products and Services - such as web browsing and apps. We also use data we get from our advertising partners, and demographic data like ZIP code and age range. In addition, by using information from testing and running our network, we may infer websites visited or videos viewed over a secure connection for advertising and marketing purposes. You won't see more ads -just customized ads. You may opt in to this program by going to [att.com/PrivacyChoices](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?Origination_Point=PrivacyCenter) (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?Origination_Point=PrivacyCenter).
- Personalized Plus also uses your precise location and Customer Proprietary Network Information for more customization. It does not access or use the contents of your texts, emails or calls.
- If you live in Colorado, Connecticut or Virginia, by participating in Personalized Plus, you agree to let us collect, use, store and share some types of Sensitive Personal Information, like your race or ethnic origin. If you live in other states, we collect, use, store and share this data by default to serve you custom ads; you can manage your preferences by opting out of the Personalized Program at [att.com/PrivacyChoices](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter) (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter).

All customers participating in the Personalized Plus are automatically opted in to the Personalized program. You can make changes at any time by going to [att.com/PrivacyChoices](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter) (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter).

Other Choices

- **Customer Proprietary Network Information (CPNI):** You can learn more (https://about.att.com/privacy/full_Privacy-Policy.html#CPNI) about CPNI and your choices about our use of that information for marketing purposes here (<https://www.wireless.att.com/ecpni/>).
 - If you don't want us to use your CPNI internally for things like offers, here is what you can do:
 - Login to [att.com/PrivacyChoices](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICE?origination_point=PrivacyCenter) (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICE?origination_point=PrivacyCenter).
 - Opt-out at [att.com/cpni/optout](https://www.att.com/ecpni/optout) (<https://www.att.com/ecpni/optout/initiateCPNIFORM.action>).
 - Call us at (800) 315.8303, any time of day, and follow the prompts.
 - Chat with a service representative at (800) 288.2020 (consumer) or (800) 321.2000 (business).
- **Identity Verification:** We may share information with non- AT&T companies such as your bank to help protect your accounts from fraud, verify your identity and make sure you authorize certain transactions. We do not allow those non- AT&T companies to use your information for any other purpose than those services. You are enrolled by default, but you can stop at any time. Text "STOP" to 8010 to turn off Identity Verification or "RESUME" to restart. Or manage your choices at [att.com/PrivacyChoices](https://www.att.com/PrivacyChoices) (https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter).

Security

We work hard to safeguard your data using a range of technological and organizational security controls.

We maintain and protect the security of computer storage and network equipment, and we use security procedures that require employees to authenticate themselves to access sensitive data. We also limit access to personal information only to those with jobs requiring such access. We require callers and online users to authenticate themselves before providing account information.

No security measures are perfect, however. We can't guarantee that your information will never be disclosed in a manner inconsistent with this Policy. If a breach were to occur, we will notify you as required by applicable law.

Data storage, transfer, retention and accuracy:

We take steps to ensure that data is processed according to this Policy and to the requirements of applicable law of your country and of the additional countries where the data is subsequently processed.

Data we collect may be processed and stored in the United States or in other countries where we or our affiliates or service providers process data.

When we transfer personal data from the European Economic Area to other countries, we use a variety of legal mechanisms to help ensure all applicable laws, rights and regulations continue to protect your data.

We keep your information as long as we need it for business, tax or legal purposes. We set our retention periods based on things like the type of personal information collected, how long the personal information is needed to operate the business or provide our Products and Services and whether the business is subject to contractual or legal obligations - such as ongoing litigation, mandatory data retention laws or government orders to preserve data relevant to an investigation. After that, we destroy it by making it unreadable or indecipherable.

Need to update your information? We're happy to help you review and correct the information we have on your account and billing records. For more information, please see the Contact Us (<https://www.att.com/mydatarequest/new-request/>) section of this Policy.

Other privacy information

Changes in ownership or to the Policy

Information about our customers and users, including information that identifies you personally, may be shared and transferred as part of any merger, acquisition, sale of company assets or transition of service to another provider. This also applies in the unlikely event of an insolvency, bankruptcy or receivership.

We may update this Policy as necessary to reflect changes we make and to satisfy legal requirements. We'll post a prominent notice of material changes on our websites. We'll give you reasonable notice before any material changes take effect.

Information specific to Business Customers

AT&T will not use our Business Customers' User information for any marketing or advertising purposes other than to market enterprise Products and Services including apps, services, and supporting devices. However, we may use your Business Customer relationship {but not any other information about you or your Business Customer services) to qualify you for certain offers on AT&T's consumer Products and Services. Keep in mind that AT&T sells a variety of Products and Services to small and large business customers alike. Should a customer be unsure of their account status, they can call the toll free number on their bill to verify if the Product they purchase is billed as a business or consumer Service.

Information specific to children

We don't knowingly collect personal information from anyone under the age of 13 without parental notice and, where appropriate, parental consent. Unless we have parental consent, we will not contact a child under the age of 13 for marketing purposes. We and our advertising partners may collect, use or share information about customers who log onto our websites and/or email accounts as described in the Information we collect (/privacy/full_privacy_policy.html#how-collect), how we collect your information, how we use your information and how we share your information sections of this Policy. You can manage your account, including information about subaccount holders by [logging on to manage our](#)

account

(<https://www.att.com/olam/loginAction.olamexecute?actionType=manage>).

Information collected from devices or services purchased by adult subscribers that are used by children without our knowledge will be treated as the adult's information under this Policy.

We have developed safety and control tools, expert resources and tips designed to help you manage technology choices and address online safety concerns. Please go to AT&T Screen Ready (<https://screenready.att.com/digital-parenting/>) for more information.

Information for our California customers

Website data collection:

We don't knowingly allow other parties to collect personally identifiable information about your online activities over time and across non-AT&T company websites for their own use when you use our websites and services, unless we have your consent.

Do Not Track notice:

We don't currently respond to Do Not Track. Please go to All About Do Not Track (<http://www.allaboutdnt.com/>) for more information. However, we recognize and honor the opt out preference signal associated with a Global Privacy Control (<http://www.globalprivacycontrol.org/>).

California customers have the right

(<https://leginfo.legislature.ca.gov/faces/codesdisplaySection.xhtml?sectionNum=1798.83.&lawcode=CIV>), in certain circumstances, to request information about whether a business has disclosed Personal Information to any third parties for their direct marketing purposes. You have the right to opt out of our disclosing your information to third parties for their marketing purposes. To find out more, go to att.com/Privacy.Choices

(https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?origination_point=PrivacyCenter).

State Privacy- Rights and Choices

Certain states provide you rights regarding your Personal Information. Personal Information and rights in these states and jurisdictions, are explained in the following section. To underscore our commitment to our privacy principles and to provide a consistent experience, we also offer these as choices to consumers in places where they are not required:

Personal Information (“Personal information”) means information that identifies, relates to, describes, is reasonably capable of being associated with, is linked to or could be reasonably linked to, either directly or indirectly, an identified or identifiable individual or household.

Information We Shared About Customers

Here is information about the Personal Information we have collected over the past year and the purpose for which we shared or sold it. Note, some states define “sale” very broadly and include the sharing of Personal Information for anything of value. According to this broad definition, in the year before the date this policy was updated, we have sold or shared the following categories of Personal Information about at least some consumers:

<u>Categories</u>	<u>Collected or created</u>	<u>Categories of companies we’ve shared with</u>	<u>Purpose of sharing</u>	<u>Purpose for selling</u>
Identifiers	Collected	<ul style="list-style-type: none"> • Product and services delivery companies • Marketing services companies • Cloud storage companies • Credit reporting agencies • Billing, payment processing and collection companies • Fraud prevention and authentication/identity verification entities • Analytics companies • Affiliates • Research entities 	<ul style="list-style-type: none"> • Product and services delivery • Marketing and advertising services • Data storage • Analytics and measurements • Fraud prevention/identity verification • Billing, collections and payment processing • Cross-context behavioral or targeted advertising • Credit score and reporting • Research 	<ul style="list-style-type: none"> • Marketing and advertising

Precise geolocation	<ul style="list-style-type: none"> • Offer or provide Product or Services • Prevent fraud • Enable location and emergency services • Conduct research 	<ul style="list-style-type: none"> • Marketing services companies • Analytics companies • Research entities 	<ul style="list-style-type: none"> • Offer market, advertise or provide Products and Services • Enable cross-context behavioral or targeted advertising • Research

Demographic, religious or occupational information: racial or ethnic origin, religious or philosophical beliefs, or union membership	<ul style="list-style-type: none"> • Offer or provide Products or services • Conduct research and development • Prepare aggregate insights 	<ul style="list-style-type: none"> • Marketing services companies • Analytics companies • Research entities 	<ul style="list-style-type: none"> • Offer, market, advertise or provide Products and Services • Enable cross-context behavioral or targeted advertising • Research
Content of communications: The contents of an individual's Plain SMS text messages up to 48 hours and spam texts [Learn More] unless AT&T is the intended recipient of the communication	<ul style="list-style-type: none"> • Network Operations 	<ul style="list-style-type: none"> • Not Shared 	<ul style="list-style-type: none"> • Not shared
Biometric information: the processing of biometric information for the purpose of uniquely identifying an individual	<ul style="list-style-type: none"> • Prevent Fraud 	<ul style="list-style-type: none"> • Fraud prevention and authentication/identity verification entities 	<ul style="list-style-type: none"> • Prevent fraud/provide identity verification

Your Right To Ask Us Not To Sell or Share Your Personal Information, and Your Right To Ask Us to Limit The Use Of Your Sensitive Personal Information

You can tell us not to sell or share your Personal Information. Additionally, you can tell us to limit the use of your Sensitive Personal Information. You may make such requests by:

- Visiting www.att.com/Privacy_Choices ([HTTPS://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originatipoint=PrivacyCenter](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originatipoint=PrivacyCenter)) and opting out of the sharing and selling of your personal information and opting out of the Personalized program to limit the use of your Sensitive Personal Information; or
- Visiting our [Choices and Controls](https://about.att.com/privacy/rights_choices.html) page (https://about.att.com/privacy/rights_choices.html) and selecting the Do Not Sell or Share or the Control Sensitive Personal Info Request; or Contacting us at 866-385-3193.

Providing Personal Information to service providers or contractors does not constitute a sale or sharing of Personal Information. You may use an authorized agent to make your request and we will confirm whether or not your request has been processed and why.

Once we receive and verify your request, we will not sell or share your Personal Information and will limit the use of your Sensitive Personal Information unless you later allow us to do so. We may ask for your permission to resume sale of your Personal Information at a later date, but we will wait at least 12 months before doing so.

Consumers Under 16 Years Old

We do not have actual knowledge that we sell Personal Information of consumers under 16 years of age. If we collect Personal Information that we know is from a child under 16 years old, we will not sell that information unless we receive affirmative permission to do so. If a child is between 13 and 16 years of age, the child may provide that permission.

Your Right To Request Disclosure Of Information We Collect And Share About You

We are committed to ensuring that you know what information we collect. You can ask us for the following information:

- The categories and specific pieces of your Personal Information we've collected.
- The categories of sources from which your Personal Information was collected.
- The purposes for collecting or selling your Personal Information.
- The categories of non-AT&T companies with whom we shared your Personal Information.

We are also committed to ensuring that you know what information we share about you. You can submit a request to us for the following additional information:

- The categories of Personal Information we've sold about you, the categories of non-AT&T companies to whom we've sold that Personal Information, and the category or categories of Personal Information sold to each non-AT&T company.
- The categories of Personal Information that we've shared with service providers that provide services for us, like processing your bill; the categories of service providers to whom we've disclosed that Personal Information; and the category or categories of Personal Information disclosed to each service provider.

To exercise your right to request the Personal Information that we collect or share, either [visit our Choices and Controls Page \(/privacy/rights_choices.html\)](/privacy/rights_choices.html) or contact us at 866-385-3193. These requests are generally free and are provided in a format that is portable in a readily usable format.

Your Right to Request Correction of Inaccurate Personal Information

You may request that we correct inaccurate Personal Information we have about you. When you request that we correct inaccurate information, we will ask you to provide documentation supporting the accuracy of the Personal Information that is the subject of your request, and in doing so we will evaluate the totality of the data relating to the contested Personal Information. We may deny your request if we determine that the contested Personal Information is more likely than not accurate based on the data provided. Whether or not we are able to honor your correction request, we will notify you that your request was processed or denied and why. To exercise this right or choice, either [visit our Choices and Controls page \(/privacy/rights_choices.html\)](/privacy/rights_choices.html) or contact us at 866-385-3193.

Your Right To Request The Deletion Of Personal Information

Upon your request, we will delete the Personal Information we have collected about you, except for situations when that information is necessary for us to: provide you with a good or service that you requested; perform a contract we

entered into with you; maintain the functionality or security of our systems; comply with or exercise rights provided by the law; or use the information internally in ways that are compatible with the context in which you provided the information to us, or that are reasonably aligned with your expectations based on your relationship with us.

To exercise your right to request the deletion of your Personal Information, either [visit our Choices and Controls \(/privacy/rights_choices.html\)](/privacy/rights_choices.html) or contact us at 866-385-3193. Requests for deletion of your Personal Information are generally free.

Your Right To Appeal

You can ask us to reconsider on the outcome of a request you've submitted regarding your rights to access, correction, deletion and portability of your Personal Information and/or the right to know whether your personal data is being sold or shared. Upon receipt of your appeal, we'll research your request and provide you an explanation of our review in writing.

Verification of Identity — Access, Deletion or Correction Requests

Password Protected Account. If you maintain a password-protected account with us, in most cases you may submit an access, deletion or correction request by authenticating yourself with a password like you would when you access your account {see exceptions below in the following paragraph). You'll have to authenticate yourself again to access your data or submit your deletion request.

Former Accountholders, Non-Accountholders (without a Password Protected Account) - and also FirstNet, Prepaid and .net accounts. If you do not have a password protected account - or have a FirstNet, prepaid or .net account -we will ask to verify your identity using our mobile verification process. This process may involve a one-time pin or the capture of an image of your identity document, such as your driver's license, and compares it to a self-photo you submit. We will only use this information to verify your identity. We will delete it after the time expires allowed by applicable state laws to process and respond to your request.

If we cannot verify your identity, we will notify you that we will not be able to respond to your request.

Authorized Agents

You may designate an authorized agent to submit requests on your behalf. Your agent will need a valid power of attorney or written permission signed by you. If the agent relies on written permission, we'll need to verify the agent's identity. We may also contact you directly to confirm the permission. Your authorized agent can submit your requests by calling us at 866-385- 3193.

We Don't Mind If You Exercise Your State Data Rights

We are committed to providing you with control over your Personal Information. If you exercise any of these rights explained in this Privacy Policy, we will not disadvantage you. You will not be denied or charged different prices or rates for goods or services or provided a different level or quality of goods or services.

Questions

Any consumer who wishes to request further information about our compliance with these requirements, or who has questions or concerns about our privacy practices and policies, can email us at PrivacyPolicy@att.com (<mailto:PrivacyPolicy@att.com>), or write to us at AT&T Privacy Policy, Chief Privacy Office, 208 S. Akard, Room 2100, Dallas, TX 75202.

Data Retention

AT&T decides how long to retain your Personal Information consistent with these criteria:

- The type of personal information collected;
- How long the personal information is needed to operate the business or provide our Products and Services; and
- Whether the business is subject to contractual or legal obligations - such as ongoing litigation, mandatory data retention laws or government orders to preserve data relevant to an investigation.

View California Metrics For The Prior Calendar Year

You may review information about the company's California data requests for the prior calendar year by visiting the [California metrics Page](https://about.att.com/privacy/StatelawApproach/ccpa-metrics.html) (<https://about.att.com/privacy/StatelawApproach/ccpa-metrics.html>).

Customer Proprietary Network Information (CPNI).

CPNI is information about your telecommunications services from us, like the plan you subscribe to and details about who you've called. But your telephone number, name and address are not CPNI.

We use your CPNI internally. For example, we may share CPNI with [AT&T affiliates](#) and our agents to offer new services or promotions. We use your CPNI to create aggregate data or information that does not personally identify you.

We do not share CPNI with anyone outside of the [AT&T affiliates](#) / or our authorized agents or vendors without your consent, with the following authorized exceptions: Court orders; as authorized by law; fraud detection; to provide your service and route your calls; for network operations and security; aggregate information and information that doesn't identify you personally.

It is your right and our duty under federal law to protect the confidentiality of your CPNI.

If you don't want us to use your CPNI internally for things like offers, here is what you can do:

- Login to [att.com/PrivacyChoices](https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originatoinpoint=PrivacyCenter) (<https://www.att.com/acctmgmt/passthrough/PRIVACYCHOICES?originatoinpoint=PrivacyCenter>).
- Opt-out at [att.com/cpni/optout](https://www.att.com/ecpniptout/initiateCPNIFORM.action) (<https://www.att.com/ecpniptout/initiateCPNIFORM.action>).
- Call us at (800) 315.8303, any time of day, and follow the prompts.
- Chat with a service representative at (800) 288.2020 (consumer) or (800) 321.2000 (business).

If you choose to restrict our use of your CPNI, it won't affect your ability to use any of your services. You can change your mind at any time about letting us use or not use your CPNI. If you restrict your CPNI use, you may still get marketing from us about products and services similar to those you purchase from us.

How to contact us about this Policy:

Contact us at either of these addresses for any questions about this Policy.

- E-mail us at [privacypolicy.@att.com](mailto:privacypolicy@att.com) (<mailto:privacypolicy@att.com>).
- Write to us at AT&T Privacy Policy, Chief Privacy Office, 208 S. Akard, Room 2100, Dallas, TX 75202.

For questions not related to privacy click on the "Contact Us" link at the bottom of any [att.com](http://www.att.com/) (<http://www.att.com/>) page. You also can access your online account from the upper right hand corner of our home page at [att.com](http://www.att.com/) (<http://www.att.com/>) for additional service options.

If you are not satisfied with our resolution of any dispute, including with respect to privacy or data-use concerns, please review a description of our dispute resolution procedures at <https://www.att.com/help/notice-of-dispute/> (<https://www.att.com/help/notice-of-dispute/>).

You also have the option of filing a complaint with the FTC Bureau of Consumer Protection, using an [online form](https://reportfraud.ftc.gov/#/) (<https://reportfraud.ftc.gov/#/>), or by calling toll-free 877.FTC.HELP ((877) 382.4357; TTY: (866) 653.4261). Other rights and remedies also may be available to you under federal or other applicable laws.

Customer service contact numbers can be found at [att.com](http://att.com/contactus). (<http://att.com/contactus>).

Affiliates

Below is a list of some of the affiliates publicly recognized to be part of the AT&T family of companies that have access to information collected from users and subscribers to products, services, apps, websites, or networks provided by AT&T Communications, as set forth in the AT&T Privacy Policy. This list is not exhaustive and may be subject to change.
