Additional Services

CPSUPPORT-SITEVALID	Customer works with their own contractor to perform all construction and station installation services. ChargePoint will then engage an authorized ChargePoint Partner to perform Site Validation of electrical capacity, transformers, panels, breakers, wiring, cellular coverage and that the station installation meets all ChargePoint published requirements and local codes. Upon successful Site Validation, the customer will be eligible to obtain warranty coverage under a ChargePoint Maintenance plan, sold separately. Note, a failed Site Validation will incur a second validation fee to repeat the validation after the site deficiencies are corrected. Priced per AC station.	$599	$539	10%
CPSUPPORT-ACTIVE	Initial Station Activation & Configuration Service includes activation of cloud services and configuration of radio groups, custom groups, connections, access control, visibility control, pricing, reports and alerts. One time initial service per station.	$349	$314	10%
