The next section asks about things you might have done, or that might have happened to you. Some of the questions are about bullying. Bullying is when 1 or more students tease, threaten, spread rumors about, hit, shove, or hurt another student over and over again. Bullying is any aggressive and unwanted behavior that is intended to harm, intimidate, or humiliate the victim; involves a real or perceived power imbalance between the aggressor or aggressors and victim; and is repeated over time or causes severe emotional trauma. It is not bullying when 2 students of about the same strength or power argue or fight or tease each other in a friendly way. "Bullying" does not include ordinary teasing, horseplay, argument, or peer conflict. Remember, your answers are confidential.	<ul> <li>44.
