I. Rental Housing Complex Analysis Summary

This report presents the results of the 2020 Fairfax County Rental Housing Complex Analysis. The Rental Housing Analysis covers the number of rental units, vacancy rates, square footage, and rental costs including all privately owned rental complexes and subsidized rental complexes in Fairfax County with five or more units. The inventory of rental units also includes condominiums where more than 90 percent of the total number of units are leased. These condominiums, however, are not included in the rent cost and vacancy analyses. The analysis provides rental inventory and number of units' data as of January 2020. Other data are an annual average of 2020.

Data from the 2020 Rental Housing Complex Analysis indicate that the total number of rental complex apartments and townhouses in Fairfax County was 83,077 units in January 2020. There were 1,576 more rental complex units in January 2020 than there were in January 2019, representing a 1.9 percent increase. Of the total units, 10,800 units were located in subsidized complexes.

¹ Rental costs were reported for 99.5 percent of the non-subsidized Fairfax County rental units. Square footage was provided by 99.9 percent of all Fairfax County rental units. This report uses the supervisor boundaries approved April 26, 2011.

The Workforce Dwelling Units (WDUs) and Affordable Dwelling Units (ADUs) rental program provides qualified households the opportunity to live at a reduced rent in some privately-owned and operated market rate apartments. There were 1,950 WDUs and ADUs in January 2020. About 47 percent of these ADUs and WDUs were one-bedroom units and 34 percent were two-bedroom units.

Average monthly rent in the county for complexes without rent subsidies was \$1,787 in 2020. This is \$90 lower than that reported in 2019, representing a 4.8 percent negative change.¹ The rents of these units are considered fair market rents.² The average fair market rent excludes subsidized units, affordable dwelling units, workforce housing units and senior units where rent includes meals. Average monthly rent for fair market rate rental housing units in Fairfax County ranges from \$1,434 for studio/efficiency units to a high of \$2,251 for three-bedroom units.

The vacancy rate for all rental complexes, those with and without subsidies, was estimated to be 5.5 percent in 2020. The 2020 vacancy rate was 0.5 percentage points lower than that in 2019 (6.0 percent).

² Affordable Dwelling Units (ADUs) and Workforce Dwelling Units (WDUs) are excluded from the fair market rent calculation.

II. Rental Housing Inventory

As of January 1, 2020 there were a total of 83,077 rental complex housing units in Fairfax County. There was an increase of 1,576 rental units on the market between January 2019 and January 2020. This equates to a 1.9 percent increase of rental complex units during 2019.
