

**WORKFORCE INNOVATION SKILLS HUB**

**At the Lee District Community Center**

# Overview

- Approximately 8,000 square feet within the 50,000 square foot new Lee District Community Center—to include 2 classrooms, an electronics laboratory, carpentry workshop, welding shop and flex space.
- Operated by Melwood and Building Momentum

# Goals

---

- 1 To connect county residents with jobs that pay an entry level salary of at least \$21 p/hour.
- 2 Work with employment partners to provide credentialing, training and certifications needed to fill vacant positions inside their organizations.
- 3 Expose students and young people to new and emerging technology.
- 4 Eventually create an incubation ecosystem in conjunction with Original Mount Vernon Highschool to foster new and emerging technology companies in Southeast Fairfax County.

# Services

---

- 1 Human Services and Case Management
- 2 Job Placement
- 3 Diversion

# Status

---

- 1 Currently collecting data on preliminary job placements.
- 2 Doors to open in late June to early July.
- 3 Community outreach positions filled.
- 4 Public relations and awareness campaign
