MINUTES
Fairfax County Electoral Board
July 21, 2022

The Fairfax County Electoral Board (Board) met on Thursday, July 21, 2022, in Conference Room 315 at the Fairfax County Government Center located at 12000 Government Center Parkway, Fairfax. Chairman Amb. (ret.) Christopher P. Henzel; Vice Chairman Bettina M. Lawton; Secretary Katherine K. Hanley; General Registrar Eric L. Spicer; and Clerk to the Electoral Board Beth Dixon Methfessel were present.

IT Manager Cord Whitehouse; Assistant to the General Registrar Pat Ferguson; Assistant Registrar for Voter Satellite Offices Helen Chaikovsky; Election Officer Manager Ravi Udeshi; Election Equipment and Logistics Manager Tyrone Allen; Voter Registration Supervisor Bushra Ardalani; IT Business Analyst Khamthakone Betts; Absentee Voting Manager Sean Stewart; Office of Elections staff Nazila Arefi; Jack Kiraly (Executive Director, Fairfax County Democratic Committee (FCDC)); Gregory Brandon (FCDC Central Communications); Richard Weiss and Peggy Morrison (FCDC Voter Registration and Education); Geoff Akey and Judy Flaig (members FCRC); Richard Chew (member FCDC); Arina van Breda and Maggi Luca (League of Women Voters - LWV); Jill Mobley and Jean Thoensen (Fairfax County election officers and/or residents of Fairfax County) also attended the meeting in person.

The following individuals participated using the Zoom videoconferencing platform: IT Business Analysts Sonia Skipper and George Panagakos; Election Officer Assistant Coordinator Alina Selnick-Escobar; Supply Manager Kay Garrison; Steve Barch, Florence Brown, Leonard Bumbaca, Lisa Hogle, Gary Klinger, Dan Per-Lee, Bill Lewers, Abigale Peters, Sandra Raedels, Norma Rangel, Todd Strelow, and Jean Thompson, Office of Elections (Office) staff and/or rovers; Maria Vorel (FCDC Precinct Operations); Harold Sinnett (member FCRC); Deb Wake (President, LWV-VA) Sandra Bellinghoven, Nick Collins, William Denk, Audrey Dutton, David Lopez, Barbara Tengs-Palmer, and Kelly Price (Fairfax County election officers, and/or residents of Fairfax County or neighboring jurisdictions).

Mr. Henzel called the meeting to order at 12:00 p.m. and the Board members introduced themselves. Mr. Henzel requested that those who wish to comment introduce themselves along with the organization, if any, that they represent. He asked that all comments be addressed to the Board. If necessary, the Board will identify the appropriate staff member to respond. Mr. Henzel also asked that those participating by Zoom to provide their real name on the screen.

Ms. Hanley moved approval of the agenda. By a vote of 3-0, and with no objection, the July 21, 2022, meeting agenda was adopted.

Ms. Hanley moved approval of the Draft Minutes of the Board meetings held on June 13, 2022, and June 22, 2022. Ms. Hanley explained that the draft minutes posted for June 22, 2022, was incorrectly dated as June 9, 2021, but this error has been corrected. By

a vote of 3-0, the Minutes of the Board meetings held on June 13, 2022, and June 22, 2022, were adopted.

Ms. Hanley moved the appointment of 153 election officers (EO) (91 Democrats, 44 Independents, and 18 Republicans) for a term ending February 28, 2023. The motion passed by a vote of 3-0.

Under the General Registrar's (GR) report dated July 20, 2022 (attached and made a part of this record), Mr. Spicer updated the voter registration numbers since the last Electoral Board meeting:

Registered Voters	As of July 18, 2022,	Change from 6/6
Active registered voters	751,725	+993
Inactive registered voters	37,350	-187
TOTAL	789,075	+806

More than 68,000 of the approximately 750,000 redistricting notices sent to Fairfax County voters were returned by the U.S. Postal Service as undeliverable. In response, and to fulfill the requirements of Va. Code §§ 24.2-428(C)-(E) and -428.1, the Office asked ELECT if a second state confirmation mailing could be sent to these affected voters or if ELECT could provide a list of these voters so the Office could prepare and send the confirmation mailings directly. Due to technical and timing constraints, the Commissioner indicated that ELECT could not send a second state confirmation mailing this year or be able to provide a mailing list to allow Fairfax County to directly mail confirmation notices to affected voters. The Commissioner indicated that ELECT would send these confirmation mailings during its 2023 list maintenance process. Mr. Henzel welcomed the attempt of the General Registrar and staff to secure a second state confirmation mailing and while he expressed disappointment that it didn't happen, he does not fault the efforts of Fairfax County. Mr. Spicer acknowledged that while list maintenance is ELECT's responsibility, he is preparing a communication to the Commissioner of ELECT asking for clarification on what actions the localities are permitted to perform to ensure the integrity of the voter rolls.

Ravi Udeshi was recently promoted to a Management Analyst II position and will serve as the Election Operations Manager. In this capacity, Mr. Udeshi will accept responsibility for many of the functions previously performed by the Election Manager position which remains vacant. The Election Officer Manager position (presently vacant) and Satellite Manager (Ms. Chaikovsky) will report to Mr. Udeshi in his new position. Khamthakone Betts was hired as a Business Analyst I for the IT Division. She will take over various responsibilities from Sonia Skipper who plans to retire in early September. Ms. Skipper has been a greatly valued member of the Office team for many years.

Ms. Chaikovsky presented the in person early voting schedule for the November 2022 General and Herndon Town Elections (attached and made a part of this record). The schedule followed for the November 2021 election is recommended because the dates and

hours sufficiently handled the volume of voters, the hours allowed people to vote during lunch and after work, and the repetition of the same schedule will enable voters to become accustomed to the dates and hours. Three locations will open on Friday, September 23, forty-six (46) days in advance of Election Day and continue through Saturday, November 5 – Government Center (weekdays, 8:00 a.m. to 4:30 p.m.) and Mount Vernon Governmental Center and North County Governmental Center (weekdays 1:00 p.m. to 7:00 p.m.). The three Saturdays for voting at these locations include September 24, October 29, and November 5 from 9:00 a.m. to 5:00 p.m. The thirteen additional sites will open on Thursday, October 27 and remain open through Saturday, November 5 (weekdays, 1:00 p.m. to 7:00 p.m.) including two Saturdays for voting on October 29 and November 5 from 9:00 a.m. to 5:00 p.m. This schedule includes early voting at all locations on Sunday, October 30 from 9:00 a.m. to 5:00 p.m.

Mr. Henzel asked if there were any significant complaints, including from staff, about Sunday voting. Ms. Chaikovsky explained that some staff prefer not to work on Sunday, but there are adequate personnel to cover the day. Voters who could not easily vote on any other day due to work and religious commitments appreciated the opportunity to vote on Sunday. She clarified that most of the staff working on Sunday would be seasonal personnel that do not get paid overtime. Merit staff would be entitled to overtime if their hours exceed 40/week. To the extent possible, Mr. Henzel commented that he supports assigning the two supervisors for each satellite voter offices from the two political parties. Ms. Chaikovsky confirmed that she will make every effort to do so. Ms. Lawton moved to approve the staff's recommendation for the satellite locations and hours as presented in the July 18, 2022, Memorandum from Helen Chaikovsky to Eric Spicer. The motion passed by a vote of 3-0.

Based on the successful results of the Ballot on Demand pilot at the in-person satellite voting locations in June, the Office will secure a Ballot on Demand system for use at all satellite voting locations and for emergency voting in the future. The purchase will include forty printers; two printers for most of the satellite voting locations and three for larger locations. Ms. Chaikovsky reported that only five (5) pre-printed ballots were used for the June primary. She proposed to eliminate the pre-printed ballots for November. The back-up will be the ExpressVote machines. Mr. Spicer reported that Mr. Whitehouse secured a battery back-up to ensure the laser ballot printers will continue to function even with a loss of power.

Ms. Hanley remarked that it is unknown how many provisional ballots will result from same-day registration. To allow flexibility for the provisional adjudication, she asked the Board to keep their schedule completely open from Election Day, November 8 through the following Tuesday, November 15, the day the election must be certified. Mr. Henzel expressed his concern that same-day registrations may cause problems, and full guidance from ELECT has not yet been received. Ms. Lawton observed that Friday, November 11 is the Veteran's Day holiday. The deadline to receive postmarked absentee ballots will therefore be extended to Monday, November 14. Ms. Lawton asked Mr. Spicer to proactively mitigate these issues by providing adequate encouragement to register to vote before Election Day.

The Office is in the process of securing 300 iPads to provide one at each satellite voting location and polling place. The new iPads will be used for the following functions:

- Provide information for provisional ballot requests
- Secure backup election results at the end of the Election Day
- Provide other information that is usually provided with paper forms such as compensation sheets

Mr. Spicer explained that a robust set of FAQs are now available on the Office website to provide information on a variety of topics including voter registration, voter lists, absentee voting, absentee ballot drop boxes, voting machine security, and security policies and laws. The FAQs are found at <https://www.fairfaxcounty.gov/elections/> by clicking on the new ? icon in the top row. Mr. Henzel commented that there should be an ongoing effort to keep the FAQs up to date.

There were no Chairman or Vice Chairman's Reports.

Under the Secretary's report, Ms. Hanley explained that the maps for pre- and post-redistricting are not yet posted on the Office's website. Due to staff shortages in the GIS Department, it has been challenging to design maps that reflect the changes but are also easy to read when posted on the website. Mr. Henzel confirmed that any member of the public can type in their street address in the Citizen's Portal on ELECT's website to find their current precinct and electoral information. Ms. Ardalan added that a link is available on the Office's website linking to ELECT's Citizen's Portal, or voters can call the Office to find out this information.

There was no New Business.

Under Public Comments, Ms. Mobley confirmed with the Board that in 2023 ELECT will send the confirmation mailings for the 68,000 Fairfax County voters whose redistricting mailings were returned. For a more specific date, Mr. Henzel suggested contacting ELECT.

Ms. van Breda confirmed with Ms. Chaikovsky that after the books close on October 17, 2022, same-day registration will be available at Government Center, Mount Vernon Governmental Center, and North County Governmental Center. Ms. Hanley confirmed that the November ballot will include the 8th, 10th, and 11th Congressional Races as well as the Herndon Town Election. There will be no referendum on the ballot.

Ms. Hanley responded to Mr. Brandon's question regarding renaming the Mosby #1 and #2 precincts that the timing for any precinct name changes will be determined by the Board of Supervisors.

Ms. Vorel confirmed that signage will be posted at the buildings that are no longer being used as polling places. For example, signage at Kingstowne Library will direct voters to their new polling place at Newington Division of Vehicle Services (DVS). Co-located precincts will be provided additional directional and specific precinct signage to minimize

voter confusion. Mr. Spicer added that Fairfax County's sample ballot mailing will also include updated precinct and polling information. Ms. Vorel thanked the Office for providing the list of polling place entrances for the June primary.

Mr. Denk asked if a Virginia Election and Registration Information System (VERIS) training manual is available to the public. Ms. Hanley responded that only trained, approved personnel can access VERIS. She stated that Electoral Boards and the public are not permitted to access VERIS. ELECT will be consulted to determine if a training manual is available to the public. Mr. Spicer added that ELECT will complete the update of the General Registrar/Electoral Board (GREB) Handbook in August with two exceptions. The chapters on Same-Day Registration and Risk-Limiting Audit will be released at a later date.

Responding to questions regarding returned mail, Ms. Ardalan confirmed that each piece of mail returned as undeliverable is individually scanned into VERIS. This process triggers the confirmation mailing which is a letter sent by ELECT to the voter requesting action. Even if the yellow Nixie label on the returned mail includes a forwarding address, the address in VERIS cannot be changed unless the voter authorizes it. Mr. Henzel expressed disappointment that ELECT decided not to use the useful information generated from processing the 68,000 pieces of undeliverable redistricting mail, and as such, the voter rolls will remain with outdated information which will lead to additional out-of-date mailings and other inefficiencies. He thanked Mr. Spicer for continuing to follow-up with ELECT.

Mr. Lopez asked the Board to respond to the following question, "In a training class taught by Clara Belle Wheeler with the Republican Party of Virginia, she taught that the Virginia Code specifically permits Registrars to receive citizen requests/statements in response to jury duty summons. She also taught that there is no prohibition on the Registrars use of that information for application to the Voter rolls." Mr. Henzel responded that he is disappointed that ELECT has given some guidance that Fairfax County should not do this. He added that he is pleased that Mr. Spicer will continue his debate with ELECT regarding this issue.

Mr. Henzel moved that the Board enter a Closed Session to discuss personnel matters, specifically the annual review of the General Registrar as required by Va. Code § 24.2-109; and election officer performance reviews as permitted by Va. Code § 2.2-3711(A)(1).

Without objection, and by a vote of 3-0, the Board entered Closed Session at 12:56 p.m.

At 2:20 p.m. the Board concluded the Closed Session. Chairman Henzel read the following statement:

"In accordance with *Virginia Code* § 2.2-3712(D), I am asking the Secretary of the Electoral Board to conduct a roll call vote to certify that to the best of each member's knowledge that (i) only public business matters lawfully exempted from open meeting requirements of the Virginia Freedom of Information Act were conducted in the closed meeting and (ii) only such public business as was identified in the

motion for the closed meeting, by which the closed meeting was convened, was heard, discussed or considered in the closed meeting of the Electoral Board. That roll call vote shall be recorded and included in the minutes of the Electoral Board.”

Secretary Hanley then called the roll for the vote on the above statement:

Voting Yes: Chairman Henzel
 Vice Chairman Lawton
 Secretary Hanley

There being no further business, Ms. Hanley moved to adjourn. The motion carried, and without objection, the meeting was adjourned at 2:21 p.m.

Redistricting Mailing #1 – Sent by Fairfax County Office of Elections – Week of May 9, 2022

During the week of May 9, 2022, we mailed redistricting notices to all voters in Fairfax County with information about the redistricting process. Over the next two months, more than 72,000 of those notices were returned by the USPS as undeliverable. VERIS was updated for each voter to indicate election mail had been returned and the envelope scanned to the voter’s record.

Confirmation Mailing – Sent by ELECT in late June 2022

ELECT sent their 2022 NCOA Confirmation Mailing to voters in late June 2022, which included 23,698 voters in Fairfax County. As a result of ELECT’s Confirmation Mailing, a total of 15,607 voters were moved to an “Inactive” status including 4,100 voters whose Confirmation mailing was returned as undeliverable and 11,507 voters who did not respond within 30 days.

As a result of ELECT’s Confirmation Mailing, we received 7,418 responses from voters asking us to change their address within Fairfax County or asking us to remove them from the voter list because they moved out of the state. There are an additional 673 Confirmation mailings outstanding that have not been returned or processed yet. The following table summarizes the results of this mailing.

Actions Taken as of August 31, 2022	Quantity
Moved within Fairfax County - Address updated on voter list	400
NCOA Hopper within Fairfax	2,348
Moved out of the state – Removed from the voter list	4,670
TOTAL	7,418

Change of Address Update Mailing – Sent by Fairfax County Office of Elections - August 12, 2022

On August 12, 2022, we sent a Change of Address Update Mailing to 67,481 voters from the redistricting mailing for whom mail had been returned undeliverable and updated address information provided by the U.S. Post Office was available. This included 38,019 voters with updated addresses outside of the state. The purpose of this mailing was to provide these individuals with an opportunity to update their addresses on our voter list if they moved within Fairfax County or to other jurisdictions in Virginia, and to give them the opportunity to be removed from the voter list if they moved out of state.

The form asked voters to complete and return a form to update their information on the voter list and required a signature to comply with statutory requirements. We included a postage pre-paid return envelope. This was not a confirmation mailing, voters were not required to respond to this mailing, and no voters were moved to an “Inactive” status as a result of this mailing.

Change of Address Update Mailing – Sent by Fairfax County Office of Elections (Continued)

As of August 31, we received approximately **11,000** responses to our Change of Address Update mailing from voters asking us to change their address within Fairfax County, informing us that they moved to another jurisdiction within Virginia, asking us to remove them from the voter list because they moved out of the state, or indicating that there was no change in their address. This includes approximately **7,000** voters who have asked us to remove them from the voter list because they moved out of the state. Close to 40% of those voters who moved out of the state were in an “Inactive” status on VERIS. In addition to the 11,000 responses from voters, we also received approximately **2,825** pieces of undeliverable mail.

We have processed **8,183** of the 11,000 responses that we received from voters asking us to change their address, mailed them to another jurisdiction, or remove them from our voter list because they moved to another state. We continue to process the remaining responses daily, and to receive additional responses each day. The following table summarizes the results of this mailing as of August 31, 2022.

Actions Taken As of August 31, 2022	Quantity
Moved within Fairfax County - Address updated on voter list	1,178
Moved outside Fairfax County within Virginia – sent to other jurisdiction	812
Moved out of the state – Removed from the voter list	5,595
No Change	598
TOTAL	8,183

Redistricting Mailing #2 – Sent by ELECT – Planned for Mid-September 2022

ELECT received funding for a second redistricting mailing that they plan to send to all voters in the Commonwealth of Virginia for localities that have completed their redistricting process. This mailing is scheduled to go out in mid-September, and it will include all voters in Fairfax County, both active and inactive. This mailing will likely result in a large quantity of undeliverable mail in October, which will be scanned and processed one piece at a time just as we did with the more than 72,000 pieces of undeliverable mail associated with the first redistricting mailing.

Sample Ballot Mailing – Mailed by Fairfax County Office – September 23, 2022

We will mail sample ballot brochures to all active registered voters in Fairfax County as close to September 23, 2022, as practical. This mailing will include updated information on the voter’s polling place and will also provide information on in-person absentee Satellite Voting locations and a sample ballot with the contests applicable to each voter.

Same Day Registration and Provisional Ballot Process

We are in the process of planning for the implementation of the Same Day Registration process which will take effect on October 18, 2022, based on what we know of the process. We are also preparing for a potential large influx of provisional ballots that may result from Same Day Registration. Some of our key staff attended a workshop that was provided by the Virginia Department of Elections in Fredericksburg on August 10 and information was provided on Same Day Registration.

Resource Allocation for Satellites

The attached Resource Allocation for satellites provides information on the allocation of Poll Pads, DS200s, ExpressVote accessible ballot marking machines, and Ballot-on-Demand printers for the Satellite voting locations. This Allocation includes the 150,000 sheets of ballot stock that we ordered for the Ballot-on-Demand Printers. In addition, we will order approximately 52,800 emergency ballots for in-person absentee voting at satellites. Leftover emergency satellite ballots will be used as a backup supply for Election Day polling places.

Resource Allocation for Precinct Polling Places

For each election, we develop a resource allocation plan and order ballots based on comparable elections. In November 2021, the average in-person turnout at precinct polling places was 37%, with the lowest precinct having 19% turnout and the highest precinct having a 55% turnout.

For this election, each precinct will receive ballots for at least 65% of active registered voters. We will order ballots for 75% of active registered voters for the precincts that had the highest in-person turnout one year ago, new precincts created because of redistricting, and all precincts in the 10th Congressional District. Each precinct will also receive 2 to 3 Poll Pads, 2 ExpressVote ballot marking devices, and 2 DS200 scanners.

As in the general election one year ago, most precincts will be assigned 7 to 11 election officers. A handful of precincts, only those with fewer than 500 active registered voters because of redistricting, may be assigned only 6 election officers.

Absentee by Mail Requests for November 2022 Election

As of August 31, we have received **52,625** absentee ballot applications for the November 2022 Election. This includes **50,000** permanent applications, **1,120** overseas applications, and **1,505** one-time applications for the November General Election.

Updating Poll Pads with Final Voter File

This election, Poll Pads will be stored in the gray equipment cart and delivered to each polling place. I-Syncs will be prepared by our IT Team on the Sunday before the election and the I-Syncs will be delivered to chief officers in the Sherriff's envelopes on the Monday before the election. Chief Election Officers will be instructed to update the Poll Pads with the latest voter file on the Monday evening before the election, during their usual pre-election day setup. If it is not possible for election officers to update their Poll Pads on Monday, we will instruct them to update their Poll Pads at 5:00 a.m. on Tuesday and we will have backup Poll Pads available. We expect that the vast majority of Poll Pads will be updated on Monday.

Ballot on Demand System

Based on the successful results associated with our Ballot on Demand pilot at the in-person satellite voting locations in June, we have purchased 40 Ballot on Demand systems/printers for use at all satellite voting locations and for emergency voting. This will provide at least two Ballot on Demand Printers at each satellite voting location.

The Ballot on Demand system will automatically print a ballot after a voter is checked in on the PollPad at the in-person satellite. One of 264 precinct ballot styles will be printed automatically based on information associated with the voter's registration information. The Ballot on Demand system also has the capability of printing individual replacement ballots if needed because a voter spoils their ballot. In addition, the Ballot on Demand system will be used to print provisional ballots for Same Day Registration at the Satellites after October 17.

The Ballot on Demand system will record a log of ballots printed at each in-person satellite location, to compare against the number of ballots scanned and spoiled. In addition, staff at each satellite will count the ballot stock at the beginning and end of each day of voting as an additional check. We are purchasing backup battery systems for each satellite to keep the Ballot on Demand system working if the power goes out.

A dedicated Ballot on Demand system will be used for Emergency Voting on the Saturday and Monday before the election in the Office of Elections. The Ballot on Demand system will not be used at precinct polling places.

Voting Equipment Division - Purchase of New Voting Machine Carts

We are in the process of purchasing 300 new voting equipment carts. The new carts will each hold two DS200 voting machines, which will be locked within the cart. We are completing the design of the new carts and expect to begin receiving them in October with delivery phased in over a period of several months.

Voting Equipment Division – Preventive Maintenance, Training, and New Personnel

A few highlights for the Voting Equipment Division:

- **Maintenance** – The machine maintenance program has been completed, all voting machines (EVs, DS200s and DS850s) have been serviced and are ready for L&A testing.
- **Training** – The training classes for this election cycle have begun. They include a new basic 101 class for those who are joining the voting equipment team. There will be specialty classes in pre-election operations, Election Day, and post-election operations.
- **New personnel** – We have hired 13 new personnel (voting equipment asst.) for this election cycle. Their onboarding is complete, and they will start their training classes in September.

Voting Equipment Division - Morrissette Warehouse

The warehouse transition is complete. We are now operating out of the Morrissette facility. All materials and machines have been transferred to the Morrissette facility. We are in the process of getting everything organized according to the footprint.

Logic and Accuracy Testing for Poll Pads for November 2022 Election

The following is our Logic and Accuracy Testing Schedule for Poll Pads and I-Sync devices for the November 2022 Election:

Thursday, September 8 (9:00 a.m.) (Government Center, 12000 Government Center Parkway, Fairfax VA) (Suite 251) – Testing and setup of Poll Pads for Early Voting. This testing and setup process will include the following:

- Running a wireless sync from E-Pulse in the Poll Pad application.
- Verifying that the voter file successfully updated and countywide records match.
- Powering off the Poll Pad device and returning the device to its matching case.
- Matching the Poll Pad case number and device.

Logic and Accuracy Testing for Poll Pads for November 2022 Election (Continued)

Sunday, November 6 (8:00 a.m.) (Government Center, 12000 Government Center Parkway, Fairfax VA) (Suite 251) – Testing and Setup of I-Syncs for Poll Pads to be used on Election Day at Polling Places. This testing and setup process will include the following:

- Connecting I-Sync device to computer and/or duplication machine.
- Copying database file to I-Syncs.
- Verifying I-Sync integrity through test sync with Poll Pad till File Transfer Complete screen.
- Transferring I-Sync drives to packout team for delivery in sheriff’s envelopes on Monday, November 7, 202.

Tuesday, November 8 (5:00 a.m.) (Election Day Polling Places) – Poll Pad Crosscheck. Election Officers at each Election Day polling place will be provided with a crosscheck form that will be used to verify that their Poll Pads are set up properly.

Logic and Accuracy Testing for Poll Pads, Voting Equipment, and Ballot on Demand

The following is our Logic and Accuracy Testing Schedule for the November 2022 Election:

Thursday, September 15 (9:00 a.m.) (Morrissette Warehouse, 8600 Morrissette Drive, Springfield, Virginia) – Testing of voting equipment for three (45-Day) Satellite Voting locations.

Tuesday, September 27 (9:00 a.m.) to October 14 (Morrissette Warehouse, 8600 Morrissette Drive, Springfield, Virginia) – Testing of voting equipment for remaining 13 (10-Day) Satellite voting locations and all Election Day polling places.

Friday, October 14 (9:00 a.m.) (Fairfax Government Center, 12000 Government Center Parkway, Fairfax, VA) (Suite 339) – Testing of DS850s that will be used to count mail ballots.

Suite 339 and Suite 251

We have secured the use of Suite 339 down the hall from our office for the November 2022 Election. We will use this space for work associated with the absentee mail process. We will also retain the use of Suite 251 for the November 2022 Election and will use this space for election officer training and satellite training among other functions.

Office Personnel

Two valued members of the Office of Elections team were recently promoted. Bushra Ardalan was promoted to Voter Services Manager and Todd Strelow was promoted to serve as Tyrone Allen’s full-time assistant.

Pay Increases for Election Officers

We submitted a request for \$335,700 in the county's carryover budget process to provide election officers in Fairfax County with their first pay increase in almost ten years. This one-time funding was included in the draft carryover package, which is scheduled for public review by the Board of Supervisors on October 11.

Therefore, if the Board of Supervisors approves this request, we will be able to increase Election Officer stipends to \$350 for Chief Election Officers, \$300 for Assistant Chief Election Officers, and \$250 for regular Election Officers. These increases are scheduled to go into effect for the November 2022 General Election.

FOIA

From July 20 to August 31, we received 28 VFOIA Requests.

Satellite Voting

We are preparing for the opening of 16 in-person absentee satellite voting locations. Three locations (Government Center, Mount Vernon, and North County) will be open starting on September 23. An additional 13 locations will open on October 27. Then all locations will be open for 10 days in a row until November 5.

A total of 228 seasonal employees will be working at the satellites. This includes a total of 43 supervisors/assistant supervisors, 128 experienced staff (having worked at least one election), and 57 new satellite staff. Training for satellite staff is scheduled for the week of September 12 and the week of October 17. The supervisors/assistant supervisors will be prepared for Same Day Registration.

All locations will be using Ballot on Demand and there will be at least two Ballot on Demand printers at each location. No paper ballots will be located at the early voting locations, although emergency paper ballots will be available at the Government Center.

Administrative Tablets for Satellite Voting Locations and Polling Places

We purchased 300 Apple iPads to use as administrative tablets at each satellite voting location and polling place and are in the process of setting them up. These devices will be locked down with remote management software that controls access, permissions, and content on the device. These tablets do not have the Poll Pad application installed nor is there any voter data on the device. Their primary purpose is for filling out web forms to improve the provisional process, report turnout during the day, and to provide an improved method for recording and reporting unofficial results.

Election Officers

Election Officer Assignments

In accordance with the Code of Virginia and Electoral Board policy, we have assigned and confirmed more than 300 Republican chiefs and reserve chiefs this election. This means we have confirmed a Republican chief for all 264 precincts, as well as more than 40 backups who are ready to step in for a chief cancellation anywhere in the county.

We are in the process of completing remaining assignments and expect to notify most officers of their assignments in mid-September.

Election Officer Training

We launched updated versions of our Election Officer Basics and Chief - Assistant Chief Basics online training classes in early September. These are currently available on our election officer training website (<https://training.electionofficers.com>).

In addition, we are planning numerous in-person classes in September and October, including equipment practice sessions, which are mandatory for first-time election officers and open to other interested election officers. We have also scheduled multiple chief workshops, during which we will give first-time chief officers hands-on practice with tasks and forms they can expect to complete on Election Day.

As always, we will conduct our mandatory training the week before Election Day for chief and assistant chief officers to go over procedural and legal updates for the election.

8 a. This policy is adopted pursuant to the authorization of Va. Code § 2.2-
9 3708.2 and is to be strictly construed in conformance with the Virginia Freedom of
10 Information Act (VFOIA), Va. Code § 2.2-3700, *et seq.* and Title 24.2 of the Virginia
11 Code.

12
13 b. This policy shall not govern an electronic meeting conducted to address a
14 state of emergency declared by the Governor or the Fairfax County Board of Supervisors.
15 Any meeting conducted by electronic communication means under such circumstances
16 shall be governed by the provisions of Va. Code § 2.2-3708.2. This policy also does not
17 apply to an all-virtual public meeting.

18
19 2. **DEFINITIONS**

20
21 a. “**Board**” means the Electoral Board of Fairfax County, Virginia or any
22 committee, subcommittee, or other entity of the Board.

23
24 b. “**Member**” means any member of the Board.

25
26 c. “**Remote participation** means participation by an individual member of
27 the Board by electronic communication means in a public meeting where a quorum of the
28 Board is physically assembled, as defined by Va. Code § 2.2-3701.

29
30 d. “**Meeting**” means a meeting as defined by Va. Code § 2.2-3701.

31
32 e. “**Notify**” or “**notifies**,” for purposes of this policy, mean written notice,
33 such as email or letter. Notice does not include text messages or communications via
34 social media.

35
36 f. “**Clerk**” means the Clerk to the Board.

37
38 3. **MANDATORY REQUIREMENTS**

39
40 Regardless of the reasons why the member is participating in a meeting from a remote
41 location by electronic communication means, the following conditions must be met for
42 the member to participate remotely:

43
44 a. A quorum of the Board must be physically assembled at the primary or
45 central meeting site.

47 b. Arrangements have been made for the voice of the remotely participating
48 member to be heard by all persons at the primary or central meeting site. If at any point
49 during the meeting the voice of the remotely participating member is no longer able to be
50 heard by all persons at the meeting location, the remotely participating member shall no
51 longer be permitted to participate remotely.

52
53 4. **PROCESS TO REQUEST REMOTE PARTICIPATION**
54

55 a. On or before the day of the meeting, and at any point before the meeting
56 begins, the requesting member must notify the Board Chair (or the Vice-Chair if the
57 requesting member is the Chair) that they are unable to physically attend a meeting due to
58 (i) a temporary or permanent disability or other medical condition that prevents the
59 member's physical attendance, (ii) a family member's medical condition that requires the
60 member to provide care for such family member, thereby preventing the member's
61 physical attendance, (iii) their principal residence location more than 60 miles from the
62 meeting location, or (iv) a personal matter and identifies with specificity the nature of the
63 personal matter.

64
65 b. The requesting member shall also notify the Clerk of their request, but
66 their failure to do so shall not affect their ability to remotely participate.
67

68 c. If the requesting member is unable to physically attend the meeting due to
69 a personal matter, the requesting member must state with specificity the nature of the
70 personal matter. Remote participation due to a personal matter is limited each calendar
71 year to two meetings or 25 percent of the meetings held per calendar year rounded up to
72 the next whole number, whichever is greater. There is no limit to the number of times
73 that a member may participate remotely for the other authorized purposes listed in (i)
74 through (iii) above.
75

76 d. The requesting member is not obligated to provide independent
77 verification regarding the reason for their nonattendance, including the temporary or
78 permanent disability or other medical condition or the family member's medical
79 condition that prevents their physical attendance at the meeting.
80

81 e. The Chair (or the Vice-Chair if the requesting member is the Chair) shall
82 promptly notify the requesting member whether their request is in conformance with this
83 policy, and therefore approved or disapproved.
84

85 5. **PROCESS TO CONFIRM APPROVAL OR DISAPPROVAL OF**
86 **PARTICIPATION FROM A REMOTE LOCATION**
87

88 When a quorum of the Board has assembled for the meeting, the Board shall vote to
89 determine whether:
90

91 a. The Chair's decision to approve or disapprove the requesting member's
92 request to participate from a remote location was in conformance with this policy; and

b. The voice of the remotely participating member can be heard by all persons at the primary or central meeting location.

6. **RECORDING IN MINUTES**

a. If the member is allowed to participate remotely due to a temporary or permanent disability or other medical condition, a family member’s medical condition that requires the member to provide care to the family member, or because their principal residence is located more than 60 miles from the meeting location the Board shall record in its minutes (1) the Board’s approval of the member’s remote participation; and (2) a general description of the remote location from which the member participated.

b. If the member is allowed to participate remotely due to a personal matter, such matter shall be cited in the minutes with specificity, as well as how many times the member has attended remotely due to a personal matter, and a general description of the remote location from which the member participated.

c. If a member’s request to participate remotely is disapproved, the disapproval, including the grounds upon which the requested participation violates this policy or VFOIA, shall be recorded in the minutes with specificity.

7. **CLOSED SESSION**

If the Board goes into closed session, the member participating remotely shall ensure that no third party is able to hear or otherwise observe the closed meeting.

8. **STRICT AND UNIFORM APPLICATION OF THIS POLICY**

This Policy shall be applied strictly and uniformly, without exception, to the entire membership, and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted upon at the meeting.

The Chair (or Vice-Chair) shall maintain the member’s written request to participate remotely and the written response for a period of one year, or other such time required by records retention laws, regulations, and policies.

2 **FOR ALL-VIRTUAL PUBLIC MEETINGS**

3
4 **DRAFT OF SEPTEMBER 1, 2022**

5
6 1. **AUTHORITY AND SCOPE**

7
8 a. This policy is adopted pursuant to the authorization of Va. Code
9 § 2.2-3708.3 and is to be strictly construed in conformance with the Virginia Freedom of
10 Information Act (VFOIA), Va. Code §§ 2.2-3700—3715.

11
12 b. This policy shall not govern an electronic meeting conducted to address a
13 state of emergency declared by the Governor or the Fairfax County Board of Supervisors.
14 Any meeting conducted by electronic communication means under such circumstances
15 shall be governed by the provisions of Va. Code § 2.2-3708.2.

16
17 2. **DEFINITIONS**

18
19 a. “**Board**” means the Fairfax County Electoral Board or any committee,
20 subcommittee, or other entity of the Board.

21
22 b. “**Member**” means any member of the Board.

23
24 c. “**All-virtual public meeting**”, means a public meeting conducted by the
25 Board using electronic communication means during which all members of the public
26 body who participate do so remotely rather than being assembled in one physical
27 location, and to which public access is provided through electronic communication
28 means, as defined by Va. Code § 2.2-3701.

29
30 d. “**Meeting**” means a meeting as defined by Va. Code § 2.2-3701.

31
32 e. “**Notify**” or “**notifies**,” for purposes of this policy, means written notice,
33 including, but not limited to, email or letter, but does not include text messages or
34 messages exchanged on social media.

35
36 3. **WHEN AN ALL-VIRTUAL PUBLIC MEETING MAY BE AUTHORIZED**

37
38 An all-virtual public meeting may be held under the following circumstances:

39
40 a. It is impracticable or unsafe to assemble a quorum of the Board in a single
41 location, but a state of emergency has not been declared by the Governor or Fairfax
42 County Board of Supervisors; or

43
44 b. Other circumstances warrant the holding of an all-virtual public meeting,
45 including, but not limited to, the convenience of an all-virtual meeting; and
46

47 c. The Board has not had more than two all-virtual public meetings, or more
48 than 25 percent of its meetings rounded up to the next whole number, whichever is
49 greater, during the calendar year; and

50
51 d. The Board's last meeting was not an all-virtual public meeting.
52

53 4. **PROCESS TO AUTHORIZE AN ALL-VIRTUAL PUBLIC MEETING**
54

55 a. The Board may schedule its all-virtual public meetings at the same time
56 and using the same procedures used by the Board to set its meetings calendar for the
57 calendar year; or

58
59 b. If the Board wishes to have an all-virtual public meeting on a date not
60 scheduled in advance on its meetings calendar, and an all-virtual public meeting is
61 authorized under Section 3 above, the Board Chair may schedule an all-virtual public
62 meeting provided that any such meeting comports with VFOIA notice requirements.
63

64 5. **ALL-VIRTUAL PUBLIC MEETING REQUIREMENTS**
65

66 The following applies to any all-virtual public meeting of the Board that is scheduled in
67 conformance with this Policy:
68

69 a. The meeting notice indicates that the public meeting will be all-virtual and
70 the Board will not change the method by which the Board chooses to meet without
71 providing a new meeting notice that comports with VFOIA;
72

73 b. Public access is provided by electronic communication means that allows
74 the public to hear all participating members of the Board;
75

76 c. Audio-visual technology, if available, is used to allow the public to see the
77 members of the Board;
78

79 d. A phone number, email address, or other live contact information is
80 provided to the public to alert the Board if electronic transmission of the meeting fails for
81 the public, and if such transmission fails, the Board takes a recess until public access is
82 restored;
83

84 e. A copy of the proposed agenda and all agenda packets (unless exempt) are
85 made available to the public electronically at the same time such materials are provided
86 to the Board;
87

88 f. The public is afforded the opportunity to comment through electronic
89 means, including written comments, at meetings where public comment is customarily
90 received; and
91

92 g. There are no more than two members of the Board together in one
93 physical location.

94
95
96 6. **RECORDING IN MINUTES**

97
98 Minutes are taken as required by VFOIA and must include the fact that the meeting was
99 held by electronic communication means and the type of electronic communication
100 means used.

101
102 7. **CLOSED SESSION**

103
104 If the Board goes into closed session, transmission of the meeting will be suspended until
105 the public body resumes to certify the closed meeting in open session.

106
107 8. **STRICT AND UNIFORM APPLICATION OF THIS POLICY**

108
109 This Policy shall be applied strictly and uniformly, without exception, to the entire
110 membership, and without regard to the matters that will be considered or voted on at the
111 meeting.

Same Day Registration

Fairfax County Office of Elections

September 6, 2022

Virginia Code - SDR

§ 24.2-420.1. (Effective October 1, 2022) Extended time for persons to register in person.

- A. Notwithstanding the provisions of § 24.2-416, any person who is qualified to register to vote shall be entitled to register in person up to and including the day of the election at the office of the general registrar in the locality in which such person resides or at the polling place for the precinct in which such person resides.
- B. The Department shall prescribe procedures for the addition of persons registered under this section to the lists of registered voters.

§ 24.2-416. Closing registration records before elections. (“Close of Books”)

- A. In any county, city, or town in which an election is being held, the registration records shall be closed for the purpose of registering voters on the election day and during the period in advance of the election as provided in this section. The registration records shall be closed during the 21 days before a primary or general election...

What's the Same?

- All registration applications are processed in the same way, using the same criteria
- All provisional ballots are processed using the same guidelines
 - ✓ Is the voter registered to vote in Fairfax County?
 - ✓ Was the ballot cast in the voter's correct precinct?
 - ✓ Did the voter complete & sign the provisional ballot envelope?
 - ✓ Was an ID presented?
 - ✓ Has the voter already voted?

SDR Registration Applications

Received at early voting locations

- Applications delivered to Office of Elections daily for processing and VERIS entry
- Pollbook updated for voting the following day

Election Day

- Applications delivered to office mid-day and close of polls
- Processing of applications begins on Election Day
- ~20 additional staff hired to process SDR

SDR Provisional Ballots

Early voting locations

- Envelopes delivered to Office of Elections when early voting ends, with other provisional ballot envelopes

Election Day

- Envelopes delivered to office with chief's materials and other provisional ballot envelopes after close of polls

Post Election Day

- Envelopes processed with provisional ballots cast for other reasons

FAQs

1. Could someone submit an SDR in two early voting polling locations and then vote twice?

- VERIS and the pollbook will show that the voter already registered and voted provisionally as an SDR voter.

2. Will an SDR voter need to show ID?

- Yes, because they are voting.

3. May someone submit an SDR application in the GR's office on Monday before the election?

- No. SDR pauses when early voting closes on the Saturday before the election and resumes on Election Day.

4. Has the deadline to certify the election been extended to allow time to process Election Day SDR applications and an increase in number of provisional ballots?

- No.

FAQs

5. May voters update their address using SDR?

- Yes.

6. If a voter has submitted an *absentee ballot* in another locality in Virginia, will they be able to submit an SDR in a different locality and vote a provisional ballot?

- VERIS indicate absentee voter, so the SDR application will not be processed. Therefore, the provisional ballot will not be counted. After the election, the SDR application will be processed with others received after close of books.

7. If a voter has submitted an SDR in another locality in Virginia, will this be obvious in VERIS? Will this show up in the pollbook?

- Yes, the voter will be clearly “flagged.”

8. On Election Day, may a resident submit an SDR and provisional ballot at any precinct in the county?

- To be counted, an SDR provisional must be submitted at the polling place for the precinct in which the voter resides. State law requires a voter to cast their ballot in the precinct where they are registered to vote.
