

# County of Fairfax, Virginia

To protect and enrich the quality of life for the people, neighborhoods, and diverse communities of Fairfax County

## Electoral Board

**Hon. Katherine K. Hanley**  
Chairman

**Jeffrey K. Shapiro**  
Vice Chairman

**Amb. (ret.)  
Christopher P. Henzel**  
Secretary

**Eric L. Spicer**  
General Registrar and  
Director of Elections

## ELECTORAL BOARD MEETING

Date: April 12, 2023

Time: 4:00 p.m.

Location: Conference Room 315

## AGENDA

- I. Call to Order, Welcome, and Introduction
- II. Adoption of the Agenda
- III. Approval of the Minutes
  - March 16, 2023
- IV. General Registrar's Report
- V. Electoral Board Reports
- VI. New Business
  - Resource Allocation for the June 20, 2023, Primary Election
- VII. Public Comment
- VIII. Closed Session for the following reason:
  - Specific personnel matters, as permitted by Va. Code § 2.2-3711(A)(1)
- IX. Adjourn

MINUTES  
Fairfax County Electoral Board  
March 16, 2023

The Fairfax County Electoral Board (Board) met on Thursday, March 16, 2023, in Conference Room 315 at the Fairfax County Government Center located at 12000 Government Center Parkway, Fairfax. Chairman Hon. Katherine K. Hanley; Vice Chairman Jeffrey K. Shapiro; Secretary Amb. (ret.) Christopher P. Henzel; General Registrar Eric L. Spicer; Deputy General Registrar Cheryl Jones; and Clerk to the Electoral Board Beth Dixon Methfessel were present.

IT Manager Cord Whitehouse; Election Operations Manager Ravi Udeshi; Election Equipment and Logistics Manager Tyrone Allen; Deputy Registrar for Voter Registration Bushra Ardalan; Deputy Registrar for Voter Satellite Offices Helen Chaikovsky; Deputy Registrar for Absentee Voting Sean Stewart; Supply Manager Kay Garrison;; Jean Thoensen (Office of Elections (Office) staff); Bryan Graham (Chairman, Fairfax County Democratic Committee (FCDC)); Dominic Thompson (FCDC Executive Director); Gregory Brandon (FCDC Central Communications); Richard Weiss (FCDC Voter Registration and Education); Maggi Luca (Fairfax, League of Women Voters (LWV)); Christine Brim (Fairfax County Republican Committee (FCRC) Election Integrity Task Force) and Barbara Palmer-Tengs (member FCRC); Office staff and/or rovers Jean Thoensen and Jill Mobley (Fairfax County election officers and/or residents of Fairfax County) also attended the meeting in person.

The following individuals participated using the Zoom videoconferencing platform: Human Resources Manager Yoon Choi-Lee; IT Business Analysts George Panagakos and Khamthakone Betts; FOIA Coordinator Pat Ferguson; Training Specialist Alina Selnick-Escobar; Office staff and/or rovers Steve Barch, Wesley Fontaine, Lisa Hogle, B. Gissell Jimenez, Gary Klinger, Bill Lewers, Kathryn Martin, Abigale Peters, and Todd Strelow; Carol Allen (FCDC Election Law and Voter Protection); Maria Vorel (FCDC Precinct Operations); Deb Wake (VA - LWV); Arina van Breda (Fairfax LWV); Mark Beale, William Denk, Phyllisa Goldenberg, John Kochka, David Lopez, Robert Presler, Debbie van Opstal, and Elizabeth Woodruff (Fairfax County election officers and/or residents of Fairfax County or neighboring jurisdictions).

Ms. Hanley called the meeting to order at 4:00 p.m. and introduced the Board. Mr. Henzel moved approval of the agenda, and the motion passed by a vote of 3-0. Mr. Henzel made a motion to adopt the Draft Minutes of the Board meeting held on February 1, 2023. Ms. Hanley asked that under Offices on the Ballot in Fairfax County in November 2023, “three members” be included in the description of School Board At Large and Soil and Water Conservation Directors. By a vote of 3-0, the Minutes of the Board meeting held on February 1, 2023, were adopted as amended.

Under the General Registrar’s (GR) report dated March 15, 2023 (attached and made a part of this record), Mr. Spicer updated the voter registration numbers since the last Electoral Board meeting:

<b>Registered Voters</b>	<b>As of March 13, 2023</b>	<b>Change from 1/30</b>
Active registered voters	744,226	-1,698
Inactive registered voters	35,694	-666
<b>TOTAL</b>	<b>779,920</b>	<b>-2,364</b>

<b>Registration Transactions</b>	<b>(1/31 to 3/13)</b>	<b>Year-to-Date (1/1 to 3/13)</b>
DMV online voter registration transactions	18,658	33,941
Web voter registration transactions	951	1,436
Third-party voter transactions	615	736
Other voter registration transactions	9,002	9,562
<b>TOTAL</b>	<b>29,226</b>	<b>45,675</b>

<b>Voter Cancellations</b>	<b>March 2023 (1/31 to 3/13)</b>	<b>Year-to-Date (1/1 to 3/13)</b>
Deceased	298	736
Out-of-state	4,449	4,685
Other	98	6,814
<b>TOTAL</b>	<b>4,845</b>	<b>12,235</b>

The Virginia Department of Elections (ELECT) initiated two 2023 National Change of Address (NCOA) confirmation mailings. The first was sent to 40,851 Fairfax County voters on February 3, including 3,113 voters who informed the USPS that they moved within Fairfax County and 37,738 voters who moved out of Fairfax County.

As of March 13, the Office received a total of 18,785 pieces of mail from the confirmation mailing, including 13,800 pieces of returned undeliverable and 4,985 responses from voters that required action. Voters were changed to “Inactive” status if their confirmation mailing was returned undeliverable or they did not respond within thirty days. Due to issues that required ELECT to send a second confirmation mailing to some voters, the Office was informed that voters will not be changed to “Inactive” status until March 17. Ms. Hanley asked what issue led to the second mailing. Ms. Ardalan explained the insert of the mailing was inadvertently placed backwards in the envelope so the address could not be seen through the envelope window.

The following table summarizes the results of this mailing.

<b>Actions Taken as of March 13, 2023</b>	<b>Quantity</b>
Moved within Fairfax County - Address updated on voter list	300

Moved within Virginia – Voter information mailed to other jurisdictions	125
Incomplete or deceased – List of voters’ names sent to ELECT	118
Moved out of the state – Voters removed from the voter list	4,442
Undeliverable	13,800
<b>TOTAL</b>	<b>18,785</b>

After two federal elections, ELECT will provide a list of inactive voters to be removed from the voter rolls of the locality to which they were registered. Mr. Spicer also explained that ELECT adopted a new death notification (attached and made a part of this record) making it easier to remove deceased voters from the voter rolls. The form may only be completed by a specified relative, a personal representative of the deceased voter’s estate, or a general registrar or deputy registrar who personally knows the voter to be deceased. A death notice is no longer required. ELECT also plans to research death notifications for the last sixty-two years.

At the Board of Supervisor’s public hearing on March 7, 2023, after receiving no public comment, the Board of Supervisors approved the following precinct name changes:

<b>Original name</b>	<b>New name</b>
404 Franconia #1	404 Edison #1
432 Franconia #2	432 Edison #2
732 Oak Marr	732 Oaktree Crossing
924 Spindle #1	924 Spindle
935 Spindle #2	935 Robinson Mill

The Board of Supervisors also approved the following polling place changes that will take effect upon receipt of a Certification of No-Objection from the Attorney General:

1. Divide 731 Tysons precinct to create an additional precinct, 738 Jones Branch, which will vote at Providence Committee Meeting Room
2. Move polling places for three precincts:

<b>Precinct</b>	<b>New Polling Place</b>
731 Tysons	The Parc at Tysons
929 Difficult Run	U.U. Congregation of Fairfax Church
935 Spindle #2	Bull Run Elementary School

The Democratic Party called for an open primary for all districts and precincts in Fairfax County. At a minimum there will be one county-wide primary because two candidates have filed paperwork for the office of Commonwealth’s Attorney. The Republican Party called for an open primary in the 33<sup>rd</sup> Senate District; the 14<sup>th</sup>, 17<sup>th</sup>, 18<sup>th</sup>, and 19<sup>th</sup> House of Delegates Districts; and the Springfield Magisterial District, encompassing a total of 100 precincts. If two

or more Republican candidates file for any of these offices, a dual primary will be conducted. Political parties have an April 11 deadline to certify their candidates with ELECT. Ballot artwork and the resource allocation for election officers, voting equipment, and ballots will be finalized when this information is received.

The Office will replace the county's nine-year old voting equipment to include precinct ballot tabulators, ADA-compliant ballot marking machines, mail ballot tabulators, and related software and peripheral equipment. The project will also include the purchase of electronic voter check-in devices to replace the Poll Pads which are leased through early 2025. All voting equipment must be certified by the State Board of Elections.

Partial funding for this replacement project was received in October 2022 as part of the budget carryover, and the second tranche of funding was provided as part of the county's third quarter funding process. The third tranche of funding will be requested during the carryover process in October 2023, which will complete funding for the replacement project.

Before selecting a vendor, the Office will conduct a thorough review process of both the voting equipment and the electronic check-in devices. This review process will begin with public demonstrations tentatively scheduled for July 27-28. A diverse group of individuals will be invited, including Electoral Board members, political party representatives, members of the Board of Supervisors, chief and assistant chief election officers, the Fairfax County Disability Rights and Resources Center, the Fairfax County branch of the NAACP, representatives of Asian and Korean languages groups, representatives from the county's budget office, Department of Information Technology (DIT), Department of Procurement and Material Management (DPMM), the County Attorney's Office, and other interested parties. A final decision is anticipated by December 2023 with the testing of the new voting equipment and electronic check-in devices by early 2025.

Pat Ferguson was promoted to the position of FOIA Coordinator/Candidate Services Manager, and Carmen Frisbee joined the Department as the new Human Resources Administrative Assistant.

Under the Chairman's report, Ms. Hanley explained that the Virginia Electoral Board Association (VEBA) will hold their annual conference March 24-27, where she will be lead a break-out discussion with the ten largest Virginia jurisdictions. She solicited topics that may affect voters from the meeting's participants.

There was no Vice Chairman's report.

Under the Secretary's report, Mr. Henzel expressed concern about the passage of HB 2471, a bill that amends the procedures for removing a general registrar. Whereas in the past an electoral board could remove a GR by a simple majority vote, HB 2471 now provides that an electoral board must petition the Circuit Court requesting that it remove the GR. The bill also provides for the assignment of counsel at the Commonwealth's expense to any general registrar subject to a removal petition. While Mr. Henzel expressed full confidence in Fairfax County's current GR, he noted that this legislation reduces local control and could be a problem in the future or in other jurisdictions. He concluded that because General Registrars now no longer

serve at the pleasure of the EB, some General Registrars might feel less need to keep their EBs fully informed which will in turn mean less public transparency. Ms. Hanley agreed that the law changes the relationship between the EB and the General Registrar, and she commented that the removal process of a General Registrar now becomes public whereas before the passage of HB 2471 most personnel matters were protected from public scrutiny.

There was no New Business.

Under Public Comments, Ms. Hanley reminded the public that comments are limited to three minutes. The Board may provide the information; however, an answer may be deferred if more research is required.

Ms. Brim expressed concern that HB 1948 will allow a voter to provide their assigned voter registration unique identifier in place of the last four digits of their social security number. She commented that this number is provided on data lists that can be purchased from ELECT. She asked if the returned absentee ballots could be tracked based on whether the voter provided the last four of the social security number or the voter registration number. She also requested that when provisional ballots are adjudicated, the final four digits of the SSN and the full date of birth be required even if a complete absentee ballot application or same day registration application has been provided. Mr. Shapiro agreed that tracking this information is important data to evaluate potential risk. Ms. Hanley commented that this bill has not yet been signed by the Governor.

Ms. Hanley confirmed to Ms. Vorel that the ballots will be available forty-five days prior to the June primary election.

There being no further business, Mr. Henzel moved to adjourn. The motion carried, and without objection, the meeting was adjourned at 4:35 p.m.

DRAFT

# County of Fairfax, Virginia

## GENERAL REGISTRAR'S REPORT

**DATE:** April 11, 2023

**TO:** Hon. Katherine K. Hanley, Chairman of the Fairfax County Electoral Board  
Jeffrey K. Shapiro, Vice Chairman of the Fairfax County Electoral Board  
Amb. (ret.) Christopher Henzel, Secretary of the Fairfax County Electoral Board

**FROM:** Eric L. Spicer, General Registrar and Director of the Office of Elections

**CC:** Beth Dixon Methfessel, Clerk to the Electoral Board  
Office of Elections – All staff

**SUBJECT:** General Registrar's Report for the April 12, 2023, Electoral Board meeting

### Voter Registration

Registered Voters	As of April 10, 2023	Change from 3/13
Active registered voters	715,007	-29,219
Inactive registered voters	65,933	+30,239
<b>TOTAL</b>	<b>780,940</b>	<b>+1,020</b>

Registration Transactions	March/April 2023 (3/13 to 4/10)	Year-to-Date (1/1 to 4/10)
DMV online voter registration transactions	13,343	47,284
Web voter registration transactions	515	1,951
Third-party voter transactions	996	1,732
Other voter registration transactions	1,090	10,652
<b>TOTAL</b>	<b>15,944</b>	<b>61,619</b>

Voter Cancellations	March/April 2023 (3/13 to 4/10)	Year-to-Date (1/1 to 4/10)
Deceased	444	1,180
Out-of-state	913	5,598
Other	98	6,912
<b>TOTAL</b>	<b>1,455</b>	<b>13,690</b>

## Confirmation Mailing – Sent by Virginia Department of Elections (ELECT)

As of April 10, we received a total of 20,312 pieces of mail from the confirmation mailing, including 14,305 pieces of returned undeliverable and 6,007 responses from voters that required action. A total of 30,239 voters were changed to an “Inactive” status because their confirmation mailing was returned undeliverable, or they did not respond within 30 days.

The following table summarizes the results of this mailing.

<b>Actions Taken as of April 10, 2023</b>	<b>Quantity</b>
Moved within Fairfax County - Address updated on voter list	365
Moved within Virginia – Voter information mailed to other jurisdictions	233
Incomplete – Reviewed by staff	136
Moved out of the state – Voters removed from the voter list	5,273
Undeliverable	14,305
<b>TOTAL</b>	<b>20,312</b>

## New Procedures for Removing Deceased Individuals from the Voter List

The Virginia Department of Elections in Richmond (ELECT) recently issued an Advisory that provides localities with a new death lookup process through ELECT. In addition, ELECT has authorized General Registrars to use an obituary posted in a newspaper distributed within the locality or the website of a licensed funeral home to help confirm that an individual is deceased. This is a departure from ELECT’s previous position that obituaries could not be used.

We will use these new tools in our continuing effort to improve the accuracy of the voter list. On April 3, we began matching obituaries with undeliverable mail that was returned by the relatives of deceased voters, and with this new process we have already removed 150 deceased voters from the voter list.

## Polling Place Changes

On April 6, we received the Certification of No Objection from the Attorney General’s office for the polling place and boundary changes that were adopted by the Board of Supervisors on March 7. We updated and implemented these changes in VERIS. We will send the required notifications to all affected voters.

---

**Legislation – Absentee by Mail Voting (HB 1948) Amended by the Governor**

---

HB 1948 as passed by the Senate and House removed the witness signature requirement on absentee ballot envelopes and replaced it with the last four digits of the voter’s Social Security number and their full date of birth. It also allowed a voter to provide their assigned voter registration unique identifier in place of the last four digits of their Social Security number.

On March 27, after we provided information to the Commissioner of the Department of Elections in Richmond, the governor amended the bill to only require the birth year instead of the full date of birth and to only permit individuals who do not have a social security number to use their unique identifier assigned when they registered to vote. (Approximately 60 voters in Fairfax County do not have a Social Security number). The amended bill will be considered by the legislature when they reconvene on April 12.

---

**June 2023 Primary Election**

---

Based on the candidate filings submitted by the April 6 deadline, there will only be a Democratic Party primary election in Fairfax County, which will include county-wide races for Chairman of the Board of Supervisors, Sheriff, and Commonwealth’s Attorney and contests in several districts for state Senate, House of Delegates, and Board of Supervisors.

**Absentee Applications**

As of April 10, we have **38,360** absentee ballot applications for the Democratic primary, including **37,265** permanent applications, **1,054** overseas applications, and **41** one-time applications.

---

**Early Voting**

---

In-person absentee/early voting will take place at 16 locations.

**Friday, May 5 through Saturday, June 17, excluding Sundays**

**Fairfax County Government Center** 8:00 a.m. to 4:30 p.m. weekdays  
9:00 a.m. to 5:00 p.m. Saturday, June 10 and Saturday, June 17

**Mount Vernon Governmental Center & North County Governmental Center** 1:00 p.m. to 7:00 p.m. weekdays  
9:00 a.m. to 5:00p.m. Saturday, June 10 and Saturday, June 17

**Saturday, June 10 through Saturday, June 17, excluding Sunday**

**Thirteen additional locations** 1:00 p.m. to 7:00 p.m. on weekdays  
9:00 a.m. to 5:00 p.m. on the two Saturdays

---

## **Early Voting In-Person Absentee Satellites (Continued)**

The early voting locations will be staffed with 6 to 8 election officers, with the larger number during the final week. Since there is only a Democratic primary, the chief and assistant chief officers will represent the Democratic Party; the election officers will be a mix of Democratic party representatives and unaffiliated officers.

All locations will again produce paper ballots using the ballot-on-demand system, which has proven very successful. Each check-in station will be linked to its own ballot-on-demand printer, eliminating the need for a separate ballot officer. The Chief Officer will also have a ballot-on-demand printer for curbside and provisional voters. There will be no pre-printed paper ballots at the early voting locations. Chief and Assistant Chief officers will receive focused training on the processes for provisional ballots and same day registration.

---

## **Resource Allocation for Satellites**

The attached resource allocation for satellites provides information on the allocation of Poll Pads, DS200s, ExpressVote accessible ballot marking machines, and ballot-on-demand printers for the satellite voting locations. This allocation includes ballot paper for the ballot-on-demand printers.

---

## **Resource Allocation for Election Day**

For each election, we develop a resource allocation plan and order ballots based on comparable elections. In June 2019, average in-person turnout on Election Day was 9%, with a range of 2% to 26% in individual precincts. In June 2021, average in-person turnout on Election Day was also 9%, with a range of 1% to 22% in individual precincts.

For this election, each precinct will receive ballots for a minimum of 30% of registered voters. Some precincts, such as those with higher turnout in past elections or new precincts with no historical turnout information, will receive ballots for a minimum of 35% of registered voters.

Each precinct will receive 3 to 4 Poll Pads, 2 ExpressVote ballot marking devices, and 2 DS200 scanners. As in the primary election one year ago, precincts will be assigned 5 to 7 election officers.

---

## **Election Officers**

### **Election Officer Assignments**

We sent an availability email to election officers on April 10, and are reviewing the responses to make assignments, beginning with chiefs, assistant chiefs, and language officers. We will contact assigned election officers in May to confirm their precinct assignments.

---

## **Election Officers (continued)**

As this is a single-party Democratic primary, we are assigning only Democratic party representatives and unaffiliated officers in all precincts. All chiefs and assistant chiefs will represent the Democratic party. A small number of language officers, who are assigned without regard for party affiliation, may represent the Republican party.

All precincts will have one officer designated as an SDR specialist to assist with processing same-day-registration voters. As turnout is typically much lower in primary elections, the Chief or Assistant Chief will be the designated SDR specialist in most precincts. (In the next general election, we expect to assign a separate SDR specialist in all precincts.)

### **Election Officer Training**

All officers assigned for this election will need to complete the Election Officer Basics training class, as required by law before their first election of a new appointment term. This training will be offered online beginning in late April. Any first-time officers will also be required to attend an in-person equipment practice session.

Individuals designated as SDR specialists will be required to complete a specialized same-day-registration training class. We are preparing an interactive online class to give SDR specialists an opportunity to learn and practice various scenarios.

Chiefs and Assistant Chiefs, who must meet all other election officer training requirements, are required to complete the Chiefs Briefing the week before the election. The Chiefs Briefing for this election will be conducted as a live Zoom session, with an opportunity for questions-and-answers immediately afterwards.

---

## **Logic and Accuracy Test -- Poll Pad Check-in Devices**

The logic and accuracy test for Poll Pads will be conducted in the Government Center, 12000 Government Center Parkway, Fairfax VA, Suite 251 as follows:

**Thursday, April 20, 9:00 a.m.** For use in early voting locations

**Sunday, June 18, 9 a.m.** For use in Election Day polling places

### **Testing includes:**

- Running a wireless sync from ePulse in the Poll Pad application.
- Verifying that the voter file successfully updated and countywide records match.
- Powering off the Poll Pad device and returning the device to its matching case.
- Matching the Poll Pad case number and device.

**Tuesday, June 20, 5:00 a.m.** Election day polling places – Poll Pad crosscheck. Election officers will complete a crosscheck form to verify that their Poll Pads are set up properly.

---

### **Logic and Accuracy Testing**

Logic and Accuracy Testing Schedule for the June 2023 Democratic Party primary election:

**Beginning 9:00 a.m. each day:** The tests for all but the DS850s will be conducted at the Morrisette Warehouse, 8600 Morrisette Drive, Springfield, Virginia.

**April 25-26:** Voting equipment for three (45-Day) Satellite Voting locations.

**May 9-12:** Voting equipment for remaining 13 (10-Day) satellite voting locations.

**May 9-26:** Voting equipment for Election Day precincts.

**May 24-25:** DS850s (used to count mail ballots) Fairfax Government Center, 12000 Government Center Parkway, Suite 339, Fairfax, VA.

---

### **Office Personnel**

After more than five years of distinguished service as the Election Officer Manager and the Election Operations Manager, Ravi Udeshi was hired as Election Manager effective April 8, 2023.

Regrettably, Alina Selnick-Escobar is resigning from her position as Election Officer Training & Operations Coordinator effective April 21 to pursue other opportunities. Alina has been an exceptional member of the Office of Elections team and it will be hard to fill her shoes. We are recruiting to fill the position.

We are also recruiting for the Election Officer Manager position.

---

### **VFOIA**

Between March 13 and April 10, we received 6 VFOIA requests.

---

### **VFOIA Request for Cast Vote Records**

In the past, we have received VFOIA requests for cast vote records (CVR), which we did not release due to security concerns. State law prohibits the release of ballot images or the access to voted ballots, and we had understood that CVRs should not be released because they represent an electronic record of the information from voted ballots.

---

**VFOIA Request for Cast Vote Records (Continued)**

---

ELECT has recently advised localities that they should release CVRs in certain circumstances. Following this guidance, we released CVRs for the 2020, 2021, and 2022 general elections in response to a VFOIA request. As part of our response, we provided information about our election management system, election results reporting, and cast vote records to explain our process and the relationship of cast vote records to election results. We will provide this with any future VFOIA requests for CVRs. The following is some of the information that we provided with this response.

**Election Management System**

In Fairfax County, we have an election management system that we use to set up and design ballots for each election and to program USB flash drives with election data for use with the logic and accuracy testing process and the actual voting process. The election flash drives can also be uploaded into the election management system but that is not a requirement, and it was not the practice or procedure to do so in elections prior to November 2021.

**Election Results Reporting**

Prior to November 2021, election results were called in by election officers at Election Day precincts, in-person absentee satellites, and for the mail absentee results. Those unofficial results were reported on election night and in the days following the election and they were double-checked against the machine tapes. Election data was also reflected on flash drives that were turned over to the Circuit Court for a 30-day period after the election and on the ballots that were turned over to the Circuit Court. We have confirmed that (as of April 10) the Circuit Court still has the ballots for 2020, 2021, and 2022.

Beginning in November 2021, we started using the information from election flash drives to report election results. While this is not a legal requirement, we determined that this was the best, most accurate method for reporting election results.

**Cast Vote Records**

Cast vote records represent the raw data for all votes on election flash drives that are electronically loaded into the election management system. Hand counted ballots can be manually entered into the election management system, but they will not be reflected as cast vote records. Cast vote records are reflected in random order and a cast vote record cannot be directly linked to a voter. There is no legal requirement to use cast vote records in the election results reporting process and we have never done so.

---

**Turnout Statistics Posted in ELECT's Official Results for November 2022 and January 2023**

---

On March 13, we informed ELECT that the turnout statistics posted in their official results for the November 2022 General Election and January 2023 Special Election appear to be incomplete in that they exclude all Same Day Registration (SDR) provisional ballots. ELECT assured us that their IT department was working to address the issue.

ELECT provided an update that a VERIS fix deployed on March 21 "will ensure SDR provisional counts are included on the Turnout Statistics page on the Election Night Reporting website." ELECT clarified that the turnout statistics reporting fix will not apply, retroactively, to previously posted election results.

**June 20, 2023 Primary Election - Precinct Resource Allocation**

CD	SEN	HOD	DISTRICT	PCT	PRECINCT	Jun 2019	Active	Ballot	% of Reg	Ballot	Ballot	Poll	Express	DS200	Election
