Mission to cultivate school cultures and an FCPS community centered on student wellness and equitable access to environmental stewardship opportunities.

Get2Green Leaders

- Student-led environmental team/club
- Audit
- Action Plan
- Professional Development
- Zero Waste Liaison

Get2Green Support

1 - Aware but not engaging yet

Aware of green opportunities but not ready to explore or take action.

2 - Exploring & Discussing

Exploring resources and discussing ways to start taking action. Learning from other schools and experts.

3 - Starting small

Getting started with small-scale actions and starting to build engagement from teachers, staff, and community.

4 - Scaling up

Building and improving upon small scale actions. Many classes and multiple teachers engaged.

5 - Thriving & Refining

Fine tuning actions and exploring new unique opportunities. School-wide engagement and integration into school culture.
