

Student Member Testimonial

Jacob Hammond was the EQAC student member for the July 2022 - June 2023 term. He prepared the following testimonial regarding his service on EQAC:

Most of us have an understanding of broader environmental issues, yet so much important work happens at the community level. Serving on EQAC has been an eye-opener for me in this regard. It's a great way to participate directly & learn about local environmental work as well as the intersection between business, government, and the environment. Throughout this experience, I've witnessed first-hand key projects throughout Fairfax County & Virginia; formed connections with experienced and driven advocates, experts, and leaders; and offered input on key initiatives.

Anyone who is interested in supporting their community and learning about on-the-ground environmental efforts & issues will greatly benefit from serving on EQAC. It's been an enjoyable and invaluable experience to serve and I highly recommend it!
