

Student Member Testimonial

Kevin Sun was the EQAC student member for the July 2010-June 2011 term. During his term, he prepared the following testimonial regarding his service on EQAC:

Serving as the student member to the Fairfax County EQAC has been an invaluable opportunity, from monthly meetings to the annual public hearing. EQAC plays an active role in county environmental policy, and being a part of this council has allowed me explore my interests as an environmentalist and student. Addressing a broad range of issues, EQAC meetings frequently feature members of local government agencies who answer questions and provide an in-depth look at the environmental issues and questions that Fairfax County needs to address, from Tysons Corner to stormwater management. The student member of the EQAC is uniquely situated to observe and inform the policy process at the most local level, an educationally rewarding experience.

EQAC has been a pleasure to serve on, and I have learned a great deal by just having the opportunity to sit on the council. I would highly advise anyone interested in the position to apply. If you have any questions, I would be happy to answer them at kevnsn@gmail.com.
