GDC: Where is GDC packet going to go? It resides at the PO desk so folks can come in and petition in person. If they email and say they need a PO, then court sends it to them encrypted. Around Nov/Dec, they are doing large construction process and therefore they will have to figure out where the PO window will be.

How to get the word out? Email blast to the FBA, different committees.

Information sheets and respondent info forms will be put in the courtroom for easy access by the CWAs.

JDR: If know it will be a plea, they need the terms and to know there will be a PO. Names and DOBs needed.

Goal: Evidence – getting items into evidence in both courts.

Judge Frieden wanted to put CLE together. Brown bag or video series from LSNV?

Goal: Continued support with magistrates. Resource card & signage – Ashley and Ann to help.

Susan Madsen raised issue with copy of EPO in paperwork. Stacy to pull folks together with Chief Mag for meeting on this.

Hope Card Issues: POs denied and they appeal to circuit court. Petitioners trying to still apply at GDC.
