

Accessible Voting for Voters with Disabilities

Every citizen has the right to vote.
Fairfax County is dedicated to providing accessibility to all voters.

Voting Options

- Voters can vote in person before Election Day at any of 16 satellite locations including the Fairfax County Government Center.
- Voters can vote absentee by mail.
- Voters can vote at their designated polling place on Election Day.

Accessibility

- All polling places are wheelchair accessible.
- All polling places have a magnifying device for voters with low vision.
- Accommodations can be provided upon request, including assistance marking a ballot.

Ballot Marking Devices

- All polling places have a ballot marking device that enables independent voting.
- Voters use the ballot marking device to mark their ballot before putting it into the scanner.
- Ballot marking devices have accessibility features, including a touchscreen, keypad with large braille buttons, and a screen reader with an audio headset.

Curbside Voting

- Curbside voting is available at every polling place.
- Voters with disabilities or 65+ years old can vote without leaving their car.
- Upon arrival to the polling place, voters can call the number posted to request curbside voting.
