Roads - 4,800 miles

Land Area - 395 sq. mi.

Acres - 260,368

Housing Units - 411,963

Households - 402,892

Your Fire and Rescue Department "At Your Service"

The Fairfax County Fire and Rescue Department trains firefighters and paramedics to provide a full complement of fire suppression, technical rescue, swift water rescue, hazardous materials, and emergency medical services, including basic and advanced life support and emergency medical transportation—it is a career and volunteer all-hazards department. Since its humble beginning in July 1949, the Fairfax County Fire and Rescue Department has evolved from ten skilled "drivers" to a complex agency responsible for meeting the emergency needs of over one million residents.

Today, more than 1,330 uniformed men and women operate from 38 fire and rescue stations strategically positioned throughout Fairfax County. Additionally, about 170 full-time civilians provide key support functions from headquarters and other locations.

The Fairfax County Fire and Rescue Department operates on three separate 24-hour rotation shifts. Each shift is led by a Deputy Fire Operations Chief. The county is separated geographically into seven battalions, each managed by a battalion management team of a Battalion Fire Chief and EMS Captain. Fire suppression personnel and paramedics work in tandem to ensure the highest level of safety and care possible for the residents of Fairfax County.

Highlights

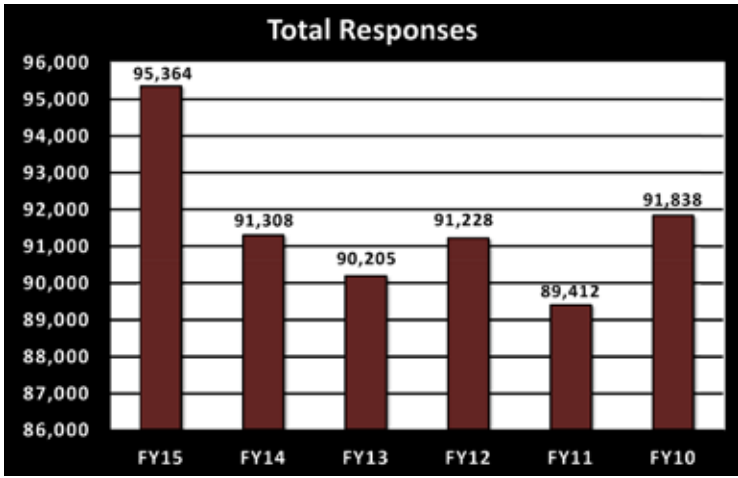

INSURANCE SERVICES OFFICE (ISO) – After months of data collection, analysis, and testing, the Insurance Services Office gave Fairfax County a Public Protection Classification rating of Class 1, the highest rating possible. Fairfax County was the first jurisdiction in the Commonwealth to receive the honor. A Class 1 ISO rating represents "superior property fire protection."

HOSTED THE WORLD POLICE & FIRE GAMES – Fairfax County Fire and Rescue Department, along with other public safety agencies, hosted the 2015 World Police & Fire Games. Approximately 9,250 athletes from 68 countries, participated in 61 sports, at 53 separate venues, and more than 5,900 volunteer coordinators and staff provided second-to-none support to the athletes.

136TH RECRUIT CLASS – The department graduated 63 recruits, the largest recruit school in the 66 year history of the department.

VA-TF1/USA-1 – Deployed to Nepal Earthquake - The United States Agency for International Development deployed a 57-member urban search and rescue medium task force to assist in the devastating earthquake in Nepal and the Kathmandu area for approximately two weeks.

Community Outreach Programs

Safety In Our Community (SIOC) Safety In Our Community is a community-based program conducted by firefighters going door-to-door checking for working smoke alarms, providing home inspections, and important seasonal fire and life safety information to residents. A door hanger with important information is left behind when residents are not home.

Wellness In Our Community (WIOC)

Designed to "prevent the 911 call," a community based program emphasizing lifesaving subjects as carbon monoxide poisoning, FILE OF LIFE, and community CPR. It complements and expands the Safety in Our Community program (SIOC).

Community and Civic Groups

General fire safety presentations including home escape planning, proper smoke alarm placement, and fall and injury prevention.

Every Step of the Way

A fire and life safety program targeted to the most vulnerable: children and older adults. Programs center on teacher and parent training, and fire safety puppet shows in public, private schools, and daycare centers. Older adults are exposed to programs addressing fire and life safety, including injury from falls. Additionally, the File of Life program allows residents to prominently display medical information to emergency personnel.

Juvenile Firesetters Intervention Program

An educational intervention program targeted to juvenile firesetters administered by a nationally certified educator.

Referrals are received from court officials, school counselors, law enforcement, fire investigators, and mental health practitioners.

Worldwide Disaster/Humanitarian Response

Virginia Task Force 1 (VA-TF1) - a premier disaster response and humanitarian resource governed through federal partnerships with United States Agency for International Development, (USAID), Department of Homeland Security, (DHS), and the Federal Emergency Management Agency, (FEMA). Deploys nationally and internationally to natural and man-made disasters on short notice. Teams have deployed to Armenia, Kenya, Turkey, Taiwan, Iran, Haiti, Oklahoma City, The Pentagon, Japan, Nepal and numerous other disaster locations within the United States and abroad. Costs and expenses for training, equipment, supplies, and personnel are paid by the federal government.
