Fire is HOT! It can hurt you.

Stay away from things that are hot.

Which things can be hot?
Fire is HOT! It can hurt you.

Your family should have a plan to get out of your home in an emergency. Practice your plan together.

Make a family escape plan.
Draw the smoke alarm.
Plan two ways out of every room.
Pick a safe meeting place.
Plan to call the fire department from a neighbor’s house.
Crawl Low and Go

If there is smoke, crawl under the smoke. The air near the floor is better. Stay low and get out fast.
Get Out and Stay Out

If you see fire or smoke, go outside fast. Stay outside and wait for help.
Exit means a way out. Know how to find the best way out.
Cool A Burn

Put cool water on a burn. Do it right away.
Matches and Lighters Are Tools

Never play with matches or lighters. They are not toys. Matches and lighters are tools for grown-ups to use.
Stop, Drop, and Roll

If fire gets on your clothes, stop, drop, and roll. Cover your face with your hands.
Smoke Alarms Save Lives

Make sure you have smoke alarms in your home. They will warn you about a fire.
A Firefighter is Your Friend. Sometimes a firefighter looks different in firefighting clothes. But remember, the firefighter is always ready to help you.
Message to Parents:

You can help your child learn the important fire and burn safety lessons presented in this booklet. Review these ideas often to make sure your child knows what to do in an emergency.

The safe habits your family learns today may save your life tomorrow!
