Fairfax County School Health Promotion **March & April Morning Announcements**

Power Up A Healthy Plate

Announcements (Elementary)

Two-Way Student/Teacher Dialogue

START

Teacher: Who can tell me an interesting fact about rainbows?

Student: I can! Rainbows help keep us healthy and strong.

Teacher: Really? How so?

Student: Well, my parents always tell me that I should fill my plate with foods representing the colors of the

rainbow. They say fresh foods give you all the energy and nutrients you need to be your best.

A Fairfax County, Va., publication March

2018. If you would like this information in

another format please call 703-246-2411,

Teacher: That's true. Eating healthy foods not only builds strong muscles and helps prevent illness, but it gives you the energy you need to do the things you love to do - like learning at school and playing outdoors, or

Student: Or trying to find a pot of gold at the end of the rainbow!
