 2023 HUD CoC Program Competition
 NEW FUNDING INFORMATION

BACKGROUND

Fairfax County's Continuum of Care (CoC) is seeking applications for new projects for inclusion in the CoC's Application for the 2023 HUD CoC Program funds. HUD's CoC Program Competition is an annual process and each year Fairfax County's CoC (VA-601) competes with other continuums across the country to secure federal funding to end homelessness. Fairfax County's CoC encourages applications from all eligible applicants regardless of whether the entity is currently receiving HUD funding or has ever received CoC funding. This includes any organizations led by and for Black, Indigenous, or other People of Color historically marginalized. Technical assistance will be provided to ensure this funding opportunity is accessible. Proposed projects must meet all requirements and regulations of the CoC Program Rule¹ and the Notice of Funding Opportunity (NOFO)² for the 2023 HUD CoC Program Competition.

Agencies do NOT need to currently have HUD CoC Program funding to apply

5) Renewal Application Process

HUD expects each CoC to implement a thorough review and oversight process at the local level for both new and renewal project applications submitted to HUD in the FY 2023 CoC Program Competition to ensure that

- each project narrative is fully responsive to the question being asked and that it meets all the criteria for that question as required by this NOFO;
- the data provided in various parts of the project application are consistent; and,
- all required attachments correspond to the list of attachments in e-snaps that must contain accurate and complete information that are dated between June 30, 2023 and September 30, 2023.

GENERAL REMINDERS:

- ✓ Grant Year – Enter the start date and end date of the renewing project. You must enter an end date for the project expiring in calendar year 2024 of your project’s current grant agreement, or grant agreement as amended (e.g., 4/1/2023 start date and 3/31/2024 end date). To ensure the correct operating start and end dates are entered, use the “POP Start” and “POP End” from HUD’s electronic Line of Credit Control System (eLOCCS).
- ✓ Project Description – Review answers carefully to make sure your response fully answers the question
- ✓ SOAR – Identify if the project includes the following activities, “Has the staff person providing the technical assistance completed SOAR training in the past 24 months;” CSB
- ✓ Match documentation – CoC Program Interim Rule § 578.73 Matching requirements – “Recipient or subrecipient must match all grant funds, except for leasing funds, with no less than 25 percent of funds or in-kind contributions from other sources.”
- ✓ NOFO, PG 69 – “The CoC is required to notify, in writing outside of e-snaps, all project applicants who submitted their project applications to the CoC by the local CoC-established deadline whether their project application(s) will be accepted and ranked on the FY 2023 CoC Priority Listing, rejected, or reduced by the CoC no later than 15 days of the FY 2023 CoC Program application submission deadline.”

6) Priority Listing

NOFO, PG 26 & 27

- ❑ Tier 1 is equal to 93 percent of the CoC's Annual Renewal Demand (ARD). Project applications in Tier 1 will be conditionally selected from the highest scoring CoC to the lowest scoring CoC, provided the project applications pass both project eligibility and project quality threshold review, and if applicable, project renewal threshold. *Tier 1 was equal to 95% in the 2022 Competition*
- ❑ Tier 2 is the difference between Tier 1 and the maximum amount of renewal, reallocation, and CoC Bonus funds. If a DV Bonus project ranked in Tier 2 is selected with DV Bonus funds, the project will be removed from this tier and the projects below it will move up one rank position. However, if a new DV Bonus project is not selected with DV Bonus funds, the project will retain its ranked position (see Section I.B.3.i) of this NOFO). Project applications placed in Tier 2 will be assessed for project eligibility and project quality threshold requirements, and if applicable, project renewal threshold requirements and funding will be determined using the CoC Application score as well as the factors listed in Section I.B.3.j of this NOFO. HUD will award a point value to each new and renewal project application that is in Tier 2 using a 100-point scale:
 - 1) CoC Score. Up to 50 points in direct proportion to the score received on the CoC Application; e.g., if a CoC received 100 out of 200 points on the CoC Application, the project application would receive 25 out of 50 points for this criterion.
 - 2) CoC Project Ranking. Up to 40 points for the CoC's ranking of the project application(s). To consider the CoC's ranking of projects, point values will be assigned directly related to the CoC's ranking of project applications. The calculation of point values will be 40 times the quantity $(1-x)$ where x is the ratio of the cumulative funding requests for all projects or portions of projects ranked higher by the CoC in Tier 2 plus one half of the funding of the project of interest to the total amount of funding available in Tier 2. For example, if a CoC is eligible to apply for projects totaling \$500,000 in Tier 2 and applies for 5 projects ranked in Tier 2 of \$100,000 each: the highest-ranked project would receive 36 points, and then the subsequently ranked projects would receive 28, 20, 12, and 4 points.
 - 3) Commitment to Housing First. Up to 10 points based on the project application's commitment to follow a housing first approach.
