

0:0:0.0 --> 0:0:2.790

Stroble, Malia

There with everybody for coming out on this lovely morning.

0:0:2.860 --> 0:0:5.470

Stroble, Malia

Alright, I'm gonna go. Definitely take the.

0:0:6.930 --> 0:0:19.590

Stroble, Malia

Whether the warmth and I drove up from North Carolina yesterday and you know when you hit that storm of rain, right, it my favorite place, you know, between Fredericksburg and Quantico whereas.

0:0:22.200 --> 0:0:23.340

Stroble, Malia

Traffic goes to die.

0:0:25.470 --> 0:0:28.30

Stroble, Malia

That's great to see everybody. I know, Nicole.

0:0:29.210 --> 0:0:30.520

Stroble, Malia

Joining us is she on?

0:0:31.210 --> 0:0:31.800

Stroble, Malia

So we're gonna.

0:0:31.310 --> 0:0:32.520

Nicole Wickliffe

I am. I'm here.

0:0:34.130 --> 0:0:35.840

Stroble, Malia

Everybody here? Yes.

0:0:38.320 --> 0:0:40.510

Nicole Wickliffe

Sorry if I scared you. I'm here though.

0:0:43.240 --> 0:0:46.370

Stroble, Malia

You're calling from what location anymore?

0:0:46.180 --> 0:0:48.580

Nicole Wickliffe

I am in Springfield, Franconia district.

0:0:49.570 --> 0:0:51.70

Stroble, Malia

Great. May I?

0:0:51.150 --> 0:0:54.520

Stroble, Malia

And so that we can operate, may I have?

0:0:56.620 --> 0:1:0.620

Stroble, Malia

The motion that we can hear all. Can everyone hear Nicole or anything?

0:1:1.850 --> 0:1:3.890

Stroble, Malia

You would favor I.

0:1:5.20 --> 0:1:6.370

Stroble, Malia

What's your dad? I couldn't find you.

0:1:9.160 --> 0:1:9.670

Stroble, Malia

There we go.

0:1:11.530 --> 0:1:19.570

Stroble, Malia

As you can see, we have a little bit of work to do today. Exciting thing is there's just been a lot of work going public committees and so.

0:1:20.430 --> 0:1:25.240

Stroble, Malia

I hear from everybody and take this and help me so into.

0:1:26.810 --> 0:1:34.730

Stroble, Malia

You know, over the next year and our our planning, but I do want to just note the couple of things and happened in just asked for.

0:1:35.930 --> 0:1:36.990

Stroble, Malia

It was in good.

0:1:38.160 --> 0:1:42.570

Stroble, Malia

Just note the other night, the Planning Commission did approve the.

0:1:43.760 --> 0:2:8.130

Stroble, Malia

Preservation recommendations and portable housing preservation that foundations I did present they

had statement as we had agreed to with full meeting and there are payments have been in comments and not sure if they were there may have been others that submitted comments online but I think there were some also some industry groups that were representatives developers who said while it wasn't.

0:2:9.210 --> 0:2:21.800

Stroble, Malia

When, when Strobel was notable because she really complicated and then staff and talked about how far it was, his problem is a tool that could be used, you know, individually as we think different opportunities and some other.

0:2:22.140 --> 0:2:49.690

Stroble, Malia

As well as you know, raise some great questions and the things that we talked about and I did introduce some of the issues that we had talked about that were other things that are imperative for us to use this policy going forward. So I suspect I asked Tom, but I suspect the devil is going to be in the details when it goes to the Board of Supervisors and their understanding how that policy can be used in individual cases, but.

0:2:50.660 --> 0:2:54.850

Stroble, Malia

Right. I'm just like a couple of comments. First, I I think that.

0:2:55.640 --> 0:2:58.350

Stroble, Malia

The how we implement that?

0:3:0.440 --> 0:3:3.90

Stroble, Malia

Our guidelines for it's going to be really.

0:3:5.420 --> 0:3:6.540

Stroble, Malia

I think that.

0:3:7.200 --> 0:3:25.210

Stroble, Malia

There is still a lot of misunderstanding about what it is. Yeah, it's not that it is shrinking policy as an aspirational goal. And you know, that's something that the preservation task forces here about at the outset of its report out.

0:3:26.90 --> 0:3:27.300

Stroble, Malia

I am recommending.

0:3:28.510 --> 0:3:31.580

Stroble, Malia

Recommend that, among other things.

0:3:32.740 --> 0:3:54.940

Stroble, Malia

So I think that there is more communication that needs to take place in that regard with our industry partners. And 2nd, if I may, I just want to thank all of our advocates who were able to submit testimony. We were able to comment it does, I mean it makes a huge difference. It really does and.

0:3:55.760 --> 0:4:8.670

Stroble, Malia

Uh, I think it gives, you know, our decision makers. You know, a lot of comfort to know that there's support for the steps that the team. So these you know on our behalf, keep up the great work. Thank you.

0:4:9.980 --> 0:4:21.220

Stroble, Malia

I said that I thought this reconnect to that point about how to write a letter and is it helpful to obviously do that again for the Board of Supervisors hearing? Is there other?

0:4:22.30 --> 0:4:36.740

Stroble, Malia

Efforts you want us to take in a high number for the hack members to kind of continue those conversations or communication that you said that might be needed with respect to this specifically? Yes, I and I think would be very helpful for me.

0:4:37.980 --> 0:4:39.450

Stroble, Malia

Seeing this?

0:4:41.600 --> 0:4:42.120

Stroble, Malia

What?

0:4:43.290 --> 0:4:44.320

Stroble, Malia

We do have.

0:4:45.350 --> 0:5:2.180

Stroble, Malia

Development projects that are moving forward as well, and I would say I would say that on everything that we have going, especially where there's a hearing etcetera is that you know is that it helps for them, it helps them to hear.

0:5:3.530 --> 0:5:5.20

Stroble, Malia

Consistently from our application.

0:5:6.800 --> 0:5:10.520

Stroble, Malia

Thank you for that posted already on the board.

0:5:11.840 --> 0:5:21.0

Stroble, Malia

And the the items. So yeah, the the items for the 21st are posted and and in our public hearings.

0:5:21.890 --> 0:5:27.940

Stroble, Malia

Or Tuesday, there's this really shady guy best project going forward on the.

0:5:28.970 --> 0:5:31.160

Stroble, Malia

On the parking lot at the government center.

0:5:31.950 --> 0:5:32.390

Stroble, Malia

Actually.

0:5:33.290 --> 0:5:34.150

Stroble, Malia

Then something.

0:5:34.250 --> 0:5:36.640

Stroble, Malia

No, not to mention their shady park.

0:5:37.280 --> 0:5:42.580

Stroble, Malia

Uh, so so great stuff going on over there and there. So, so yes and.

0:5:43.230 --> 0:5:52.900

Stroble, Malia

Getting aside, yes, it's posted and and available there and the other one, yeah, the the less shady version is Wesley's deal. They're also, I think, yes.

0:5:56.170 --> 0:6:27.720

Stroble, Malia

First Christian that we were on that that I was sharing leadership. Fairfax had their housing day and I will say yesterday Tom panel along with others and folks from the land centertainment spoke and it was a really wonderful opportunity to see it in action and connect what we talked about in numbers and families hearing you know how that all comes together. So we mentioned both projects at the end when my colleagues at cornerstones posted out action. So we'll send out some notes. One of the things Joe we're trying to do is.

0:6:27.810 --> 0:6:33.520

Stroble, Malia

Let's give you one more about heads up and I have some talking points from Wesley and.

0:6:34.800 --> 0:6:41.950

Stroble, Malia

Just to share with people may want to go in and I will say this first time I ever used the phone, an option and.

0:6:42.830 --> 0:6:45.110

Stroble, Malia

But for the Planning Commission, it worked really well so.

0:6:46.330 --> 0:6:47.330

Stroble, Malia

Made a lot easier.

0:6:48.100 --> 0:6:50.130

Stroble, Malia

I'll just note that even I could hear her very.

0:6:52.470 --> 0:6:54.980

Stroble, Malia

So, so you know, there's just been so much.

0:6:58.740 --> 0:7:1.100

Stroble, Malia

Termination of the great input.

0:7:2.100 --> 0:7:20.450

Stroble, Malia

Not to make anymore for anybody. Easy way. You can. Kind of all of that and and certainly important to focus it on the individual cases of this coming in. But I think it's also helpful to sort of build the complete picture of the application. So having it sort of in one place where we could refer to it.

0:7:22.320 --> 0:7:22.890

Stroble, Malia

You might be.

0:7:26.170 --> 0:7:29.410

Stroble, Malia

And work on that because it does put your pipeline, the pipeline work.

0:7:30.630 --> 0:7:31.190

Stroble, Malia

About.

0:7:32.340 --> 0:7:36.220

Stroble, Malia

Unit types, portability and size could be the other thing.

0:7:36.300 --> 0:7:36.620

Stroble, Malia

Yes.

0:7:36.700 --> 0:7:36.870

Stroble, Malia

So.

0:7:37.730 --> 0:7:38.390

Stroble, Malia

It's very good.

0:7:39.600 --> 0:7:41.50

Stroble, Malia

On the website or.

0:7:42.90 --> 0:7:42.510

Stroble, Malia

4.

0:7:44.10 --> 0:7:44.600

Stroble, Malia

He's gonna be.

0:7:46.30 --> 0:7:46.570

Stroble, Malia

Is that?

0:7:48.0 --> 0:7:48.680

Stroble, Malia

They.

0:7:49.980 --> 0:7:51.290

Stroble, Malia

In order to do that, we need.

0:7:52.70 --> 0:7:52.420

Stroble, Malia

Thank you.

0:7:53.560 --> 0:8:1.950

Stroble, Malia

Yeah, I I will. I will just I let I'll never couple things. Number one, I think that's really important for us to do and.

0:8:3.260 --> 0:8:16.120

Stroble, Malia

Have you know platform to do so? We're we are without currently we're without public affairs director, so we're doubt. So we're you know, so Gino's having to do everything at the moment so.

0:8:16.200 --> 0:8:21.590

Stroble, Malia

So but we are expect to have that dress very shortly.

0:8:23.160 --> 0:8:24.550

Stroble, Malia

But that does various here.

0:8:24.630 --> 0:8:25.60

Stroble, Malia

Hello.

0:8:26.920 --> 0:8:31.10

Stroble, Malia

The only thing I would add on top of them, we're all at different levels.

0:8:35.410 --> 0:8:37.160

Stroble, Malia

Even using a new.

0:8:37.790 --> 0:8:39.180

Stroble, Malia

Grab the location.

0:8:39.270 --> 0:8:39.800

Stroble, Malia

Exactly.

0:8:40.550 --> 0:8:41.910

Stroble, Malia

Required healthy.

0:8:42.580 --> 0:8:43.760

Stroble, Malia

Through our fell away that.

0:8:44.970 --> 0:8:46.400

Stroble, Malia

Let alone the other.

0:8:48.730 --> 0:8:49.200

Stroble, Malia

Just.

0:8:54.0 --> 0:8:54.910

Stroble, Malia

So hey Mary.

0:8:55.50 --> 0:8:56.940

Stroble, Malia

OK, because now.

0:8:58.140 --> 0:8:59.330

Stroble, Malia

And I just thank you and.

0:9:1.250 --> 0:9:2.950

Stroble, Malia

Riding on the Testation, we're going.

0:9:4.90 --> 0:9:5.460

Stroble, Malia

Form proactively have two.

0:9:9.350 --> 0:9:10.140

Stroble, Malia

I think this is.

0:9:11.600 --> 0:9:13.900

Stroble, Malia

I'm really coming together with a lot of work.

0:9:14.580 --> 0:9:21.170

Stroble, Malia

And that just knows him some items of information. Many of the nonprofits received.

0:9:23.30 --> 0:9:29.260

Stroble, Malia

A training today that's happening in update this time of grief on what is 1 Fairfax and sort of how they're engaged so.

0:9:31.400 --> 0:9:44.590

Stroble, Malia

Meeting so we're not participating, but we'll get that information out. But I want to thank those who really were able to participate in the deeply rooted presentation with Steve problem, not sure how many I know I was with my cornerstones for.

0:9:45.690 --> 0:9:56.460

Stroble, Malia

But you know thoughts about? I thought it was very well done and but I know the conversation in my groups and the after conversation is very rich. Now how to use that.

0:9:56.600 --> 0:9:57.980

Stroble, Malia

Yeah, that's fine.

0:9:58.700 --> 0:10:1.280

Stroble, Malia

It was good. It was. It was really good.

0:10:2.580 --> 0:10:14.490

Stroble, Malia

It was so helpful. We are actually having them come to US agency staff meeting that we're gonna have it at the end of the month. So they're gonna come to the same similar presentation.

0:10:15.180 --> 0:10:20.960

Stroble, Malia

It supports that the IJ efforts, and I think we'll bring them back to our border with seeds in June, will come.

0:10:22.620 --> 0:10:23.160

Stroble, Malia

Thank you.

0:10:27.300 --> 0:10:31.20

Stroble, Malia

Into the park and drive obviously really good. But I'm always shocked.

0:10:32.10 --> 0:10:49.420

Stroble, Malia

How? People aren't awareness. I mean, only at what point are you not aware of all the injustice in the history of what's happened and which shows it's even more important that we continue to do it. It's not like you can't just check and say we did it. We're done. And and you did it one time. So I think it's really important.

0:10:50.240 --> 0:10:50.790

Stroble, Malia

Out there.

0:10:53.500 --> 0:11:1.40

Stroble, Malia

It's much like Carla with, you know, which recurring. And so it's something that's it's in a sense of a living. It's something that needs to develop along that preference.

0:11:5.370 --> 0:11:11.220

Stroble, Malia

To that end, it online, and if I wanted to forward it to somebody and say, hey, you really need to watch this.

0:11:11.300 --> 0:11:28.570

Stroble, Malia

And they had talked about making the presentation available and also there were some full like scripted questions as facilitators guide that. I will. I'm asking for that and send it out and he's probably done other presentations.

0:11:30.990 --> 0:11:41.520

Stroble, Malia

And I think that that is Joe, to your point about, you know, even just speaking points when people come to the podium, it's rooted in the understand that you know how it's printed 1 Fairfax is a housing.

0:11:42.870 --> 0:11:43.140

Stroble, Malia

Does.

0:11:46.450 --> 0:11:47.770

Stroble, Malia

And Tom?

0:11:50.900 --> 0:12:14.790

Stroble, Malia

Everybody heads up. Yeah, just very briefly. We are really excited about the housing symposium coming up here in March. We've got a lot of great panels. We're going to be back in person here at George Mason. So I think everyone there's a, there's a nice a nice closure there because I think the last in person meeting all of us to last time was the 1st house.

0:12:16.820 --> 0:12:23.690

Stroble, Malia

So we're, you know, it's there's going to be a lot of participation from borders this year. We have a industry.

0:12:24.660 --> 0:12:38.480

Stroble, Malia

Very impactful vandals were expecting to have keynote speeches from the doctor Schultz at the Brookings Institution and and also we're expecting to speak.

0:12:39.770 --> 0:12:40.340

Stroble, Malia

So.

0:12:41.410 --> 0:12:47.220

Stroble, Malia

So, so March 15th at Mason. My only advice is to not wear a toga.

0:12:50.760 --> 0:12:56.860

Stroble, Malia

OK, OK, OK. So I was just, I was just about to dust off my old one.

0:13:6.930 --> 0:13:8.150

Stroble, Malia

OK, membership.

0:13:10.90 --> 0:13:11.60

Stroble, Malia

Gina review.

0:13:12.80 --> 0:13:12.440

Stroble, Malia

You know.

0:13:15.780 --> 0:13:16.10

Stroble, Malia

Yeah.

0:13:17.250 --> 0:13:19.480

Stroble, Malia

To announce that the perfect coming.

0:13:20.320 --> 0:13:26.180

Stroble, Malia

Because identified a representative dentist upated the board will make it compliant.

0:13:27.770 --> 0:13:30.900

Stroble, Malia

Birds and and for all.

0:13:32.160 --> 0:13:34.680

Stroble, Malia

Show me that is expected for me.

0:13:36.360 --> 0:13:40.440

Stroble, Malia

Hopefully we'll be able to join us March 24th at our 4:00 AM.

0:13:41.870 --> 0:13:42.650

Stroble, Malia

Happy birthday.

0:13:49.760 --> 0:13:56.490

Stroble, Malia

It's in addition, we're expecting the Planning Commission to identifier replacement and Julie strangely.

0:13:59.600 --> 0:14:0.290

Stroble, Malia

This industry.

0:14:3.20 --> 0:14:8.80

Stroble, Malia

The OR so we expect that to happen sometime during this month.

0:14:9.520 --> 0:14:11.390

Stroble, Malia

But, Umm, speak to him for that.

0:14:12.860 --> 0:14:14.830

Stroble, Malia

Well, how you doing? Can you hear us OK?

0:14:17.410 --> 0:14:19.60

Stroble, Malia

Put her on the spot. Just want to make sure.

0:14:23.970 --> 0:14:24.190

Stroble, Malia

Right.

0:14:18.220 --> 0:14:26.280

Nicole Wickliffe

And it's not. It's a little hard. Like you see me, you're leaning there, and it's a it's a little hard if if others could just speak up slightly, that'd be great.

0:14:27.750 --> 0:14:43.490

Stroble, Malia

There were people we will speak up. I know you all have the agenda. Thank you for that. You have the agenda before you, so we're going to just get into it because we really have some great work and I'm going to turn it over first to German dark and talk about the budget.

0:14:45.640 --> 0:14:51.930

Stroble, Malia

Thank you in advance. Start for all the budget committee work. We've had a number of really good meetings sitting against.

0:14:52.670 --> 0:15:2.500

Stroble, Malia

One, but also a lot of heavy lifting was done by rubbing another HP staff and get the information very helpful and thank you for that.

0:15:3.500 --> 0:15:8.680

Stroble, Malia

If this is still a work in progress, so they've been saying now for a number of meetings, but I think we're.

0:15:10.390 --> 0:15:40.410

Stroble, Malia

Making progress in terms of pulling in the ideas that people are providing and that at each conversation getting some new ideas of what we're so. For example, one of the things I guess that they'll pull meeting that we talked about was that we wanted to have in our sort of intro context setting part of the conversation stories to help share sort of the personal impacts of the work that we're doing. And so.

0:15:40.500 --> 0:15:42.0

Stroble, Malia

We have done that, pulled in some of the.

0:15:42.180 --> 0:15:42.670

Stroble, Malia

Umm.

0:15:43.140 --> 0:15:48.370

Stroble, Malia

Ohh with that we're in the end more forward and I don't know Budget committee meeting there was some discussion that we maybe wanted to go.

0:15:49.160 --> 0:16:5.720

Stroble, Malia

Like little different direction pull in other stories that we haven't heard yet, we haven't told yet. And so folks are working on on sending those in. So we can replace those here and and really focus on similar kinds of stories but maybe a little bit different. So we're broadening sort of.

0:16:7.390 --> 0:16:8.410

Stroble, Malia

Perspective that.

0:16:10.380 --> 0:16:12.710

Stroble, Malia

We're going to have some stories from the mobile Home Park.

0:16:12.790 --> 0:16:13.100

Stroble, Malia

No.

0:16:14.180 --> 0:16:16.750

Stroble, Malia

Videos. OK, perfect. Thank you very much.

0:16:19.820 --> 0:16:21.620

Stroble, Malia

Another thing that we're.

0:16:22.760 --> 0:16:30.170

Stroble, Malia

Still working on is. We had had some conversation about making sure that we were providing.

0:16:31.970 --> 0:16:33.500

Stroble, Malia

Follow on the document.

0:16:37.540 --> 0:16:38.990

Stroble, Malia

Complicated 3.

0:16:40.400 --> 0:16:40.990

Stroble, Malia

Anymore.

0:16:42.130 --> 0:16:46.990

Stroble, Malia

Free will one help you with that and show increasing demand and and?

0:16:48.180 --> 0:17:7.260

Stroble, Malia

Graphic relative to that, but just demonstrating sort of where we've been, we've gotten some information from William Center pulling from other folks to try to be able to demonstrate that. Yes, we've made progress certainly in terms of some of the projects that have on the table that there is a need that we're trying to build that need.

0:17:7.580 --> 0:17:18.360

Stroble, Malia

Umm, there are a bunch of different flavors today. There is in terms of coming to the lamps that are both coming to our for other purposes etcetera. And you know just as.

0:17:19.270 --> 0:17:21.180

Stroble, Malia

You know, rabbit hole, but just to mention.

0:17:23.110 --> 0:17:51.520

Stroble, Malia

I think this will be further informed by what we see as some of those federal dollars, while way in the coming weeks and months. And I know there's a larger effort, but to get some attention and focused on that, certainly I think we can can participate in that actively. But some of that information, new information right off the the Press of the information in the next totally unfortunately for the weeks will also be part of this to make it very.

0:17:52.600 --> 0:18:2.510

Stroble, Malia

Real and and not only for the longer term. You know investments that we're looking at, but also what can the county do in the short term to help.

0:18:3.960 --> 0:18:9.290

Stroble, Malia

Fill but but to help slow down and and mitigate some of that impact. So anyway.

0:18:11.550 --> 0:18:14.720

Stroble, Malia

Umm. In addition, in terms of sort of the?

0:18:18.300 --> 0:18:33.540

Stroble, Malia

Development of this we will know on Tuesday, but it's in the kind of executive recommendation for 24

and that will obviously inform what our specific apps is in terms of the conversation with the board and with the budget guidance that sort of the new.

0:18:34.450 --> 0:18:42.780

Stroble, Malia

So idea of the new base that we're working for the future on and then also yes, two weeks after that.

0:18:43.870 --> 0:18:59.770

Stroble, Malia

You know what the available funds are on third quarter and so we can start focusing that. So there are some again still holds fulfill, but I think ones that we've anticipated because that information will be coming in the normal time frame.

0:19:2.80 --> 0:19:8.910

Stroble, Malia

About anything, right? So I'm not accounting. Human Services Council will be hosting the.

0:19:9.630 --> 0:19:10.290

Stroble, Malia

The budget.

0:19:10.980 --> 0:19:19.960

Stroble, Malia

Christina will be coming and where I'm supposed to be posting other boards, authorities and commissions on the 27th so.

0:19:20.660 --> 0:19:26.10

Stroble, Malia

If we have questions, we wanted to claim for that, let's think of that.

0:19:26.960 --> 0:19:27.280

Stroble, Malia

Great.

0:19:28.600 --> 0:19:31.390

Stroble, Malia

They have a spot on 2000.

0:19:33.730 --> 0:19:35.240

Stroble, Malia

Any questions about?

0:19:37.360 --> 0:19:37.660

Stroble, Malia

Yeah.

0:19:41.480 --> 0:19:46.740

Stroble, Malia

I don't know whether the the state funded still have been determined.

0:19:49.100 --> 0:19:53.770

Stroble, Malia

And that's another question. Online is what is it?

0:19:58.90 --> 0:19:58.690

Stroble, Malia

The function.

0:20:3.260 --> 0:20:9.820

Stroble, Malia

Any numbers they have that were pretty by the time we get spread across the Commonwealth, it's not much of an impact, but.

0:20:10.540 --> 0:20:11.670

Stroble, Malia

Well, I mean.

0:20:12.300 --> 0:20:17.80

Stroble, Malia

So there's so much conversation about the most steps on the school by.

0:20:17.460 --> 0:20:20.630

Stroble, Malia

This happened in the central topic.

0:20:21.820 --> 0:20:22.530

Stroble, Malia

They shouldn't.

0:20:26.370 --> 0:20:27.530

Stroble, Malia

That there's probably.

0:20:29.780 --> 0:20:32.190

Stroble, Malia

Those are the things that, you know, I think we have to do.

0:20:33.120 --> 0:20:33.740

Stroble, Malia

Aware of.

0:20:34.580 --> 0:20:35.290

Stroble, Malia

It's Friday.

0:20:37.320 --> 0:20:47.510

Stroble, Malia

And it pushes for next year. I mean this is muscle memory as we go forward for next year during with the legislative. I think we want to in combination with the budget and legislative.

0:20:48.910 --> 0:20:49.520

Stroble, Malia
Perspective.

0:20:51.750 --> 0:20:56.410

Stroble, Malia
After somebody over fun legislation but for a billion dollars.

0:20:59.760 --> 0:21:0.340

Stroble, Malia
It's not good.

0:21:2.460 --> 0:21:4.750

Stroble, Malia
Obstacles all over budget, guys.

0:21:9.810 --> 0:21:12.280

Stroble, Malia
Sorting it out and they have a different budget statement.

0:21:13.570 --> 0:21:13.930

Stroble, Malia
I mean.

0:21:14.630 --> 0:21:19.90

Stroble, Malia
Hey, that's really minus. Yeah, right. And then you rather because that's where the money?

0:21:21.540 --> 0:21:26.130

Stroble, Malia
You know very one of the ideas I've been pointing with, you know, other people transport.

0:21:27.210 --> 0:21:43.720

Stroble, Malia
Not to ask for that number out of the funds, but to ask for percentage for surplus. But to this then it's like, oh, if I just have 1% of any features or bus and and the answer that's not that's not a lot right depending on that. But the fact is that we make a significant impact on.

0:21:44.480 --> 0:22:4.990

Stroble, Malia
You know, legal representation for evictions. So there's some way to Boma, Boma, legislature. Just ask me for percentage in a future surplus. Yeah, actually, that makes sense. I can show benefits instead of asking for that million or a couple of 1,000,000 to do something that's harder to justify. And I think that might be something that we think about positioning ourselves with.

0:22:8.500 --> 0:22:8.950

Stroble, Malia
Ask.

0:22:14.960 --> 0:22:15.250

Stroble, Malia

So.

0:22:15.330 --> 0:22:15.850

Stroble, Malia

The other one.

0:22:15.930 --> 0:22:16.590

Stroble, Malia

Yes, my.

0:22:18.320 --> 0:22:18.860

Stroble, Malia

Pop up.

0:22:20.980 --> 0:22:21.670

Stroble, Malia

You have a level.

0:22:23.940 --> 0:22:26.870

Stroble, Malia

And where we had highlighted. Yeah. OK.

0:22:27.190 --> 0:22:44.310

Stroble, Malia

Yeah, kind of really about the reason highlighted to your point, we don't know what's gonna be in the budget on Tuesday. And so once we got that, then we didn't find it. And not only will we know what is in the budget for us, but we'll know the whole context not, I would imagine they're going to be.

0:22:46.180 --> 0:22:56.210

Stroble, Malia

For number of years now, there's gonna be some money for the board to look at priorities and obviously part of that conversation is that's great reduction.

0:22:57.380 --> 0:23:2.20

Stroble, Malia

But everything else is in the mix as well, and so that'll help us sort of.

0:23:4.40 --> 0:23:13.280

Stroble, Malia

Into the balance where I think you know we talked a lot about what do we think is achievable and what do we really need to ask for and.

0:23:14.470 --> 0:23:18.380

Stroble, Malia

That needs to be informed by by what the overall contract is and we'll know what to do.

0:23:19.260 --> 0:23:22.910

Stroble, Malia

I've been talking the board members and at least one of them things going to go.

0:23:25.300 --> 0:23:29.350

Stroble, Malia

I know that she will push with the last one.

0:23:30.960 --> 0:23:35.210

Stroble, Malia

And again, that's the same conversation we've been having in terms of what it is we put out there.

0:23:37.190 --> 0:23:44.840

Stroble, Malia

So that the larger group than the side that. But I do think it's important before we make that decision, you know what the larger.

0:23:46.990 --> 0:23:47.420

Stroble, Malia

In that.

0:23:49.530 --> 0:23:52.170

Stroble, Malia

Our own story it it doesn't help. I love the.

0:23:53.650 --> 0:23:55.620

Stroble, Malia

Do you work on?

0:23:59.370 --> 0:24:2.320

Stroble, Malia

Great start and and shows the seriousness.

0:24:3.810 --> 0:24:4.740

Stroble, Malia

Understand.

0:24:8.100 --> 0:24:15.860

Stroble, Malia

And Joe, every penny is about \$30 million to get those. We'll know that it should show as well. But it's, yeah, yeah, probably a little bit more this year, but yeah.

0:24:19.770 --> 0:24:23.240

Stroble, Malia

So this is this is great. And so we'll probably.

0:24:23.330 --> 0:24:25.80

Stroble, Malia

And I'm wise.

0:24:28.520 --> 0:24:42.370

Stroble, Malia

Our next meeting is March 24. I know we've talked about the meetings with, you know, having that creative budget session. So some of that has been discussed and laid out here and then.

0:24:43.750 --> 0:24:45.200

Stroble, Malia

Obviously registering for that.

0:24:46.950 --> 0:24:53.160

Stroble, Malia

I have a question though, so that's amazing. Nobody has a crystal ball.

0:24:53.240 --> 0:24:53.810

Stroble, Malia

Ohm.

0:24:54.900 --> 0:25:0.190

Stroble, Malia

Given all the different priorities that the Board of Supervisors looking at what?

0:25:0.920 --> 0:25:4.140

Stroble, Malia

Realistically, we thinking might be.

0:25:5.170 --> 0:25:10.510

Stroble, Malia

We might be successful in in getting in terms of the housing housing needs.

0:25:11.570 --> 0:25:16.860

Stroble, Malia

It may not be a fair question, but if you had a crystal ball, what what do we what do we think?

0:25:18.10 --> 0:25:24.830

Stroble, Malia

I I don't know. I think that it is absolutely reasonable to expect that there will be more added to the base.

0:25:25.910 --> 0:25:37.620

Stroble, Malia

Because I think that you know the the commitment has been reiterated that we're gonna get there just a matter of how quickly and certainly you know and we have this sort of strategic debate about you know.

0:25:38.340 --> 0:25:42.470

Stroble, Malia

What the strength of the advocacy is what level?

0:25:43.970 --> 0:26:1.850

Stroble, Malia

I don't think we're gonna get the two cents, you know, and, but I think we will get some and I think that once we see just how much flexibility there is, bottom line in the budget next Tuesday, that question could be more easily answered, but.

0:26:2.670 --> 0:26:14.880

Stroble, Malia

They're going to be some other factors. I think that probably residential homeowners are gonna get hit pretty hard because I think the values are continuing to go out. So there's going to be some pressure on that rate and.

0:26:17.100 --> 0:26:26.120

Stroble, Malia

They're mentioned to me, but there's always sort of the psychological what is the impact on the epitome owner in terms of the change from this year to last year and?

0:26:27.390 --> 0:26:36.890

Stroble, Malia

There are numbers that cause people to, you know, and if that's \$500.00, or if that \$700.00 that's gonna, you know, even make it more difficult.

0:26:37.920 --> 0:26:43.230

Stroble, Malia

To use that baseline flexibility for portable housing rather than.

0:26:44.90 --> 0:26:47.890

Stroble, Malia

Great reduction, but at least next week we'll know.

0:26:48.550 --> 0:26:58.80

Stroble, Malia

How much? Some of the numbers are and and start figuring out the answer to that question, but I don't. No thank you, that's that's so fair. That's a fair guess once. Thank you.

0:26:58.560 --> 0:27:2.620

Stroble, Malia

Don't expect that. That's can you can talk about the active.

0:27:4.20 --> 0:27:7.0

Stroble, Malia

That benefits and inflation pressures and those who are.

0:27:8.10 --> 0:27:10.230

Stroble, Malia

Ones that will benefit the housing investment.

0:27:11.680 --> 0:27:19.720

Stroble, Malia

And so there's obviously ways for advocates to kind of talk about that realizing that is the reality.

0:27:24.80 --> 0:27:32.930

Stroble, Malia

If I could, I was just going to say that, you know, I think another way to understand, you know where we are is that you know, we're on.

0:27:33.810 --> 0:27:40.440

Stroble, Malia

We are on a path to two right and you know our goal in terms of that journey to two.

0:27:41.280 --> 0:27:49.890

Stroble, Malia

But this year is to achieve 1 1/2 through a combination of means including baseline plus you know mid year review.

0:27:49.990 --> 0:27:51.530

Stroble, Malia

Umm Owens.

0:27:52.340 --> 0:28:1.650

Stroble, Malia

And I think I think that as we understand that you know and as we help our board members understand that that that is a.

0:28:2.310 --> 0:28:5.520

Stroble, Malia

Very sustainable story to tell.

0:28:6.300 --> 0:28:7.940

Stroble, Malia

Would be the way I would work.

0:28:9.220 --> 0:28:16.690

Stroble, Malia

Part of the rationale behind sort of the number that we put together on the bottom of page 2 is making that point that.

0:28:18.50 --> 0:28:26.110

Stroble, Malia

Absolutely, absolutely. The baseline funding is where we're going and what we need to attain. However, as we move there.

0:28:26.890 --> 0:28:41.80

Stroble, Malia

We need to make sure that in the third quarter out because we will speak to this and and whatever

amount of left and the next demo comes out in the federal dollars and as we get to carry over, we need to also be.

0:28:43.680 --> 0:29:13.450

Stroble, Malia

Be be able to add to the baseline so that we get to that number and I think that one of the things we talked about before about having a more informed conversation on that front because we'll have sort of the cache flow I keep in the cache on that cash flow. But what we think we're seeing the need for in the short term and what if we were to be able to get \$10 million that third quarter, what project is that was going for because we've got them in the pipeline. It's not as if we're making that number up. It's not as if it was just trying to get to the calculation of the 2:10.

0:29:13.530 --> 0:29:18.70

Stroble, Malia

It's because we've got projects that need that funding in order to be successful.

0:29:19.350 --> 0:29:25.980

Stroble, Malia

Just before I forget, you were saying you were saying before I forget again, one more comment about the the.

0:29:27.340 --> 0:29:41.810

Stroble, Malia

Advocacy strategy. One other thing, when no one Tuesday is the schedule of individual material, district budget meetings, and so we'll be adding that on to our timeline, which we've distributed for.

0:29:42.440 --> 0:30:12.730

Stroble, Malia

That we often see when those will be, I think that they're all going to have a virtual option again they have during COVID. So that will make it easier for folks wanting to advocate on, but we'll have those schedules and a lot of what we were hoping the budget committee talking point language review for what were those conversations with those every board member and every one of their town halls. And I think this is importantly all the rest of the people listening.

0:30:12.800 --> 0:30:22.380

Stroble, Malia

To the discussions hears the need informed by sort of where we've been and also we're going.

0:30:25.830 --> 0:30:37.100

Stroble, Malia

We should be more ambitious. It's up with Gary and I have been advocating for budget stuff for many years. Within ACP, we've organized like 20 speakers and a lot, and we've done this year after year.

0:30:38.210 --> 0:30:41.470

Stroble, Malia

The boy, committed to 1 1/2 cents four years ago.

0:30:42.310 --> 0:31:3.610

Stroble, Malia

They had it, they passed it, but then they took it back and different things have happened and you know, it got way back to them. What happened then? Lastly, then supplemented by federal funds. I mean, this is a pie in the sky stuff. This is done four years ago. Yes. So I don't know if there's any other areas that have taken since it hit by the COVID and the bad times, but.

0:31:5.170 --> 0:31:6.390

Stroble, Malia

We did 1 1/2.

0:31:6.530 --> 0:31:11.420

Stroble, Malia

Yeah, and and I think, I mean I I'm agree, I agree with you I, but I think.

0:31:12.830 --> 0:31:20.300

Stroble, Malia

That before and I know we all have slightly different opinions about this, but absolutely the baseline is where we need to be.

0:31:22.720 --> 0:31:24.600

Stroble, Malia

But from my perspective, if.

0:31:25.580 --> 0:31:30.780

Stroble, Malia

We've been able to fill in the in the short term.

0:31:31.470 --> 0:31:47.590

Stroble, Malia

At least some of most of that differential between what we've gotten, the baseline and the two cents with bubble dollars or other county dollars, a quarter reviews. And if we've been able most importantly to keep the projects that we've got in the pipeline moving.

0:31:48.310 --> 0:31:56.220

Stroble, Malia

I think we should should view that as a victory. It's not a complete victory, but it is a success. It's a success in terms of.

0:31:57.770 --> 0:32:0.880

Stroble, Malia

Keeping the pressure on, which is absolutely necessary.

0:32:2.260 --> 0:32:4.770

Stroble, Malia

And getting a result from that of.

0:32:5.790 --> 0:32:24.350

Stroble, Malia

Maybe I'm not thinking about this completely inaccurately, but I don't think we've been in a position where we've had to say we can't go forward with that project because we don't have the delta in place, or at least the promise of the delta place. And if you have in the bank and that to me is important.

0:32:26.100 --> 0:32:30.50

Stroble, Malia

Like I can I can just confirm that that we have.

0:32:30.970 --> 0:32:31.470

Stroble, Malia

And.

0:32:32.630 --> 0:32:40.670

Stroble, Malia

And be able to move forward multiple absolutely massive projects because of this approach so.

0:32:40.750 --> 0:32:46.0

Stroble, Malia

So things were W somos residences. The government center, too.

0:32:46.690 --> 0:32:49.480

Stroble, Malia

Hold of anyone with phone. Because of this Roach.

0:32:50.390 --> 0:32:55.780

Stroble, Malia

And so, you know, to Joe's point, I think that.

0:32:59.50 --> 0:33:5.280

Stroble, Malia

Put another way, you know and the investment on the baseline will follow our continued success with this strategy.

0:33:6.620 --> 0:33:22.420

Stroble, Malia

And you know, we'll need to focus on is, you know, this path to two cents, this path to two cents and how we're getting, how we're getting and how we're getting it into the baseline and the, you know, one of the most important ways to do that is to continue the produce.

0:33:23.900 --> 0:33:24.890

Stroble, Malia

Together, us.

0:33:26.160 --> 0:33:29.70

Stroble, Malia

What time you have two cents at the end of the year.

0:33:29.910 --> 0:33:31.670

Stroble, Malia

No, things is that the one that you have?

0:33:32.770 --> 0:33:38.260

Stroble, Malia

What I'm what I'm saying is, you know our, our, our, our end goal is to.

0:33:39.210 --> 0:33:48.120

Stroble, Malia

I think 1 1/2 is a way station on the way to two and whether it occurs in 24 or 25. What's important is that we get there.

0:33:49.60 --> 0:33:52.880

Stroble, Malia

I would just I think we were going to marry is and and I think.

0:33:53.480 --> 0:34:1.650

Stroble, Malia

Highlight detection being was sort of you know not remember incomplete statement based on what we didn't know yet.

0:34:4.130 --> 0:34:6.440

Stroble, Malia

I think it does make sense today.

0:34:7.80 --> 0:34:21.990

Stroble, Malia

What does the saying is 1 happens in the annual budget and so then the delta that gets to two is public previews. It should be clearer here though that our objective is to get to the 60 million thing for lack of, you know, not knowing exact number.

0:34:23.280 --> 0:34:26.720

Stroble, Malia

By baseline and for the review.

0:34:27.650 --> 0:34:33.840

Stroble, Malia

But it work. For instance, we're we're not. This is just talking about for 24. So that's right. We're we're meeting the two cents.

0:34:34.950 --> 0:34:35.540

Stroble, Malia

With those.

0:34:36.210 --> 0:34:41.110

Stroble, Malia

Combined strategies like baseline funding area over third quarter and.

0:34:41.890 --> 0:34:52.920

Stroble, Malia

But if there was any better 160,000,000 in funding without 60 million of places to put the funding just puts us back in time, because then we have to refight to.

0:34:53.800 --> 0:35:2.970

Stroble, Malia

So that it all have to kind of coalesce right and that to me that I know I keep saying this is not really, but that's where the cash flow element I think is relevant because yeah, we can have.

0:35:3.610 --> 0:35:5.930

Stroble, Malia

200,000,000 you know on the on the.

0:35:7.880 --> 0:35:18.670

Stroble, Malia

Whiteboard. But if it's not, if we're not gonna spend dollars in the fiscal year where they're available, they're just gonna accumulate. And now I think the worst place we want to be.

0:35:19.470 --> 0:35:34.460

Stroble, Malia

Yeah, I think this preservation thing's gonna cost a whole bunch of money, right? Yeah. Yeah. And, you know, if you don't have it, straight fund, if you don't have things ready to go, you can't save exactly what it's gonna be. Now that that's going to cost a lot of money.

0:35:35.290 --> 0:35:45.220

Stroble, Malia

That everybody's asking for money yesterday, that and to me, just looking at that and let's let's be really optimistic, let's say 25, we've got the.

0:35:45.980 --> 0:35:57.50

Stroble, Malia

To sense in the baseline, I think we then switch our strategy and all of that quarterly review money than is for preservation to then get to.

0:35:58.490 --> 0:36:6.440

Stroble, Malia

Target. Sorry. Yeah, beyond well, certainly beyond. But then the target specific preservation too, just to.

0:36:7.190 --> 0:36:30.730

Stroble, Malia

Pass along because I think no, no, I think this is really important in understanding how we frame having some talking points that ahc is come in and that the rest of us use in our own bobbing. But I point out number on page one under one failure because you understand again any of the services and the other pieces of with that and there is not current.

0:36:31.800 --> 0:36:32.400

Stroble, Malia
Strategy.

0:36:33.750 --> 0:36:41.770

Stroble, Malia
How do we pay for an ensure that there's childcare available? It's, you know, NCS is coming in defensive so.

0:36:43.880 --> 0:36:58.650

Stroble, Malia
In terms of the Community Center, so we we talked about it, but I know for pathways and cornerstones and other organizations, that piece of it is not understood or particularly when we're building 30% is.

0:36:59.710 --> 0:37:0.280

Stroble, Malia
Can I give you?

0:37:0.880 --> 0:37:5.580

Stroble, Malia
That last paragraph on page 4 is our numbers at that, but but through the right we need to.

0:37:7.350 --> 0:37:9.170

Stroble, Malia
At least have.

0:37:11.280 --> 0:37:14.20

Stroble, Malia
Yeah. Application that, that, that, that.

0:37:16.80 --> 0:37:17.920

Stroble, Malia
Me is going to be incorporated.

0:37:18.870 --> 0:37:27.120

Stroble, Malia
Just broke my it's gonna happen because we said we need it. And you're right. It's not there yet. I just. I just, I point that out in terms of the funding and.

0:37:30.370 --> 0:37:32.900

Stroble, Malia
Understanding this and how it works with that.

0:37:34.920 --> 0:37:38.930

Stroble, Malia
A tremendous job, Joe. And I think what we all know, we're lucky to have someone.

0:37:40.460 --> 0:37:44.390

Stroble, Malia

Context so well and to help us lay it out and then build on it.

0:37:45.410 --> 0:37:47.480

Stroble, Malia

These things are over here. I think you have black.

0:37:49.210 --> 0:37:50.890

Stroble, Malia

Kind of cool being I didn't quite a bit.

0:37:52.920 --> 0:37:53.500

Stroble, Malia

You don't have to.

0:37:54.440 --> 0:37:56.420

Stroble, Malia

Take answers, but you asked me.

0:37:57.590 --> 0:37:59.140

Stroble, Malia

For the blood. But if I had any.

0:37:59.220 --> 0:38:0.920

Stroble, Malia

You see about.

0:38:2.560 --> 0:38:6.910

Stroble, Malia

Being where I am at this point in the time into the budget on Tuesday, absolutely.

0:38:12.670 --> 0:38:17.730

Stroble, Malia

Yeah. Thank you. Maybe maybe you have some anticipatory stress maybe.

0:38:18.590 --> 0:38:39.70

Stroble, Malia

I I would just little bit clean, I'll echo discussing the Loudon County advocates on there budget that was released from, you know they asked for 10 million. I think it's like 6 1/2 in there but they have so much money unspent. They're really trying to make the argument. So why should you add more if you can't?

0:38:40.200 --> 0:38:40.750

Stroble, Malia

So in.

0:38:42.230 --> 0:38:42.930

Stroble, Malia

I was like, no.

0:38:43.10 --> 0:38:44.470

Stroble, Malia

Which was English bucks.

0:38:44.940 --> 0:38:45.350

Stroble, Malia

Finally.

0:38:46.690 --> 0:39:16.790

Stroble, Malia

If I could just really briefly on that, I know, I know, but just very briefly, you know the extent to the the speed with which we've all been able to work together to get the funds committed, you know within the fiscal year in which they're appropriated has been really, really important I think for our, you know, for our board, have confidence that the resources are getting to the projects. That's number one. Second thing, as we as we move along.

0:39:16.870 --> 0:39:17.360

Stroble, Malia

Doing.

0:39:18.330 --> 0:39:33.170

Stroble, Malia

Affordable housing development. It's going to get harder because a lot of the the lower hanging fruit has been is being picked and for as difficult as the ones we've already done already are, right.

0:39:33.890 --> 0:39:35.460

Stroble, Malia

They're sorry.

0:39:37.990 --> 0:39:39.470

Stroble, Malia

They're gonna get more challenging.

0:39:40.380 --> 0:39:40.850

Stroble, Malia

Spencer.

0:39:41.990 --> 0:39:43.130

Stroble, Malia

And I think.

0:39:43.670 --> 0:39:49.800

Stroble, Malia

Uh, you know the criticality of these resources coming in relative to land acquisition as well?

0:39:50.770 --> 0:39:53.960

Stroble, Malia

So that we can create sites for our part of those to develop.

0:39:55.100 --> 0:39:56.160

Stroble, Malia
Results of the.

0:39:57.480 --> 0:40:2.90

Stroble, Malia
So we we do not plan on having the loud issue.

0:40:5.830 --> 0:40:6.750

Stroble, Malia
The place, yeah.

0:40:7.490 --> 0:40:8.30

Stroble, Malia
Overrun.

0:40:8.110 --> 0:40:8.460

Stroble, Malia
Thank you.

0:40:9.920 --> 0:40:12.350

Stroble, Malia
We absolutely have to have the.

0:40:13.720 --> 0:40:14.250

Stroble, Malia
Session.

0:40:15.10 --> 0:40:16.680

Stroble, Malia
Design that we can be like.

0:40:19.990 --> 0:40:34.450

Stroble, Malia
There's also the public education process that where you also are committing to doing. There's also one more aggressive, aggressive like that we always want to have out there.

0:40:35.120 --> 0:40:38.170

Stroble, Malia
Arguing for the real need to be met.

0:40:39.240 --> 0:40:41.370

Stroble, Malia
I have to find the possible.

0:40:41.490 --> 0:40:44.460

Stroble, Malia
How much will be at the end of high school?

0:40:45.160 --> 0:40:45.880

Stroble, Malia

I need you.

0:40:48.750 --> 0:40:56.840

Stroble, Malia

More people than I think than ever before. Very interesting. How how do we support the people who we've just posted?

0:40:57.630 --> 0:40:59.350

Stroble, Malia

And my faith community.

0:41:0.80 --> 0:41:6.700

Stroble, Malia

How do we? Yeah, that's where some of the messaging has to be realistic. But as well as that.

0:41:8.450 --> 0:41:10.140

Stroble, Malia

I think it's important for us.

0:41:11.530 --> 0:41:14.820

Stroble, Malia

Yeah, stifling aspirational reference.

0:41:19.320 --> 0:41:26.580

Stroble, Malia

How the system can bear just this much of pushing. We need some advocate further out than this group.

0:41:28.400 --> 0:41:28.670

Stroble, Malia

OK.

0:41:30.200 --> 0:41:39.270

Stroble, Malia

So many times we broke up, but I think our work and at a should be one very important thing forming.

0:41:40.400 --> 0:41:49.230

Stroble, Malia

Things to do for people who want to be playing out because they're offering the program and to understand the complexities.

0:41:49.920 --> 0:41:52.950

Stroble, Malia

What does a deal actually require?

0:41:54.240 --> 0:41:55.540

Stroble, Malia
Some fairly fairly.

0:41:57.140 --> 0:41:58.650

Stroble, Malia
So money in the what happened?

0:41:59.950 --> 0:42:3.260

Stroble, Malia
So this would urge us to be thinking about, because I think even.

0:42:3.910 --> 0:42:5.530

Stroble, Malia
Not every member on APEX.

0:42:9.870 --> 0:42:10.480

Stroble, Malia
This mom.

0:42:17.280 --> 0:42:24.190

Stroble, Malia
Find everything you serious. You always ask for a little more than you gonna get me. Then you know it's only ask for the little? He asked.

0:42:25.150 --> 0:42:26.800

Stroble, Malia
Or in the kind of expecting it.

0:42:28.430 --> 0:42:58.410

Stroble, Malia
Holistic strategy to have that spectrum that, that, that we're still saying the same thing Mary and I think that's important, but we've learned a lot from the work that Tom Burnett has done with the board and you know also that people need to understand their sample, think of some hypothermia that many have and had opportunities to be housed and aren't ready to accept or what the choices are. And so it sometimes, so we want to be careful not to just say it's a matter of any there and you know nobody's but also.

0:42:58.890 --> 0:43:6.280

Stroble, Malia
The right housing option for individual choice? That the price that's appropriate, and that's what we're doing here and I think.

0:43:7.790 --> 0:43:13.440

Stroble, Malia
I can't say enough about how important that is not to get lost in all. It's all or nothing.

0:43:14.440 --> 0:43:21.240

Stroble, Malia

Jerry, you have the floor because you have some great work on legislation. I'm just gonna try to catch up with time for us.

0:43:22.930 --> 0:43:35.760

Stroble, Malia

Yeah. So we did have a meeting on the Deployment Policy Committee. It was very much near term future oriented because we believe that we were not prepared.

0:43:36.560 --> 0:43:42.290

Stroble, Malia

Trying to step into the legislature this year, other routes for some of us to do that and.

0:43:44.420 --> 0:43:48.170

Stroble, Malia

I guess we're going to be better in the coming year.

0:43:48.990 --> 0:43:53.360

Stroble, Malia

Establishing a stronger housing, applying for the counties.

0:43:54.320 --> 0:44:1.920

Stroble, Malia

Legislative package that will be approved in December. We really got to think in the phrase in the phase of.

0:44:2.830 --> 0:44:27.160

Stroble, Malia

Learning as much as we can about what was achieved and what was thought to achieved in this legislative session. What are the most important things that we thought could come close to being achieved have to be on our radar screen because I think we want to concentrate ourselves as a legislative policy for many one.

0:44:27.820 --> 0:44:28.790

Stroble, Malia

Significant.

0:44:29.540 --> 0:44:46.0

Stroble, Malia

Recommendation. And if we could achieve that and you know they really want to achieve upon all this talking about as soon as possible, while actually in all of the analysis of what happened in the 2023 session.

0:44:47.250 --> 0:44:57.810

Stroble, Malia

But also be brief thing was in the hospital room, you know, supports the housing side of it in the legislative session for signal. I'm just.

0:44:59.500 --> 0:45:1.710

Stroble, Malia

Such a sense of awe and gratitude.

0:45:3.720 --> 0:45:13.250

Stroble, Malia

Then comes into tracking everything that has an impact on part and the power of that kids have by the county.

0:45:14.770 --> 0:45:19.860

Stroble, Malia

Pretty influential with our own group of legislators who have such an.

0:45:21.800 --> 0:45:23.510

Stroble, Malia

On the display.

0:45:24.610 --> 0:45:24.980

Stroble, Malia

Ooh.

0:45:25.870 --> 0:45:39.30

Stroble, Malia

Said that you is the time when calls will go out, so there's authorities and commissions to be suggestive of what could begin to saying the package, which means.

0:45:40.110 --> 0:45:47.580

Stroble, Malia

Between the end of the session and June, our committee will be trying to figure out how to how do we appropriately?

0:45:48.600 --> 0:45:51.340

Stroble, Malia

So we want to have them but also.

0:45:53.780 --> 0:45:58.420

Stroble, Malia

Come up with a framework that will come back here, so that did it.

0:45:59.980 --> 0:46:1.960

Stroble, Malia

We could possibly be asking.

0:46:3.790 --> 0:46:5.380

Stroble, Malia

Compute time funds.

0:46:8.540 --> 0:46:9.350

Stroble, Malia
To quality.

0:46:11.380 --> 0:46:11.910

Stroble, Malia
Things that.

0:46:13.510 --> 0:46:17.760

Stroble, Malia
Questions are we we made a proposal for legislation.

0:46:19.620 --> 0:46:20.840

Stroble, Malia
Questions I may have.

0:46:21.820 --> 0:46:23.970

Stroble, Malia
The that get into a bill, what happened to that?

0:46:25.260 --> 0:46:28.260

Stroble, Malia
Didn't get into specific there.

0:46:29.280 --> 0:46:33.490

Stroble, Malia
Because I'm still uncertain how would body on our team.

0:46:34.960 --> 0:46:36.790

Stroble, Malia
Into the build generally.

0:46:38.640 --> 0:46:38.910

Stroble, Malia
Yep.

0:46:41.0 --> 0:46:43.680

Stroble, Malia
So we didn't really go anywhere because there wasn't.

0:46:43.760 --> 0:46:57.310

Stroble, Malia
So let me let me say and I think let's first say that they, the legislative committee, did absolutely include recommendations that a had made. So that was one we did have influence on the package of it today.

0:46:57.390 --> 0:47:11.570

Stroble, Malia
Yeah, to me this to from the county to the state and pieces of that, there's not one bill that, you know, pieces of that certainly were consistently advocated for. But again, it's just, you know, I don't know.

0:47:11.650 --> 0:47:14.860

Stroble, Malia

The back about what builds for granted and so.

0:47:15.950 --> 0:47:19.390

Stroble, Malia

Which for them to testify for that was one of those like the wrap up.

0:47:20.650 --> 0:47:20.970

Stroble, Malia

Yeah.

0:47:22.10 --> 0:47:26.900

Stroble, Malia

You're right, we have applying for a supporting affordable house.

0:47:28.380 --> 0:47:33.690

Stroble, Malia

Package. It was somewhat better instead of previous years and not.

0:47:34.380 --> 0:47:41.350

Stroble, Malia

Pointedly saying have extra amount of money or addiction prevention X amount of.

0:47:42.80 --> 0:47:47.990

Stroble, Malia

So we'll see you to start earlier next time earlier talk to someone that up.

0:47:48.130 --> 0:47:48.680

Stroble, Malia

No, no, no.

0:47:50.160 --> 0:47:51.790

Stroble, Malia

Get them the sponsored bills.

0:47:53.60 --> 0:47:53.730

Stroble, Malia

Well.

0:47:55.500 --> 0:48:1.130

Stroble, Malia

Then we can do or no speak to be clearer. A hack would make recommendations to the board.

0:48:2.190 --> 0:48:2.960

Stroble, Malia

Before that.

0:48:7.510 --> 0:48:17.750

Stroble, Malia

So that is attacked, but at the Chamber I reached out to all of the delegates and state senators and asked them what they had included for housing issue for.

0:48:18.690 --> 0:48:48.900

Stroble, Malia

47 number and Paul delegation is the only one that had been, but everybody else said, hey, I'd be open to ideas. And so I think those are opportunities, but I I'm I'm with to Tom or our job is only to give that advocacy to the forward, but there's opportunities for us, but we need to know at least what is the ask, what are the things we can do and individually we can make suggestions because they're wide open to including those things. They're certainly we know they're they're advocates.

0:48:49.370 --> 0:49:19.440

Stroble, Malia

This issue but they don't know what the way when you look at the entire you go, you can go down and look at the Las and see all the bills about there was there. I think it's a real overall, I mean really other than the governor's plan that has a couple of things. You see what they're putting in, there's things they're doing doesn't even come close and it's all because of you need to come in. There are a couple of groups that actually meet and talk about it. So I think there's parts there, but we need to figure out how to help and that's more individual we can do as much as we can otherwise we.

0:49:19.560 --> 0:49:21.790

Stroble, Malia

Early overstep our babies they have.

0:49:23.260 --> 0:49:25.270

Stroble, Malia

Actually, that's the inside and we're now.

0:49:26.140 --> 0:49:32.590

Stroble, Malia

Yeah, we're inside as the May pass through as wanting to work better and.

0:49:34.60 --> 0:49:41.790

Stroble, Malia

With the development of the legislative package, if we can do some more specific in our recommendations and things.

0:49:42.610 --> 0:49:56.720

Stroble, Malia

All of us said, boy, this is the really big pointer replied to you to embrace. Maybe it makes it into the fact that there's the how do you do that? Do they actually go to and say here's would like a bell that does this, but they do.

0:49:57.980 --> 0:50:1.120

Stroble, Malia

Let's make a point briefly in terms of timing.

0:50:2.940 --> 0:50:4.270

Stroble, Malia

As a BAC.

0:50:5.590 --> 0:50:24.210

Stroble, Malia

A happened to correct me if I'm wrong here, but my recollection of the timeline to put in legislative recommendations or proposals for the AC's, usually around August 1st, so we have a, you know, sort of a we have a perfect setup for ahac to make.

0:50:24.880 --> 0:50:28.780

Stroble, Malia

You have to develop a set of recommendations. There's a sort of.

0:50:29.670 --> 0:50:39.310

Stroble, Malia

There's a prescribed form and everything for it, which we can help with, but you know there's a specific timeline, a specific process now for you to do it.

0:50:40.190 --> 0:50:43.800

Stroble, Malia

So our our year now is really learning that process.

0:50:45.70 --> 0:50:45.880

Stroble, Malia

People, yeah.

0:50:48.680 --> 0:50:50.210

Stroble, Malia

Build structure within.

0:50:52.330 --> 0:50:56.870

Stroble, Malia

We will iteratively, in mastering the time schedule.

0:50:58.450 --> 0:51:2.60

Stroble, Malia

Approach, but also build relationships with those who.

0:51:2.780 --> 0:51:8.770

Stroble, Malia

Move that process forward. So we got that point because I really like the inside outside.

0:51:9.930 --> 0:51:14.450

Stroble, Malia

I've done it seems to me that at the right point and it's probably.

0:51:15.110 --> 0:51:19.840

Stroble, Malia

Like the camper, given sort of the the calendar, I think that.

0:51:21.160 --> 0:51:26.620

Stroble, Malia

Having a delegation of specifically talked to.

0:51:27.470 --> 0:51:36.160

Stroble, Malia

At least three it seemed to me the chairman Walkinshaw, chair of Legislative and Dalia Suppression. Politic, as as chair of just having us.

0:51:37.30 --> 0:51:42.620

Stroble, Malia

One-on-one conversations or five on one. Whatever conversations about.

0:51:44.150 --> 0:51:44.880

Stroble, Malia

How?

0:51:45.740 --> 0:51:53.30

Stroble, Malia

They can best what they need from us and how they can best do that is is sort of the sweet spot for that.

0:51:54.80 --> 0:51:54.730

Stroble, Malia

Question.

0:51:55.510 --> 0:51:56.970

Stroble, Malia

Ohh question too.

0:51:57.830 --> 0:52:10.300

Stroble, Malia

I I just had a question, it's helpful what you just said, Tom, because I was wondering what is the there has to be a process and what are the steps and I guess part of that is like who won the the Board?

0:52:11.570 --> 0:52:41.0

Stroble, Malia

Advocates to get somebody to own the because you have to have somebody in each one. Who says I'm gonna take this bill on? I'm gonna push it forward. So is that the for the Board of Supervisors? That so. So just very briefly, the way the process works is that both the agencies and the BAC submit legislative proposals to legislative services. While the article was group, they evaluate them, go through them.

0:52:41.120 --> 0:52:46.320

Stroble, Malia

You know, I think they have a they have a discussion with the chair of Legislative committee.

0:52:46.970 --> 0:53:1.0

Stroble, Malia

And then at the end of that process, when legislative staff, our legislative staff puts together the boards, you know, kind of initial legislative package, there are usually included in there, you know, one or more.

0:53:1.410 --> 0:53:17.410

Stroble, Malia

Uh pieces of legislation to and to to initiate that the board is supportive of those. Those legislative committee is supportive of those that legislative staff will go and basically shop for sponsors. OK, thank you. That's helpful.

0:53:18.570 --> 0:53:28.140

Stroble, Malia

TuneIn to one of the four Legislative committee laws that we want to do before you'll see that even that is not.

0:53:28.800 --> 0:53:29.680

Stroble, Malia

Fully.

0:53:30.360 --> 0:53:36.490

Stroble, Malia

The challenge for Claudia team because there are members of the delegation from more than anyone, but.

0:53:37.380 --> 0:53:47.350

Stroble, Malia

I don't know and in which may have ramifications backwards into the system, and there's a need for county staff to do meetings with those companies.

0:53:47.950 --> 0:53:50.170

Stroble, Malia

To clarify their understanding.

0:53:52.590 --> 0:54:22.980

Stroble, Malia

Well, that's always wondering how we get, yeah, just very briefly, just as a you know kind of check in with Virginia Housing Alliance and just and and I don't know if I completely agree with this, but one of the points that was made is there was so much housing activity and so much pieces of legislation that touched on housing that it almost worked again as this year because nobody could track all of it, right. And there was difficulty finding alignment and alliances with other groups. And if we can again work with the state.

0:54:23.60 --> 0:54:30.190

Stroble, Malia

You know, providers on agreeing on like top three, you know policies and and we see it with the PLC and with the interface.

0:54:31.740 --> 0:54:35.160

Stroble, Malia

API DNG Housing Alliance and.

0:54:35.820 --> 0:54:55.450

Stroble, Malia

You know, and then they're negotiating with a million other state groups, but you know, and also I think through install this point that I've heard him say many times is like, you know, ideas coming out of Fairfax aren't always welcomed by the rest of the state. And being mindful of that as well. So just all things to consider and I think agree with respecting Ajax.

0:54:57.550 --> 0:55:3.140

Stroble, Malia

Position here with the county process just means being mindful of all of those other things.

0:55:5.60 --> 0:55:6.290

Stroble, Malia

Might be working against us.

0:55:7.510 --> 0:55:11.710

Stroble, Malia

On on that point again, I would say if we're gonna strengthen ourselves.

0:55:12.830 --> 0:55:18.240

Stroble, Malia

Inside processes that moving through Fairfax counties.

0:55:19.640 --> 0:55:32.170

Stroble, Malia

Forward the hospitable like we also have to be aware of the outside strategy here and your comment about interest in housing. Maybe it would pass better partnership between.

0:55:32.980 --> 0:55:39.940

Stroble, Malia

You know, groups that could be influential knowing that that the portable Housing Advisory Council.

0:55:40.780 --> 0:55:42.730

Stroble, Malia

Pushing this there might be better.

0:55:43.430 --> 0:55:46.230

Stroble, Malia

Strengthening of the opinion, not just.

0:55:48.100 --> 0:55:51.450

Stroble, Malia

But something that is supported by.

0:55:52.120 --> 0:56:22.30

Stroble, Malia

Rooms that would otherwise be seen as thought that fellows yesterday, that example was that Northern Virginia group, that chamber, standing in Regiment of Chamber Day. So, you know, we sit on the public policy committees and all the liberal chambers and influence their agenda going forward. So to that point, the information that we gather, your timeline June to August and based on everything we learn to have an impact on the counties agenda and all of us from an educational standpoint, we're learning about that and included.

0:56:22.110 --> 0:56:27.460

Stroble, Malia

Yeah. In our work, make sure it goes forward and relying groups like doja.

0:56:27.580 --> 0:56:29.820

Stroble, Malia

Umm. Channels and others do.

0:56:31.720 --> 0:56:37.10

Stroble, Malia

Again, Jerry, you really thank you for leading this and positioning us and a good place.

0:56:37.590 --> 0:56:44.0

Stroble, Malia

Umm, there will be interviewing. Maybe we'll get a degree of obsession that.

0:56:47.660 --> 0:56:47.960

Stroble, Malia

You know.

0:56:49.10 --> 0:56:50.350

Stroble, Malia

One once it's like that, I think.

0:56:52.850 --> 0:56:54.980

Stroble, Malia

The Governor of Housing Conference this year.

0:56:56.560 --> 0:56:59.330

Stroble, Malia

Every other jurisdiction in the state started.

0:57:0.560 --> 0:57:6.350

Stroble, Malia

Pontificating about how you know important affordable housing and it seems like the rest of the state is, I don't know.

0:57:7.700 --> 0:57:30.590

Stroble, Malia

6810 years behind where we are here in Northern Virginia. And so we're just starting to see a real cry in

Richmond and Chesterfield and Reiko that there is no more affordable housing. All these people are moving out in Northern Virginia than putting up our housing for instance, right? So there could be some real opportunities to start building these alliances because it's, it's as Jill was saying.

0:57:32.280 --> 0:57:45.930

Stroble, Malia

When when you big rich uncle comes down and has all these ideas, nobody wants to hear it. But now if you start creating, you know, boss, Tidewater Richmond, whatever, it might start to get some real traction cause without those, I don't think there's a lot of they're there.

0:57:48.480 --> 0:57:48.940

Stroble, Malia

OK.

0:57:50.950 --> 0:57:52.40

Stroble, Malia

Thank you again.

0:57:54.230 --> 0:57:54.900

Stroble, Malia

Married.

0:57:56.20 --> 0:57:58.950

Stroble, Malia

Their housing is you have these really short passes so.

0:58:1.540 --> 0:58:2.620

Stroble, Malia

The most complicated.

0:58:3.240 --> 0:58:3.810

Stroble, Malia

Yeah.

0:58:9.210 --> 0:58:10.0

Stroble, Malia

And that was.

0:58:10.410 --> 0:58:10.860

Stroble, Malia

Umm.

0:58:12.250 --> 0:58:13.840

Stroble, Malia

Its forms. It's very nice.

0:58:14.550 --> 0:58:20.350

Stroble, Malia

So we have certain Members who volunteered for Mahec with brother and few experts people in those.

0:58:23.950 --> 0:58:42.580

Stroble, Malia

Visibility area. Different stuff. We have a good group. We had one meeting. We looked at the thing that's under review is up from COG. You really can do it all by just looking at the Fairfax County report that includes the central goals of the seven Metro goals which were housing.

0:58:44.520 --> 0:58:50.190

Stroble, Malia

And the things that Fairfax County has contributed in that, it's actually all the 70s.

0:58:51.150 --> 0:58:52.210

Stroble, Malia

250.

0:58:53.850 --> 0:59:0.950

Stroble, Malia

So we're gonna try to get people focused on that. That's the thing they actually want comments on what comments?

0:59:1.680 --> 0:59:4.550

Stroble, Malia

And all the GIS database that out there.

0:59:5.440 --> 0:59:7.630

Stroble, Malia

So we're gonna try to do that. We did.

0:59:9.360 --> 0:59:21.520

Stroble, Malia

So the three things that the meeting is this three things. One was that people make comments on the goals, they they were a little disappointed that they're that time on it, 2 action items.

0:59:22.170 --> 0:59:39.340

Stroble, Malia

Let's plan the the point was that we would be metro goals and all the jurisdictions agreed on seven of those. And then they're each jurisdiction was supposed to submit a set of actions that were fell under those goals and be given this goal. Will you gonna do about it?

0:59:40.220 --> 0:59:42.920

Stroble, Malia

And a lot of jurisdictions gave a lot of goals.

0:59:43.440 --> 0:59:46.480

Stroble, Malia

You're gonna keep in that balls, but he's actions you've been.

0:59:46.560 --> 0:59:47.800

Stroble, Malia

Don't do that.

0:59:48.860 --> 0:59:51.480

Stroble, Malia

So we need a little more work in that regard.

0:59:52.120 --> 1:0:5.470

Stroble, Malia

Uh, none of them really did. None of the jurisdictions really did a real bang up job and their actions. But you know, some put a lot more effort into it than others. Some they're little timeline and you know through that kind of thing.

1:0:6.230 --> 1:0:24.210

Stroble, Malia

So I think we're gonna definitely wanna get more actions by the context. This thing is in is there's also out on review right now from the federal government and new regulations and affirmatively furthering fair housing. And that's called a FFH.

1:0:25.20 --> 1:0:35.320

Stroble, Malia

Yeah, these were sort of generally known to the people who did the code report because they're based on similar regulations throughout during Obama and 25th.

1:0:36.660 --> 1:0:48.750

Stroble, Malia

So earlier anyway, they were out there for a little while, and then Trump came in and he cut him off. He got rid of them. And then the Biden administration started reviewing him to revive them. Then it's some changes.

1:0:49.580 --> 1:1:2.170

Stroble, Malia

Now they've put those up for review, so at the same time the framework is out for review and the specific thing is out for review. The code and drifts will fit into this larger framework.

1:1:2.830 --> 1:1:18.740

Stroble, Malia

It's also being with you and what needs to come out of the COG in Fairfax thing at the end is prescribed by the larger framework and what they're gonna want from you is diction is what they now call equity plan is to be a impediments.

1:1:20.310 --> 1:1:36.810

Stroble, Malia

It was a I was the son doing this for years and years, and we have to keep doing it. But it's got a new name and a new format and we'll find out more about that is that develops. But this cog thing is something that's on the way for us to create our equity plan.

1:1:37.610 --> 1:1:38.540

Stroble, Malia

So.

1:1:40.680 --> 1:1:43.110

Stroble, Malia

Trying to get people to understand what that all is.

1:1:43.980 --> 1:1:44.620

Stroble, Malia

The.

1:1:46.790 --> 1:1:52.150

Stroble, Malia

The other thing we discussed was we didn't see, you know, so why do we only have two action items?

1:1:52.910 --> 1:1:54.370

Stroble, Malia

Sanderson and.

1:1:55.380 --> 1:2:11.750

Stroble, Malia

Instead of talked about who's driving this thing, who's running this cell here on this used to be getting this through. Yeah. We kind of realized that really, you know, there were the count goals well into. If you're going to take new action items on them, they fall into about four different.

1:2:13.290 --> 1:2:21.890

Stroble, Malia

Partments, like in the county, there's there's the housing, there's this human rights, there's a planning and development, there's a transportation.

1:2:22.590 --> 1:2:28.730

Stroble, Malia

And all of those are in separate silos and they all get up, go directly up to the County Executive.

1:2:29.510 --> 1:2:35.910

Stroble, Malia

So the officially the guy charges the overlap with human rights outfit.

1:2:37.90 --> 1:2:43.960

Stroble, Malia

But they don't. We don't. We don't clear how everything coordinates together with that. Sometime it's gonna just setting up a meeting with.

1:2:44.640 --> 1:2:51.460

Stroble, Malia

Umm yeah. From our app trailer, Bruce. And we're going to do what? What it is now and maybe.

1:2:52.750 --> 1:2:58.460

Stroble, Malia

Creature, whatever, because we need somebody has to kind of drive this and ride herd over.

1:2:59.460 --> 1:3:5.730

Stroble, Malia

Do it not just report on it, but then intentionally supposed to be intentional. Supposed to do this intentionally.

1:3:6.540 --> 1:3:13.50

Stroble, Malia

And so that's an issue. And then the other thing is we want to try to get other people to comment on it.

1:3:13.830 --> 1:3:30.310

Stroble, Malia

And tell you asking the general public to comment on 250 page plan that probably gonna work. Although there is things out the county put out some information on it on the website, but my experience this is not important.

1:3:30.910 --> 1:3:58.910

Stroble, Malia

So we're trying to get some list together of asked Ohh reps already sent it out and that's where they're list. I'm asking neighborhood and community services and Carla and if you know any other offices you're looking through, you know people who have some relation to this issue, disability groups, all kinds of racial ethnic groups in the county. All you know, we might have to find out all made a whole list of different kind of groups to might be interested in.

1:3:59.700 --> 1:4:5.490

Stroble, Malia

So write him a letter and I'll give it to you guys too. True. But it's gonna say this is really important.

1:4:6.50 --> 1:4:12.960

Stroble, Malia

Umm, you really don't think these are the seven pages that are crucial that we want comments on? These are recommendations.

1:4:13.760 --> 1:4:14.200

Stroble, Malia

Uh.

1:4:14.940 --> 1:4:23.700

Stroble, Malia

And given the link to the card cage and everything that goes to the cud comes back to four bits counting and send it back to the 1st edition.

1:4:26.120 --> 1:4:26.970

Stroble, Malia

Through that link.

1:4:28.80 --> 1:4:36.420

Stroble, Malia

So that's what we tend to try to get that organized out to go through organizations next week. We have until March 3 first.

1:4:37.370 --> 1:4:40.490

Stroble, Malia

I am just about it. Let me frame.

1:4:41.980 --> 1:4:47.370

Stroble, Malia

And thank you for getting this going. I'm really sorry I missed the first meeting that I will be joining you.

1:4:48.50 --> 1:4:53.680

Stroble, Malia

It feels like to me because it is a broader region wide thing and response for ahah.

1:4:54.410 --> 1:5:1.560

Stroble, Malia

One can hear you saying a couple things. One for ahac it is about sort of affirming.

1:5:3.10 --> 1:5:15.780

Stroble, Malia

It seems like our position thinking that the budget today have fun, you know, with Fairfax County Board of Supervisors, this is a priority. It's important to them. You know our commitment that's etcetera and two.

1:5:17.110 --> 1:5:22.400

Stroble, Malia

There are things that been recommended regionally and in Fairfax County, some opportunities.

1:5:23.960 --> 1:5:37.100

Stroble, Malia

Advanced these actions that will be in constant that goal, like their housing. And then I think it would be helpful, you know if we know what is falling out at that, maybe Nevada and others have done the work.

1:5:38.390 --> 1:5:41.530

Stroble, Malia

What has fallen out in terms of state enabling?

1:5:42.290 --> 1:5:46.930

Stroble, Malia

Uh, legislation again, just feeding back into there's some things that we talked about that.

1:5:48.390 --> 1:6:1.240

Stroble, Malia

For women, and that's always been the issue. That confidence, what, Jerry? Yeah, just think they were aware of that. Feels like we should scale it and really more asking the question, should this be stalled for ahac to be?

1:6:3.110 --> 1:6:7.810

Stroble, Malia

And just very, you know, how can we ensure our board is committed to it?

1:6:8.920 --> 1:6:38.520

Stroble, Malia

And just, you know, a strong statement supporting them. And so this goes, yeah, this goes before our board. It goes through the public preview, it goes back to the people and revise it, then it comes out again and then it has to be approved that it's jurisdiction in Fairfax that's gonna be before the supervisors. You're going to have a some kind of motion, some kind of thing you approve. So that's when we ahead will recommend to the board. That's what I'm saying. I think our limit and I get like.

1:6:39.290 --> 1:6:46.810

Stroble, Malia

I guess I I feel like a hex rule should be focused with our board and these are the things that we think you consider similar to the legislator.

1:6:48.440 --> 1:6:55.160

Stroble, Malia

Somewhere else where? I'm not sure about us running public comments or trying to, that's that would be my worry.

1:6:57.770 --> 1:7:3.930

Stroble, Malia

How do we get that input, which you've done a good job of setting the table to ensure we have a wide audience.

1:7:5.450 --> 1:7:37.300

Stroble, Malia

That's my only and I. No, no, that's fine, I because it was along those lines. I mean, what I wanted to say, good job on the video but called Video I see on that one. Yeah. But I I that was where I was going is like it sounds like it's a it's a big lift and there's like a lot of things going on but but cog is you know spread across the DMP and all of that So what is the what specifically is the ask like in terms of a hack working Ahab to to move things forward without taking on.

1:7:37.830 --> 1:7:43.300

Stroble, Malia

More than it can chew and being impactful, it's along the lines of what it was saying.

1:7:44.370 --> 1:7:48.260

Stroble, Malia

So one thing we could do to distribute is to just.

1:7:48.890 --> 1:7:55.840

Stroble, Malia

Give it to all of our Members and say here's this. If you want to distribute it to your organizations.

1:7:56.510 --> 1:8:4.340

Stroble, Malia

And get some comment or to other organizations, but maybe with a letter that's a little bit more specific to Fairfax County.

1:8:5.130 --> 1:8:9.140

Stroble, Malia

And directing them to the Fairfax County version.

1:8:10.310 --> 1:8:10.700

Stroble, Malia

This way.

1:8:11.80 --> 1:8:14.350

Stroble, Malia

When you get to the board saying, here's our.

1:8:15.600 --> 1:8:20.370

Stroble, Malia

Presentations that would be another thing when the first thing would be to ask the Members.

1:8:21.60 --> 1:8:24.440

Stroble, Malia

To distribute to their own organizations and Senate comments.

1:8:25.580 --> 1:8:29.750

Stroble, Malia

Right now we have, you know, maybe send it out to your organization.

1:8:30.530 --> 1:8:31.30

Stroble, Malia

Yeah.

1:8:31.990 --> 1:8:42.460

Stroble, Malia

You when you go on to the document, you click under the head of the card website there's there's about a dozen different things you can click on.

1:8:43.150 --> 1:8:47.310

Stroble, Malia

For comment and I'm thinking for Fairfax County, we could.

1:8:48.640 --> 1:8:52.580

Stroble, Malia

You know, try at least with the cover letter and narrow that down and say this is the one that's like.

1:8:58.600 --> 1:9:2.270

Stroble, Malia

Hearing the conversation, maybe that's another flavor of what we're talking about.

1:9:3.440 --> 1:9:7.240

Stroble, Malia

I think you're approaching the deadline. Would would one.

1:9:9.110 --> 1:9:12.630

Stroble, Malia

Action that we could take the on a hack.

1:9:13.960 --> 1:9:14.820

Stroble, Malia

Recommendation.

1:9:15.980 --> 1:9:18.20

Stroble, Malia

I think question Mark in my mind.

1:9:19.660 --> 1:9:25.90

Stroble, Malia

But and they have recommendation that a part of the next month process.

1:9:26.560 --> 1:9:28.890

Stroble, Malia

And make sure that these groups are included.

1:9:30.10 --> 1:9:32.720

Stroble, Malia

And maybe that's, you know, jointly to.

1:9:34.520 --> 1:9:48.690

Stroble, Malia

\$500.00 to the air as sort of the debt, becoming executives again. Rachel as well. What we're seeing the the four agencies that you talked about, but I think that's part of the challenge in that there's some version of responsibility but.

1:9:49.700 --> 1:10:0.390

Stroble, Malia

You know your groups look has identified the fact that maybe the gap in the seeking of input, we suggest that recommend or whatever, right?

1:10:1.990 --> 1:10:5.870

Stroble, Malia

Yeah, do that. I I think I like that it's 100%.

1:10:7.750 --> 1:10:8.690

Stroble, Malia

Accident.

1:10:9.410 --> 1:10:10.650

Stroble, Malia

Advisory role.

1:10:12.310 --> 1:10:14.780

Stroble, Malia

I think that I think that makes a lot of sense.

1:10:16.280 --> 1:10:21.790

Stroble, Malia

I would also, I would also say with respect to the you know the actual content.

1:10:22.520 --> 1:10:23.560

Stroble, Malia

Is that?

1:10:25.20 --> 1:10:25.630

Stroble, Malia

My.

1:10:27.460 --> 1:10:37.190

Stroble, Malia

My understanding is that the goals that you know include specifically for Fairfax County were intended to be added in both the regional and or previous goals.

1:10:38.80 --> 1:10:41.110

Stroble, Malia

And I think that I think that we.

1:10:43.200 --> 1:10:51.550

Stroble, Malia

One thing that then this is sort of scenario specific point. I think it's gonna be you kind of discussion that we have with Ken. Carla.

1:10:52.160 --> 1:10:52.650

Stroble, Malia

Uh.

1:10:53.670 --> 1:11:1.240

Stroble, Malia

Is to maybe communicate with the more clearly about that too, but that's I don't see that as an ahec issue. I see that was like account.

1:11:3.160 --> 1:11:3.810

Stroble, Malia

So.

1:11:5.30 --> 1:11:11.100

Stroble, Malia

In a way to say if that's clear that it's not just two actions, the context.

1:11:11.180 --> 1:11:14.610

Stroble, Malia

And that's what we want to actually so.

1:11:16.50 --> 1:11:21.570

Stroble, Malia

Yeah, but if it's if it's meant to build on the the previous, is there a way to lay that out?

1:11:23.390 --> 1:11:26.560

Stroble, Malia

You know everything you have to comment on what you got here.

1:11:27.840 --> 1:11:28.810

Stroble, Malia

The other one said.

1:11:31.20 --> 1:11:32.550

Stroble, Malia

Do the right format or something?

1:11:34.270 --> 1:11:36.670

Stroble, Malia

I don't know, but it's out there and all the other things.

1:11:38.800 --> 1:11:39.990

Stroble, Malia

Put in their actions.

1:11:40.700 --> 1:11:41.640

Stroble, Malia

What is your message?

1:11:43.900 --> 1:11:47.730

Stroble, Malia

Next week, February 22nd at 33 before.

1:11:54.130 --> 1:11:54.510

Stroble, Malia

Thank you.

1:11:55.110 --> 1:11:58.500

Stroble, Malia

You can come with me that they should.

1:12:1.510 --> 1:12:4.850

Stroble, Malia

So couple things on that is I think you're right, they should.

1:12:6.30 --> 1:12:11.120

Stroble, Malia

We could certainly transmit it to canvas bag. Who's their housing committee chair?

1:12:12.640 --> 1:12:15.450

Stroble, Malia

Chelsky icons and chair to say.

1:12:16.520 --> 1:12:24.610

Stroble, Malia

Uh, in a manner of kind of similar to what we're doing with PC's. You know, I think that I think that does make a lot of sense.

1:12:25.270 --> 1:12:33.510

Stroble, Malia

I I would be also curious, you know, just sort of taking a step back you know as to the role we can rights Commission.

1:12:34.300 --> 1:12:39.920

Stroble, Malia

On this because you know for for those of you that may not know that you know.

1:12:40.770 --> 1:12:48.680

Stroble, Malia

In the housing and community development as a partner in this, but we're not, but you're not. The Fair housing Planning and Enforcement Agency or.

1:12:50.490 --> 1:12:53.160

Stroble, Malia

And so.

1:12:53.860 --> 1:13:6.610

Stroble, Malia

You know, I I Rep has administrative reporting on the Human Rights Commission as well. SO11 would also imagine that, you know, great deal of responsibility in this respect.

1:13:7.340 --> 1:13:8.610

Stroble, Malia

Since we've done as well.

1:13:10.260 --> 1:13:22.210

Stroble, Malia

So it's not quite clear what y'all are saying for it. Yeah, we should try to communicate internally to different parts of the county that they should comment on the plan.

1:13:23.340 --> 1:13:24.180

Stroble, Malia

So what you're saying?

1:13:26.300 --> 1:13:27.10

Stroble, Malia

Exactly.

1:13:28.590 --> 1:13:39.430

Stroble, Malia

Under their leadership from portions of the audience to aware of the world and spending addition, there may be more.

1:13:40.220 --> 1:13:43.640

Stroble, Malia

Prominent organizations like the Planning Commission.

1:13:44.840 --> 1:13:46.130

Stroble, Malia

Specifically, I wanted.

1:13:48.420 --> 1:13:57.30

Stroble, Malia

And I think again, it's very appropriate and visory role and provide that advice to the PC's, to the PC.

1:13:58.740 --> 1:13:59.620

Stroble, Malia

Any hackers?

1:14:0.570 --> 1:14:10.860

Stroble, Malia

And the working to end and you think we should? We can't. OK to send it in about 1/2 members and say you know you might wanna distribute this to your organizations.

1:14:12.270 --> 1:14:12.470

Stroble, Malia

Yeah.

1:14:14.540 --> 1:14:15.360

Stroble, Malia

But you don't.

1:14:16.680 --> 1:14:23.940

Stroble, Malia

Because we post that and sort of, that's that wink, wink, inside, outside, make it and use it, cornerstones take it and use it.

1:14:25.240 --> 1:14:27.330

Stroble, Malia

That will make a little letter and said focused on.

1:14:28.920 --> 1:14:29.890

Stroble, Malia

By the state.

1:14:31.770 --> 1:14:34.520

Stroble, Malia

And that, but you don't think we should send it out to?

1:14:35.530 --> 1:14:41.420

Stroble, Malia

List of the county provides for related organizations which, should we ask somebody else to do that or?

1:14:44.480 --> 1:14:45.870

Stroble, Malia

No, that's OK, just roll.

1:14:47.20 --> 1:14:48.560

Stroble, Malia

That very strongly that that.

1:14:49.740 --> 1:14:51.120

Stroble, Malia

And inform them.

1:14:51.860 --> 1:14:56.430

Stroble, Malia

Or design specifically directed out of the valves and public affairs to do this.

1:14:57.880 --> 1:15:7.190

Stroble, Malia

Well, no. They put the public affairs, put it on the website and they put out some public comment. But now I'm talking about sending it to particular organizations.

1:15:8.880 --> 1:15:9.230

Stroble, Malia

1.

1:15:10.10 --> 1:15:15.140

Stroble, Malia

This is that this is beautiful. With that, the communication to the everything that they have.

1:15:15.450 --> 1:15:28.490

Stroble, Malia

And this was the hammer food policing generated that makes sense for them to contact and include for for comments that that your review as identified visas.

1:15:29.280 --> 1:15:34.640

Stroble, Malia

Significant entities and whether they've been approached before, we don't know, but they should be.

1:15:36.820 --> 1:15:38.580

Stroble, Malia

So it does all this to.

1:15:39.330 --> 1:15:51.660

Stroble, Malia

So it gives me great plans policies here McCormick and and Chris Leonard as the three executives through oversee the agencies that we thought no, I got that part, but I'm talking about loose.

1:15:52.840 --> 1:16:2.150

Stroble, Malia

Disability groups and then not listen, they don't. They're not part of the codes. They're right. But but each of them have staff with relationships with.

1:16:4.520 --> 1:16:5.600

Stroble, Malia

Well, I'm the brilliant.

1:16:6.230 --> 1:16:12.640

Stroble, Malia

You know, always helps me get my head around how we might want to rain this and it will be coming into your meeting.

1:16:13.620 --> 1:16:17.670

Stroble, Malia

Next week, maybe we could even have start of sort of what's?

1:16:18.380 --> 1:16:21.550

Stroble, Malia

The piece of what's being recommended and then.

1:16:22.650 --> 1:16:28.680

Stroble, Malia

And then the what which is, you know, what are those issues that we think are particular important here and there? It's candy that.

1:16:31.920 --> 1:16:33.430

Stroble, Malia

Comments to do on the end.

1:16:33.510 --> 1:16:35.890

Stroble, Malia

Yeah, I think, yeah.

1:16:37.80 --> 1:16:50.270

Stroble, Malia

So we could even take that action. I think it could. I have a sense of this executive committee, just the action of the Community, importance of this, to the kind of executive staff you know.

1:16:51.30 --> 1:17:0.620

Stroble, Malia

This in affirming that they're getting this input, and then they had can follow up with our specific, very specific and we'll we'll do.

1:17:4.310 --> 1:17:12.440

Stroble, Malia

And marrying true, I saw the video as well and I would you nobody. This is a continuing issue and thank you for your.

1:17:13.80 --> 1:17:14.270

Stroble, Malia

Incredible. Happy to see.

1:17:16.130 --> 1:17:16.510

Stroble, Malia

You have.

1:17:18.870 --> 1:17:19.850

Stroble, Malia

At home.

1:17:21.450 --> 1:17:21.790

Stroble, Malia

I think.

1:17:23.710 --> 1:17:29.520

Stroble, Malia

I believe Malia has a copy of the presentation that I gave to the board Supervisors Housing Committee on Tuesday.

1:17:30.350 --> 1:17:34.240

Stroble, Malia

And if you can go to slide 10, it's specifically about.

1:17:36.890 --> 1:17:37.790

Stroble, Malia

Subject.

1:17:59.510 --> 1:18:4.990

Stroble, Malia

Perhaps I'll just start that and there's only a few slides, so it's not very complex.

1:18:6.450 --> 1:18:34.980

Stroble, Malia

As discussed at previous meetings, the idea was to come back to the Board of Supervisors as they directed to reconstitute the homelessness governing board and continuum of Care board. It's gone through different evolutions iterations over the years. You probably remember during the 10 year plan to end homelessness, the governing board had a very diverse mix of elected leaders and business representatives, affordable housing developers.

1:18:35.960 --> 1:18:40.900

Stroble, Malia

With the the merger of the Office to prevent that homelessness, the end of the 10 year plan.

1:18:42.560 --> 1:19:5.230

Stroble, Malia

The former governing board that dissolved itself and then we as a trial essentially created a committee of this horrible Housing Advisory Council with the the clear explicit direction from the board that we would reexamine this and reevaluate and come back to them with new recommendations on whether to continue that or try something different.

1:19:6.250 --> 1:19:8.600

Stroble, Malia

Thank you. That's great, perfect timing.

1:19:9.660 --> 1:19:22.640

Stroble, Malia

So on Tuesday, as I mentioned, presented to the Board of Supervisors, the slide deck including the home RB allocation plan, which was the first section which I shared at the last all AHEC membership meeting.

1:19:23.960 --> 1:19:41.710

Stroble, Malia

If you can go to the next slide, it's a very simple diagram or just showing that the continuum of care board is going to be directly under the Board of Supervisors. And as you'll see in a second have appointees from the board to create this very clear communication and accountability and.

1:19:43.70 --> 1:20:1.620

Stroble, Malia

With the Board of Supervisors and that was generally warmly received by the board. I think the past few years have been very tumultuous around homeless services and there is a lot of new leaders and new advocates and community members interested in the issues that and so that they wanna have this clear connection to homeless services.

1:20:2.290 --> 1:20:4.910

Stroble, Malia

Umm, you can go to next slide.

1:20:6.740 --> 1:20:15.20

Stroble, Malia

So much of the Charter that's being drafted and recommended to the Board of Supervisors is the same that's currently there.

1:20:16.110 --> 1:20:42.770

Stroble, Malia

The primary purpose is to engage the community members, provide community leadership around homeless services, policy guidance around preventing and ending homelessness, and grounded in Fairfax counties. Policies like 1 Fairfax aligning with the county wide strategic plan members would have two year terms meeting at least every quarter supported by staff from HCD in the Office to prevent that homelessness.

1:20:43.670 --> 1:20:45.750

Stroble, Malia

The primary duties next slide.

1:20:46.560 --> 1:20:51.120

Stroble, Malia

Are about developing, monitoring and update our continuum of care strategic plan.

1:20:52.320 --> 1:21:22.150

Stroble, Malia

Viewing and monitoring our system wide performance around preventing and ending homelessness, and then much around communicating with and educating the public and engaging them in these strategies, it's something that's widely talked about across the entire country. The communities that really transform their homeless systems and reduce homelessness significantly requires a cross sector partnership, not just nonprofits and government and the private sector businesses, but even across those.

1:21:23.10 --> 1:21:35.260

Stroble, Malia

It requires things like fair housing and human rights and transportation and employment and housing. Obviously, to to to really address these complex issues, mental health, domestic violence.

1:21:37.260 --> 1:21:46.710

Stroble, Malia

So and we think it's very important that the board here is at least on the annual basis, our progress towards these goals of preventing and ending homelessness.

1:21:47.360 --> 1:21:50.60

Stroble, Malia

And so that's included in these duties.

1:21:50.960 --> 1:21:52.100

Stroble, Malia

Next slide please.

1:21:53.300 --> 1:22:23.610

Stroble, Malia

Within the federal continuum of care program, there are some very specific responsibilities of a continuum of care that every community must fulfill in order to receive continuum of care funding we received just over \$10 million a year, and we're regularly getting the opportunity to apply for bonus funding to increase that amount, and this is a list of those responsibilities in the continuum of Care Board is their role is primarily to act on behalf of the.

1:22:24.100 --> 1:22:57.210

Stroble, Malia

Local continuum of care, which I always equate with our Community partnership, so I'll often use those words interchangeably. So not only do we have to hold regular meetings of our continuum of care, meet membership, but we have to have various work groups and committees working on specific issues and we have to update our annual our Charter annually setting specific targeted goals and outcomes that with the use of federal funding, not just the continuum of care funding, but the Emergency solutions grant funding.

1:22:57.630 --> 1:23:11.860

Stroble, Malia

Having standards about how those funds are assigned to different programs, etcetera, I think you can kind of see it's it's a long list and this is really a very short summary of what's in the code of federal regulations tied to these funds.

1:23:12.550 --> 1:23:18.120

Stroble, Malia

So these are the the different duties that the continuum of Care board would have.

1:23:18.980 --> 1:23:19.800

Stroble, Malia

Next slide.

1:23:21.460 --> 1:23:40.810

Stroble, Malia

The membership is the most significant change, and it's primarily the appointees from the Board of Supervisors were setting some minimum and maximum number of members for the continuum of Care Board 15 as a pretty robust group, but still manageable in 25 it is pretty large.

1:23:42.40 --> 1:24:12.250

Stroble, Malia

We would have the 10 appointees from the board. We want to also have appointees from the the two cities of Fairfax and Falls Church. The mayors of both. This is similar to the last governing board where they also appointed representatives. We have formal agreements with both of these cities for the use of not just the emergency solutions grant, but the CDBG and home dollars. So they're really important partners in the in this work and this.

1:24:12.390 --> 1:24:31.70

Stroble, Malia

Formal relationships, but we also want to make sure that there are providers of housing and services as

part of this board that is different from the previous governing board under the 10 year plan where it was primarily really service providers were the only ones that were not at the table.

1:24:32.740 --> 1:24:33.630

Stroble, Malia

Thank you.

1:24:34.790 --> 1:24:38.250

Stroble, Malia

Yeah. So I answered. So it in the retrospective that we had at.

1:24:39.770 --> 1:25:11.40

Stroble, Malia

That's right. And and who better, but those that are on the front line that to kind of explain as to what's working and not working. But in that same vein, we want to make sure there are people that have actually experienced homelessness. They're at the table, you know nothing about us without us as a core philosophy, we set a minimum up to representatives based on feedback from our existing continuum of care committee. But really, we should maximize this as much as possible and also make sure that the membership reflects the diversity.

1:25:11.140 --> 1:25:12.710

Stroble, Malia

Of the homeless population.

1:25:14.30 --> 1:25:26.560

Stroble, Malia

Not just in terms of race and ethnicity, but also geography. They're different, special needs. And so there's really a lot to do to try to have a balanced membership that reflects our community.

1:25:27.760 --> 1:25:28.610

Stroble, Malia

Next slide please.

1:25:29.50 --> 1:25:29.430

Stroble, Malia

Tell me.

1:25:30.910 --> 1:25:32.680

Stroble, Malia

From, you know from the bottom of that.

1:25:34.220 --> 1:25:36.480

Stroble, Malia

Umm no. I put in the top of the list.

1:25:38.360 --> 1:25:46.880

Stroble, Malia

So still going to think differently about how that might work and how to make that reemphasized kind of short.

1:25:48.540 --> 1:25:48.880

Stroble, Malia

Good.

1:25:50.60 --> 1:25:50.590

Stroble, Malia

Thank you, John.

1:25:51.170 --> 1:25:52.20

Stroble, Malia

Don't understand.

1:25:53.440 --> 1:25:58.320

Stroble, Malia

A lot of studies and practice, but it's kind of around the country and people.

1:25:59.320 --> 1:26:12.360

Stroble, Malia

Experience have no free time to do this work and donate their two loaded days. So you have to have a budget for really pain people.

1:26:13.150 --> 1:26:21.490

Stroble, Malia

To add there important lived experience, something anymore. Otherwise I think it's some more aspirational.

1:26:25.250 --> 1:26:28.640

Stroble, Malia

Talking about participants, yeah.

1:26:32.710 --> 1:26:33.130

Stroble, Malia

OK.

1:26:33.390 --> 1:26:35.520

Stroble, Malia

Ohh, things count for you.

1:26:36.540 --> 1:26:37.310

Stroble, Malia

You're in Fairfax.

1:26:37.660 --> 1:26:38.170

Stroble, Malia

Yeah.

1:26:39.200 --> 1:26:40.800

Stroble, Malia

Every place where there are community.

1:26:41.930 --> 1:27:10.440

Stroble, Malia

And actually it's an equity, it's an equity consideration. That's what it is. We're all compensated as our time stop showing up to these meetings. So but towards that end, HCD actually created two paid part-time positions. So that anyone with experience of homelessness, kinda who's gonna be participating in these types of boards or committees will actually be compensated for their time. And so there are time limited positions, so they can be quickly hired to fill specific roles.

1:27:11.20 --> 1:27:13.580

Stroble, Malia

So that was a really important step to that point.

1:27:15.160 --> 1:27:30.650

Stroble, Malia

In terms of next steps, Umm, we generally got good board endorsement on Tuesday. So the idea is we would request or direction formally with an action item at an upcoming board meeting and then move to the recruitment phase.

1:27:32.30 --> 1:27:50.710

Stroble, Malia

Working with the board members to identify their appointees, filling in the gaps in terms of housing and service providers and people with experience of homelessness, and then as directed by the board back in November at the last housing committee, expect that this really constituted board will conduct a community engagement.

1:27:51.450 --> 1:27:56.950

Stroble, Malia

Identifying gaps and setting priorities for future fiscal year budget recommendations.

1:27:57.940 --> 1:27:58.680

Stroble, Malia

Which goes to.

1:28:1.890 --> 1:28:3.940

Stroble, Malia

Done something here.

1:28:5.800 --> 1:28:7.360

Stroble, Malia

Are considering the agent.

1:28:8.140 --> 1:28:8.470

Stroble, Malia

Or.

1:28:9.650 --> 1:28:14.940

Stroble, Malia

I just cut to the chase to say I want to make it clear that everybody here certain this has been us.

1:28:17.940 --> 1:28:18.610

Stroble, Malia

Umm.

1:28:20.760 --> 1:28:32.710

Stroble, Malia

Our Charter originally is a hack was done. I want to say very explicitly that all the federal requirements are the COT were being met with the COC committee.

1:28:33.430 --> 1:28:45.200

Stroble, Malia

And this is really just importantly and basically about the board reengaging choose. And so that it's just a shift act, but it wasn't that a hack and CC that had been.

1:28:46.870 --> 1:29:17.160

Stroble, Malia

The staff want meeting all the requirements. I think that's really important because actually some of you know we're taking this back. So as a hack saying yes, we'll have to revise our charter and I think we should make those still don't want to lose the intersection needs. And I think that I would like to recommend that one of the six minimums, you know, maybe someone from a hug and some talk about so that there is still that formal connection back and forth even though many of us will be involved.

1:29:17.610 --> 1:29:35.350

Stroble, Malia

And I just really want to commend, I think the work that's gone forward to, you know, seeing the interest 90s come all the time that the fact that there weren't people who placed the ground and frankly at those table there were people, sometimes the supervisor sitting at the governing board and without.

1:29:36.40 --> 1:29:38.70

Stroble, Malia

Like Eleanor, who can tell, apparently.

1:29:39.120 --> 1:29:57.200

Stroble, Malia

And somebody says something or has an impression. They. Eleanor would very gently correct the record and sort of gives the real what's really happening. And there wasn't always staff for some time vision where they could really say no supervisor blowhole, you're wrong. You don't understand that.

1:29:57.880 --> 1:29:58.690

Stroble, Malia

Whatever happened?

1:30:4.440 --> 1:30:5.140

Stroble, Malia

I don't think.

1:30:5.500 --> 1:30:6.480

Stroble, Malia

This is fine.

1:30:12.640 --> 1:30:13.160

Stroble, Malia

Thank you.

1:30:14.910 --> 1:30:16.650

Stroble, Malia

If we could, you know, agree.

1:30:25.880 --> 1:30:26.230

Stroble, Malia

Service.

1:30:27.430 --> 1:30:28.210

Stroble, Malia

A chance to.

1:30:29.870 --> 1:30:30.560

Stroble, Malia

Change the people.

1:30:32.900 --> 1:30:38.420

Stroble, Malia

Thank you all so well said. Thank you. I wish I and thank and thank you. Yeah, and thank you and thank you, Tom.

1:30:39.560 --> 1:31:4.770

Stroble, Malia

We as staff support and the people who've actually carried this on, while we're figuring all of it out so more from cornerstones law and from back when homes and all the other people who came together and put something in place, you know, as a transitionally kind of process, but this is exciting too for the CSC committee to make sure that we continue to draw down those these important federal dollars. And so I am very, very grateful for the current numbers.

1:31:5.410 --> 1:31:7.570

Stroble, Malia

And our beliefs that 100%?

1:31:8.500 --> 1:31:10.470

Stroble, Malia

For the people who are.

1:31:12.500 --> 1:31:13.240

Stroble, Malia

That's the why.

1:31:14.520 --> 1:31:15.940

Stroble, Malia

Ramping to the counting.

1:31:16.740 --> 1:31:18.350

Stroble, Malia

I think that that is the flash.

1:31:19.470 --> 1:31:22.420

Stroble, Malia

I hope not, but you could maybe or policy.

1:31:24.170 --> 1:31:27.490

Stroble, Malia

What is the intersection that we?

1:31:29.290 --> 1:31:29.720

Stroble, Malia

Open.

1:31:30.900 --> 1:31:33.220

Stroble, Malia

In order to ensure that we are.

1:31:35.850 --> 1:31:36.570

Stroble, Malia

At the half.

1:31:38.510 --> 1:31:43.690

Stroble, Malia

My own limited now with him, but continue on the air and it doesn't do 100.

1:31:44.390 --> 1:31:45.240

Stroble, Malia

Certainly doesn't.

1:31:45.520 --> 1:31:46.790

Stroble, Malia

OK you have done.

1:31:49.70 --> 1:32:1.620

Stroble, Malia

Part of the presentation that last November was the total government, federal, state and local financial commitments, and it's typical fiscal year and that was about \$32 million, only 10 million of which came from the federal government.

1:32:2.710 --> 1:32:16.100

Stroble, Malia

And as any of the nonprofit contractors and grantees of the county can say, these contracts don't pay for the full services. And they're leveraging these government dollars with private dollars.

1:32:16.180 --> 1:32:17.590

Stroble, Malia

By will there be a bunch?

1:32:21.150 --> 1:32:21.370

Stroble, Malia

Here.

1:32:23.100 --> 1:32:24.580

Stroble, Malia

But the training.

1:32:25.240 --> 1:32:26.210

Stroble, Malia

So parallel.

1:32:27.140 --> 1:32:28.270

Stroble, Malia

We are continuing.

1:32:29.600 --> 1:32:42.820

Stroble, Malia

I think it's up to the continuum of care ward to determine the best structure for that, but I I, as we keep saying, the only thing that ends homelessness is housing. And so obviously there's a very clear connection to this committee or Council still.

1:32:43.580 --> 1:32:44.90

Stroble, Malia

Now.

1:32:45.240 --> 1:32:46.440

Stroble, Malia

Yeah, yeah.

1:32:48.700 --> 1:33:20.0

Stroble, Malia

What manner but summer I think was also the new plan to end homelessness. How does this? Is this the group that's gonna do that? Or how does that fit into this? Is that their first order of business? Well, I think the 4th, 1st order is to identify those gaps by engaging people who are experiencing homelessness and providers and others and making budget recommendations. But that will happen then feed into priorities and strategies moving forward. I've heard multiple board members say that 10 year plan was another board's plan.

1:33:20.100 --> 1:33:43.580

Stroble, Malia

And and really, what is the strategy is what are the strategies that this current board or future board in

2024 will have? And it isn't very politically sensitive issue. You just watch what's happened this week with Nature micturition Square in DC and it only takes 1 case like that to to really challenge community to figure out how do you respond.

1:33:45.120 --> 1:33:48.200

Stroble, Malia

It's very difficult to come up with a longer term plan.

1:33:49.880 --> 1:34:4.650

Stroble, Malia

Whatever and many communities have tried away from 10 year plans after the initial round and the early 2000s because you need to have continuously updated and measurable my plan every three years or something like that.

1:34:8.410 --> 1:34:25.310

Stroble, Malia

The strategies that we use certainly for news significant impact and that we built on that. Thank you so much, Tom and Nicole, we're gonna make sure that supervisor blowhole considers you for an appointment to one of these committees. Such a trooper for joining us from your home this morning.

1:34:27.710 --> 1:34:28.160

Stroble, Malia

So.

1:34:28.500 --> 1:34:30.290

Nicole Wickliffe

Sounds good. Sounds good.

1:34:32.380 --> 1:34:33.760

Stroble, Malia

I'm sorry, I love it.

1:34:34.380 --> 1:34:44.390

Stroble, Malia

And maybe not. But the next thing just again very, very smartly, strategically you're there for the next meeting.

1:34:45.820 --> 1:34:51.30

Stroble, Malia

These dates coincide perfectly with action by 8 to work some of the.

1:34:51.680 --> 1:35:17.620

Stroble, Malia

And in terms of what we want to take forward, so that we have time to bring things before ahac and then we are proposing a monthly executive committee meeting and and Virginia is going for that just began to keep things moving. We may over the summer, the whole you about virtual if we just want to do some more quick updates but some imports from Jerry, I just wanted to raise the points you know.

1:35:17.820 --> 1:35:19.70

Stroble, Malia
It is the budget.

1:35:21.990 --> 1:35:27.940

Stroble, Malia
Found the complexity of the budget. There's always one.

1:35:30.310 --> 1:35:32.590

Stroble, Malia
Beyond people like this table so.

1:35:33.320 --> 1:35:41.870

Stroble, Malia
It seems to me it seems very late for me to bring that in to Services Council preparing.

1:35:42.670 --> 1:35:44.790

Stroble, Malia
A presentation and then ask.

1:35:45.480 --> 1:35:52.260

Stroble, Malia
That would probably be getting finalized, but like whatever March 24th.

1:35:53.740 --> 1:35:56.650

Stroble, Malia
So budget and our reconciliation.

1:35:58.90 --> 1:36:3.750

Stroble, Malia
Anything that could be done solely the PowerPoint of the environment.

1:36:5.400 --> 1:36:6.70

Stroble, Malia
You're going.

1:36:7.620 --> 1:36:11.470

Stroble, Malia
Federal funding streams, but then also the campers.

1:36:18.300 --> 1:36:23.430

Stroble, Malia
So yeah, I I I think we can do something in that regard to provide us.

1:36:24.10 --> 1:36:34.140

Stroble, Malia
By the summary, I would caution that it really also requires something. This to truly explain it to you, you know.

1:36:35.580 --> 1:36:48.90

Stroble, Malia

So which I'm, you know, certainly willing to do. I think I do believe that in terms of budget advocacy, that primary mover and shaker from a BAC standpoint will be a hack, of course.

1:36:49.350 --> 1:36:59.340

Stroble, Malia

I will. I'll just I'll send out for March 24th that that might be helpful. You know, for us to go ahead and provide a full on presentation about our budget.

1:37:1.680 --> 1:37:15.110

Stroble, Malia

So I I will note that our our wonderful SEMA has retired and and and and and to to to go and smell the roses by becoming the controller of the FCT.

1:37:20.10 --> 1:37:20.710

Stroble, Malia

So OK.

1:37:20.820 --> 1:37:21.0

Stroble, Malia

Right.

1:37:21.110 --> 1:37:21.730

Stroble, Malia

Never.

1:37:23.810 --> 1:37:28.130

Stroble, Malia

But but it would, it would probably be maybe.

1:37:32.460 --> 1:37:35.560

Stroble, Malia

And if I could also make the recommendation.

1:37:36.910 --> 1:37:38.80

Stroble, Malia

Of course.

1:37:40.440 --> 1:37:42.450

Stroble, Malia

That might also be a.

1:37:43.150 --> 1:37:46.660

Stroble, Malia

Much easier challenge for the rest of us.

1:37:48.20 --> 1:37:52.80

Stroble, Malia

Get it to the right people with the right coaching season.

1:37:53.50 --> 1:37:53.390

Stroble, Malia

OK.

1:37:54.710 --> 1:38:0.100

Stroble, Malia

I don't think there's gonna be if if she came to the Human Services Council.

1:38:1.960 --> 1:38:5.470

Stroble, Malia

I don't think there would be a very serious question.

1:38:6.210 --> 1:38:8.120

Stroble, Malia

So it's the presentation really.

1:38:9.300 --> 1:38:11.500

Stroble, Malia

Most crucial on my what?

1:38:12.810 --> 1:38:13.850

Stroble, Malia

I'd much rather.

1:38:15.0 --> 1:38:16.650

Stroble, Malia

Get a multiply with something.

1:38:19.40 --> 1:38:20.950

Stroble, Malia

And the call Harrington evening yet.

1:38:21.980 --> 1:38:27.830

Stroble, Malia

Track the virus coming. Those for the 100 mile district budget season. So that's the kind of thing that I.

1:38:29.610 --> 1:38:33.390

Stroble, Malia

Bring up in public and elevate Public Library.

1:38:35.680 --> 1:38:36.70

Stroble, Malia

Healthy.

1:38:39.910 --> 1:38:42.100

Stroble, Malia

Yeah. Sorry. I just would urge us once again.

1:38:43.120 --> 1:38:46.730

Stroble, Malia

Would be kind of staff but also be capable of answering.

1:38:47.740 --> 1:38:48.670

Stroble, Malia

That knowledge.

1:38:50.450 --> 1:38:56.450

Stroble, Malia

And you made me too. Porting to. You may need 1 to amplify and the other one to educate.

1:38:57.490 --> 1:39:0.330

Stroble, Malia

And that may be two different decodings.

1:39:7.320 --> 1:39:7.650

Stroble, Malia

Did.

1:39:7.860 --> 1:39:28.630

Stroble, Malia

My husband to be convening well, our leadership council around by the region, but also kind of doing more for, you know, just grab three fabric kits just kind of warning them about the different budget process getting there. We're talking points of the calendar is all the things across the board. So what we've diving down deep into any.

1:39:29.720 --> 1:39:29.970

Stroble, Malia

Yeah.

1:39:30.50 --> 1:39:32.670

Stroble, Malia

Thank you. And yes, that will get that.

1:39:37.610 --> 1:39:38.350

Stroble, Malia

Understand.

1:39:40.390 --> 1:39:45.490

Stroble, Malia

So much, and I think everybody saw the news that Michelle Crocker stepped into the interim role.

1:39:46.290 --> 1:39:50.220

Stroble, Malia

Yeah. And she's still helping me though, so.

1:39:53.160 --> 1:39:55.80

Stroble, Malia

Nobody retires anymore.

1:39:55.180 --> 1:39:56.910

Stroble, Malia

OK, right here.

1:39:58.170 --> 1:39:58.860

Stroble, Malia

Ella adding.

1:40:1.170 --> 1:40:1.710

Stroble, Malia

Easy.

1:40:5.590 --> 1:40:6.140

Stroble, Malia

Too much?

1:40:8.130 --> 1:40:10.430

Stroble, Malia

Yeah, good for you. I'll support that.

1:40:11.110 --> 1:40:12.50

Stroble, Malia

Yeah, just for you.

1:40:13.920 --> 1:40:16.940

Stroble, Malia

Thanks everybody. Thank you. Thank you. Thank you. Thank you.

1:40:21.920 --> 1:40:23.390

Nicole Wickliffe

Thank you. Bye bye.

1:40:17.670 --> 1:40:28.460

Stroble, Malia

Yeah, well, good luck with hiring. Yeah, watching stakes. You have some good people. Yeah. Yeah. We'll find somebody for sure that works, primarily.
