# FY 2019-2020 CCFP Priority Setting Process

# VALIDATE

Human Services Focus Areas Reflect Focus of CCFP

Fairfax County's Human Services System is focused on the persons it serves; services are designed to reach all residents in the county based on their level of need.

The goal will be to determine if the priorities should include the four outcome focus areas outlined in the Needs Assessment with the populations woven in or if all six focus areas should be included.

# SELECT

# **Key Determinants that Result in Positive Outcomes**

Since many of the determinants overlap within the six focus areas, the chart below outlines a consolidated listing.

The goal will be to select key determinants within their respective focus areas that will result in positive outcomes.

Healthy People Sustainable Housing (HP)

Positive Living for Older Adults & Individuals with Disabilities (PLOAID)

Economic Self-Sufficiency (ESS)

(SH)

# **ENGAGE**

Residents Clients Boards, Authorities, & Commissions Nonprofits **County Service Providers Board of Supervisors** 

We will organize engagement sessions with residents, clients. Boards, Authorities, and Commissions, nonprofits, County service providers, and the Board of Supervisors to gather input about the priorities. These sessions will also provide us with an opportunity to gather feedback about emerging needs.

Developed priorities will be reviewed, confirmed, and approved for the next funding cycle.
